

ROOSEVELT AT CAPITAL AGAIN

WASHINGTON GOVERNMENT PLEASSED WITH THE MEXICAN OUTLOOK

DISCUSS PROGRAMS

Indications are That Huerta Delegates Will Sign Paper Agreeable To United States

(By Associated Press.)
Washington, May 26.—Former President Theodore Roosevelt today came back to the national capital where he spent seven years as chief executive. Into nine hours he crowded a speech on his South American expedition, a call on President Wilson, a political conference with the progressives in congress, a visit to the Smithsonian Institution to see the trophies from his African hunt of four years ago, a meeting with a few members of the diplomatic corps and a dinner with his old friends here.

Besides, there were a dozen impromptu receptions from crowds in the railway station, at his hotel, in the streets and wherever else he chanced to stop for a moment.

It was such a hot and busy day and the colonel, who rarely complains of fatigue, the crowds, the photographers and the rest were like old campaign days. The colonel smiled and waved his hat continually and fired out "Bully" and "By George, that's fine" at everything. He had a thoroughly good time.

Progressive members of congress were at the party headquarters to meet the colonel after the lecture tonight and to go over the political situation with him. It was understood that the colonel wished to avoid settlement of any particularly with reference to the advisability of making an early attack on the policies of the Wilson administration. The colonel, however, said he wished to go over the whole field with him, learn his ideas regarding matters now before congress and, if possible, map out a tentative plan for the coming campaign.

Colonel Roosevelt protested, however, that politics was not the main object of his visit in Washington.

"It was for science, not for politics," he said.

Talked Little Politics.
With the exception of his conference with progressive congressmen, politics had little part in his day's program. He was too busy for that. Reports that while here he might meet republican leaders came to naught for the colonel saw none of them.

"Not a republican showed his head," he said laughingly.

It was learned that before Colonel Roosevelt left Oyster Bay a republican member of congress telegraphed him asking for an appointment. Colonel Roosevelt declined to discuss the matter, but it was understood he felt too much already had been crowded into the day to permit of such a meeting.

Colonel Roosevelt's call on President Wilson was perhaps of greatest interest to the public than any other event of the day. The president and his predecessor spent much of their half an hour together and talked of most everything except politics. Colonel Roosevelt dressed in a gray suit and a white felt hat. He had intended to don more formal attire, but there was too much else to do.

When the colonel arrived at the executive mansion he stepped out of his automobile with his old time vigor and walked quickly into the White House. The former president greeted warmly "Jimmy" as an old service man and other White House attaches who served during his administrations.

"I'm very glad to see you" said the president as he shook hands with Colonel Roosevelt. They had met before and therefore no introductions were necessary.

TRAFFIC TIED UP IN PANAMA

Closing of Mexican Roads Due to War Congests Business Across the Isthmus

(By Associated Press.)
Panama, May 26.—Stoppage of the Tehuantepec Railway—Route across Mexico has so increased traffic across the Isthmus of Panama that the Panama Railroad is almost unable to cope with the situation. Practically every car the railroad owns is in service and still mountains of freight at the terminals show no signs of diminution. Several freighters are seen daily at anchor in the Pacific roadstead off Balboa waiting for a chance to get to the wharf to unload their cargoes that are destined finally to reach New York and other eastern United States ports.

At the time the route across Mexico was interrupted there were several ships unloading in the harbor at Salina Cruz. Every effort was made to unload the ships and get away before the port was closed, but several of the vessels were unable to get their cargoes on the wharf in time. In consequence they sailed for Panama with a cargo of their cargoes.

Atlanta, May 26.—Daniel S. Lehots, southern manager for William J. Burns, the detective was fined \$100 here late today in the recorder's court and bound over to the state courts because of alleged violation of the city ordinances and state laws.

It was charged against the detectives that he failed to report to the local police authorities when he began work. Similar cases are pending against five other detectives.

The appeal to the state supreme court on the extraordinary motion for a new trial for Frank who is under sentence of death for the murder of Mary Phagan, the lottery girl was set for today. It was at first thought that the legal time for filing expired today, but the attorneys learned that five days for the action still remain.

MARSHALL SAYS TEDDY WILL RUN

VICE PRESIDENT THINKS NATIONAL PROHIBITION IS DOUBTFUL

DOUBTS A FUSION

Thinks the Sagamore Hill Colonel Will Be a Candidate Again For the Progressive Party

(By Associated Press.)
Atlanta, May 26.—Thomas R. Marshall, vice president of the United States, was the chief speaker here tonight at the quarto-centennial celebration of the founding of Agnes Scott College, located near the city. It was the vice president's second address of the day, he having previously addressed the students of the Geographic School of Technology here.

Commenting on a variety of subjects during his visit Mr. Marshall expressed the belief that President Wilson's legislative program for the present session of congress would be enacted, that Theodore Roosevelt would be a candidate for the presidency in 1916, that there would be no fusion of progressive and republican parties, and that federal legislation to provide national prohibition was doubtful.

"I see no likelihood of a fusion of the progressive and the republicans," he said. "However, I expect Mr. Roosevelt to run for president at the head of some party in 1916 if he is alive. He probably will lead the progressives."

