An Age of Progress

It used to be a common error to neglect life insurance. It isn't now. There are many evidences that this is an age of great humanity.

The reason many men have not taken adequate insurance may be summed up in the one word DELAY. Probably one-half of the men who die uninsured, under-insured or insecurely insured, meant to insure BUT DELAYED.

If you were born after this date in October, you can secure insurance prior to corresponding date in April cheaper than you ever can again.

NO NEW LIGHT HERE ON THE SUICIDE CASE

A. S. WALDEN DID NOT HAVE ANY RELATIVES

BODY BEING HELD

If Medical College Does Not Take The Corpse It Will Be Buried Here Tomorrow

It had been thought that there might be some new developments yesterday in the suicide case but Coroner Hardin said last night that he had been able to discover no new evidence.

From Augusta came the story that a few days ago from Greenville, drawn on the Augusta institution and bearing the signature of A. S. Walden, but there was no account with such a person at the Augusta bank and the check was returned to Greenville.

It was intended Friday night that the undertakers here telegraph the medical college at Atlanta that they might have the body but instead of this a letter was written, and so a delay will necessarily ensue.

So far as is now known there was no other attempt to discover yesterday why the man came here for the purpose of killing himself.

VETERANS FUND IS AVAILABLE

Anderson Will Get \$1,500 From the State For Entertainment of Old Soldiers

For years it has been the custom for the general assembly of South Carolina to include in the appropriation bill the sum of \$1,500 to go to the town entertaining the Confederate veterans.

Heavy burden incurred by the annual gathering. This is the first time in some doubt as to whether or not the fund had been included in this appropriation bill.

MATERIAL FOR "WHITE WAY" NOW ARRIVING

LARGE SHIPMENT OF WIRE IS ALREADY HERE

POSTS STARTED

Wire Arrived Yesterday and Posts Shipped Tomorrow--Work Begins Within Week

With the wire for the "great white way" already in the city and the posts shipped tomorrow, Anderson people will soon have the pleasure of seeing the city transformed into one of the best-lighted towns in South Carolina.

One car of the white way posts will be shipped from Anniston, Ala., tomorrow morning; this shipment containing half the shipment, or in other words 58 of the posts.

For several days the local company has been getting the material ready for beginning the work. They now have an air compressor and tank with drill for the purpose of drilling places for the posts in the cement sidewalks.

The work of installing the new system will be entirely in charge of the local force of the Southern Public Utilities Company. The superintendent of the work told a reporter for the Intelligence yesterday that he planned to have the work underway by next Monday and that the weather will be good for the next month and if this is the case the work will be completed by the first of May.

Anderson people will be genuinely glad when this work starts and almost the entire population of the city believes that city council did a wise thing in accepting the white way proposition for Anderson.

With the new lights stretching for several blocks on Main street and on several of the intersecting streets, Anderson will look like a different town by night.

B. M. I. CADETS VISIT BELTON

Will Spend a Few Minutes in the Tower City Monday--Coming Back To Anderson

Belton, April 18--The announcement in The Intelligence that the cadets of the Bailey Military Institute of Greenwood would take a trip through this section was received here with interest.

The train will arrive here at 10:45 and as stated will remain here 20 minutes. The high school of the city will turn out as an escort to meet the visitors and the whole city is invited to come and give the cadets a welcome.

The cadets will go on to Paris Mountain, after spending a day in Greenwood, and as has been stated in The Intelligence, Col. Bailey has announced that on the return trip he will spend two days in camp at Anderson.

SALSMAN ENDS LIFE

Atlanta, April 18--W. H. Fudge, a traveling salesman, committed suicide here today by leaping from the fourth story of a hotel where he was confined with self-inflicted pen knife wounds.

FERTILIZE YOUR CROP

In fertilizing your cotton and corn, care should be taken to apply at least 600 pounds of high grade fish, blood and bone fertilizer to the acre for the best and most lasting results.

The difference in cost of fertilizing an acre with 400 pounds and 600 pounds of fertilizer is around \$3 an acre, the difference in the crop will be at least 100 pounds of lint cotton and at present prices that is a little the rise of \$13.00.

If your lands are gray use our 8-4-4 or our 10-4-4. If you are a little late in planting, use our 10-3-3 or our 10-4-4, as the extra percentage of phosphoric acid will hasten the growth and maturity of your cotton.

We are getting out a fish, blood and bone goods that has no equal, and farmers using it this year will have an advantage in crop making that people who are deprived of it will not understand.

MEET TO PLAN FOR VETERANS

All Descendants Of Veterans In Anderson. This proposition came to Anderson in this connection and that this meeting would be an honor to be held in those holding membership in the Sons of Veterans and that it

for making the reunion here a success. It will not be possible to hold many more of these reunions because the thin gray line is growing thinner with each passing year.

It is to be hoped that the public of Anderson will take an interest in the meeting of the Sons when it is held the entertainment of the veterans, and assist in the work of planning for them as not members, though in the local camp of the Sons or Veterans to do all that must be done and some outside assistance will be necessary.
