SIX AND TWENTY

Williamston, May 22.—This being election year, it will not be long before some of the candidates will take up their regular job canvassing for votes on the Sabbath. We have known men to go fifteen or twenty miles to a gathering on Sunday during an election in order to meet the "dear people" when they would not think of going as many hundred yards any other time.

We think that the christian people of the county should begin at once to spot those who make a practice of electioneering on the Sabbath so that they can be prepared to cast their ballots for some one else. Not only candidates for offices engage in this practice, but men running for offices higher up do the same thing.

There is at present a candidate for governor, evading over the state making speeches at churches that he would scarcely take notice of if he was not a candidate. We recently heard this candidate deliver a very flowery speech, while he did not mention politics there were two or three in the congregation who had little enough respect for themselves and the Lord's day to refer to him while he was before the congregation as "Governor". They might have been posted to do that in order to let the people know that he was a candidate for the place. Is that right and Christianlike?

A very large number of our people attended the closing exercises of Walker-McElroye High School Friday night. All report a pleasant time.

We are requested to announce an all day singing at Beaverdam Baptist church on the first Sunday in June. Every body who likes good singing is invited to come and bring song books.

Emory Williams our champion bee raiser is now supplying his neighbors with some choice honey. Mr. Williams has between 30 and 40 hives and some of them will weigh close to 200 pounds.

J. A. McAllister of Norris was a visitor here Thursday and Thursday night.

The entertainment given by Melton school Thursday night was well gotten up and much enjoyed by the large up and much heard it. The pupils did their respective parts in perfect manner and showed the excellent training given them by their teachers Misses Nettie Bales and Nora McAllister. The following is the program—

- 1 Song, America, by the school
- 2 Recitation, Lord Ullins Daughter, Mae McAllister.
- 3 Motion song, Mud Pies, by several small girls.
- 4 Recitation and song Spirit of Liberty, by the larger girls.
- 5 The Ride of Jennie McNeil, Lake McAllister.
- 6 Song, I'm Going to Tell on You, Leta Pickens and Edna Stone.
- 7 Recitation, The Sneezing Man, by Roy Pickens.
- 8 Dialogue, Train to Monroe, by Guy Stone and Miss Nora McAllister.
- 9 Recitations, Papa and the Boy, by Janie Lee Shirley.
- 10 Tom Thum's Wedding.
- 11 Ghost March.
- 12 Fantomine, "Nearer My God to Thee."

Between the acts the music made by the Six and Twenty string band was much enjoyed by the large audience.

A. M. Martin was a business visitor to Anderson Saturday.

WOMAN'S SUFFRAGE

In Wyoming, Colorado, Utah, California, Washington, Kansas, Arizona and Alaska, women have full suffrage. In Illinois women vote upon practically all questions except for members of the State legislature. This means that in the next presidential election, nearly four millions of women will be enabled to voice their preference for the president of the United States and may be a determining party factor.

The movement to give the vote to Southern women is becoming very active and it would be a fine tribute to the intelligence and worth of our Southern womanhood to place them on a political plane where their opinion and judgment could be voiced in the State. The South needs the counsel and help of its women, and votes for women should be the chivalrous sign of every Southern man.

The Southern States Woman Suffrage conference is organized for the purpose of securing the vote for the women of the Southern States. Recognizing the qualifications now existing in the Southern States, the southern women ask that only the same privileges be accorded to their sex. This is an eminently fair demand, one to which Southern men and women should all agree. Whatever applies to Southern men is applicable to Southern women. Nothing more is asked, nothing less should be given.

In addition to the ten States in which the women now have the right to ballot, Montana, North Dakota, South Dakota and Nevada may enfranchise their women at the elections next November.

Arkansas, Ohio, Nebraska and Missouri have initiative petitions in circulation in their States to have their constitutions amended to give the vote to women. Oklahoma's petition will be circulated in August and if it carries will grant Oklahoma women the vote at the State election in November. The most intelligent women of the various Southern States will form the

COTTON GOES UP, WEATHER IS BAD

Too Wet in Western Belt and Too Dry East of River, Say the Reports

(By Associated Press.)
New York, May 23.—Although the cotton market started out easy today with first prices 4 to 10 points net lower it soon developed a firmer tone and throughout the later trading was active, with an upward tone, the close being very steady at a partial net advance of 11 points. It was practically a weather market from start to finish. The unfolding movement which began on Thursday and continued throughout yesterday was in evidence again, the opening today influenced by a 10 or 15 to 6 points at Liverpool, and clear weather over Sunday. Fears of unsettled conditions in Texas before Monday, together with some good buying of old crops by spot interest led to a gradual lessening of pressure in the new crops.

