Anderson, S. C., 7:35 p. m. Editor of The Anderson Daily Intelligencer. The time until the convening of the reunion of the Confederate Veterans is growing short. Please urge the people of Anderson to make arrangements to strain the capacity of the hospitality of their homes to accommodate the number of visitors who are coming. Otherwise it may mean a black eye for Anderson. I know that the people of Anderson will do as they always have and will make the visitors have a good time, by do not procrastinate. Leon L. Rice, Chairman of committee.

STEEL MEN ARE UNDER THE BAN

Alleged to Have Been in Conspiracy to Defraud U. S. in Canal Locks Contract

Pittsburgh, May 21.—A federal grand jury here today made a presentment recommending the indictment of five employees of the Carbon Steel Company on a charge of conspiracy in connection with steel furnished for locks in the Panama Canal. It is alleged that the steel was of such an inferior quality that the canal locks are liable to let go at any time, causing a heavy loss of property and probably lives. The men named are Samuel M. Weimore, David J. Simpson, Dennis K. Balens, Henry Lutz and James R. Lacy. Two others, W. R. Warren and Fred Schoenberger, employees of the Carbon Steel Company, are also presentment, but the grand jury recommended that no indictment be found against them as they testified before the jurors. The jury requested that the court direct United States District Attorney E. Lowry Higgins to lay before it a bill for indictment, more particularly in regard to setting forth the alleged violations of law. District Attorney Higgins said he would present the indictment tomorrow.

SPECIAL NOTICE TO RESIDENCE OWNERS

Nothing will do more than to make Anderson look attractive during the Remmon than for the residences throughout the city to be decorated. Just a little work by the owners of the homes will accomplish this, or if it is desired Prof. Jno. O'Connor of the Southern Decorating Co., who is here as the official decorator, will be glad to do the work. If you want Mr. O'Connor, telephone Chamber of Commerce. Mrs. R. C. WEBB, Chairman, Decorating Committee.

PRESBYTERIANS MAP OUT PROGRAM

Publishing House of the American Church at Richmond Said to Be Flourishing

Encourage Presbyterians to hold Sunday school institutes and employ Sunday school missionaries. Promote every church of ability to establish one or more mission Sunday schools. Promote organization of young people's societies in all the churches. Endeavor to bring the schools up to the standards approved by the church. Aid in establishing and maintaining a training school for lay workers. Stimulate the memorization of Scriptures through offer of Bibles and Testaments. Introduce new libraries and enlarge the usefulness of old collections of books. Organize teacher training classes wherever possible. Aid Sunday school institutes at all the summer assembly points of our church. Encourage our donations of religious tracts and literature. Cooperate with the other agencies of the church in promoting evangelistic effort and arousing the church to a sense of its Christian stewardship responsibilities and sustain the Woman's Auxiliary. In its splendid work of educating and inspiring the women to cooperate in every phase of the benevolent activities of the church.

U. S. WOMAN SHOT ON ITALIAN CAR

Taken From Train to Dining Car. Attacked and Robbed

Chicago, May 21.—(By Associated Press.) Florence, Italy, May 21.—An American woman, Mrs. Mary E. Flavell, of Chicago, according to police investigation, was found in a dying condition in a compartment of a train when it arrived at Arrezzo yesterday. The train was bound from Florence to Arrezzo. The woman had been shot through the right temple and was removed to a hospital. In that hospital, she was found a letter of credit for \$1,000 which had been cashed by her. No hand baggage or papers were found, but a baggage label with the name Mrs. Flavell was picked up, and on the label was written the name of the train, the name of the station, the name of the car, and the name of the compartment. The woman's handbag was found later along the side of the track. At the hospital the woman was sufficiently revived to answer a few of the questions asked her. She had taken the train out of Florence and was alone in the compartment. Her assailant was a young Italian who entered the compartment and shot her. She said she was 30 years old and was married. Mrs. Flavell tonight relapsed into a state of coma. According to the train hands, she occupied the compartment alone. In the next compartment was a man of about 30. He did not act suspiciously, but at Arrezzo he left the train for the station. It is supposed the crime occurred in a tunnel just outside of Arrezzo. It was along the tracks at that point that the train and a pile of woman's clothes, stained with blood, were also found. The police tonight believed they had established that the woman's assailant returned from Arrezzo on the night train from Florence.

KNOWN IN CHICAGO

Chicago, May 21.—The woman shot in a train compartment near Arrezzo Italy, it is believed here, was Mrs. Mary E. Flavell, a Chicago "entertainment" writer.

