MR. POLLOCK IS A SALAMANDER

DIGGING A HOLE TO BURY BLEASE POLITICALLY AND COVER HIM UP

IS FEATHER LEGGED

The Latest Pet Name Handed the Governor By the Man From Chesterfield

(Special Correspondence.) Walthalla, July 16.—The senatorial campaign meeting here today was marked by the charge by W. P. Pollock that the governor "had feathers on his legs."

This candidate said that he didn't attack any man behind his back. However, he added, the governor's "turning turkey" and running away would not deter him in holding up his record in all its hideous nakedness.

Senator Smith added another feature when he read an affidavit from C. P. Moore, of Dorchester county, saying that Senator Smith was in St. George's the date of the Haskell convention. Oath was also made that at the time Mr. Moore had reminded Senator Smith that the newspapers had reported him as a delegate to the convention, and asked how he could be at two places at one time.

The meeting today was the twenty-second, thus terminating the first half of the campaign. Not more than 700 voters heard the candidates, which was the smallest crowd since the Yorkville meeting two weeks ago.

Mr. Jennings, who spoke first, said there were not more than 35,000 race track gamblers, blind tigers, and those who hold a general disregard for the law in the state. It was his purpose in this campaign, he explained, to open the eyes of the other 25,000 voters who have been hoodwinked into believing that they represented the cause of the people.

He closed by predicting that the governor would be so badly defeated on August 25 that he would wake up in China or some other uncivilized country where he ought to be. Mr. Pollock said that he was exhausted from Wednesday's campaigning in Anderson, where he said he played the "salamander" by digging a hole in the sand, putting "Cole" into it, and then packing the sand in upon him. He added that his conscience was beginning to prick him for kicking a corpse.

The candidate from Cheraw devoted most of his time today to an attack on Senator Smith's record. He told the Walthalla audience that Senator Smith was beginning to believe that Pollock was the man he would have to defeat.

Senator Smith challenged his opponents to say whether or not they would do anything to advance the price of cotton in the event one of them should be elected to the United States senate. If he had nothing to do with the raising of the price of cotton, if the organization of farmers he represented had not accomplished anything, then the logical conclusion was that nothing could be done, and that if either should be elected he would attempt nothing in this direction.

Senator Smith was presented with a pigny bale of cotton, which the owner had kept "stored" fifteen years. The speaker said he would make this his emblem.

Governor Blease warned the Oconee county voters today that two newspaper men, under the pretext of soliciting subscriptions, were following the campaign party. These he designated as "camp followers," and denounced them as cowardly liars, because of the rumor he had heard that they were putting out the report that Blease was defeated.

The governor had much to say about the State newspaper, which he said was many people's prayer book. He made his characteristic pleas to breathe prejudice against the negro and put on exhibition again today the catalogue of Benedict College in Columbia, which contains a picture of the faculty, in which there are white members.

Bloodshed Is Over Says Gen. Carranza

(By Associated Press.) Monterey, Mex., July 16.—Fighting and bloodshed is over in Mexico, if the plans announced here by General Venustiano Carranza, first chief of the constitutional army, go into effect. General Carranza declared his main object now would be to conduct negotiations for the constitutionalists to enter Mexico City and establish their government without further disorder, shedding of blood or damage to property.

R. A. Richie's "Paralysis" Was But Mere Pretense

DR. JAS. H. McINTOSH FLATLY CONTRADICTS STATEMENT MADE BY BLEASE IN HIS ABBEVILLE SPEECH IN REPLY TO "THLIES" OF "ENEMIES"

Special to The Intelligencer. Columbia, July 16.—The following story was displayed on the front page of the Columbia Record Thursday afternoon:

"The chief executive, saying that a number of lies had been circulated about the R. A. Ritchie case, stated at Abbeville that he was not explaining or apologizing for his record, but he desired to 'show up' the lies. The governor read a number of reports from reliable physicians, among whom are Dr. James H. McIntosh of Columbia, and others, that Ritchie is a paralytic and his condition would improve if he should be released from confinement.

This is from The Record's report of Governor Blease's speech at Abbeville Tuesday, July 14. In a written statement given a reporter for The Record, Dr. Jas. H. McIntosh says: "It is true that I was appointed on a committee by the governor to examine R. A. Ritchie. It is also true that with the late Dr. A. B. Knowlton I did go to the penitentiary and make such an examination. But it is not true that this report of the said committee, signed by Dr. Knowlton and myself, in any way recommended a pardon or parole of the said R. A. Ritchie, the fact being that both Dr. Knowlton and I fully agreed that his paralysis was feigned."

NO TALKING WITH MEXICANS

SECRETARY GARRISON ISSUES ORDERS TO STOP ALL SUCH

TO AVOID TROUBLE

Officers On the Border Directed To Hold No "Confabs" With the Mexicans

(By Associated Press.) Washington, July 16.—Secretary Garrison today telegraphed Brigadier General Bliss, commander of the American troops on the border, ordering American officers to refrain from participating in any meeting or conferences with Mexican officers of any faction.

Mr. Garrison wired General Bliss that he had read newspaper reports saying that an American commander had met a Mexican officer on the international bridge at El Paso. He took occasion, however, in his telegram to point out the danger of misunderstanding that might result from such meetings.

"No matter what the purpose," said Mr. Garrison today, "such meetings would be misinterpreted. Furthermore, I believe it is the duty of the army to leave all dealings with any of the Mexican factions to the agents of the State department."

The secretary's action was prompted by a news dispatch from El Paso saying Colonel George Bell, Jr., commanding troops at Fort Bliss, had gone to the center of the international bridge while pedestrians were prevented from crossing and another man veiled by the darkness, presumably General Villa, was seen moving to the center of the bridge.