PEACE PROTOCOL NEAR AT HAND

CHAT WITH WILSON

Speaks Before Geographic Society—Drinks Lemonade With President—Sees Friends

(By Associated Press.)
Washington, May 25.—Cabinet members were optimistic today after an exhaustive review of all communications that have passed between President Wilson and the American commissioners to the Niagara Falls Mexican mediation conference.

It was declared that negotiations had progressed so far that a preliminary basis for peaceful solution of international difficulties had been reached. This, it was said, soon would take the form of a protocol which probably would be signed by agents of General Huerta's government and the United States. No one would disclose what would be the terms of such a protocol.

When the cabinet met the president laid before it developments that have come day by day in the exchanges between the American commissioners and the mediators, and the stipulations of the bill proposed to the South American envoys by the representatives of General Huerta.

Not Disposed to Quibble.
Among the messages received from the seat of the peace conference was one confirming of press dispatches that one of Huerta's own envoys had declared that the arrangement would not be permitted to disrupt the international effort to avert war between the United States and Mexico and to insure the ultimate restoration of peace to all Mexico.

15,000 PERSONS SEE BUSKIN WIN

Four Year Old Gelding Proves a Star Winner at Opening Day, Belmont Park Track

(By Associated Press.)
New York, May 26.—Fifteen thousand persons attend the opening of the racing season at Belmont Park, Long Island today, where the feature of the card, the metropolitan handicap, one mile, was won by John Whalens four year old gelding, Buskin, ridden by Fairbrother in 1:37 4-5, equalling the track record for this event established by Fashion Plate four years ago.

After Ten Point had been scratched August Belmont added Etromboll as a running mate with Rockview, the public favorite, and interest in the event was increased when H. P. Whitney's Borrow was posted as an additional candidate for the race, which was worth \$4,100 to the winner.

Eleven horses were sent away well together, running heads apart for a sixteenth. The light weighted Fligny cut out the pace and held the lead into the stretch. Fairbrother made his move on Buskin as the turn was made and from the last eight post the horse just breezed, winning place from Rockview. The latter had no excuse as he was away well and chased the place of the three year old Fligny all the way, but the weight, 127 pounds told on him.

GRAPE JUICE FOR SACRAMENT

Southern Branch Had a Rather Dog Fall on Question—No Union For Years

(By Associated Press.)
Kansas City, May 26.—The question of the use of fermented and unfermented wine in the communion service today provoked commissioners attending the general assembly of the Presbyterian church in the United States (Southern) into a lively discussion. Advocates of unfermented wine or grape juice, apparently were victorious.

A second question which the church asked the assembly to answer was: "What unfermented wine actually contains with fermented wine?"

The committee recommended that the general assembly give the sessions the right to choose between fermented wine and grape juice.

NEW RULING ON GRAIN

Chicago, May 26.—The Chicago board of trade defeated a proposed rule whereby grain in cars on track here would be available for delivery on contract during the last three days of any month. If the rule had been adopted it would not be necessary for grain to be actually in warehouses, and would have made wholesale or month-hour deliveries and the possible swamping of the market much less difficult.

THROW BRAKES ON DIVORCES

RECORD IS 1 SEPARATION OUT OF EVERY 11 WEDDING

CHURCH MUST ACT

General Assembly of the Presbyterian Church in Chicago Views Subject With Alarm

(By Associated Press.)
Chicago, May 26.—"One out of eleven marriages in this country ends in divorce. The highest divorce rate in any country is in Japan. The net highest is in the United States. This situation is a disgrace to America." So saying, the report of the committee on marriage and divorce made to the Presbyterian general assembly in session here opened with an emphatic denunciation of apathy on this subject and declared that the time was ripe for action and not words.

"Certainly no earnest man can be quiet and satisfied under such conditions," the report read. "No doubt, some will say that we must call a conference, pass resolutions and organize a new society. Such proposals only add a new aggravation. Full publicity has been given. Resolutions have been passed. Congress and conferences composed of the highest abilities have been called and have issued their findings and advice. Surely, nothing more is needed in the way of action and results. The two legal bodies provided for no executive agency to carry their plans into effect."

"Now we should act. The Presbyterian Church is in a position to take steps for an advance. It has in its Confession of Faith a chapter on Marriage and Divorce. The Synods and Presbyteries are closely related in all the States to legislatures that should not be approached with definite proposals for reform. Our ministers and elders might easily invite the cooperation of their brethren in other denominations, and together might hope to secure the passage of improved laws on this behalf."

The committee would hereby recommend that this General Assembly approve of the following principles as desirable for incorporation in an improved State code or new law on Marriage and Divorce:

"The requirement of a residence of at least two years in the State where the application for divorce is to be entered.

"The requirement of a period of at least one year after the granting of decree, before the same shall take effect.

"The following proviso concerning evasion of law as to marriage and divorce, to-wit:

"That if any person or persons being resident of this State shall go into another State or country with intent to evade or violate any of the laws of this State pertaining to marriage or divorce, and there contract a marriage or obtain a divorce, prohibited by the said law of this State, and then return to this State, marriage of such divorce shall be null and void for all purposes in this State, with the same effect as though such prohibited marriage or divorce had been entered into in this State."

The committee called attention to the fact that none of its suggestions to do with offering to promote any legislation on the matter of uniform causes for divorce.
