

JUNE TIME IS BRIDE TIME

If you want to "hitch up" now is the time to make your proposal. We get the signals from the fashion cutters of the world's best tailor shop telling us of every change in style. We make it our business to study the correct dress chart, which we receive each month and we can advise the man who's puzzled over what to wear for this or that occasion and show him the latest in Hats, Shirts, Ties, Socks, all other accessories, and we fit the hard to fit in correct clothes made to your measure.

DRESS COATS FOR RENT.

Shoes That Satisfy.

HERE ARE PRICES

Here are Values and Here's How We Do It

\$1.25 for six Ice Glasses or 6 Plates Engraved glass, Monday June 29. We claim no magic power. We are not wonder workers. Our reason for quoting such astounding prices of such fine quality of goods is simply a matter of business economy.

Inspect them in the window.

Walter H. Keese & Co.

Positively only 5 of each to a customer.

PALMETTO THEATRE

TODAY'S PROGRAM

LOVE'S LONG LANE..... Lubin

This is a two reel feature that you must see.
SHE WAS A PEACH
THE EYES HAVE IT..... Lubin

This is an excruciatingly funny comedy.
THE MESSAGE OF THE ROSE. Jack kissed the florist's daughter though she was angry and as a result lost his position with her father. Mary put a reassuring message in a rose which figured in another romance. It fell into the hands of Giovanni, an Italian exile, and recalled the days of savage fighting, imprisonment and life with the smugglers.
Coming Tuesday **"The Vanity Case"** in two parts.
Every good looking young lady in the city of Anderson is especially invited to attend this production.

FOUR BIG REELS EVERY DAY 10c.

THE MAN THAT PUT THE "MOVE" IN MOVIES.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Towns Afraid Of Dynamite.
Considerable complaint is being heard along the line traversed by the G. S. & A. railway over the fact that the P. & N. is hauling dynamite on its trains. The people in the cities and towns are afraid that the stuff may be blown up and that they may all suffer some injury as a result. The first complaint was raised in Greenville, it being alleged that the railroad hauled some of the dangerous stuff through the streets of the city and then on to Chick Springs. Greenville officials got busy to try and discover some law on the subject and then found that there was nothing but a Federal law on the subject and there the matter rests.

Another Cotton Bloom Received.
The first cotton bloom to be received by The Intelligencer from north of the city came to Anderson Saturday from Jesse J. Lewis of Williamston. Mr. Lewis said that he discovered this bloom on the 17th, and since that time has found a number. With the good rains of the last few days Anderson crops are flourishing and within the next few days there will be many blooms open. The first received at this office came Thursday. The first one is always the one of interest and since that has been received Anderson people will hardly care concerning additional ones.

Has Returned From Peach Section.
Stephen Fields, a well known young Anderson county citizen, has returned from Fort Valley, Ga., where he has been spending a fortnight. Mr. Fields went to the Georgia town for the purpose of watching the handling of the peach crop from that section and he says that it is well worth the trip. Everyone in that section makes a living from the fruit growing industry and Mr. Fields says that they are all right on to their jobs.

Many Going On The Excursions.
A number of Anderson people will go on the excursions which are to be operated from this city on June 25 over the Southern Railway and affiliated lines. The two excursions will go to Atlanta and to Chattanooga and the indications are that they will prove to be two of the largest ever conducted from this section of the country. According to the schedules the reduced rates will allow a stay of five days in Atlanta and six days in Chattanooga and to the first named point the fare will be \$3 while to Chattanooga it will be \$5.50. This is a very low rate.

Band Concert Is Pleasing Public.
The public seems to be well pleased with the band concerts being furnished on Sunday afternoons in North Anderson. John Linsley, who has made North Anderson what it is, says that he likes the way the people are trooping to North Anderson and he hopes that they will continue it all through the Summer months. The concerts begin every Sunday afternoon at 1 o'clock and continue until 6 o'clock and added accommodations are furnished by the street car company to take care of the crowds.

Prof. Faithful At Summer School.
Prof. C. M. Faithful, dean of Anderson college, left yesterday for Richmond, Va., where he will spend two weeks, and following that he will go to New York where he will enter Columbia University for the Summer school. It is said that the course of study offered at this famous institution for the Summer months surpasses all the rest in this country and doubtless Mr. Faithful will be able to acquire much valuable knowledge.

Christian Jew Will Speak Today.
The city was yesterday placarded from one street to another with advertisements of the lecture which will be delivered this afternoon in the court house at 4:30 o'clock. The speaker will be Rev. J. L. Ehrlich, who will discuss the subject, "From Judaism to Christianity." Considerable interest is evident concerning the address and doubtless the attendance will be good. Rev. Ehrlich is conducting a series of services in Anderson at the Second Baptist Church.

