SAYRE & BALDWIN ARCHITECTS Blacklay Bldg. Anderson, S. C.

Citizens National Bank Bldg. Raleigh, N. C.

Attention, Kiva Kork Voters. You will find the new club roll register at Hinnich's store.

Remember if you want to vote in the coming election that you must put your name on said register by the last Tuesday in July. You must sign for yourself as under the new law. The secretary cannot sign for you. You had better get busy if you want to vote. Keep in mind that the register will be closed after the last Tuesday in July.

W. L. CASEY, Secretary

ANDERSON HEADED THE STATE'S FIRE LOSSES

GREATEST DAMAGE DONE BY FLAMES HERE

\$22,000 IS AMOUNT

Smaller Number of Fires During Month of May This Year Than For Same Last Year

Of all of the towns in South Carolina, Anderson suffered more loss from fire during the month of May this year than did any other. The total loss in this city during the month reaches a sum of \$22,000. This is a larger loss than was sustained by any other city in the State during the month.

Despite the dry weather that prevailed throughout South Carolina in May, the loss by fires was about 10 per cent smaller than for May of last year, though the number of fires increased about 20 per cent. The statistics for the month of May show that 250 fires were \$119,765.32, and for the same period last year from 189 fires was \$218,000.31. The total for the five months of 1913 is 1,623 fires, causing a loss of \$2,219,213, and for the same period last year is 825 fires, with a total loss of \$1,198,129.68.

Fires from unpreventable cause for May, 1914, made up 51 per cent from preventable causes, 26.5 per cent from unknown causes 17 per cent, and from suspicious or incendiary causes 2.5 per cent of the amount of the losses.

Columbia standards with a loss of \$8,128.25 from 666 fires, and three other cities with a loss of \$8,011.66 from 18 fires. Easley suffered a loss of \$2,250 from one fire.

These figures are taken from the number of fires and amount of insurance losses reported by the insurance companies to the insurance department. In the figures below each adjacent building burned is counted as a separate fire.

Table with 2 columns: No. and Amount. Rows include Adjacent property, Carelessness, Tools from grate, etc.

Total, May, 1914... 250 \$112,765.32

FIRST CANDIDATE FOR TREASURER

J. Mercer King of Martin Township Yesterday Announced He Is Coming Campaign

The first candidate to announce himself for the office of county treasurer is J. Mercer King of Martin township. Mr. King yesterday definitely decided to make the race and so informed a reporter for The Intelligencer.

For sometime Mr. King thought of becoming a candidate for auditor, but when Mr. McGee resigned from the position of treasurer Mr. King changed his mind and decided to run for that office. This decision was due to the fact that Mr. King has served for two years as a clerk in Mr. McGee's office and is familiar with every detail of the treasurer's office.

To a reporter of this paper Mr. King yesterday said that he is banking his race on his own record and his own merits and on the records of the work he has done during that time he has served Mr. McGee and that if his record is found wanting he does not care for the office. He stated emphatically that he was running on his own platform and swinging to no man's tail.

Mr. King is a popular and well known young man, and a hard worker and it is already admitted that he will be quite a factor in the coming election.

TODAY IN CONGRESS

Washington, June 8.—Proceedings of the day in congress.

Senate: Met at 11 a. m. Debate resumed on the repeal of the Panama tolls exemption.

Senator Foxworth spoke against it. Rescued at 6:20 p. m. to 11 a. m. Tuesday.

Adjourned at 6:05 p. m. to 11 a. m. Tuesday.

ALL ARE INVITED

All Day Singing At Friendship Church The Third Sunday. There will be an all-day singing at Friendship church near Homea Path on the third Sunday in June.

FOLLOWED ORDERS OF GRAND JURY

County Officials Now Have B. H. Hudgens Charged With Misdemeanors

It will be remembered that the Anderson county grand jury, in its recent session, recommended that the officers look into several cases of misdemeanors. In this list was mentioned the name of B. H. Hudgens and yesterday Hudgens was taken to charge by the Anderson officers. The warrant charged him with molesting and obstructing justice on the public highway and obstructing into the box of M. M. Manning, Sheriff. The grand jury also recommended that the officers look into several cases of misdemeanors. In this list was mentioned the name of B. H. Hudgens and yesterday Hudgens was taken to charge by the Anderson officers. The warrant charged him with molesting and obstructing justice on the public highway and obstructing into the box of M. M. Manning, Sheriff.

