## AUGUSTA MAY YET GET ENCAMPMENT

### WAR DEPARTMENT MAKES A NEW PROPOSITION IN THE MATTER

### BE SETTLED TODAY

### Please Will Take the Matter Under Advisement and Give Answer This Afternoon

Special Correspondence.  
Columbia, June 8.—After the receipt of a telegram today from the Eastern department, United States War department Governor's Island reestablishing the instruction camp at Augusta the governor, as commander-in-chief of the National Guard, will Tuesday decide whether or not the three South Carolina regiments are to attend the camp. The telegram from Adjutant General Simpson was referred to the Governor for consideration by O. W. Babb, assistant adjutant general. The governor will give his decision after a conference with the commanding officers of the regiments.

Several days ago the war department issued an order that the proposed camp at Augusta had been abolished because of the situation in Mexico. Regiments from North Carolina, South Carolina, Georgia and Florida were ordered to prepare for the encampments within the respective States. The order however was rescinded today and the joint camp will be held at Augusta. The following telegram was received today at the office of the Adjutant General of the State from Adjutant General Simpson, Eastern Department, Governor's Island, New York:

"In view of arrangements having been made to hold a joint camp at Augusta, Ga., for 9th militia division and the great expense undergone for that purpose you are authorized and urged to send the militia of your State to that camp in spite of instructions contained in telegram of June 3rd, directing establishment of joint State camps immediate decision as to whether your troops will attend camp at Augusta or not is requested. All organizations your State designated to attend joint camps must camp some place during one period. Simpson."

The court announced they would take the application for bail under consideration.

## FLETCHER PRAISES CHARLESTONIAN

### Wm. A. Moffett Commended For Part He Took at Vera Cruz; Beaufort Man's Work

(By Associated Press.)  
Washington, June 8.—Two South Carolinians in the navy are conspicuously mentioned by Rear Admiral Frank F. Fletcher in his detailed report on the capture of Vera Cruz, April 21 and 22, which was given to the press here today.

Commander William A. Moffett is commended in the following paragraph: "Attention is invited to the conduct of Commander W. A. Moffett, of the Chester; Commander H. O. Stuckney of the Prairie, and Commander W. K. Harrison of the San Francisco.

Commander Moffett and Harrison brought their ships in the inner harbor during the night of the 21-22 without assistance of pilot or navigational lights, and were in position on the morning of the 22nd to use their guns at a critical time with telling effect in the final advance of our men. The skill of Commander Moffett in mooring his ship at night was specially noticeable. He placed her nearest the enemy and did most of the firing and received most of the hits."

### Surgeon Elliot.

Of Brigade Surgeon M. S. Elliot Adjutant Fletcher says:

"Eminent and conspicuous in the efficient establishment and operation of the base hospital and in the cool judgment and supervising first-aid stations on the firing line and removing the wounded."

Brief biographies of Commander Moffett and Surgeon Elliot are appended by the navy department as follows:

Commander William A. Moffett was born in Charleston, S. C., October 31, 1869 and entered the naval service as a naval cadet from South Carolina on September 6, 1886. During the Spanish-American war he served on board the Charleston and Baltimore. He was promoted to Commander on March 4, 1911, and at the present time is serving as commander of the Chester. His home address is 55 Broad street, Charleston, S. C.

Surgeon Middleton S. Elliot was born in Beaufort, S. C., October 15, 1872 and entered the naval service as an assistant surgeon from South Carolina October 6, 1896. During the Spanish-American war he served on board the Parter, the New York, the Indiana and the Oregon. He was promoted to surgeon March 3, 1903, and at the present time is serving on board the Florida. His home address is Beaufort, S. C.

### PUSHING SOUTHWARD

Gen. Carranza will Push His Armies To The Capital.

El Paso, Tex., June 8.—General Carranza's special train specially arrived at Saltillo today where the constitutionalist commander-in-chief will reestablish his government and reply to the Niagara Falls mediators. But this is not definitely known, as the telegram has been crippled by heavy rains.

It was stated definitely that General Villa departed today from Chihuahua City to begin the campaign to the south. He stopped at Santa Rosalia where he will remain several days, it was said.

go over the whole situation. A definite announcement will likely be made after the conference.

Governor Bleese had no comment to make on the action of department of the East in reissuing orders for the troops of North Carolina, South Carolina, Georgia and Florida to encamp at Augusta after they had evoked such orders formerly issued and ordered the troops of each State to encamp within their borders.

