

Map of Tampico, Showing Blockading Battleships

As the map indicates, Tampico sits back a few miles from the gulf coast. It is on a river, and the American battleships were anchored there near the city wharves when the men from the Dolphin were arrested, the incident leading to the demand for a salute to the American flag and the subsequent blockading of the seaports.

RALE GAMES SATURDAY

A fast and interesting game is expected Saturday afternoon at Buena Vista Park when the Y. M. C. A. and Gluck Mills teams get together for the first time this season.

The Mill boys have always been capable of playing jam-up ball each season, and are starting where they left off last season with a fast and scrappy Y. M. C. A. team has just recently been organized by Mr. Fred M. Furnell, the popular young secretary of the "Y" and he states that he has an aggregation that will compare favorably with the best in the entire state.

Much enthusiasm is being manifested over the prospect of a classy tennis year by the Y. M. C. A. boys and his safe bet that they will come out of the coming affair with a victory, a good crowd is expected out to witness the contest.

Stuart Not to Oppose Swanson

CONCERNING CLEAN LIVER

MODERN SANITATION IS A GROWING GOOD.
 No woman or man can perform full duty to themselves or to others unless they keep themselves clean within.

An upset liver or sluggish kidneys will spoil your work and worth. Regularly take CARSWELL'S LIVER-AID and you will be glad to be in this climate for it will clean your system as soap will clean your hands. CARSWELL'S LIVER-AID takes the place of cathartics—takes its place in the liver and eliminates the poisons and accumulations that are the cause of indigestion and by means of pure VEGETABLE compounds.

No danger, no discomfort. On sale at Frieron's Pharmacy in 25 cent bottles. Purchases over \$1.00 entitles you to a bottle of Frieron's Compound. But you won't when you try this scientific remedy.

LEVER'S COTTON BILL AGREED TO

House Committee On Agriculture Puts the Stamp of Its Approval on the Measure

(By Associated Press)
 Washington, May 20.—The Lever bill to regulate cotton futures trading has been agreed upon by the house agricultural subcommittee and the full committee may consider it tomorrow. It provides that there shall be no tax on legitimate contracts for cotton, but imposes a prohibitive tax on what may be officially determined to be illegitimate contracts for cotton.

It provides that cotton dealt in on the exchange shall be within the standard grades and creates a board of appeal to consider disputes as to quality, grade or length of staple. Publicity of all transactions relating to futures is prescribed. Provisions of the bill are effective from the date of contracts also are included in the measure.

FRANK CASE IN POLITICS

Stallions would Put Hugh Dorsey in Governor's Race
 Atlanta, May 20.—A state-wide protest is being made against a movement which is under way in Atlanta to put Hugh Dorsey in the gubernatorial race and make the Mary Phagan murder case a political issue in the coming primary.

Strong political voices are also raised against it here in Mr. Dorsey's home county, and present indications are that in the face of this feeling Mr. Dorsey's proposed candidacy may not materialize.

The point is made that if Mr. Dorsey runs in it, he would have to run on the Frank case as a platform, since he has never taken any part in the public or political side of the matter and is known to the public as a purely and solely through his connection with this single case as collector general and prosecuting attorney.

To inject the Frank case into politics, it is believed by many people here, would be harmful to the welfare of Georgia, hurrying the state at home and in the eyes of the world. How widely that opinion is concurred in to other sections of Georgia may be judged from the tone of the press.

Says the Washington Herald: "Reporter, with its usual conservatism, 'We have great respect for Hugh Dorsey as a lawyer, but we fail to see where his conviction of Leo Frank in any way qualifies him for the governorship.'"

The Mason News, under a title "Political Accidents," says, "Dorsey may be, but he has not yet proven himself a big man. He has never taken a big part in the public life of the state. In a political sense, he has been created in a series of unusual circumstances. The Frank case alone has made him."

"We must by all means keep the Frank case out of the gubernatorial race," says the Savannah Press.

"It would be unfortunate in many ways for Mr. Dorsey to become a candidate for governor just now," says the Athens Banner. "It would be unfortunate for him and for the state."

RAILROADS WANT PAY

Main They are Looking Money Here
 Atlanta, May 20.—Georgia officials of the five railroads operating in the South are joining with the railroad managers in submitting to congress this week a formal recommendation for a freight system which would be followed in compensating the public for carrying the mails. The proposals are that the carriers should be paid for carrying the mails, and for carrying existing conditions, on a percentage basis.

The plan embodies four main principles:—
 1. That the carrier should be weighed annually instead of every four years and payment made for the weight and class of service.

2. That the carrier in railroad mail should be up to traveling benefits which should be paid for.

3. That the carrier should be weighed annually and payment made for the weight and class of service.

4. That the carrier should be weighed annually and payment made for the weight and class of service.

5. That the carrier should be weighed annually and payment made for the weight and class of service.

6. That the carrier should be weighed annually and payment made for the weight and class of service.

7. That the carrier should be weighed annually and payment made for the weight and class of service.

8. That the carrier should be weighed annually and payment made for the weight and class of service.

9. That the carrier should be weighed annually and payment made for the weight and class of service.

10. That the carrier should be weighed annually and payment made for the weight and class of service.
