"WILD BEASTS AT LARGE"

SPECIAL TWO REEL FEATURE

At The PALMETTO THEATRE TODAY, TUESDAY, APRIL 14th.

If you can't forget your troubles while watching this show, they are pretty serious ones—THAT'S SURE. "Some thriller" this picture. You will wonder how it's done—How the subjects manage to escape with their lives! Actual physical danger has been braved in the production of this picture. You see the result in amazement, but you can't imagine the "ticklish" work of the actors in posing for and enacting the scenes of personal peril and adventure. It's enough to quicken the pulse to look at such a picture-See program for other two reels.

In Greenville.

Anderson people returning from Greenville Sunday night told of a mishap occurring to the 4:30 interurban car in Greenville Sunday after-This train goes from Greenville to Greenwood and makes connec-tion at Belton with the car arriving here at 6:05 o'clock. As the train turned the corner of Washington and Main streets in Greenville Sunday af-ternoon the first car made the turn but the second started down South Main street, causing the two cars to be broken apart. This was remedied in about 30 minutes and only decayed the Anderson train for that length of time. The same thing happened to the 7:30 car and this time it went off the track, holding up traffic for some

Changes Made

On Interurban, Owing to the fact that the changes in schedule on the Scaboard railroad were to go into effect on April 11 it had been expected that the schedules of the Pledmont & Northern lines would be changed at the same time, but this was not done. It was announced here yesterday however that the changen would be max's in next Sunday, April 19. Local officials say that they know nothing of what changeness are proposed and do not know how Anderson cears will run. Local folias are also anxiously awaiting the first Pullman car service. It is understood that this popular electric line will operate its first chair cars on or about May 1, although this has not yet been definitely determined upon.

Ilearing Has

Been Fes'pened Andersoeld in learning that the freght rate hearing, scheduled to take place in Columbia on april 15, has been postposed until April 22. This change was made on account of the fact that several of the interested parties could not be proposed and was alruck by a passing automobile the proposed and the first date. The Piedmont cities of the State, including Greenwood, Andersou, Greenville and Spartanburg will all be represented at this hearing and it is hoped that a more just rate can be secured.

Frank Rhody, one of the best known armers in the county, told a reporter or The Intelligencer yesterday that farmers in the county, told a reporter for The intelligencer yesterday that a queer condition exists on his farm just now. Mr. Phody is planting, preparing and putting in fertilizer and picking cotton all the same time. He has just sold two bales of cotton, freshly picked, and says that he has probably two more bales yet to pick and. When saked hy the remotes as to what caused this condition of affilira Mr. Rhody said that in the first place cotton was late in coming up last year and that the extremely cold weather during the early part of the Winter, made it an impossibility to pick the cotton out at that time.

The Whisky Men

Have Two Weeks. Enquiry at the office of the county a supervisor yesterday elicited the fact that the petition praying for an election of the question of a dispensary for Anderson county has not yet been presented. The law requires that one-taind of the qualified voters of the county must petition for such an election before the supervisor shall order it. In the attempt made once before by the "west" to get the dispensary back they got mixed on their date and did not present their petition until May 1, whereas the law says that it shall be presented "before the first day of May." It is hardly probable that they will let this technicality catch them again.
