

ANDERSON COLLEGE CATALOGUE

Just From the press of the Intelligent Job Office—Contains Much Useful and Valuable Information

A pretty piece of printing is the annual catalogue of Anderson College, issued from the job printing department of The Anderson Intelligencer Company. Mr. T. K. Roper, the superintendent, is very much gratified over the compliments he has received on this and on the annual, "The Sororian," published by the young ladies of the college in May.

The catalogue is neat and attractive, and the information is presented in a manner to attract attention. The next session begins Sept. 17th, and there will be Christmas holidays from December 23rd to January 5th. The closing exercises will be Monday, March 23.

The trustees of the college are: Rev. C. C. Brown, D. D., Sumter; R. S. Ligon, Anderson; Rev. L. J. Bristol, Abbeville; P. E. Clinkcales, Anderson; C. S. Sullivan, Anderson; Col. J. N. Brown, Anderson; Col. W. H. Hunt, Newberry; Col. H. H. Watkins, Anderson; Rev. G. L. Knight, Graniteville; M. M. Mattison, Anderson; W. A. Watson, Anderson; J. J. Pretwell, Anderson; Rev. W. E. Thayer, Chester; A. F. McKisick, Greenwood.

The local executive committee consists of H. S. Ligon, chairman; Rev. L. J. Bristol, secretary; M. M. Mattison, C. S. Sullivan, Col. H. H. Watkins, President James P. Kinard, ex-officio.

Following is the list of the new faculty and the new officers: James P. Kinard, B. S., Ph. D., president. The Citadel, Johns Hopkins University. Professor of English at Whitworth College 1895-1913; professor of English at the Citadel, 1913-1914, English.

C. M. Faithfull, A. B., vice-president, president of Liberty Ladies College, Liberty, Mo., Philosophy and Bible. Helen P. Smith, A. B., A. M., Convalescent College, Smith College, Columbia, N. Y., Lady Principal. Williams, A. B., William age, Science.

Henry Abbott, B. S., A. M., University of Columbia University, Berleigh School of Languages, N. Y.; teacher of Modern Languages and Lady Principal Beale High School, Modern Languages.

Henry Hunter, A. B., Newberry College, Graduate work at University of Chicago and University of Virginia, Latin.

Hazel E. Alward, A. B., A. M., Olivet College, Michigan, University of Michigan, English.

Florence Maddocks, B. S., Kentucky State University; Graduate work Columbia University, N. Y.; Teacher of Mathematics, William Wood College, Fulton, Mo., Mathematics.

Madeleine deVebe, A. B., Randolph-Macon Woman's College, Columbia University, New York, History and Political Science.

Olga V. Pruitt, M. D., College Physician, Maryland Medical College; Graduate work in Johns Hopkins University, Physiology and Hygiene.

Frederic Goode, Director of Music, Piquette of W. H. Sherwood, Chicago and Oregon.

E. Stranathan, Graduate in Piano and Voice from Denison Conservatory, private pupil Otto Engerich, Columbus, Ohio; Carl Duff, N. Y., William Whitney, Boston, and Madam Ida H. Lurig, Berlin, Voice.

Frederic Goode, Graduate of Judson College, Associate in Piano. A teacher of piano and violin yet to be selected.

Art and Expression. Mary Dodson Ramsour, Studied at Converse College, Chase School of Art, New York City, Academy of Design, N. Y., Chantiqua, N. Y., Art School of Paris, Art.

Robbie P. Wakefield, A. B., Greenville Female College, University of Tennessee, Graduate of Emerson College or Oratory, Boston. Teacher of Expression, Judson College, Expression, Physical Culture.

Elecia H. Murray, Hollins College, University of Tennessee, Columbia University, N. Y., Domestic Science and Art.

Mrs. Ella B. Johnson, Matron and Nurse. Katherine E. Sharp, Stenographer.

The catalogue is full of interesting information about the history, location and environment of the college, and also gives a detailed announcement as to classes, tuition, etc. Persons really interested will be supplied with copies upon application to the president.