The Governor called attention, however, to the short time in which the troops would have to prepare if they should participate in the encampment. It would surprise no one in touch with the situation here if the South Carolina troops do not go to Augusta at all, especially as there has been so much "dilly dallying" in the matter.

(Special Correspondence.)  
Columbia, June 8.—No reply has been received by the Adjutant General to his telegram of Saturday to the Department of the East and no action towards fixing the site for the encampment of the South Carolina militia has been taken.

D. E. Finley in the fifth, Jos. T. Johnston and Sam J. Nichols in the fourth district, today filed their pledges as candidates for congress. The first two are incumbents and are seeking re-election. Dr. W. I. Witherspoon of Yorkville filed his pledge as candidate for railroad commissioner.

## SECTY. BRYAN GETS A "ROAST"

### FOR HIS GOING OUT ON THE CHATAUQUA LECTURE PLATFORM

### BILL IS INTRODUCED

### To Make It a Criminal Offense For a Member of Cabinet to Lecture For Money

(By Associated Press.)

Washington, June 8.—Secretary Bryan's lecture tours cropped up in the House again Monday when Representative Britten, of Illinois, Republican, introduced a bill to make a penal offense for any cabinet officer, head or clerk of a government department to lecture for pay other than actual hotel and traveling expenses, and to prohibit senators or representatives from lecturing for pay while Congress is in session. Offenders would be fined \$10,000 or imprisoned for two years or suffer both penalties.

Mr. Britten launched a broadside in a statement accompanying his bill, in which he spared no political party, and included Senator LaFollette and Representative Murdock. He said:

"This bill was prepared last September, but was not introduced when Secretary Bryan formally declared that he would lecture no more during the period. The recent announcement from Philadelphia that several members of Congress and the distinguished secretary of state had signed contracts for a period of the beginning of July 1, is responsible for my bill.

"I am at a loss to understand how the secretary can consistently leave his office when a state of war practically exists between this country and Mexico and the foreign policy of our government is being laughed at by every civilized nation on earth. This certainly is no time for Mr. Bryan to be hiking around the country doing one night stands with tyrolean yodelers, contortionists and sleight-of-hand artists, and I am equally opposed to members of congress doing this sort of thing when congress is in session.

"The Philadelphia announcement declared that Secretary Bryan, Senator LaFollette and Congressman Murdock had signed contracts for lectures beginning July 1. Speaker Clark last year cancelled contracts at a loss to him, of \$10,000, on account of his aversion to being away from Congress. I purpose to ask the House judiciary committee for a hearing with a view to some action along this line."

Secretary Bryan announced sometime ago that all his lecture engagements for the coming summer were contingent upon the State of foreign affairs and whether he could be away from Washington.

## MORE HOPEFUL FOR END OF WAR

### Mediation Outlook at Washington Is More Encouraging Than It Has Been

(By Associated Press.)

Washington, June 8.—The general belief here is that the mediation outlook is more hopeful in view of Huerta's present attitude and there are many who believe General Carranza's answer to the recent note of the South American mediation envoys will pave the way for the reception of his delegates at the peace conference. Carranza's representatives here expect to hear

Conditions on the west coast of Mexico already bad for Huerta are becoming worse daily, according to Rear Admiral Howard's report. Not only is there heavy fighting at Santiago and San Antia, lower California, but Mazatlan is nearly starved out and internal troubles are imminent.

Admiral Howard has sent the Anapobis to Santa Rosa, Lower California, to complete a chain of wireless communication in view of the uncertainty of the cables.

He reports Thomas Fernandez, presumably American, imprisoned at Tepic.

## THE HARVESTER "TRUST"

### Fine of \$25,000 Under Mission's Laws Is Permitted to Stand.

(By Associated Press.)  
Washington, June 8.—Missouri's anti-trust laws, attacked as unconstitutional because they exempt labor combinations, were upheld today by the supreme court. At the same time the Kentucky anti-trust statutes were annulled because of the endeavor of the commonwealth to exempt tobacco pools from their operation.

As a result of the decision the judgment of the Missouri Supreme court outlawing form the State and fining the International Harvester Company of America \$25,000 for being a member of a "trust," was affirmed.

## HUERTA FAILS TO WORK BLUFF

### HIS GUNBOATS WILL NOT ATTEMPT BLOCKADE AT TAMPICO

### OUR NEUTRALITY

### Does Not Permit U. S. To Let Huerta Take Guns Away From the Constitutionalists

(By Associated Press.)

