BIG MEETING IS ON

Spartanburg Minister Takes Leading Part in the Great Gathering At Kansas City

(By Associated Press.) Kansas City, Mo., May 22.—Christian education will be the keynote of the fifty-third assembly of the Southern Presbyterian church that convened here today.

The report of the ad interim committee on the proposed union of the United Presbyterian Church and the Southern Presbyterian church, will also come before the assembly for action.

Spantburg Man Honored. A new presiding officer will be elected as a moderator each year and to preside over that assembly only, and no moderator can succeed himself in office.

A. L. Phillips, D. D., and R. E. Magill, of Richmond, Va. No report to be submitted will be heard with greater interest, or will be of greater importance than the report of the committee on education, Rev. Henry H. Sweets, D. D., of Louisville, Ky., chairman and one representative from each of the fourteen Synods of the assembly, constituting the committee which held a conference during the summer of 1913.

Another interesting subject to come before the assembly will be that included in an overture from the Synod of Virginia recommending the creation of a new Synod, to be known as the Synod of West Virginia and to include all of the State of West Virginia, part of which territory is now included in the Synod of Virginia.

The amount contributed by Southern Presbyteries, during the year was \$561,179 and for home missions \$168,870. The amount contributed for the home missions was \$14,460 over the amount contributed to this cause the year previous, and is the largest amount the church has given home missions during any year of her history.

The attendance of communicants to the assembly this year was increased on account of the change in the basis of representation. Upon the new basis of representation each Presbytery is entitled to one clerical and one lay commissioner and one clerical and one lay commissioner additional for every 4,000 communicants of the church in the Presbytery.

The Women's Council, the auxiliary to the Assembly will be in session simultaneously with the Assembly. While not a law-making body, the council is a factor strong in the work of the church.

NERVE IN THE MARRIAGE GAME.

In the June American Magazine a husband, who has had twenty-five years of married life, tells the story of his experiences. On the subject of nerves in the marriage relation he comments as follows:

"I was extremely ignorant to women and their ways, and more ignorant of nerves. Indeed nerves were an item in the marriage relation that I never had considered, and it was years before the relation of nerves to marital happiness became known to me.

"It takes the average man a long time after marriage to realize that his wife is a human being, much like himself, with the addition of some nerves, some superstitions, some prejudices and some finer emotions of which he knows little, or nothing. Not many men have reached the state of marriage in as complete ignorance of women as I did. I had been rather harsh and sniv'ly with them as a boy and too busy to pay much attention to them as a man. Living in cities in which I was a stranger I had no opportunity to meet the nice ones and no inclination to associate with the other kind. Being strong, healthy and normal, I knew nothing of nerves and had scant patience with their attributing pneumonia due to nerves to other causes."