The aim of the college is to develop character, promote culture, and train young women in all the graces that find their expression in the life and teachings of Jesus. It will be the constant aim of the faculty and board of trustees to offer a curriculum and methods that will graduate young women, whose lives will be effective because of culture, refinement and trained intelligence. Believing in womanly wisdom the course of study will include not only the branches usually offered by colleges, but also home economics, art, sanitation, dietetics, etc.

To live to society not only a scholar but a healthy body and resourceful character fitted to cope with the problems of life will be a constant aim. A trained hand, developed mind and consecrated heart are the characteristics of the education offered by the college to the young womanhood of the state. Thorough education should be your motto; to live successfully in the home, schoolroom, society, church, or any other sphere of life, you must have that which will assist you in reaching the highest ideals of life.

MARKETS

New York Cotton

New York, July 6.—The cotton market recovered several points of last week's losses during today's trading. Crop and weather news seemed more encouraging than otherwise, but the smaller amount of cotton for sale suggested that the long interest had been pretty well liquidated during the heavy selling, which followed last week's government report and prices advanced on covering of shorts or buying for a reaction. The close was steady and from 6 to 16 points net higher.

The market opened steady at unchanged prices to a decline of 4 points under scattered selling, which seemed to be inspired by a favorable view of weather conditions over the holiday. Liverpool, however, was better than here and the market here soon rallied. There appeared to be an impression in some quarters that the contracts liquidated last week had been absorbed by investment or trade buyers. Prices at one time during the early afternoon were from 9 to 17 points net higher. The detailed weather reports indicating good rains in the eastern belt seemed to relieve apprehensions of drought damage in that section, but failed to inspire any selling of consequence. Closing prices showed reactions of only three or four points from the best.

Cotton futures closed steady: July 12.46, August 12.42, October 12.15, December 12.24, January 12.24, March 12.20. Spot cotton quiet; middling uplands 13.25; middling gulf 13.50. Sales none.

New Orleans Cotton

New Orleans, July 6.—Cotton did better today on buying for long account, stimulated by private bureau reports of crop damage in the western belt through high temperatures and lack of moisture. At the opening the market was depressed a couple of points but a little later there was a quick spurt and from then on the tone was good. At the highest trading points were 15 to 18 points over last week's final figures. The close was at a net gain of 11 to 13 points. The first bale of the new crop reported in Texas had no adverse influence on prices, in spite of the fact that it was a week earlier than last season's first bale. Bulls claimed it was due to premature opening of bolls caused by excessive heat and drought. Failure of a prominent cotton firm in London was a news feature of interest but it did not influence trading one way or the other.

Cotton futures closed: July 12.91; August 12.91; October 12.38; December 12.38; January 12.41; March 12.51. Spot cotton quiet; 1-8 off. Middling 13 5-16; strict middling 12 9-16; sales on spot 1,050 bales; to arrive none.

Liverpool Cotton

Liverpool, July 6.—Cotton spot easier; good middling 793; middling 741; low middling 693. Sales for speculation and export 600. Receipts 1,000. Futures very steady. July 71-4; July-August 71-4; September-October 67-4 1-2; February-March 66 1-2; April-May 66 2.

Cotton Seed Oil

New York, July 6.—Cotton seed oil was steady on covering of August shorts, light pit offerings and the absence of tenders. The easier tendency of lard was offset by the strength in cotton. Final prices were 1 point higher to 2 points net lower. Sales 19,000 barrels.

Money On Call

New York July 6.—Mercantile paper 3 3-4 4 1-4. Sterling firm; 60 days 4.85.90; demand 4.87.70. Commercial bills 4.85-1-4. Bar silver 56 1-4. Mexican dollars 44. Government bonds heavy; railroad bonds irregular. Call money firm 2 a 3; ruling rate 2; closing 2 1-2 a 3. Time loans stronger; sixty days 2 1-2; ninety days 2 3-4 a 3; six months 3 1-2 a 4.