Mr. Frickhoffer Has Left the City.
C. W. Frickhoffer, who has been erecting the Southern Bell Telephone building, has completed the job and left yesterday for his home in Birmingham, Ala. Friends of this courteous gentleman will be glad to know that this is not a final "good-bye" as Mr. Frickhoffer will have to return to Anderson next Friday to spend the week-end closing up his business affairs. He has many friends here and they will all regret that he is not to make this his home.

Palmetto Rifles Badly Disappointed.
Much disappointment was occasioned among the members of the Palmetto Rifles in Anderson last night when they learned that the encampment of soldiers for maneuvers is not to be held this year. This information was received by Gov. Cole L. Blease from the headquarters of the Eastern Division and is supposed to be definite and final. The Palmetto Rifles have been looking forward to the trip with a great deal of pleasure and their friends regret that they have to be disappointed.

Planning For Glorious Fourth.
Plans are now being made for properly celebrating the Fourth of July in Anderson. The Southern Public Utilities Company is arranging to stage affairs at Deuna Vista Park. Two baseball games will be played at the park, music will be furnished in North Anderson and at the park by bands and fire works will be furnished that evening at both places. No elaborate display or anything of that kind will be attempted but it is believed that a very enjoyable day can be arranged and one that the public will appreciate more than something more extensive and vastly more costly.

Mr. Tribble Met With An Accident.
E. C. Tribble, who is the owner of a "Hi-Henry" met with an unfortunate accident yesterday while cranking his machine. As is a trait with some automobiles, the machine kicked and Mr. Tribble suffered a severely sprained wrist. He had his right arm in a sling yesterday and it will probably be several days before he regains the use of that member.

Master Mechanic Back From Trip.
C. W. Hayes, master mechanic of the Blue Ridge railroad, and Miss Mildred Hayes, returned yesterday from Atlantic City where they have been spending a week. Mr. Hayes went to attend a meeting of the American Railway Master Mechanics Association, which was in session from June 10, to June 17, in Atlantic City. Mr. Hayes says that he has never enjoyed a trip more in his life than he did this one. He says that the attendance from all parts of the country was remarkably large and that all the master mechanics had an enjoyable time.

Anderson Bankers Planning Outing.
The Anderson Bankers are preparing now for their trip to the Isle of Palms next week, when the South Carolina Bankers Association will be in session. All the local banks will send representatives and the program as arranged for the meeting is one of the best the bankers have ever seen. Lee G. Holleman of Anderson, who is secretary of the association says that he is especially delighted over the fact that he has been able to secure such men as Hon. Carter Glass of Virginia to address the association.

Mr. Gibbonney To Resume Pulpit.
Rev. J. Heller Gibbonney, rector of Grace Episcopal Church, has returned to the city and will preach today at his church. Some time ago Mr. Gibbonney's health began to fail and he was ordered to take a rest. Since that time he has been at his home in Wytheville, Va., and friends of his will be glad to know that a fortnight's rest there has done wonders for him. He is almost completely restored to health.

Will Sell The Entire Stock.
John A. McGill, who is shortly to retire from the retail grocery business in order to engage in the wholesale business, is now preparing to dispose of his entire stock of groceries at a considerable sacrifice. The stock will be sold out to the retail trade at reduced figures and Mr. McGill is now preparing to advertise the coming event.

Baby Boy Passed Away.
Noel Floyd, the little seven-months-old son of Mr. and Mrs. J. E. Floyd died Friday afternoon at 2 o'clock following a short illness. The funeral services were conducted by the Rev. E. N. Sanders, pastor of the Second Baptist Church and interment took place at the Silver Brook cemetery yesterday morning at 11 o'clock. Mr. and Mrs. Floyd have the deep sympathy of the community.

Belton Citizen Died Yesterday.
Gamewell Kay, 64 years of age and one of Anderson's best known citizens, died at his home yesterday afternoon at 5 o'clock. The funeral services will be held Sunday afternoon at 5 o'clock at Belton. The deceased is survived by his wife and two children, F. M. Kay of Anderson and Mrs. ...

THOMPSON'S

Drake of Belton. He was a good citizen and his loss will be sorely felt.

Fords Now Going Fast. Business seems to be looking up in the Ford automobile business. Archie L. Todd, the genial "vender" of these machines, sold two Friday and another yesterday. The two sales Friday were made to Miss Lee Rogers of Pendleton and B. H. Sadler of Pen-

delton, and yesterday Prof. M. E. Bradley of Clemson college, while shopping in the city decided that he would also purchase a Ford.

Mr. and Mrs. M. E. Brady and son of Clemson, were business visitors to Anderson Saturday.

Mr. Joel S. Alken, of Greenwood is visiting in the city.

Miss Mattie McKinney of Atlanta, Ga., is visiting relatives in the city.
