ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the
Wireless on the Streets of Anderson

Getting Ready

In Charleston
It is not a usual sight by any
means to see two mules pulling ten
two-horse wagons but Anderson people
saw this sight going through the
main street of the city yesterday morning.
The Fretwell Company had just
received the large shipment of new
wagons and they were being hauled
from the freight station to the com-
pany's storing house. The Fretwell
company anticipates a big trade for
the coming season and are making
their arrangements accordingly.

Taking Degrees

In Charleston
With many misgivings and enter-
taining some doubt about ever being
able to return, G. W. Causey, W. F.
Marshall, Keys Gilmer and L. M.
Cochran left last night for Charleston
to take the Shripe. Dr. W. H. Frazer
and L. R. Ledbetter had gone ahead
preparations for the reception of the
brothers and it is presumed that they
will receive a warm welcome when
they reach Charleston this morning.
The event is to take place tonight and
prominent shrimpers from all parts
of the State will be present to participate
in the exercises incident to the admission
of the class.

Georgia Visitors

Hartwell, Ga., and John McGill, also of the
Georgia city, who has been spending a few
days in Anderson and are well known
here. Mr. McGill was editor of the
Hartwell Sun for about 20 years and
at one time was connected with the
Anderson Intelligencer at the time
when this paper was known as the
Anderson News. Both the visitors
received a warm welcome here, and
before they returned to Hartwell they
said that they had enjoyed every minute
of the stay in Anderson.

Big Crowd Going

From Anderson.
A number of Anderson people are
planning to make the trip to Green-
ville tomorrow to see "Within the
Law" at the Grand Theatre. This is
a return engagement for Greenville,
the same company playing to a crowd
of house these some weeks ago. The
attraction is said to be one of the best
on the road and the critics have praise
ed it highly. With the new schedule
in operation over the Interstate, it
will be possible to leave here at
8:10 in the evening and reach Green-
ville in time for the show. Directly
after the performance is concluded
the special train will leave Greenville
for Anderson.

Bocket Blank

The docket appearing on the
city of Anderson must evidently have
concluded that they do not care to
worry Mayor Holleman with the hear-
ing of cases while Recorder Russell is
away. The docket at the city hall
was blank yesterday morning, not a
single case being entered. This is
somewhat unusual. Recorder Rus-
sell is in Virginia on a vacation and
during his absence Mayor Holleman
will preside over police court. Mr.
Holleman was also out of the city
Tuesday morning and police court
was held by Alderman Elmora, mayor
pro tem.

Anderson Has

A Prize Winner.
Several days ago an editorial para-
graph appeared in the Greenville
News inquiring, "What has become of
the old-fashioned man who raised his
hat when he met a lady on the street."
In the issue of the Greenville News
yesterday someone writing from An-
derson had the following to say:

Have right here in Anderson and is
president of the Farmers & Merchants
Bank. It is a matter of common
knowledge that J. R. Vandiver, the
well known official of that bank, is
one of the most courteous men in the
city and it is well that the people of
Greenville should discover that An-
derson people have not forgotten all
they ever knew about being polite.

Battleships in

Letter to Devils.
The health officials of Anderson are
trying to impress upon local people
the fact that the common housefly is
far more dangerous than the rattlesnake.
The house fly is responsible each
year for hundreds of deaths, whereas
comparatively few are due to a
rattlesnake bite. The officials are

urging Anderson people to swat the
fly while there is time. One fly
swat now means 1000 less to swat
with the coming of the hot summer
months. They are also endeavoring
to persuade people to use a little lime
around the premises, acting upon the
presumption that an "ounce of pre-
vention is worth a pound of cure."

Site Chosen for

The Chautauque.
It was announced yesterday that the
McKinney lot on main street has been
chosen as the site for the approaching
chautauque, which begins here on
April 28. This is an ideal location and
the public will be well pleased
with the location. It is
that a number of the craftsmen of
the chautauque association will arrive
in the city tomorrow and begin the
work of erecting the enormous tent.
This tent is water and fireproof and
has a seating capacity of 4000. The
arrangement for the stage is splendid
and it is said that the tent system, as
practiced by the chautauque, is fully
as good as any theatre.

Arranged for

State Meeting.
Lee G. Holman, president of the
People's Bank and secretary of the
South Carolina Bankers' Association,
returned yesterday from Columbia
where he went for the purpose of
holding a conference with Bright Wil-
liamson of Darlington, president of
the association. At the conference in
Columbia these gentlemen completed
all the plans for holding the state con-
vention, which is to take place this
year in June at the site of Palms, Mr.

Baseball Game

This Afternoon.
The fans of the city will have a
chance to see another baseball game
this afternoon when the Honora Path
high school comes to Anderson for
a set-to with Fraser Academy. The
Honora Path team won from the Ac-
ademy a few weeks ago when the lo-
cal aggregation went to Honora Path
but the local boys say that they have
a better showing for today. The fans
of the city will have to patronize the
local park at a better time than they
have heretofore if the town boys will
have to schedule all of their games on
the road. The attendance has been
very poor indeed for the last few
games.

Mrs. Freda Hall

is Seriously Ill.
Mr. and Mrs. M. A. Hall received a
message yesterday morning of the
sudden illness of their daughter, Mrs.
Freda Hall at Fair Forest. Miss Hall
is one of the teachers in the Fair For-
est high school. Immediately follow-
ing the receipt of this message Mr.
and Mrs. Hall left their home at
Fair for their daughter's bedside. Her
many friends in all parts of the coun-
ty trust that she may not be as se-
riously ill as has been thought.