Stocks and Bonds

New York, July 6.—Aside from some artificial activity at prices in the group of "pooled" allies, today's stock market dragged along in traditional mid-summer fashion. The better feeling fostered last week by developments at Washington seemed to have been dissipated and traders again were adverse to follow the upward movement. The long delayed freight rate decision remains the most influential factor. In the opinion of many observers the country is in shape for good business and forward grades are predicted at the first favorable opportunity. The steel authorities say their in-

PULLMAN SERVICE ON BLUE RIDGE RAILWAY

REPORT SAYS THAT IT IS COMING

NEW EQUIPMENT

Rumor Has It That New Locomotives And All-Steel Equipment Is To Be Secured.

A report is now going the rounds in Anderson to the effect that the Blue Ridge railroad plans a radical improvement in its service for this city. The report says that the road will purchase a considerable amount new rolling stock.

The rumors heard by The Intelligencer yesterday have not yet been investigated but it is a known fact that Mr. Rankin of the Southern Railway, has been spending the last fortnight in Anderson, checking up the reports of the Blue Ridge for the past few months. It is understood that Mr. Rankin was sent to Anderson for the purpose of ascertaining what revenue is being derived from the road and the rumor says that when he makes his report it will be so favorable that the Southern Railway plans to at once institute Pullman car service for this city, to be attached to a Blue Ridge train, hauled from Anderson to Seneca and there attached to fast trains on the main line of the Southern for New York and New Orleans. The report further says that the Southern will replace all the old equipment of the Blue Ridge with new all-steel cars and possibly new engines. It is also said that a schedule may be arranged so that connections will be made at Seneca with all main line trains on the Southern Railway.

Mr. Rankin completed his work in the city yesterday and departed for the city. It was impossible to secure an interview with him before he left but those people hearing him discuss his visit to Anderson said that the report he would send the Southern railroad of the volume of business done here will cause officials of that line to open their eyes.

If such improvements as mentioned above are contemplated for Anderson, both the Southern Railway and officials of the Blue Ridge railroad can take it for granted that Anderson's every assistance is behind them.

Darwin Reed of Sandy Springs was in Anderson yesterday for a few hours.

Keith Allgood of Brushy Creek was among the visitors to spend yesterday in the city.

John F. Hall of Iva, route 4, was in the city yesterday on business.

J. W. Locke of Greenville was among the visitors to spend yesterday in the city.

Mr. and Mrs. Joe Campbell of Columbia have arrived in the city for a visit to relatives.

Miss Ella Curtis of Charleston is the attractive guest of her brother, Thomas B. Curtis on West Whitner street.

Mr. and Mrs. F. L. Morrow have returned from their honeymoon, which was spent at the Isle of Palms, and are now located at Oulla's boarding house for the time being.

S. N. Brown of the Prospect section spent yesterday in the city on business.

A. C. Skelton, Thomas Mathewson and Henry Haalley of Hartwell, Ga., spent Sunday in the city with friends.

B. O. Evans is spending a week in the northern cities purchasing goods for his store.

Messrs. M. B. Reese, W. H. White, W. E. Johnson, and Lewis Perrin, of Abbeville were visitors to the city yesterday. They made the trip from Abbeville in Mr. Perrin's auto.

J. T. Madden, of the T. L. Cely Co., left yesterday afternoon for a two-weeks' vacation at the seashore and mountains.

Mr. and Mrs. Chas. Cobb, who have been camping at Portman, have returned to the city.

Industry shows appreciable improvement. The June statement of the copper producers, which comes out Wednesday, is the subject of considerable speculation, but the state of the metal trade is plainly better than it was a fortnight ago.

London sold our shares at home and later here, the dealings for that account in this market aggregating about 10,000 shares.

Bonds reflected the very light investment demand, Missouri Pacific convertible, Baltimore and Ohio convertibles and St. Louis and San Francisco refundings ruling heavy. Total sales, par value, \$1,516,000.

United States government 3s declined 1-4 per cent on call.

Chicago Grain

Chicago, July 6.—Unquestionable discovery of black rust in South Dakota and reports of the presence of the plague in North Dakota and Minnesota turned the wheat market today over to the bulls. There was a firm close at 1-4 a 3-8 to 5-8c net advance. Corn suffered a net loss of 5-8 to 5-3 a 3-4c, oats finished 1-8 off to a sixteenth up and provisions ranging from 2 1-2 a 5c down to a rise of 7 1-2c.

