Millions of Wood Screws Made. It has been estimated that 4,732,000,000 wood screws are used in the United States each year.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the
Wireless on the Streets of Anderson

President Riggs
In City Yesterday.
Pres. W. M. Riggs, of Clemson College, was among those in the city yesterday, having come over to attend the meeting of the county farmers' union, for the purpose of extending an invitation to the state union to meet at Clemson college for a day during the State convention when it meets here next month.

Secretary Marshall
Visits Anderson.
Sec. S. B. Marshall, of the Greenwood chamber of commerce, spent yesterday in the city on a business trip. Mr. Marshall has made one of the liveliest secretaries in the state, and has been largely instrumental in putting Greenwood so favorably on the map. It is, therefore, with regret that his resignation has been tendered, to become effective on the 1st of July. Mr. Marshall has accepted the position of campaign manager for one of the candidates for governor.

Drunkness Was
No Conspicuous.
Remarkably good order marked election day in Anderson yesterday. Notwithstanding the fact that over 1,200 votes were polled, but few men were seen in any part of the city under the effects of intoxicants and not one single arrest was made by the police on this charge yesterday. Another remarkable fact is that there was no rowdiness or trouble at the polls and everything seemed to be a peaceful and a tame affair compared to some Anderson people can remember.

New Pitcher For
The Anderson Club.
Pitcher O. Shaughnessy, of Charleston, arrived in Anderson last Monday night and left with the Anderson baseball club yesterday morning when the Georgia trip was started. The new pitcher is said to be "some pitcher" and a classy ball tosser. In addition to his ability on the firing line, he is said to be a good outfielder. It is expected that he will be quite an acquisition to the club. The manager of the Anderson club will try to arrange for a series of three games with Athens, Ga., for the first three days of next week, returning to Anderson in time to open the league season.

Now Furnishing
Handsome Home.
Work was begun yesterday on furnishing the handsome new home for the Anderson lodge of Elks. By the time that the delegates arrive in the city this morning the new home will be ready for their inspection and it is a foregone conclusion that it will make quite an impression upon the visitors. This is easily the handsomest Elks' home in the State and the Anderson members of the B. P. O. E. are proud of the way it shows up.

Another Candidate
Announces for Office.
J. R. Griffin, of Belton, has announced that he is a candidate for Auditor, and that he is running upon his merits and not the demerits of others. It has been rumored for some time that Mr. Griffin would make the race, but no formal announcement was made until yesterday.

Mr. Felton Will
Go to Columbia.
J. B. Felton, superintendent of education for Anderson county, will go to Columbia Friday for the purpose of holding a conference with J. E. Swearingen, state superintendent of education. Mr. Felton is making the trip in an endeavor to secure additional money for the weak schools of Anderson county. There is a fund appropriated by the state legislature for this purpose and from this source Anderson county has already realized about \$1,000. Mr. Felton hopes that he can secure an additional \$2,000 by his trip to Columbia Friday. Anderson people will all hope that he may be successful in his mission.

Dentists' Dance
At Chick Springs.
Tonight will mark the most brilliant event of the State Dentists' Association, now in session in Greenville, for tonight the dentists will entertain their friends at a dance, which is to be held at Chick Springs. Every possible preparation has been made, in order that the evening may be one of pleasure, and the dentists say that the dance will be the most elaborate affair of its kind yet held. A number of Anderson people have been invited and all will attend.

Fall From Balcony
Proved Fatal.
W. F. Vermillion, whose back was broken on the night of April 17, by the falling balcony at the Due West college, passed away yesterday morning at his home near Donalds. The news will be received with much regret by the many friends of this young man. Mr. Vermillion was in his thirty-fourth year, and one of the most energetic church workers in this community, and in every sense of the word a young man of sterling qualities.

Little Girl Is
Much Improved.
Anderson people will rejoice over the announcement made yesterday that little Sarah Lucy Quattlebaum, the daughter of Mr. and Mrs. J. W. Quattlebaum, is now on the road to recovery, after having been critically ill for several days. Much anxiety was felt over her condition and for a time it was feared that she could not recover. The news that she is much improved will be received with delight by Anderson people.