Back With

Two Negroes.
Deputy Sheriff J. O. Sanders re-
turned yesterday afternoon from
Greenville where he went for the pur-
pose of securing two negroes, wanted
in this county on various charges.
John White, black in color, is wanted
here for beating a black girl. There
were also two other negroes wanted
here for beating black girls but the
Deputy Sheriff was unable to locate
them. The two prisoners he brought
with him were placed in the
county jail and will be given a
hearing before one of the magistrates
at an early date.

Mrs. Harper is

Taken to Greenville.
Mrs. J. E. Harper was taken to a
hospital in Greenville yesterday
where she will probably undergo an
operation. For the last several days
Mrs. Harper has been very ill and it
was determined last yesterday to en-
vey her to the Greenville institution.

Small Fire

at Yesterday.
The fire department was called out
yesterday for the purpose of extin-
guishing a fire on the roof of the church
yard of the First Presbyterian church.
How the blaze started is a mystery.

but the trunk of the tree was hollow
and this cavity was filled with paper.
The department had easy work in
putting out the flames.

Wanted To

Go to Mexico.
One old gentleman, sitting on the
park benches in front of the court
house yesterday morning was awak-
ened from a nap by the sound of many
feet and opening his eyes he saw the
morning practice drill of the Fraser
Academy. Having Mexico on the
mind the old gentleman at once con-
cluded that the troops were preparing
to leave the state for Mexico and it re-
quired the services of several of his
friends to prevent him from joining
the Academy boys and showing them
how to fight the greasers. He was
finally impressed with the real mean-
ing of the drill and withdrew his de-
mand that he be allowed to join the
company.

Atlanta Letter

Atlanta, April 22.—By squaring him-
self with his wife, Dewitt Knight of
Macon, has probably saved himself
from a possible long sentence in the
penitentiary.
Knight was accused of throwing can-
dillacid in his wife's face with the
deliberate intention of blinding and
disfiguring her, because of alleged
jealousy. Mrs. Knight, however, still
has her sight.
The affair occurred in the big down-
town hotel a few days ago. Mrs.
Knight's screams were heard and
when the room was entered, she was
found writhing in agony on the floor
with her face terribly burned with the
acid. "The husband, who was in the
room, said that she had tried to com-
mit suicide and that he had spotted
the bottle from her hand."
contents on her face.
When Mrs. Knight's pain was suf-
ficiently relieved at the hospital for her
to be able to speak, she suddenly ac-
cused her husband of deliberately
throwing the acid on her, and declared
that his suicide story was all untrue.
Knight was immediately arrested,
and the local authorities made plans
to prosecute the case vigorously. But
yesterday when the case was called,
Mrs. Knight did not appear to prose-
cute her husband. Although she re-
peated her said she would not push
the case. After a consultation the
charges and the case were dismissed.

IN CASE THEY ARE CALLED

Atlanta, April 22.—While there is
nothing yet that done to us taken by
the military men here to mean that
the militia will be called to Mexico,
the adjutant general's office in dis-
cussing the probable course that
things would take in the event the mi-
litia was called on.
The first step, it is understood,
would be the mobilization of the
Georgia troops by Adjutant General
Nash at Fort McPherson. This would
mean the assembling at Atlanta of
2,000 to 5,000 members of the mil-
itia troops of whom only the Fifth Reg-
iment would come from Atlanta. The
troops would remain at Fort McPherson
until mustered into actual ser-
vice; they would be trained and trans-
ferred to a concentrating camp per-
haps also to be located in Georgia.
Discussing the situation today, Gen-
eral Nash said:
"McPherson is practically vacant at
this time and is ideally arranged and
located for a mobilization camp. The
men would be allowed besides their
regular pay as soldiers of the United
States, 75 cents per day as well as
allowance. They would remain at Fort
McPherson until they were drilled
and the greenies rubbed off.
"The state troops are now in bus
shape for domestic service and it
would not take long to get them com-
pletely ready for foreign service."

SENATOR WEST MAY RESIGN

Atlanta, April 22.—Georgia's new-
est United States senator, Ben W. West,
has just issued a statement in
answer to an interesting way to the
question asked by so many Georgians
as to just what direct interest Georgia
has any way in the canal tolls ac-
tion.
Senator West who was strongly op-
posed to the free tolls and helped to
hold the administration's feet to the
fire, pointed out that under the exemption
of the coastwise vessels from tolls, a ship
sailing from New York to Triana
would enjoy a subsidy of \$125 a ton,
while a ship sailing from New York
to Savannah would receive no ad-
vantage from the government.
Senator West says that he sees no
reason why the government should
have granted a subsidy to vessels sail-
ing from the Atlantic to the Pacific
coast and vice versa, without granting
a subsidy to vessels sailing along the
Atlantic coast.

SIMPSON RELEASED

Atlanta, April 22.—Schubert E. Simp-
son, a young white man who figures in
an educational white slave case only
about a year ago who was let out of
the federal prison here this morning, is
to be immediately arrested by the
Chicago office of Mrs. May Douglas, who
is accused of a sensational case of kid-
naping and who has also received a
life sentence in the
usual ring which she was believed to
have. Simpson was released on the charge
of being a part of a gang which had
kidnaped his father.