Washington, June 8.—General Huerta's orders Monday suspending the order to blockade against Tampico against the delivery of ammunition to the Antilla to the Constitutionalists, served to dispel apprehension over a new crisis between the United States and Huerta, which had threatened mediation of Mexican affairs.

Though Washington officials expressed satisfaction over Huerta's action, it was persistently suggested unofficially that the blockade had been suspended only conditionally as a result of conferences between the South American mediator, the Mexican and American delegates at Niagara Falls. It also was said that the Antilla might be diverted in her course through an agreement with officials of the Ward Line, her owners, and an American corporation.

President Wilson, Secretary Bryan and Secretary Daniels gave evidence of great relief over recent developments, which temporarily, at least, have saved another clash of arms. From an official source was there confirmation of the reports that Huerta has no understanding with the mediators of the United States which would assure him that the Antilla's cargo would not be delivered. Meanwhile, nothing has been heard from the Antilla, which is due to arrive off Tampico Wednesday morning.

Secretary Bryan was first informed of Huerta's suspension of the blockade order by Mr. Riano, the Spanish ambassador, early in the day. The secretary declined to discuss reports from Niagara Falls that General Huerta had suspended his blockade order at the request of the South American mediators pending settlement of the question relating to an armistice.

The Mexican gunboats Zaragoza and Brova, followed from Puerto, Mexico, by the American cruiser Tacoma and gunboat Sacramento, reached Tampico early today. The Mexican boats anchored in the Panuco river, some distance from Tampico, and Rear Admiral Mayo conferred with their commanders. It is believed the order suspending the blockade had not reached Tampico when the conference was held.

Navy department heads assumed that Admiral Mayo discussed with the Mexican officers the extent of their authority and nature of their orders, and that he might have entered to dissuade them from interference with commerce at Tampico.

Secretary Daniels would not discuss the future course of the steamer Antilla. Department heads still maintained, however, that there had been no order to Admiral Badger since that of May 18, directing that Tampico be open to commerce. Secretary Daniels frankly stated that the Navy claimed no credit for the diplomatic maneuvers which resulted in the blockade suspension.

Some department officials tonight argued that although the Antilla flies the Cuban flag, her American owners still were amenable to American customs and shipping laws, and that there was every reason to believe the company would be prepared to give respectful consideration to hints from the State department that it would prefer it not to land ammunition from the shores of the United States at Tampico.

At the State department it was pointed out that the record thus far would show that the administration had been acting with exact neutrality as between the federals and constitutionalists.

## KILLED IN MINES

Paris, June 8.—Two and a half inches of snow and hail fell in one section of Paris tonight, and the spectacle was witnessed by thousands of horses struggling through snow on a June day in the Avenue des Champs Elysees. The temperature was forty degrees Fahrenheit.

## A LONG DELAY ON TRUST BILL

### SENATE COMMITTEE PULLED OFF QUITE A SURPRISE MONDAY

### THE CLAYTON BILL

### Will Be Considered by the Senate Before It Acts Upon Other Measures Before It

(By Associated Press.)

Washington, June 8.—A new complication in the way of early action on anti-trust legislation in the Senate appeared today when the judiciary committee decided to take up the Clayton anti-trust bill for consideration. The committee has not considered many subjects dealt with in the bill, such as interlocking directors and holding companies, and with a wide divergence of opinion as to the manner in which their prohibition should be attempted, several weeks probably will pass before a report can be made to the Senate.

The committee adjourned again to meet in a week, when it is expected to decide the question of public hearings on the bill.

The Clayton bill, as it passed the House, contains the provision specifically exempting labor and other organizations from anti-trust laws, and this probably will lead to lengthy discussion in the committee. Senator Kern, leader of the majority, said today that the Senate would legislate on this line in some form.

While the judiciary is considering the Clayton bill, the Interstate Commerce committee will also continue its analysis of many of the subjects covered in that measure. Chairman Newlands announced that the decision of the judiciary committee would not influence his committee and that he intended to go ahead as if another committee had not entered the anti-trust legislation field.

Mr. Newlands intends this week to lay before the Federal Trade Commission, approved by his committee and vertical with the measure passed by the House.

