EXPLANATION OF THE LOWER FREIGHT RATES MISUNDERSTANDING SEEMS TO HAVE ARISEN

INTRASTATE RATES Is One Which Became Effective Yesterday And New Western Rate Is Effective July 20

The following statement was issued by the Traffic Department of the Chamber of Commerce yesterday afternoon. There seems to be some little misunderstanding on the part of our shippers as to the dates when the new rates to Anderson go into effect based on the decision of the Atlanta conference and other conferences held including two in Columbia. The new intrastate rate from Charleston to Anderson went into effect today. The new rates, greatly lowered, from Ohio River and other Western points go into effect on July 20th. The reduction in these Western rates is very important and material, and shippers should acquaint themselves with the same as soon as possible.

With regard to new rates from New York and the East to Anderson, a commission of experts has been at work for several months at the Raleigh Hotel, Washington, D. C., representing the sixteen main railroads of the Southeast, perfecting the schedule of rates to apply from the East to Piedmont and other Southern points.

The Traffic Department has been assured that present discriminations against Anderson in favor of North Georgia points will be done away with when this commission of experts completes its work, and Anderson will in no instance take a higher rate than the Atlanta rate, being either on a parity with or lower than Atlanta and other North Georgia points. The railroads are now bending every effort possible to place the new Eastern rates into effect by October 1st. They may be delayed until January 1st, but all Anderson shippers may be assured that the new rates will apply to this city and give us the best rates the city has ever enjoyed. There will be no discriminations of any kind.

The securing of the new non-discriminative rates from the West, to be in effect, as stated, on July 20th; the readjustment of intra state rates; and the assurance that on or about Oct. 1st, to Jan. 1st, next the new non-discriminative rates from the East will go into effect—all these things mean much to Anderson shippers, retailers and jobbers.

The Traffic Committee wants to take this opportunity to thank the railroads for their efforts to see that henceforth Anderson is not discriminated against. A great many reasons beyond the control of the railroads entering Anderson, growing out of conditions as they existed many years ago were responsible for some of the discriminations under which the city suffered, and it might here in all justice be stated that the railroads entering Piedmont cities also suffered, since naturally the volume of the logging business of the Piedmont, handled by railroads entering the Piedmont was curtailed by other competitive territories having better rates. The Interstate Commerce Commission, in its efforts to equalize rates, acted in accordance with the desire of the railroads, who desired equalization as much, if not more, than the shippers, and therefore the railroad gave their best efforts towards the accomplishment of the results obtained and about to be realized.

HOE MUST BE OF EXTRA STRENGTH Did Not Break Yesterday When Negro Frayed Another Over Head with Implement

Evidently the Anderson hardware dealers sell a better grade of hoes than can be purchased anywhere else in the world. Notwithstanding the fact that Will Patterson struck Jim Berry a terrific blow over the head with the farming implement yesterday, the hoe was not broken so far as is known and instead of holding an autopsy over the hoe, as might be expected, it is highly probable that the injured negro will be the one to need the hearing.

The two negroes were working in the field at Gluck Mill when they got into the dispute and as the argument grew warmer and warmer Patterson decided to illustrate his remarks and as the hoe was the handiest available weapon he used it to advantage. It is said that Berry is seriously injured and will probably die. Patterson was brought to Anderson shortly after the happening and lodged in the county jail.

SEASON'S HEAVIEST RAIN

Visited the Section Between Bell's Store and Belton Yesterday. One of the heaviest rain storms of the whole summer visited the section between Belton and Campbell's store yesterday afternoon about 6:30. The shower lasted fully 10 seconds. The water cannot be said to have run down the cotton rows or to have poured off the house tops, but at any rate it was the heaviest rainfall in some twelve weeks, and now and then could be seen a drop on a cotton leaf, like a fugitive tear of a babe's cheek. But the rain took good care not to wet the ground.

Shattered Hull of New York After Pretoria Hit Her

Photo copyright, 1914, by American Press Association

THE liner New York had a very lucky collision with the steamship Pretoria—If an accident at sea can be termed lucky. The Pretoria crashed into the New York off the New England coast, tearing a hole thirty-two feet long above the water line of the latter. No one was killed or injured. The illustration shows the New York as she appeared on her arrival at New York city.

