coming in almost every day the
latest shipment, being a car of
-COLUMBUS-
Come in and let us show them.
They are 1914 Models.
We have a nice line of Pony
buggies.

J. S. FOWLER

THE FARMERS & MERCHANTS BANK

and

FARMERS LOAN & TRUST COMPANY

would like to cash from fifteen hundred to two
thousand gilt-edge notes running from \$25 to
\$100. They want them to be "gilt edge" and they
will want them paid in the month of October and
the first half of November. Come to see us.
We also expect to take care of the business re-
quirements of our regular customers.

ZION SCHOOL

Zion school, in the Mt. Tabor section of
the county, between Portman and
Piedmont, celebrated yesterday the
end of the school year. The day was
made interesting by a number of ex-
cellent addresses.

It was a fine, old-fashioned com-
munity gathering, one thoroughly ty-
pical of the best in our Southern rural
life. This section of the county has
prospered and advanced along all lines
in step with the most progressive of
South Carolina neighborhoods. It is
populated by white people almost ex-
clusively and its fertile fields are
thickly studded with splendid homes.
In his address the county superinten-
dent of education, J. B. Felton, stated
that there is no better equipped and
more efficient rural school in the coun-
ty and in his judgment, in the state.

The new two-story building stand-
ing in a shady grove is very attrac-
tive in an architectural way. There
are four class rooms equipped with
the best modern desks, black boards,
charts, maps and other furnishings
and appointments. There are besides
four cloak rooms and a commodious
auditorium.

Mr. B. C. Cromar in the superintend-
ent and with his three assistants is
doing splendid work. The enrollment
is 185 and the average attendance is
around 165. Think of a school six
miles from a town of a population
with an enrollment of 185. It is safe
to say that there are only four or five chil-
dren of the school age in the district
who are not enrolled.

Mr. Weller, who has trained a
brass band composed of about 25 boys
of the community. This organization
performed the selection during the day
and will be heard from later. When
good local bands are in demand,
addresses were made during the day
by Rev. R. C. Williams, pastor of the
church of the city, Rev. J. B. Felton,
superintendent of education, and Mr. J. B.
Wattles of the Anderson Nat. Bank.
Casting the most school expert in the
present also.

The program of the district shows
large numbers. At least 500 were
there including many guests from
surrounding school districts and
towns. A beautiful picnic lunch and
milk was served plain, free and
voluntary was happy.

The splendid representation of the
people of the district, the loyal support
of the school, the well-attended
and interesting addresses, the fine con-
dition of the building and grounds,
the fine program of all that will
make the school year.

Financial and Commercial

COTTON PRICES JUMP SHARPLY

Liverpool's Firmness Has Bullish
Effect On This Side Of
The Water

New York, May 16.—In an advance
today which carried new crop pos-
itions into new high ground for the
season, the cotton market displayed
pronounced activity in which buying
for southern account was a conspic-
uous feature, attending reports of fur-
ther prospective rains and had crop
prospects in Texas. The market closed
firm at 6 to 12 higher and only a
little under top for the day.

A substantial firm Liverpool mar-
ket, attributed to covering and the
removal of hedge in response to re-
ports that 12,000 bales of cotton had
been destroyed by fire at Galveston,
started the buying movement on this
side.

	Open	Close
May	12 1/2	12 1/2
July	12 1/2	12 1/2
August	12 1/2	12 1/2
October	12 1/2	12 1/2
December	12 1/2	12 1/2
January	12 1/2	12 1/2

Liverpool Cotton

Liverpool, May 16.—Cotton spot un-
changed, good middling 60, middling
14 1/2, low middling 14, sales 4,000,
speculation and exports 500. Receipts
15,000.

Futures steady: May 11 1/2; Mar 10 1/2;
July 10 1/2; August 10 1/2; October
10 1/2; December 10 1/2; January 10 1/2;
Feb. 10 1/2.

New Orleans Cotton

New Orleans, May 16.—Prices in the
local cotton market today moved up
17 points in futures and 12 to 15 points
on all spot cottons. Every top
dollar offered in the market was
taken.

Cotton futures closed steady: May
12 1/2; July 12 1/2; August 12 1/2; October
12 1/2; December 12 1/2; January 12 1/2.

Cotton Seed Oil

New York, May 16.—Cottonseed oil
was in active but the undertone was
steady, owing to firmness in land
cotton which suggested only a
moderate change, unchanged to six
cents per bushel.

STOCKS MARKET DULL AND SLOW

European Exchanges Degrass
American Shares and N. Y.
Do a Little to Trade

New York, May 16.—The most direct
impulse brought to bear upon the
stock market today was from abroad.
London reported selling there by Par-
is, which in turn was attributed to un-
satisfactory financial conditions in
Russia. American stocks were de-
pressed sharply in London. Specula-
tion here was listless, and at the open-
ing the Dow Jones followed the line of least
resistance by moving off to about the
level reached in the English market.

At the lower range a better demand
arose, and the decline was quickly
cancelled. The movement thereafter
was narrow and variable, with a re-
sult of slight losses at the end.

Trading in bonds was quiet. The
course of prices was irregular. Some
advance in bonds in West Island col-
lectibles. Total sales of bonds \$210,000.
United States 2s registered advanced
1/2 on call on the week.

Cotton Goods

New York, May 16.—Cotton goods
markets have been quiet in the
last few days, with a moderate amount of business transac-
tion. Agents for mills and manufac-
turers generally still complain of the
lack of profit in current prices, and
entirement is increasing.

CHICAGO GRAIN

Chicago, May 16.—Action of Kansas
to be readily expected with
serious crop losses from Kansas by
that considerable in 60 today with a
total fall in wheat. At one time
the market showed an advance. The
market closed unsettled, 3-4 above last
month.

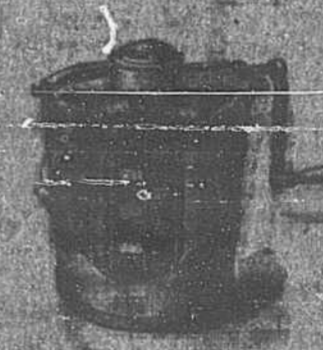

Other speculative articles, too, all
ended a net gain. Corn 1-1/2 to 3-4;
Gulf 3-4 to 1-3 to 5-4, and provisions
1-2 to 1-3.

White Mountain Triple Motion Freezers

This triple motion
keeps the cream
constantly moving
and insures every
particle being
smoothly and
evenly frozen.

Every White Mountain Freezer part
that comes in contact with the cream
is heavily plated with block tin. This
precludes the slightest possibility of
poisoning.

All cooks like White Mountain Freez-
ers, because any cook can make good
cream with them.
