ANDERSON POTATOES ON FOREIGN MARKETS

WALHALLA PEOPLE HAVE GIVEN A GOOD TIP

APPLES WILL PAY

Anderson County People Can Duplicate Achievements of Neighbors and Start New Industry

Among the visitors in Anderson yesterday was Parks M. Wentworth, of Highlands, who called at the chamber of commerce in connection with business matters incident to the opening of the new highway to Lake Toxaway from Walhalla. He stated that already a very large business was being worked up because of the completion of the road. He was an interesting talker with regard to the building up of the potato and apple industries in and around Walhalla, Highlands and in that section. He stated that the new automobile scheduled car would do a big business in bringing mountain products to Anderson and Walhalla. He also stated that his people were rapidly going into the orchard and potato business, with very profitable results, since potatoes grown there were selling in competition with New York and Vermont potatoes already in Virginia and North Carolina, and more than holding their own.

According to Mr. Wentworth, the Highlands people are very anxious to get in closer touch with the business men of Anderson, for whom they have a high regard, and from whom they would desire to do a larger jobbing business, and also selling their own products. He states that this trade can be greatly extended to the profit of all parties, and especially to Anderson, which is the nearest important city to the Highlands and Sapphire country.

Mr. Wentworth left for Columbia last night and expects to return here next week in time to attend the business men's trade gratification celebration at Walhalla.

CANDIDATES WILL SPEAK AT PARK

Anderson Voters Anxious to Hear the Senator, Governor and Two Other Aspirants

A number of Anderson people will go to Greenwood Saturday morning to hear the candidates for the United States senate. The meeting at Spartanburg was attended by a crowd from here. The candidates speak at Abbeville next and then at Anderson. The Greenwood Journal of Friday afternoon says:

"Everything is in readiness for the speaking at the court house Saturday at 1 o'clock. The above hour was decided upon so that the mill people and others who live out of the city, can have the opportunity of attending. Several extra police will be on duty and every effort will be made to keep down any disturbance that might arise. Large crowds are expected to attend the Greenwood meeting from near-by towns.

"The order of speaking will be as follows: W. P. Pollock, Senator E. D. Smith, Cole L. Bleasie and L. D. Jennings."

It has been announced that the senatorial campaign party, which comes to Anderson next Wednesday, will begin at 10 o'clock in the morning when the candidates for the office of United States senator from South Carolina will speak at Buena Vista park. A speaker's stand is to be erected just inside the gate of the park and under the shade of the trees. This will be the best spot in the city for the speaking to take place.

Anderson voters are already familiar with the careers and the ability of Senator Smith and Governor Bleasie but few of them know W. P. Pollock of Cheraw or Mayor Jennings of Sumter. However, it is believed that both the latter gentlemen will be well received in Anderson.

Joe Simpson of Iva spent a few hours in the city yesterday on business.

MAKE RESERVATIONS TODAY FOR EXCURSION

FOR BOOSTER TRIP TO WALHALLA MONDAY

OVER 50 ARE TO GO

List Will Be Closed This Afternoon at 5 O'clock and No More Reservations Made

"We shall be glad," said Secretary Whaley yesterday, "to have every business man in Anderson who desires to do so, to make the trade excursion trip to Walhalla Monday, but owing to the great amount of time that would be necessary to make a personal canvass of the city, this has not been done and it has been decided that any persons who desire to go may do so by turning in their names at the offices of the chamber of commerce by 5 p. m. Saturday, July 11th.

"Already some 26 business men have voluntarily signed to make the trip, and no doubt twice this many will go," said Secretary Whaley. The trade extension tour to Walhalla Monday will be conducted on the new gas-electric service over the Blue Ridge to Walhalla, in dual celebration of the beginning of this new service and also because of the opening formally of the new transmontane highway from Columbia via Anderson and Walhalla to Lake Toxaway, Highlands and other North Carolina resorts.

A special badge, elaborately printed, will be given to each person who makes the trip, the hour for leaving being 7:25, when the gas-electric car leaves on its regular schedule for Walhalla and Blue Ridge points. Uncle Dave Taylor, the sage of Sandy Springs, when interviewed at the offices of the chamber of commerce, stated when interviewed at the Springs would make the trip. Telephonic connection with Pendleton and Seneca is to the effect that delegations will go from those cities.

MR. SLOW SEIZED WITH PARALYSIS

Condition Said To Be Alarming Last Night Although Patient Seemed to Be Rallying

David Slow, visiting his daughter, Mrs. Breazeale, suffered two strokes of paralysis yesterday afternoon at the home of his son-in-law on Main street and last night was said to be in a critical condition. Attending physicians say that on account of his advanced age, which is 58, that there can be but little hope for his recovery.

Mr. Slow is from North Carolina and has not been in Anderson long. Members of the family said last night that the patient seemed to have rallied a little and appeared to be slightly stronger. They have hopes that his condition may not be so serious as is feared.

FARMER PRAISES THE MOUNTAIN HIGHWAY

HAS JUST RETURNED FROM TRIP OVER IT

A BEAUTIFUL ROAD

Anderson Man Enthusiastic Over What He Terms "Best Mountain Road I Ever Saw"

Among those who have recently made trips over the transmontane highway from Walhalla to Lake Toxaway is A. S. Farmer, member of the board of directors of the Anderson chamber of commerce, who, when interviewed yesterday, stated that the highway was in beautiful condition and absolutely the best mountain road he ever saw.