ANDERSON FIRM WON THEIR CASE

Secured Verdict Yesterday in Court at Greenville in Case of Crumby vs. W. O. W.

In the case of Crumby versus the Woodmen of the World, which commenced all of yesterday in the Greenville court of Common Pleas, Quattlebaum & Cochran, attorneys for the defendant company, succeeded in securing a directed verdict from the presiding case.

There was considerable interest in this case in Anderson, due to the fact that things of a similar nature have come up in this county and also because of the fact that Anderson attorneys were interested. The plaintiff was asking that the company be forced to pay \$1,000, the fact of a premium held in the order, while the defendant company refused to make this payment on the ground that the premium had not been paid and the party therefore allowed to lapse.

MEDICAL ASSOCIATION

Papers Read and Resolutions Were Adopted. The County Medical Association met in the rooms of the chamber of commerce at noon Wednesday for their usual monthly session. The president, Dr. Ashmore, was in the chair and in the absence of the regular secretary, Dr. Olga Pruitt, Dr. H. Pruitt acted as secretary pro tem.

A paper on Gastritis was given by Dr. J. O. Sanders. This was fully discussed by the other doctors present, and they feel that much was gained in information on this subject. The only other paper on the program was a report of clinical cases by Dr. Waller H. Nardin.

A committee was appointed by the chairman to draft resolutions on the death of a member of this body. Dr. S. R. Heller, of Townville, who died this week. Another committee to draft resolutions of commendation of Dr. Lee Sanders, and regret over his departure, to be sent to the Drs. Mayo, of Rochester.

Dr. J. R. Young, who is in attendance upon the National Medical Association at Atlantic City, is attending clinics in Philadelphia and did not get here in time to give a report. This will likely be given at the next meeting, in September. The meeting in August will not be held.

ROBBER HAS A GOOD APPETITE

Consumed Bananas and Soft Drinks When Kelly's Store Was Entered Yesterday

While sitting up with a sick child at Barnes store yesterday morning, a negro noticed a light in Kelly's store at that point and investigating he saw a strange man packing up a bundle. The negro who discovered the intruder ran to the home of Richard Barnes and awakening that gentleman he told him that there was a thief in the Kelly store. Mr. Barnes secured his gun and investigating the affair he saw the would-be thief step from the door with a bundle under his arm. Mr. Barnes called for him to stop and when the thief did not do so, he fired twice, whereupon the miscreant dropped the bundle and made good his escape.

A POPULAR MAN DIED YESTERDAY

Wiley Merritt Succumbed to A Dread Disease After Illness of Only a Few Days

Following the illness of only a few days, Wiley Merritt breathed his last at the Anderson County hospital yesterday afternoon between 1 and 2 o'clock. He had been ill for only a short time.

There are few men in Anderson numbering the friends that Wiley Merritt had. He was well known in the Anderson county, more especially in the Townville section and in the city of Anderson and the news of his death will come as a distinct shock.

He was about 35 years of age and was the very picture of health, and was known to be one of the most powerful men in Anderson county. He had a distinct personality and those who knew him best found him a most lovable young man.

Mr. Merritt was born in Hart County, Ga., but his family moved to Townville when he was very small and there he made his home until a few years ago when he came to Anderson. He filled the position of deputy sheriff for some time for Sheriff Ashley. He had been a member of Company C in the First South Carolina in the War with Spain, and he was a faithful and obedient, manly young soldier. He was at the time of his death a member of the Palmetto Riflemen.

The deceased is survived by his mother, Mrs. Ida Merritt, three brothers, G. E., J. F. and W. O. Merritt, and one sister, Mrs. Sam Milford.

TO THE SUMMER CAMP

Prof. Parks and Crowd of Boys Left Wednesday Morning.

Prof. M. B. Parks left Wednesday morning at 7:50 with a party of young men for the French Broad camp. The party will spend a month or two in the mountains at this camp at which Prof. Parks is to take the position of athletic instructor.

The camp is conducted by the Citadel authorities and is the most up-to-date camp in the south. The best of everything is furnished to the boys, and besides the course of study that is given the camp life is one of the best. The camp is located on the side of the French Broad river and will be a permanent summer school for the boys. The time will be devoted to recreation and light study. The colony will be quartered in tents with wooden floors and the dining hall is in a large building. Mr. Parks says that the party will take a canoe trip to Asheville and will make foot excursions to Caesar's Head, Dunn's Rock, Bridal Veil Falls and other points of interest.