ANDERSON SCOUTS IN THE MOUNTAIN WILDS

BOYS LEFT YESTERDAY FOR A BIG TRIP

BURNETT IS ALONG

Will Spend a Week in Fastness of North Carolina Mountains and At Lake Toxaway

The Anderson Boy Scouts, about ten strong, left the city yesterday morning at 11:57 on the Blue Ridge train bound for Walhalla. They were just about as happy as boys get to be and it was a lively set of youngsters.

The Anderson patrol of this organization has been figuring on the trip for months and months. Parents have almost given up in despair from being speared on all sides with questions of how to build a camp fire, how to pitch a tent, how to cook flap-jacks, and a hundred and one other things of which the average parent is ignorant. The boys have been gathering most wonderful assortments of clothing for the expedition and one would think from seeing them when they were ready to leave that they planned for an excursion to some distant shore.

F. M. Burnett, scout master of the Anderson Boy Scouts, was instrumental in organizing the outfit and before he left yesterday Mr. Burnett said that he was proud of the bunch of boys he was going to carry along. The party upon reaching Walhalla disembarked from the train and took to the "trail of the lonesome pine." They planned to walk 15 miles to Lake Toxaway, to the mountains, to Caesar's Head, back to Greenville and home on the interurban. Mr. Burnett said that the 15 miles of the first journey would be covered yesterday and night would find his party well into the mountains.

The expedition will probably reach Greenville next Monday morning and returning will come into Anderson over the Piedmont & Northern lines that afternoon.

Correct Attest: J. D. Brown, S. R. Parker, A. S. Farmer, Directors.

EXTENSION COMMITTEE HELD LONG SESSION

TO ADD FEATURE TO WORK OF DEPARTMENT

A CREDIT BUREAU

Will Assist the Merchants of City in the Work of Collecting All Their Accounts

Deciding to inaugurate a collection department to the Credit Bureau; inaugurating a special business men's trade excursion to Walhalla and asking for special early morning express services out of Anderson via the G. S. & A., all these matters were favorably acted upon at a meeting of the Trades Extension committee of the Chamber of Commerce held last night.

It was decided that on July 15, the Credit Bureau would take up the work of handling collections for the merchants in addition to the regular credit work heretofore done. It was stated that very little extra expense would be required, and that many merchants wanted this additional service.

There being great need for early morning express out of Anderson over the G. S. & A. interurban lines, the Secretary was instructed to make necessary efforts to secure same, and it is understood the manager of the local express company has promised to recommend same.

The Intelligencer in another column today gives specific information with regard to the merchants and business men's Walhalla trade excursion.

Cured of Indigestion.

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered with constipation. My daughter had used Chamberlain's tablets and they did her so much good that she gave me a few doses of them and insisted that I try them. They helped me as nothing else would have done." For sale by All Dealers.—Adv.

Scientific Discovery

A Vegetable Element That is Rapidly Doing Away With the Use of Calomel. Frierson's Pharmacy, Belton, S. C., is one of the first progressive concerns to offer for sale the new system of medicine that is fast supplanting the use of old-fashioned calomel as a liver medicine. Nearly everyone knows how easily the liver becomes sluggish in this climate and how this sluggishness affects not only all the other physical organs but the mind as well. The signal towers of this great condition, which some call malaria, are coated tongue, lack of energy, dull eyes, constipation, sallow complexion. Taken with regularity this proven scientific liquid vegetable medicine in the form of CARSWELL'S LIVER-AID will prevent or promptly relieve all liver troubles. On sale under money return guarantee by Frierson's Pharmacy, Belton, S. C.

Got the Florist

MRS. PRESCOTT had just heard of the illness of a dear friend. She was about to leave town that morning for an extended trip. There was no time to call. Turning to the telephone, she got the florist and ordered a choice selection of roses sent with her card to the address of the invalid. Without the telephone she would have been unable to do this little act of kindness.

STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used. After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion. To get quick and permanent relief from these ailments, you should take a medicine of known curative merit. Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. 127