He was delighted with the highway and loud in his appreciation of the great amount of work done by Walhalla and Highland citizens, on whom the chief burden of completing the highway rested. He stated that there is yet some little work to do in Eubank county, Georgia, through the end of which the highway passes, but that this was being pushed, after which the new Columbia-Anderson-Walhalla-Highlands-Lake Toxaway highway would equal if not surpass any transmontane road in this entire section. He stated it would undoubtedly become a great commercial and tourist highway just as soon as the state roads of Georgia, South and North Carolina were issued from the offices of the respective commissioners of the three states, and also after the automobiles and an commercial associations formally began advertising same.

It is suggested that placards in glass frames be placed in all the leading hotels in the east, telling of the new route, and its many attractive scenic advantages, also its commercial value. In this connection an automobile trade line is already in operation between Walhalla and Highlands, and is already doing a very fine business.

GREAT DAMAGE DONE BY ANOTHER STORM

HAIL FELL IN SEVERAL SECTIONS OF COUNTY

COTTON IS RUINED

Specimens Sent To This City Yesterday Showed That Stalks Were Ripped Into Shreds

The second disastrous storm of the season visited Anderson county Thursday afternoon, resulting in great damage. The Intelligencer reported yesterday morning that the storm had been particularly severe in some sections but it was impossible to get any definite information Thursday night as to the extent of the crop damage.

Farmers coming into the city yesterday reported that crops in some sections were practically ruined and that the cotton stalks had been shredded into fibres. It is believed that little of the cotton in the storm stricken district can make anything this year.

C. D. Hawkins of Anderson, R. F. D. No. 8, came to the city yesterday and brought some of his cotton along. It was cut almost to pieces and Mr. Hawkins says that he cannot bring himself to hope that he will make any sort of crop at all. He said that the storm practically devastated 16 acres of cotton for him in the Long Branch section. He said that from what he could ascertain as to the route taken by the hail storm, it was about six miles in length and extended about three and one-half miles in width.

In the Flat Rock section, visited only a few days ago by a very severe hail storm, lightning struck a barn owned by Walter Dean and burned it to the ground. He lost a quantity of food stuff at the same time. It is said that the hail storm along the Williamston highway was particularly severe and that crops there are ruined. Plantations belonging to Dr. J. C. Sanders and to L. W. Harris were about the worst sufferers in that section.

It is feared that still later reports will come in from other sections of the county telling of great damage done.

Henry McFall, who was in the city yesterday, confirmed the report that his crop was ruined, as was that of J. S. McCarley. On his lower farm, where he has seven plows, Swillin McFall had the best crop prospects he had ever seen. But the hail has ruined his chances.

STORM NEAR PENDLETON

Many Good Farms Were Practically Ruined Thursday

Mr. Tabor, July 10.—This section was visited by a terrible wind and hail storm Thursday afternoon. The cloud which was the worst we have ever seen, came from the northwest about 2 o'clock. The wind blew with terrible velocity. The hail practically ruined several crops.

The correspondent of The Intelligencer has looked at several crops where the late cotton is beaten down to within a few inches of the ground—only a few stems left. The corn is badly damaged. The track of the storm was about one and a half miles wide and as far as can be learned about three-quarters of a mile long. That is the extent of the hail which wrought such havoc. There might have been a lighter fall of hail in spots.

The farms that are practically ruined are those of B. C. Cromer, W. D. Ballard, J. W. Bailey, A. R. Gambrell, W. H. McDade, M. B. Moore, P. D. Bowling, John D. Sharpe, Handy Kennedy and B. C. Cann. There is a part of the farm of Dr. W. K. Sharpe that is in terrible condition. We did not see the upper part of it, but that part adjoining M. B. Moore is ruined.

The wind and hail was accompanied by a regular cloudburst which washed the land the worst it has ever been. The storm lasted more than half an hour and was accompanied by a heavy wind which caused considerable damage to several small buildings, blowing the stove flue off of M. B. Moore's residence, also one on a tenant dwelling of W. D. Ballard. Many window lights were blown out. Many large trees were uprooted. The vegetation in some fields was cut down so badly that what remained could not be seen.

ONE INJURED IN AUTO ACCIDENT

Machine Driven by Robert McCully Was Wrecked in a Ditch Last Night About 10 O'clock

A car driven by Robert S. McCully and owned by him, ran into a ditch on Welch avenue last night about 10 o'clock. The machine was completely wrecked. Mr. McCully was badly bruised, and Joe Farmer, an occupant of the car, also sustained a number of painful injuries. Sam Catchart was the third passenger in the machine but he escaped without a scratch. It is said that the steering gear of the machine went wrong and the driver lost control, the car plunging into the ditch. The machine is a complete wreck and it is hardly probable that the auto shops can do much to it.

But Never to Our Shakes. "What is your definition of 'lithy lacer'?" "That's a derogatory term applied to their people's money."—Baltimore Sun.

LOCAL SHOOTERS INVITED TO MEET

Winston-Salem Gun Club Asks Anderson Men to Attend and Compete For \$1,500 Prizes

ONE INJURED IN AUTO ACCIDENT

The Anderson chamber of commerce last night received a letter from the Winston-Salem Gun Club of Winston-Salem, N. C., in which the gun club asked the local commercial body to extend an invitation to all Anderson shooters to come to Winston-Salem on August 6 for the grand meet which is to be held in that city. The message received here says that all told there will be \$1,500 offered in prizes and it is believed that this will attract a number of local people.

Anderson boasts of some of the best shots in the state and this will be a fine opportunity for them to display their marksmanship and to humble Tar Heels. The meet is being held in connection with the North Carolina Firemen's Tournament and the letter says that it will prove to be one of the chief events of the year in North Carolina.

Porter A. Waley of the Anderson chamber of commerce, said last night that he would be pleased to have any one contemplating the trip, give their name into the chamber of commerce and he will see to it that the North Carolina people are notified.
