STOCK MARKET HAD A BAD DAY

A Severe Attack Was Made On New York Central Stock

(By Associated Press)
New York, April 16.—A severe bear drive unsettled the stock market today, carrying down prices in many instances to the lowest figures of the year. The attack was centered on New York Central. It broke to 85 5/8, the lowest point since 1855.

The whole character of the market changed after the receipt of the news from Washington that Mexico probably would accede to the demands of this country. The selling movement was halted and a rally set in. By the close prices were well over the day's low level, with full recoveries in some cases.

New York Cotton

New York, April 16.—Cotton was steadier today. Closing prices were steady and from 1 to 6 points net higher on all months except April, which was nominally 5 points lower.

The arrival of 1,269 bales of American cotton from Liverpool was reported, presumably for delivery on May contracts. The story in connection with this shipment was that a prominent Liverpool firm long of the market had been short of cotton for some time.

New Orleans Cotton

New Orleans, April 16.—The cotton market closed steady at a net gain of 2 to 3 points. Indications were that vast amount of planting was being done and reports from many parts of the belt were that with favorable conditions seed would germinate quickly.

Chicago Grain

Chicago, April 16.—Immense sales of corn today broke the market. There were many defections from the bull side, and it looked as if a large number of heretofore starchy holders had decided to stand out no longer against Argentine competition.

Liverpool Cotton

Liverpool, April 16.—Cotton spot steady; good middling 7 3/4; middling 7 1/2; low middling .88; sales \$,000. Speculation and export 600. Receipts 12,000. Futures steady.

Cotton Seed Oil

New York, April 16.—Cottonseed oil declined 2 to 5 points nearly under scattered liquidation in May and July, induced by the weakness in the market, but the list rallied partially towards the close on covering of shorts. Final prices were generally 1 to 2 points net lower.

Cotton Goods

New York, April 16.—Cotton goods held steady and quiet. Silk piece goods were in lighter demand. Ribbons were active. Carpet openings for spring will begin May 15.

Money Market

New York, April 16.—Call money steady 1 3/4 a 2; ruling rate 2; closing 1 3/4 a 2. Time loans weak; sixty days 2 1/2 ninety days 2 3/4; six months 3 1/4.

THE NEW FREIGHT RATES WILL SAVE FORTY THOUSAND

Anderson Will Receive a Great Help As the Outcome of the Recent Conference Held in Atlanta

D. A. Henning, traffic manager of the chamber of commerce, stated yesterday that the new freight rate schedule secured for Anderson and for other up-state competitive points, would mean an immediate saving of more than \$40,000, to the merchants of Anderson in lower rates; and that for the first time in the history of the city, it would be placed on practically a par with competitive points in North Carolina and Georgia from a wholesale or jobbing standpoint.

Mr. Henning stated that the conference held in Atlanta, which was attended by Messrs. W. W. Sullivan and D. A. Leebetter of this city as well as representatives from Greenville, Spartanburg and Greenwood, would result in the organization of a Piedmont Traffic Bureau, composed of the Traffic Departments of the four major up-state cities, or of Greenwood, Anderson, Greenville and Spartanburg;

since Anderson and Greenville already operate a joint traffic bureau; Greenwood has signified its willingness to enter the same agreement; and Spartanburg is favorably considering same. This done, the bureau will be able to engage a special rate clerk in addition to Mr. Henning, traffic expert, to handle larger matters; the whole resulting in greater efficiency.

It is a big move, according to Mr. Henning, who held a conference Thursday with Mr. W. W. Sullivan, chairman of the transportation committee of the chamber of commerce in connection with the matter.

Mr. Henning also stated that the effect of the new rates would be all freight bills would have to be especially audited and therefore that it was more essential than ever to continue to maintain the traffic departments of the several commercial organizations of the major Piedmont cities. This applied especially to Anderson.