Another case of some interest was that of a man named E. A. Hutchison who was charged with carrying a pistol. Following the plea of guilty, the magistrate informed the defendant that he would probably have made the sentence much heavier had he not been tried, but since he acknowledged his guilt, the sentence of the court was that Hutchison serve in the county jail for 30 days. The defendant participated in the riot on Saturday night at Kay's pool room. The course of which Hutchison sustained a severe cut across the neck, said to have been inflicted by Clarence Pearson.

COMMENCEMENT CLEMSON COLLEGE

Entertainment Held Last Saturday Was the Real Beginning of the Exercises

Clemson College, June 8. The commencement exercises of Clemson College began Sunday with the sermon by Rev. Kirkham G. Finlay, rector of Trinity Episcopal church, Columbia, S. C. Mr. Finlay was at one time rector of the Episcopal church at Clemson, and he is greatly beloved by all who knew him. His sermon today was a fine one and was all the more effective because of the character of the preacher is so well known and admired here. A large audience heard the sermon and enjoyed the services throughout. A large choir sang "Send out Thy Light" and the "Recessional." The singing by the students was a revelation to those who had never had the pleasure of hearing the great body of young men sing. Many remarks highly complimentary were heard concerning the spirit and quality of their singing.

There are many visitors here—the parents, sisters, and sweethearts of the seniors are in the majority, but there are more of the alumni here than usual. The reunion of the class of '08 is bringing about forty of that year's large class back. L. O. Watson is making the reunion and is highly pleased that so many are here. Clemson students are noted for their loyalty and they are glad to get back to what an old student yesterday called the most beautiful college campus in America. It may be that a little allowance should be made for the personal equation, but there is no denying the fact that the Clemson campus is an unusually attractive one. The long dry spell has parched the grass, but still there is beauty left.

The entertainment by the glee club is always a most delightful event. That gives Saturday evening was no exception. In fact, many said that the performance was unusually fine. It was dignified and varied. The cadets, before a background made up of a hundred or more college pennants of every hue of the rainbow and behind a foreground of huge pink hydrangeas, flanked by palms and ferns, made an interesting picture as they warbled and yodeled their favorite songs. Besides the solos, quartets and choruses, there were mandolins, horns, and other instruments. The club has been under the directorship of W. B. Wilkerson and the management of R. S. Hood, both of the graduating class. These and the young men taking part in the exercises deserve much praise for their excellent work.

The closing exercises of the Y. M. C. A. were held Sunday night. They were out of the ordinary in that they were pictures instead of preachments. There was special music. The association has had a fine year, and the future was never brighter. The seventy-five thousand dollar building which will soon be in place between the Calhoun Mansel and Barracks No. 3 has a much discussed topic among association men, and that means nearly everybody at Clemson.

Monday the literary societies held their annual contest for the medal offered by the trustees for the best oration. R. B. Ezell represented the Columbian, J. C. Barksdale the Calhoun, and A. H. Ward the Palmetto. Society diplomas were awarded, and medals were delivered to those who have written the best story, the best essay, and the best poem for the college magazine, the "Chronicle." The visitors are happy and comfortable in Barracks No. 3, which is always set aside for the entertainment of commencement guests. The cadets are only too willing to crowd up for a few days that they may have the pleasure of the presence of their friends. Miss Hill, who has charge of the hospital in barracks, is a great help to the visitors in many ways. There is an unmistakable feeling that this is the best commencement ever. Certainly the past session has been a remarkably successful one in nearly every respect.

Many of the trustees are here; they will hold a regular meeting just after the exercises.

(Continued on page 5.)

