Don't forget that the Little Opera Society Saturday from 10 to 12 o'clock and on Tuesday's from 4 to 6 P. M. Miss Eliza Neville will be in charge on Saturday and Mrs. Carroll Brown on Tuesday and they will be glad to have you visit them there even if you don't want a book.

Miss Mabel Covington of Greenville is visiting her sister Mrs. J. E. Harper on Brown Avenue.

The ladies of the Methodist church gave an egg hunt at the church Saturday afternoon. It was a large number of children were present and they thoroughly enjoyed the occasion.

Miss Leda Fore entertained her Sunday School class most delightfully Saturday afternoon. After some time was spent in searching for the eggs which had been dyed and hidden by Miss Fore, delicious refreshments were served.

Mrs. Charlie Cox also had an egg hunt for her class. These girls are larger so their eggs were not dyed but they were hidden just as they were and afterwards were sold, the proceeds to go to missions. This was a splendid idea and the young ladies, while having a delightful afternoon, felt that they were helping in the grand cause of missions at the same time.

Mrs. Austin Campbell gave an egg hunt for her class of little girls too. They played games over the big lawn, then hunted the eggs and ended the very pleasant occasion with delightful refreshments.

Those invited to this reception were Misses Alice Covington, Sue Covington, Mabel Covington of Greenville, Pearl Wardlaw, Frances Barrage, Elanthe Green, Katie Scott, May Blackwelder of Greenville, Helen Woodside, Annie Ben Chiles, Eliza Neville and Mrs. N. G. Hearin.

Mrs. J. Clyde Green gave a beautiful egg hunt to a number of her children's little friends Saturday afternoon, and the children all enjoyed this attention as only children can.

Miss Pearl Wardlaw attended the reception given in Anderson by Miss Jean Harris Friday afternoon.

The students of the high school gave a party Friday night to the school auditorium. The teachers and young men in town were invited and they had a most delightful evening. Games were played and refreshments served.

Miss Emma Wright is spending the week end with relatives in Honca Path.

Mrs. W. C. Brown and children will leave tomorrow for Greenville, where they will spend sometime guests of Mrs. James A. McDaniel.

Mr. Graves of S. C. Stringer is away but I don't know where—Newman, Ga. I guess.

At 4 o'clock, a party of Belton, but no word Columbia, was among them in our city today on business.

One of the most beautiful luncheons ever given in Belton was that given on Saturday by Mrs. J. E. Harper, announcing the engagement of her sister, Miss Alice Covington to Mr. Wallace Smith of Greenville.

The dining room was lovely in its pink and white decorations. The center piece was an enormous vase of pink and white carnations and ferns. Numbers of pink and white candles in silver candlesticks added to the beauty of the table. A delightful luncheon was served and as the desert was served of quality Kodak pictures of the bride and groom were given each guest with Covington-Smith, June 1914 written under them.

This announcement was quite a surprise to most of the guests and all expressed their best wishes and hearty congratulations to this popular young couple.

Those invited to this reception were Misses Alice Covington, Sue Covington, Mabel Covington of Greenville, Pearl Wardlaw, Frances Barrage, Elanthe Green, Katie Scott, May Blackwelder of Greenville, Helen Woodside, Annie Ben Chiles, Eliza Neville and Mrs. N. G. Hearin.

Sunday Hours.

Belton, April 11.—By order of the Postoffice Department the postoffice at Belton will close the office for delivery of mail business on Sunday afternoon. But a very convenient delivery service will be given on Sunday mornings as follows: Open from 8:30 A. M. to 12:30 A. M. Fifteen minutes after train No. 25. Ten minutes after each service.

This is a very convenient service and will serve those persons on Sunday as all the daily papers of the State arrive here in time to be delivered at above schedule and gives the postmaster and his assistants an opportunity to serve.

Better Mail Service.

Belton, April 11.—Through the efforts of Postmaster Chickens and we now have four mails each day from Anderson. Anderson's two reception mails at 1:00 and 2:00 p.m. are in the morning and no more until 6:30 in the afternoon. Now in addition to these three mails we have one from Anderson at 4:00 o'clock in the afternoon. This three o'clock mail is a great convenience for the citizens of Belton and we should thank the postmaster here for giving this additional service.

FANT'S GROVE.

Townville, April 11.—Mrs. Mary Hackett of Reed Creek, Ga., is with her brother, Mr. W. Swaney, who had the misfortune to get his leg broken sometime ago. Mr. Swaney is unable to walk yet.

Mr. and Mrs. A. W. Fant visited friends near Townville last Sunday.

Miss Lella Canon visited home folks near Piedmont last week.