Piedmont Presbytery concluded its week's session and adjourned after a most enjoyable session. The devotional services of the Presbytery were conducted by Dr. Davidson M. Douglas, president of the Presbytery of South Carolina.

It has been made the first order of the day, to hear the report of the permanent committee on Sunday Schools and Young People's Work. This committee reported that it had succeeded in securing pledges from the Sunday Schools for practically enough to guarantee the salary of a Sunday School Missionary for the Presbytery, and that every effort was being made to secure a suitable man for the place.

The duty of this worker will be to work in the country and mountain districts of the Presbytery with the view of organizing and maintaining Sunday Schools where they are needed, and to assist in every way possible in developing the Sunday School work of the Presbytery.

This committee was enlarged to consist of two ministers and three Sunday School superintendents. The following were elected to constitute the committee: Rev. Messrs. Wallace, Seneca, and D. W. Dodge, Anderson; Elders, Peden Anderson, Westminster; W. C. Hughes, Walhalla; and E. W. Brown, Anderson.

The Presbytery authorized and empowered the committee to organize the Sunday School workers in an association to be known as the "Sunday School Superintendents' Association of the Presbytery of South Carolina." This is an effort to bring the Sunday School work of the Presbyterians in line with the steps already taken by most of the other denominations, such as the District Sunday School Conference of the Methodist Church and the Association Convention of the Baptist Church. This committee will take immediate steps to effect the organization of the Association.

The Presbytery passed the following resolution: Presbytery feeling high appreciation of the most encouraging condition of our college, and the vital necessity of promoting the same, resolved to declare its purpose to give for it, if possible by vote; contributions of 20 cents per member. Presbytery, therefore hereby instructs its churches to make plans and to put forth their efforts to raise yearly that amount for the college.

One of the most spirited discussions that has taken place on the floor of the Presbytery arose over the question of the approval of V. Records of Spartanburg church.

It seems that the Pendleton church session had a meeting at which it was undertaken to adjust a difference that had arisen between the pastor of the church and one of the elders. After investigation of the matter, the session adjudged that the pastor was in the wrong and the moderator of the session proceeded to call him to order.

Some of the members of Presbytery suggested that this proceeding be equivalent to a trial of the pastor before the session, which is unconstitutional, the pastor not having jurisdiction over ministers. This maintained that the pastor should be struck out and the session recommended for transgressing their constitutional authority. A compromise measure prevailed and the session was requested to act on record the matter to try the pastor, but only to adjust a difference between the pastor and the elders. One member of the session of the church had said that the session would be conducted as a trial. Dr. Jones said that the session should be conducted as a trial.

PIEDMONT PRESBYTERY PUSHES WORK OF THE SUNDAY SCHOOLS

The churches of Pendleton and Mt. Zion were given permission to prosecute their calls on the pastoral services of Rev. Robert Adams, before the Presbytery of Bethel.

It is the understanding that Dr. Adams will accept these calls provided that he is permitted to do so by his Presbytery. Dr. Adams is a strong man and will be a valued addition to the Presbytery. He was once pastor of Lanier and president of the college at Clinton.

Bills and Overtures. The report of the committee on "Bills and Overtures" showed that quite a number of the brethren had ideas they were ambitious to get before the general assembly. The Presbytery and the committee, however, seemed disposed to restrain the zeal of these brethren to some extent. One of the most unique and radical ones was an overture seeking to have the Book of Church order so changed as to admit the deacons to all the church courts on an equal footing with the elders. This overture was refused by the committee and the Presbytery, but it seemed to strike a favorable response in the hearts of many of the brethren.

An overture was sent up, however, asking the Assembly to authorize and instruct the organization of "Elders and Deacons' Conventions" in all the Presbyteries.

Vote of Thanks. The Presbytery accepted by a rising vote the following resolution: "The Presbytery of Piedmont, in recognition of the numerous hospitality of the pastor and people of the First Church of Anderson, return hearty thanks and pray for the Master's gracious, cheering, and comforting presence with the pastor and his flock."