Photographers Are
Holding Meeting.
The National Association of Photographers met yesterday in Atlanta and from that city comes the news that the "picture men" are having a great time. Delegates are present from a number of smaller associations and photographers from all parts of the country are gathering in Atlanta. Harry E. Wallace, of Anderson, is one of those present for the meeting.

Large Barn
Was Destroyed.
Information reached Anderson yesterday that Asa Hall, a prominent farmer living a few miles from Honea Path suffered a severe loss from fire Monday night when his barn was entirely destroyed. The barn was a frame structure and contained over 1,000 bushels of corn, in addition to

other feed stuffs. No explanation can be offered as to how the fire started, and it is believed that it may have resulted from some incendiary origin. The loss is estimated at \$1,000.

First Delegate
Is "Muchly" Here.

The first delegate to arrive in Anderson for the two days convention of the B. P. O. Elks is from the Columbia lodge, 1190, and is G. S. Moore, one of the genial and courteous circulation men of the Columbia State. Mr. Moore arrived in the city last night and says he wishes it emphatically understood that he is to participate in anything and everything on the program, more especially in the consuming of "Mexican Crisps."

Anderson Cadets At
Home for Holidays.

Anderson county is proud of her Citadel boys, and of the stand they are taking. Seven young men from this county were at this college the past term, one of them graduating. Wallace Prior of Anderson finished the course, graduating as second lieutenant of Company B. Cadet T. W. Martin, of Anderson, R. F. D. No. 8, would also have finished this year but for an attack of pneumonia which caused him to lose several months of the course. He will return and finish the next year. The following young men will be members of next year's graduating class: James W. Cody, of Anderson, Geo. W. Clement, Belton; K. D. Ransom, Belton. Paul C. Pearson of Anderson, who won a promotion to sergeant this year, will be a member of the junior class, and S. E. Blake, Belton, a member of the bugle corps, will be in the sophomore class next term. These young gentlemen returned to their homes last night.

Mrs. Bleckley Is
Not Improving.

Friends of Mrs. S. Bleckley will learn with regret that no improvement is to be noted in her condition. Mrs. Bleckley has been ill for a number of weeks and instead of improving she appears to be growing steadily weaker. However, her friends will not give up the hope that she may rally and yet partially recover.

Possible Parade
This Afternoon.

While no announcement is to be made about the matter it is probable that the Columbia lodge of Elks will today delight Anderson people with a public parade. The Columbia drum and bugle corps is said to surpass any other similar organization in the State and this will be a feature of the parade in event the "Columbia" arrange to stage the affair. The general parade of the entire association will not take place until tomorrow.

Two Clubs Have
Announced Meeting.

The secretary of the Craytonville club has issued a call for that club to convene on the fourth Saturday in June at 3 o'clock for the purpose of enrolling the names. The Bowling Green Democratic Club is to meet June 20, at 8 o'clock in the Woodmen of the World hall for the same purpose. Great interest is being manifested in all parts of the county and the members of the various clubs are enrolling rapidly.

Thaw Denied Report.

Gorham, N. H., June 16.—In a signed statement, Harry K. Thaw today denied the report that he was planning to leave the country. "The only place I am going to is Pittsburgh," he said.

JUST PLAIN TOM GRAHAM

Unless You Are Deaf and Blind You Will Hear Him and See Him This Week.

Breaking Contracts.

Chicago, June 16.—Assurances from lawyers that by giving a club ten days notice of determination to leave it, a player could legally abrogate his contract, has led more than forty of the members of the American National league team to apply in the Federal league, according to President Gilmore of the Federals. Hal Chase's denunciation of the Chicago Americans for the Buffalo Federals was confirmed today.

Dr. Mitchell Elected.

Newark, Del., June 16.—The trustees of Delaware college today elected Dr. Samuel Chiles Mitchell, president of the institution. Dr. Mitchell is now president of the medical college of Virginia at Richmond.