OFFICERS ARE PLEASED WITH WONDERS WORKED

REPORT MADE ON WORK IN NORTH ANDERSON

THE IMPROVEMENTS

At Meeting Yesterday Full Details Of Great Accomplishment Explained and Were Approved

The annual meeting of the North Anderson Development company took place yesterday afternoon, at which time it was ascertained that the affairs of the company are in splendid shape and the officers of the company expressed themselves as being enthusiastic over the wonders worked in North Anderson during the last year. This beautiful suburb is only one year old, yet during that time it has become a little city within itself and now boasts of some of the most beautiful homes in the city. That wonders have been worked in North Anderson during the 12 months of its existence is shown by the following summary of what has been accomplished in the way of improvements:

Five miles of beautiful new streets; one and one-half mile of street railway and an additional 2,000 feet extension now being placed; 10,000 feet of sewerage; 6,000 feet of water main; 7,000 feet of light lines; and 5,000 feet of gas lines.

During the year the North Anderson Development Company has sold in North Anderson \$40,000 in lots and on these lots residences have been erected aggregating \$65,000.

All members said last night that they were well pleased in every respect with what had been done and they all favor a continuance of the forward strides.

LEAGUE CERTAINLY WILL OPEN JUNE 15

ONE MORE TOWN ADMITTED BEFORE THAT TIME

POSSIBLY GAFFNEY

Baseball Will Begin, Even If Only Three Towns Are Represented When Association Opens

The Piedmont Baseball League will certainly begin its season next Monday, according to statements made in Spartanburg and Greenville. It is believed that a fourth town will have entered the association by that time but whether this takes place or not, the league is to begin on the 15th and the third town admitted at a later date if necessary.

While no formal statement has been issued as yet in regard to the matter, it is understood that Gaffney has practically agreed to accept the offer made her and will enter the league, putting a team into the field by next Monday. "Legs" Martin at Spartanburg has been conducting the negotiations with Gaffney and Ed. H. DeCamp, editor of the Gaffney Ledger, has been looking after the Gaffney end of the affair. Mr. DeCamp told The Intelligencer last night that the Gaffney fans were hard at work on the proposition and he is hopeful of success. He believes that arrangements can be perfected for Gaffney entering and throwing in last night. In the event that Gaffney did enter, to win the first three games from Anderson.

The Anderson team, while not yet together, has been signed and players are expected to arrive tomorrow from Wake Forest college, from Charleston and from other points and a practice game will take place tomorrow afternoon to warm up the Anderson pitcher worked out some at the park yesterday, pitching to the Y. M. C. A. batsman and the Y boys say that the south-paw has lots of stuff, good speed, splendid control and seems to know the game.

It is proposed to open the new league next Monday regardless of whether any other town comes in or not and count on the fourth town being able to start the season a little later. It is said that if Gaffney does not accept the proposition to join in, that proposition will be submitted to Union, but the opinion prevails that Gaffney will be more likely to enter than Union. It is expected that some announcement will be made from Greenville and Spartanburg today in reference to the proposed new town.

South Williamston. South Williamston, June 8.—Mrs. Sam Giles has returned to her home after spending three weeks in Greenwood, Chester and Rock Hill with relatives.

Mrs. C. H. Harris is spending a few days in Easley with her parents. Mr. and Mrs. A. C. McGee.

Mr. W. A. Mauldin spent the week end in Altamont with his daughter. Mrs. R. D. Rice and children are spending a few days with her mother, Mrs. S. R. Seddings.

Mr. B. C. Thompson was called to Greenwood last week to attend the funeral of his father.

To Arbitrate Strife. Pittsburg, June 8.—Efforts to settle the differences between the Westinghouse companies and their 10,000 employees, who struck last Friday, were begun tonight by business men. No effort was made to resume operations in the affected plants.

WOULD NOT TRUST AMERICAN MEN

Russian Feared Knives of Surgeons in Spartanburg Hospital and Escaped As Did Here

Fearing the knives of the Spartanburg surgeons, a Russian laborer Sunday escaped from the hospital in that city and tried to make his getaway, as he is said to have done once in this city, when he was taken to the Anderson county hospital to have a wound on his foot dressed.