There were more evidences today of opposition in the commerce committee to the trade commission bill. Senator Lippitt, who opposed the motion to report it last week, issued a statement vigorously criticizing its provisions. He said the bill is not designed to aid business in any way and has no constructive powers at all; that "to discuss the one guilty person, it puts the 999 innocent ones under a intolerable suspicion and unjustifiable trouble and expense," and the 150,000 business concerns it affects \$20,000,000 annually to respond to its demands."

## THAW ASKS FOR BAIL

### Case Has Come to the Supreme Court of the United States.

Washington, June 8.—Application was today filed in the supreme court by counsel for Harry K. Thaw, to release on bail pending consideration by the court of the extradition case on which the State of New York is seeking to remove him from New Hampshire.

The application was based on the statement that it was necessary for Thaw to go to Pittsburgh to attend the hearing in the Orphans' court over the settlement of his father's estate.

The petition urged that Thaw should therefore go untrammelled by any custodian. The court will probably announce its action Monday.

Chief Justice White gave the State brief in opposition to the plea for Thaw's release.

## FLOATING IN THE RIVER

### Body of Young Lady of Baltimore Was Found Yesterday.

Baltimore, June 8.—The body of Miss Ella Winter, of Baltimore, who had been missing from her home since last Thursday, was found floating in the Patapsco river near Curtis Bay today.

## WILL VOTE TODAY

### The Flood of Oratory in the Senate Has Run Down.

Washington, June 8.—Debate in opposition to the Panama Canal tolls exemption repeal occupied all today in the Senate and frustrated efforts to reach a vote on the repeal bill. Senators Jones, Bristow, and Smith, of Michigan, spoke during the day, and Senator Smith will continue tomorrow.

Administration leaders declared tonight that they expect to reach a vote on the Norris-Simmons amendment by tomorrow afternoon.

## ATHLETIC FIELD WAS DEDICATED

### COL. ROOSEVELT VISITS SPAIN

### There Was Some Newspaper Talk Before His Arrival, But No Other Interest Shown

(By Associated Press.)

Madrid, Spain, June 8.—Theodore Roosevelt arrived at Madrid today to attend the wedding of his son, Kermit and Miss Wyatt Willard, daughter of the American ambassador to Spain.

A small crowd gathered at the station. Police in plain clothes were distributed about the depot as a result of the publication of several newspaper articles antagonistic to Colonel Roosevelt. The chief of police had feared the possibility of unfriendly feeling being displayed but none was shown.

There was an affectionate greeting between Colonel Roosevelt and his son, Kermit and his daughter, Mrs. Nicholas Longworth, Colonel Joseph E. Willard, the Spanish ambassador, members of the embassy staff, the Spanish secretary of state, also were at the station to meet Colonel Roosevelt. He was driven to the American embassy.

King Alfonso traveled on the same train with Colonel Roosevelt for a number of miles with Colonel Roosevelt but as each was unaware of the presence of the other there was no meeting.

The king will not be present at the wedding ceremony, but it is said he probably will meet Colonel Roosevelt on Wednesday.

## MUST PAY IN MONEY

### Unlawful to Require Employees to Accept Script for Labor.

Washington, June 8.—The supreme court today upheld the Virginia statute requiring companies mining coal, or manufacturing iron or steel, to pay their employees at least monthly in money and making it unlawful to issue scrip unless redeemable in money at its face value.

The law was attacked by the Kokee Consolidated Coke Company, in Lee County, Virginia, when sued by W. W. Taylor Sons and Witt, into whose hands the scrip of the company had come for its face value.

## PUBLIC WAS EAGER

### To Learn the Nasty Charges Against Schuman-Heink

Chicago, June 8.—William Rapp's defense against the divorce suit of his wife, Mrs. Ernestine Schuman-Heink, ceased suddenly late today with the testimony of only four witnesses and the case was given to the attorneys for argument. Owing to the fact that Rapp filed a cross bill charging his wife with a statutory offense a large crowd packed the hot court room, eager for testimony bearing on the counter-allegation. They were disappointed.

## GREAT YIELD SMALL GRAIN

### Is Being Reported—Wheat Crop Is the Largest in History of the County

Washington, June 8.—Nine hundred million bushels of wheat, almost half of the average world's production, and a new record for the United States in the prospective total yield of the farms of the country, this year, the Department of Agriculture announced today in its June Crop report.

The enormous crop will be 127,000,000 bushels more than ever was grown before in the United States in any one year. Excellent weather for the growing crop and an increase of 6.4 per cent in the acreage planted to wheat are responsible.

There also will be a large yield of oats and barley, probably second in size in the history of the nation.