CARNEGIE FOUNDATION FUND

400 Persons Not Get Benefits from the Fund for Research. New York, May 21.—The Carnegie Foundation for the Advancement of Teaching, founded by Andrew Carnegie to provide stipends, allowances for teaching and other educational purposes, has today announced that 400 persons are not getting the benefits of the fund. The average annual stipend to an individual is \$1,200. Senator La Follette of Wisconsin has introduced a resolution in the Congressional record that the Carnegie fund should be increased to more than \$100,000 a year.

MINISTER WARNS CLERGY OF DANGER

Presbyterian General Assembly Gets Down To Business at Kansas City

Kansas City, May 21.—Declaring that "designations of discontented people will keep on coming to the churches to disturb worship, until after a while they will be arrested by the police," they hear instead of by the police. "If the church," he said, "is equal to opportunity of today, many who make malicious assaults upon it will find themselves breaking into the Kingdom of Heaven." "What is the vision today?" he said. "As we turn to the world we see the same dark shadows which appeared in all the prophetic visions of the past. We behold contending forces in all the varied forms of economic, social and political ferment and strife. Moreover, we see the world growing more and more weary of its present, with many urgent cries for a new order of things. It is our duty to see that the solution more than the amount of education and culture and moral influence. The report of the subcommittee on the committee, represented to the assembly, upheld the policy of the national administration at Washington in the intervention in Mexico take the form of Christian instruction rather than the force of arms. William J. Martin, president of Davidson College, of Davidson, N. C., was elected moderator to succeed Rev. J. S. Lyons of Louisville, Ky. Professor Martin, who is a layman, was chosen on the second ballot and his election there was made unanimous.

RADIUM MAY BE CAUSE OF CANCER

Such is Opinion of Doctor Who Has Treated Disease Successfully With It

London, May 21.—Dr. Walter B. Ross, of London, who has recently had success in the treatment of cancer by radium, says radium in the human body may also be the cause of cancer. At a recent meeting of physicians and surgeons he told of experiments he performed upon animal cells and explained that while cancer might be divided into various "insects" it was nothing more or less than disordered cell growth. "It is reasonable to suppose," he said, "that there is one cause, and I would suggest to you that in the radium and radiation we have the probable cause." Radium, he continued, was widely distributed in nature in quantities which had been shown to produce the stimulation of cell growth and hence to develop some deleterious effects which culminated in death. "Cancer was very closely associated with inflammation to such an extent, he said, that chronic irritation was the only cause which was universally accepted, but chronic irritation was not bound up with bacteria, that there arose the question whether radium stimulated an animal cell. Dr. Ross said experiments of his had demonstrated that bacteria actually pulled radium out of a solution and attracted it to themselves. If radium therefore were circulating in the blood, he said, it would be present in the blood vessels and locally deposit the radium, forming a focus of that substance, producing stimulation of the cells in the neighborhood. He said radium was present at times in human human tissue, and it was found in greater quantities in cancerous tissue. Deposing of the theory that cancer was necessarily caused by bacteria, the doctor pointed out that it would naturally be assumed that cancer of the cell would be relatively common, whereas it was rare.

EXCURSION! GREENVILLE, SPARTANBURG & ANDERSON RY.

and Carolina, Clinchfield and Ohio Railway

First Summer Excursion and Saturday Outing to

Alta Pass, N. C., And RETURN, SATURDAY, MAY 23, 1914.

Via the Great Electric System of the South and the Picturesque route of the Carolina, Clinchfield and Ohio to Blue Ridge Mountains of North Carolina at the following round-trip fares:

Table with 4 columns: Leave station, Time, Fare, Return station. Includes routes like Greenwood, E. C., to Piedmont and Greenville.

Arrive Alta Pass, N. C., 12:00 Noon. Leave Alta Pass, N. C., 5:30 p. m. Fares for children between the ages of five and twelve years will be one-half the above named fares. Tickets will be sold on the train by conductor from stations having no agent.

This is your first opportunity to visit the beautiful Blue Ridge Mountains at such low rates. The Clinchfield is known as the "Scenic" route of the East, passing through the heart of the mountains of Western North Carolina. "The Switzerland of America." This line is also given up to be the greatest piece of railroad construction of the age, passing through SEVEN MILES of tunnels through solid rock. For the Clinchfield's New Vestibule Coach will be provided and there will be no change of cars at Spartanburg. This excursion will be operated by the Greenville, Spartanburg and Anderson Ry., and the Carolina, Clinchfield and Ohio Ry., and is not a chartered train. You may feel safe in carrying your wife and children on this excursion and have the assurance that it will be properly conducted. Every provision has been made for your pleasure and a refreshment car will be attached to this train where good things to eat and drink will be served. You will reach Alta Pass in time to go to Alta Pass for luncheon if you prefer not to carry your picnic baskets with you.

THIS EXCURSION will run "rain or shine" so remember the date SATURDAY, MAY 23, 1914.