That the June 1st government report will prove a bullish factor was one of the arguments for higher prices today as correspondents will send in their statements next Monday and their record present unfavorable conditions.

Many complaints about cool weather arrived from the eastern belt and were accompanied in not a few instances by good buying orders, while late telegrams from Texas and Oklahoma said fields were foul with weeds and grass and that it will be some time before cultivations can be resumed.

Cotton futures closed steady.

Cotton Goods

New York, May 23.—Cotton goods markets have been more active in the gray and brown goods division and prices have risen a little. The buying done has been for delivery in June, July and August principally, to printers, converters and bleachers. The trade believes the prices are likely to hold from now on to the end of the cotton year. Manufacturers of denim have booked orders for delivery until September from some of the larger overall manufacturers. Wide print cloths are up 1-3/4 yard.

Liverpool Cotton

An amendment to the agricultural bill to limit expenditures in the cotton belt proposed by Mr. Macumber, was defeated.

A resolution calling on the treasury department to report which foreign commodities would be excluded by the tariff to be levied on goods, was introduced by Mr. Smith of Georgia.

Passed agricultural appropriation bill. Adjourned at 6:04 p. m. until 11 a. m. Monday.

House: Met at 11 a. m. General debate on Clayton anti-trust bill resumed.

Representative Bailey, Pennsylvania, democrat, urged repeal of all tariff governmental taking over of all natural monopolies and a single tax on land value.

Adjourned at 5:10 p. m. until 11 a. m. Monday.

FRECKLES

New Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles. The prescription—GARDOL—gives strength to the complexion, to remove these loathsome spots.

Simply get an ounce of other double strength from any druggist and apply a little of it night and morning and you should soon see that even the most stubborn freckles will disappear while the lighter ones have vanished entirely. It is certain that more than a dozen are needed to completely clear the skin and give a beautiful complexion. The only way to get strength is to use the double strength. This is the only guarantee of money back if it fails to remove freckles.

STEEL OUT LOOK BOOSTS STOCKS

Better Tone During Short Session On New York Board of Trade On Saturday

(By Associated Press.)
New York, May 23.—In its essential features today's two-hour session of the stock exchange differed only slightly from the preceding days of the week. Trading was little more active in the first hour and sentiment was somewhat more hopeful, based in part on the more encouraging views of high authorities in the steel and iron trade and on overnight developments in the Mexican situation.

These factors again were neutralized, however, by further evidence from abroad which pointed more definitely to extreme financial tension in Paris and London. The situation at Paris was referred to as calling for drastic action.

New Orleans Cotton

(By Associated Press.)
New Orleans, May 23.—Rumors of bullish sentiment figures being compiled by private crop-reporting bureaus caused heavy buying and a quick spurt in cotton today just when the market was about 10 points under yesterday's close and threatening to work lower under selling, brought about by better weather in the west and lower farm prices, but rallied on covering and bull support, closing 2 points net low to 1 point higher.

Cotton closed steady: May 12.55; July 12.15; August 12.96; October 12.38; December 12.27; January 12.29.

Spots, quiet unchanged. Middling 12.50.

Cotton Seed Oil

New York, May 23.—Cottonseed oil declined early under selling by commission houses, prompted by more favorable weather in the south and lower farm prices, but rallied on covering and bull support, closing 2 points net low to 1 point higher.

CHICAGO GRAIN

Chicago, May 23.—With harvest only two weeks off in Oklahoma and with the crop outlook bearish for that state and Kansas, wheat prices today averaged lower. The market closed nervous at a range of 3-8c down to 1-9 5-1-4 advance. Corn finished 1-1/10 5-8c net higher; oats a sixteenth off to 2-1/2c; and provisions unchanged to a loss of 2 1-8c.

IT'S PRETTY HARD TO SEE

why people risk ruining their eyes when a pair of the right glasses would save them. It cannot be the fear of expense for our prices are always moderate. It cannot be the dread of wearing the unsatisfactory guard against that. Prices reasonable \$1.00 to \$5.00 and upward. Repairs on frames and parts of contact and upward.