The following from the Spartanburg Herald of Sunday tells of his actions in that city:

After some difficulty in the matter of finding later covers, an apparently genuine hard luck story was given in Spartanburg. Robert Gantt's office yesterday morning during the investigation of a case of vagrancy brought before the court by Constable Lane. The defendant charged with vagrancy was picked up by the constable Friday night wandering about the Praying Hill village and taken into custody. He seems to have been a Russian and was unable to make himself known in any language except his own, which was absolutely unintelligible to everybody whom Magistrate Gantt could find in the way of interpreters at first. After some time two Russians were found at the city who were able to understand the man to some degree, although his dialect was considerably different from their own. The man's story is as follows:

"He landed with his daughter in New York on March 22 and was sent by the Bureau of employment to work in the back offices at Williamston, S. C. He left there about work there, and incapable of making his way back to New York where his daughter was and where he hoped to find friends. Being without funds, he was forced to undertake the journey on foot, in spite of the lame condition which he was in. While in a restaurant late Thursday morning, some one noticed his condition and reported it to Mayor Floyd, who had the man taken in an ambulance to the city hospital, where, however, he refused to allow the doctors to treat him. He escaped from the hospital Thursday afternoon and struck out again for New York.

"Magistrate Gantt sent the man back to the hospital with orders to keep him confined until his foot is healed. Upon his recovery he will be given a ticket to New York by Captain Satterfield, of the Salvation Army, who has taken the case in charge."

DRAINAGE WORK IS NOT OPPOSED

Clerk of Court Has Authorized Board of Reviewers to Proceed With Estimates of Cost

In compliance with a notice issued by James N. Pearman, clerk, a meeting of those interested in the project to form a drainage district for the purpose of draining the Rocky River swamp lands, was held yesterday in the court house. This meeting was called by Mr. Pearman directly after he had heard the first report of the drainage board and is required by law.

It had been feared by those who are interested in the move that some opposition might become apparent yesterday but such was not the case and the meeting was of a most harmonious nature. Little business was transacted, since the meeting was called purely for the purpose of giving any property-owner in the Rocky River section and since none of these was registered it was purely a matter of form for the Clerk to instruct the Board of Viewers to proceed as soon as possible, in order that he might be enabled to equalize the assessments of the various property owners.

The land to be drained is known as the Hammond swamp and if it is reclaimed for agricultural purposes it will mean much to Anderson county in several respects.

OCONEE TROUBLE WAS AIRED HERE

Question of Whether or Not Owners of Butz Carts Be Forced To Pay Special Tax

Judge George S. Prince, in chambers, yesterday heard a remarkable argument, brought to Anderson from Oconee county. The question presented to Judge Prince is that whether or not the automobile owners of that county can be forced to pay a special tax on automobiles for a road-working fund in Oconee, in accordance with an act of the last General Assembly.

Among those appearing before Judge Prince yesterday were F. T. Jaynes and W. J. Striffling, representing the automobile owners and Hon. Frank Shirley, author of the bill and M. R. McDonald to oppose the order. After hearing the arguments and having written briefs presented to him, Judge Prince announced that he would reserve his decision and announce it at a later date.

FRAZER SCHOOL MAKING PLANS Will Extend the Course Another Year—It May Be Necessary Add Another Teacher. The final meeting of the faculty of Frazer Fitting School for the year 1913-1914 was held Monday morning in the offices of the institutions. One of the pleasant features of the meeting was the presence of Prof. A. R. Banks of Columbia, who is widely known as an educator of boys, and who is to be a member of the faculty for the ensuing session. Col. Banks was elected to the position some days ago at the annual meeting of the board of trustees, and this was the first time that he had signified his acceptance, and had been with the other members of the faculty.

DR. TRIPP YET IS UNDECIDED Stated Last Night That He Is Still Giving Consideration to Appointment as Treasurer. That Dr. W. A. Tripp of Brushy Creek township has not yet made up his mind as to whether or not he will accept the appointment as treasurer for Anderson county, was the information secured by The Intelligencer from the Brushy Creek man last night. Dr. Tripp told The Intelligencer that he was still giving the matter consideration but that he had reached no decision. It is believed however, that he may make up his mind either today or tomorrow on the subject and any announcement from him will be awaited with interest.

Dr. Tripp is a popular man all over the county and many of his friends would like to see him come to Anderson and take charge of the office. On the other hand many friends of his say that he cannot afford to consider it, since it would mean the sacrificing of his large medical practice and some of his even went so far as to say, when Dr. Tripp was appointed, that he would not even consider it.