CLEAN UP YOUR PREMISES

The Board of Health Issues Warning. The board of health calls attention to the importance of every one keeping their premises clean during this hot weather. Persons using wells will do well to have them thoroughly cleaned. While the wells may not apparently need cleaning, it is more than likely that they do, and even if they do not, drawing out the water will be a help.

Use lime freely about the premises. Remove all tin cans or other articles that might hold stagnant water. It is important that every one should look to their premises whether living in town or country, as the heat and dry weather combined are calculated to bring sickness unless the best of care is taken.

And don't overlook the fly in the meantime. Swat him, and screen your house.

SENATOR SULLIVAN HERE

Saw Part of the Sad Homicide at Williamston Sunday Morning.

Senator Geo. W. Sullivan of Williamston, was in the city yesterday and talked very interestingly of the killing of Kelly by Poore. Capt. Sullivan stated that at the moment there had been considerable feeling against Poore. Capt. Sullivan did not see the beginning of the difficulty but was one of the first to get to Kelly and helped the dying man into a store. He saw that the wounds appeared dangerous and so advised Kelly and urged the dying man to pray, which he did.

MRS CORNELIA MARTIN

Widow of Late Capt. B. C. Martin, of Williamston, Died Last Night.

News was received here last night of the death at her home near Williamston of Mrs. Cornelia Martin, widow of the late Capt. B. C. Martin, one of the county's best citizens in his lifetime. The death came unexpectedly last night at 9:30. She was 72 years of age. The surviving children are T. J. Martin, Miss Victoria Martin and Mrs. L. R. Tucker.

TOWNVILLE LOST A GOOD CITIZEN

In the Death of Dr. Heller the Community Loses One of Its Most Useful Men

Townville, July 1.—Dr. Silas Rodrick Heller, who has been practicing medicine in Townville for 38 years, died Monday afternoon at 7:30 o'clock of heart failure in his 69th year. He leaves a wife, who was Miss Ellen Cromer, and eight children as follows: Dr. John Heller, Fair Play; Dr. Walter Heller, Lavonia, Ga.; Joe Heller, merchant, Sandy Springs; Guy and Chris Heller at home; Mrs. Olivia Boleman, of Anderson; Miss Bertie Heller and Miss Venie Heller, at home. The funeral and interment took place at Smith's Chapel Tuesday afternoon, being conducted by his pastor, Rev. W. S. Myers, in the presence of a very large concourse of relatives and friends, many of them being colored people, for whom he had done kindnesses. His practices extended throughout this section of Anderson county and into Oconee county with a radius of at least thirty miles. He was one of the most loved and popular physicians in this section of the state and one whose life has been filled with service to others.

Mr. John Gantt, of Elberton, Ga., died Monday at his home and his body was brought to Townville Tuesday where the interment took place Tuesday afternoon. Mr. Gantt was a former resident of this community, leaving it about ten years ago. His mother, Mrs. Eliza Gantt, resides here, two sisters, Mrs. James Broyles, of Townville, and Mrs. Marshall Gainer, of Seneca, and wife survive him. Mr. Gantt was well thought of in his old home and was quite popular in his new home. The funeral services were had at the residence of his sister, Mrs. James Broyles, by Rev. W. B. Hawkins and was followed by interment at the Townville cemetery.

MUST INVENTORY

Commission Will Force Railroads to Take Stock of Belongings. Washington, July 1.—A physical valuation order issued today by the interstate commerce commission requires railroads to take inventory of all materials and supplies some time during April, May or June of each year and adjust the inventory to June 30. For the year 1914, the inventory may be taken up any time prior to September 1, but should be adjusted as of June 30.

The commission also issued regulations to govern the recording and reporting of all extensions and improvements or other changes in physical property of common carriers.

Hotel Being Repaired. The balcony around the Hotel Chiquito is being torn out today. The old gallery has been in an unsafe condition for quite a while. A new balcony will be put up as soon as possible. Mrs. A. Boyles is Hospital. Mrs. M. A. Boyles was taken to the Anderson County hospital on Tuesday, where she will remain sometime for treatment. Her friends hope that she will have a speedy recovery.
