Read About these conveniences that have made the HOOSIER necessary to over 700,000 Women

(1) Mrs. Christine Frederick's famous "Housekeepers' Food Guide"—on the upper left door—answers every woman's eternally perplexing problem—"What shall we have for dinner?"

(2) The Cook-book holder on the middle upper door holds your cook book securely when not in use. When you are cooking, simply open up the book to the proper page behind the holder.

There are 40 special conveniences in the NEW HOOSIER—17 are entirely NEW.

(3) The Hoosier Metal Flour Bin holds fifty pounds. It is low and easy to fill. The sliding glass front enables you to clean the entire bin easily.

(4) The New Shaker Flour Sifter is the most wonderful of all the New Hoosier inventions. It is the only flour sifter ever made on a kitchen cabinet.

Twenty of these features are described in our WINDOW DISPLAY, which is the talk of the town. Come in and find out about the others.

(5) The new Bill File is a complete bookkeeping system for most households. Most women dislike bookkeeping, but this simple book file for meat and grocery bills on the upper middle door shows exactly which bills have been paid and which have not.

(6) Every woman has favorite recipes. If you're like most women, you have difficulty remembering where you put the one you want. The Metal Recipe Card File has 50 cards and 10 index guides.

These and 35 other conveniences are worth examining today—even at some personal effort on your part. Today is your last chance to decide whether you want them now on the easy Hoosier Plan.

THE COLLEGE GIRLS HAD A GREAT FROLIC

PICNIC IN THE LOVELY PARK AT NORTH ANDERSON EVERYBODY HAPPY

Ladies of the College Association Gave Valuable Assistance To Make This Great Success

The picnic for the pleasure and recreation of the young ladies of Anderson College was a most happy occasion Friday afternoon. The outing was organized by the local trustees, but of course they could have done nothing without the assistance of the Anderson college association.

The annual outing in automobiles was deferred from day to day, on account of the dusty condition of the public roads and it was decided finally just to have a picnic at North Anderson, and as is usual with such inspirations, the suggestion was indeed a fortuitous one.

The picnic party strolled around the park and tried the board walk and kept on to the beautiful Ross Hill clubhouse on the hill where the broad verandas and inviting porch chairs offered opportunity for cosy corners where the groups could be jolly.

The local trustees of the college had their cars present and in relays the young ladies were taken for a spin on the North Anderson boulevard and around where the roads were not too dusty.

The party was heavily chaperoned, the teachers and pastors of the city being present, as well as the faculty, the trustees and the ladies of the college association.

The whole evening in its informal manner and its open hospitality and its entire absence of anything but happiness, gave great satisfaction to the splendid women who prepared the means vivendi, and the trustees who so loyally stuck to this college in the effort to make it the best in the South.

SHARP BREAKS IN COTTON PIT

Heavy Realizing and Scattered Offerings Marked Session On New York Exchange

(By Associated Press.) New York, May 22.—The cotton market met heavy realizing sales as well as scattered offerings from reactionists during today's trading which caused a sharp break in prices.

The opening was easy at a decline of 7 to 16 points on private reports that the weather was clearing in Texas and in response to disappointing cables.

The detailed weather report for the western district showed rather less rainfall than the previous day.

There was covering by early sellers toward the close, which rallied new crop conditions four or five points from the lowest, while a spurt of demand from many shorts sent that position above last night's closing figures.

Cotton futures closed steady: Open Close May 1225 1221 June 1313 1327 July 1260 1267 August 1251 1255 October 1227 1223 December 1250 1225

Spot cotton quiet; middling Gulf 1385. Sales none. Cotton Seed Oil

New York, May 22.—Cottonseed oil was higher for October on buying for new long account, but other deliveries were easy under liquidation and with the decline in lard. Final prices were five points lower to five net higher.

Liverpool Cotton

Liverpool, May 22.—Cotton spot unchanged; good middling 82; middling 73; low middling 71. Sales 11,000; speculation and export 1,000. Receipts 5,000.

CHICAGO GRAIN

Chicago, May 22.—Heavy selling by an interest that was conspicuous on the buying side during the recent advance, pulled down prices today in wheat. The close was unsteady 3-8 1-2 to 5-8 3-4 under last night.

New Orleans Cotton

New Orleans, May 22.—The cotton market reacted from the advance today under selling stimulated by better weather conditions in the western belt and small mill takings for the week.

Cotton Goods

New York, May 22.—Cotton goods markets were steadier today. Wide print cloths were 1-2c higher than at the open of the week. Wash goods trading was reported good.

CONCERNING CLEAN LIVER

NOBBER SANITATION IS A GROWING GOOD. No woman or man can perform full duty to themselves or to others unless they keep themselves clean within.

LITTLE TRADING IN MOST STOCKS

Dealers Inclined To Play a Waiting Game On New York Board of Trade

(By Associated Press.) New York, May 22.—Business on the stock exchange today was the stillest of any day thus far this year. The total turnover-33,600 shares comprising with 38,000 shares on March 3, when the blizzard interrupted communication.

Opening prices were a mixture of unimportant advances and declines from which there was little change as the reaction progressed. Reports from the west and northwest were again favorable to crop prospects and addresses by the executive heads of the United States steel corporation had but hopes of trade betterment.

London's market was weak with some selling for that account. Another gold engagement of \$2,000,000 for Paris was reported.

Local monetary conditions show no change, chiefly because the demand has fallen below normal proportions. Clearing house banks are expected to show a cash gain for the week, and bank clearings of the country for the same period show a marked gain over the preceding week.

There was less pressure against the various speculative bonds and that list was fairly steady. Total sales \$1,570,000. United States bonds unchanged on call.

RETAIL TRADE GROWS BETTER

Bradstreets Report Shows Healthy Business In Most Parts of the Nation At Present

New York, May 22.—Bradstreet will say tomorrow: "Better weather conditions and improved retail store conditions are the two fundamental favorable features of this week's report. These were first noticed in the west last week and have advanced eastward, and the result is probably the best trade in months in retail."

"Wearing apparel was figured very largely in these reports, but hardware implements and similar products also have enjoyed better demand. Best reports as yet come from the west and the northwest, but eastern reports as yet come from the west and north-west, are also more cheerful. Southern reports are rather irregular."

"Industry generally seems to show a gain ground. There is still complaint of dullness and short time in the iron and steel trades, but some large orders have been made of build iron and railroads are reported buying cars and patching up old ones in anticipation of a large crop movement."

For the week, Fallures 296 against 265 last year, exports 3,768,569 bushels against 6,421,946, bank clearing \$3,213,663,000, gain of 1.9 per cent.

To Arbitrate Coal Strike. Columbus, May 22.—After a conference in the office of Governor Cox today it was announced that coal operators and the representatives of 45,000 idle miners in Ohio had agreed to meet June 2 in a nine day conference in Columbus.

LIQUOR ELECTION HELD TO BE VOID

The State Supreme Court Act On the Sumner County Appeal

Columbus, May 21.—In an opinion written by D. E. Hydrick, justice, the supreme court has today declared void the election of voters in Sumner county, August, 1913, on the question of the sale of alcoholic liquors.

On motion of L. D. Jennings, John H. Clifton and others of Sumner county, a writ of certiorari was issued by one of the justices of the supreme court directing the State Board of canvassers to certify to the court the record in the matter of the election. On the face of the returns the vote was 473 for state and 422 against the sale of liquors.