Miss Carson has taught at Fairview the past three terms. Her sister, Mrs. Crilling assisted her this winter. We hope they will be with us again next winter.

We are glad to have Mr. Monroe Fant with us again. Mr. Fant is attentive at church and Sunday school.

Little Henry Taylor, two-year-old son of Mr. and Mrs. W. F. Taylor, died at their home near Pendleton March 18, and was buried at Fant's Grove, the following day. This is the second time these parents have been called on to give up their only child, and little Henry, like his brother that died three years ago was one of the sweetest children we ever knew.

Jesus said "let not your hearts be troubled," but still it takes time to heal all our wounds and tears, keep the heart from breaking.

Next Sunday will be Easter, the day we should celebrate as the resurrection of our Lord. All over this enlightened land of ours, there will be songs of praise go up on high. Our children are enjoying egg hunts and Easter rabbits. If we were in China and the people there put on blue clothes and their children hunt eggs and rabbits as ours do, on the day of resurrection of the Lord they would say "it might look heathenish," but that's another story.

The heavy rain stopped the farmers from their field work, but they have all the wet weather work they can do. Some are building, others are clearing new grounds, and all the hundred and one other things that must be done while the ground is too wet to plow.

We enjoy the news from the different sections of the country and sympathize with those who try to write if they are handicapped as we are. One time we can't find a pencil, another time the pen won't write, the tabular we don't happen to have, or the ink is missing and if anything happens worry.

CORN CLUB ROUND UP.

Proposed to Have Big Show at Asheville.

Asheville, April 11.—A "corn club round-up" that will attract wide attention is to be held at Asheville next fall or winter, if the plans of those behind the farmers' co-operative demonstration work in North Carolina are carried out. T. E. Brown, agent in charge of boys clubs work at headquarters at West Raleigh, S.C., has taken the matter up with the local board of trade. In a letter to Secretary N. Buckner with reference to the matter he says:

"I want us to begin now to make preparations for such a 'corn club round-up' in Asheville next fall or winter that will attract the attention of the world toward Buncombe county. This county is certainly making a fine showing for 1914 and I am looking for some of the best results in the state to be obtained next year."

The old tunes for the old folks.

While the old folks enjoy the latest popular music on the Victrola, they have a soft spot in their hearts for some of the old favorites.

the Victrola whenever they want, and enjoy them better than ever before—the old-time numbers are on a new charm when sung and played by the Victor group of talented artists.

Come in and hear your favorite music, and let us explain how you can easily secure a Victor or Victrola—\$10 to \$50.

FERTILIZE YOUR CROP

In fertilizing your cotton and corn, care should be taken to apply at least 600 pounds of high grade fish, blood and bone fertilizer to the acre for the best and most lasting results. Where less than 600 pounds of fertilizer is used to the acre, it acts as a stimulant only, and the crop takes more plant food from the soil than it furnishes, and your soil runs down, but where you use 600 pounds or more of fine fertilizer to the acre, you furnish the soil with more plant food than the crop takes from it and your soil improves. And besides, the more fertilizer you use, the faster your crop grows and the quicker your land is shaded and you know that is an advantage. And then with heavy fertilization you have larger stalks, more limbs and leaves and bolls. This gives you more vegetable matter for the soil this vegetable matter furnishes humus for the soil and soil without humus is like leather without oil, its usefulness is greatly impaired. And then heavy fertilization makes more bolls and this makes more bales, and there is, where you make your money in farming.

The difference in cost of fertilizing an acre with 400 pounds and 600 pounds of fertilizer is around \$3 an acre, the difference in the crop will be at least 100 pounds of lint cotton and at present prices that is a little the rise of \$13.00. That is how it pays. There is no doubt of its paying and 600 pounds to the acre will pay better than 400 pounds or 300 pounds. Unless the ground is in an unusually high state of cultivation we doubt if it will pay to use more than 600 pounds to the acre for cotton or corn. If your lands are red our 3-3-3 or our 9-3-3 or our 10-3-3 is about what you need.

If your lands are gray use our 8-4-4 or our 10-4-4. If you are a little late in planting, use our 10-3-3 or our 10-4-4, as the extra percentage of phosphoric acid will hasten the growth and maturity of your cotton. If you don't care to use 600 pounds to the acre on all your crop, try it on half and see where you make your money.

We are getting out a fish, blood and bone grade that has no equal and farmers using it this year will have an advantage in crop making that people who are deprived of it will not understand. We hope you have noticed the analysis of our goods this year, issued by Clemson College. Not a single sample has fallen down, the analysis of every one of them stands up like a little tin soldier. Where the price is the same, get the best.