Mr. Garrison said he did not believe Colonel Bell had conferred with any of the Mexicans, but thought it advisable, nevertheless, to caution all his officers so that meetings of such a character could not possibly occur.

THE UNIVERSITY GOES TO ATLANTA

Bishop Candler Is Chancellor—His Brother Gives \$1,000,000 To Institution

(By Associated Press.) Atlanta July 16.—Atlanta was selected as the seat of the university to be established east of the Mississippi river by the Methodist Episcopal Church, South, at a meeting here today of the education committee appointed by the general conference of the church to choose a location for the proposed institution. Birmingham, Ala., and Hendersonville, N. C., were strong contenders for the university. The vote selecting Atlanta was announced as 12 to 2.

Announcement by Bishop Warren A. Candler, chairman of the committee, that Atlanta had been selected was immediately followed by official confirmation of the report that 1,000,000 had been given to the new university by Asa G. Candler, of this city, a brother of Bishop Candler.

In announcing the donation Mr. Candler said he had determined to make the gift, regardless of the commission's action in selecting the location for the university. In his letter Mr. Candler said that he made the endowment because he was "impelled by a deep sense of duty to God and an earnest desire to do good to my fellow man."

It was said on reliable authority today that the university as contemplated will represent an investment of \$5,000,000. It is expected that work upon the buildings will be started before next winter.

The commission elected Bishop Candler chancellor of the proposed university. He was once president of Emory college.

PLAN ENTRY MEXICO CITY

ALL THREE DIVISIONS WILL ENTER CAPITAL AT THE SAME TIME

HONORS ARE EVEN

Villa Says There Are No Differences or Jealousy Among the Commanders

(By Associated Press.) El Paso, Texas, July 16.—The peace commissioners who will invite the constitutionalists to take possession of Mexico City left the capital today for Guadalajara, said unofficial advice received here tonight.

Gen. Alvaro Obregon has established headquarters at Guadalajara, which is only 15 hours by rail from the capital. Fifteen thousand troops, 5,000 from each division of the constitutionalist army, will enter Mexico City simultaneously, according to constitutionalist officials here.

This plan, it was pointed out, would prevent jealousy between the three divisions of the army. It was predicted that each division commander, Villa, Obregon and Gonzalez, would lead his own command into the capital. After military rule has been established in Mexico City, the other troops in the three divisions will visit the capital. If this plan is carried out more than 50,000 constitutionalist soldiers will be quartered in Mexico City within a few weeks.

"There is no ground for the belief that my troops are in Chihuahua for any other purpose than recuperation," said General Villa today in Jaurez, "I expect to take my troops towards Mexico City in a few days."

In reply to a question whether it was true that there are still some differences among the constitutionalists General Villa said the know of none.

Word was received at Villa's headquarters of the death today from typhoid fever of General Torribio Ortega, in Chihuahua City. He was regarded as Villa's favorite commander and the northern soldiers called him the "Honorable Ortega."

General Eugenio A. Renavides, commander of the famous Zaragoza brigade of Villa's division, arrived in Jaurez late today from Chihuahua City on a special train. He also has typhoid fever. American military authorities have granted an informal request made by the Villa officials to permit Benavides to enter an El Paso hospital.

CARRANZA'S AMBITION

Laredo, Tex., July 16.—General Carranza, first chief of the constitutionalist army, has no ambition to be president of Mexico, according to a statement he made yesterday to a friend, who is a foreigner. Advice to this effect reached the border today.

General Carranza, it is said, declared that when "he was assured that peace had been restored to his country and a constitutional government installed to carry out the reforms for which he fought, he was willing to return to his native home in Cuatro Ciénegas, Coahuila, and to the life of a private citizen."

Capital City News

(Special to The Intelligencer.) Columbia, July 16.—Simon B. Rich who was injured several days ago in an auto accident at Orangeburg died today at a Columbia hospital. He was a grandson of the late Simon Brown, of Barnwell, a graduate of the University of South Carolina and a young man of brilliant future. He was well known in Columbia and was much loved by many friends.

Dr. J. W. Babcock, formerly head of the state hospital for the insane, announced today that work had begun on the construction of his private sanitarium which will cost approximately \$100,000. He has purchased 54 acres of land near Columbia for \$25,000.

Announcement was made today that the Baptist hospital committee had purchased the Columbia Hotel for \$150,000. The movement for this hospital was started by Esv. Louis J. Bristow, of Abbeville, when he was located at Williamston and is quite a triumph for the untiring labors of that brilliant young preacher, who is also secretary of the board of trustees of Anderson College. The Columbia Hotel was for many years Columbia College, but to enable the college to move into the country the building was bought by F. H. Hyatt and A. E. Gonzales and converted into a winter tourist hotel. It faces the home of Woodrow Wilson's parents when the president of the United States was a boy.

Indisposed Thursday But May Be All Right Today—Went To a Reception

(By Associated Press.)

Washington, July 16.—President Wilson had a light attack of indigestion today and cancelled his engagements. He had arranged to hold two conferences with New York business men and was to have met many congressmen on patronage questions.

White house officials said that the president's illness was not serious and that he probably would begin receiving callers again tomorrow. Dr. Cary T. Grayson, his naval aide and physician, advised the president to remain in the executive mansion all day. The president attended Secretary Lane's birthday dinner last night.

TWO MEMORIALS TO POCAHONTAS

Unveiled and Dedicated In One of the Most Aristocratic of the English Churches

(By Associated Press.)

Gravesend, England, July 16.—The unveiling and dedication of two memorial windows to Pocahontas, presented to St. George's church here by the Dames of Virginia, was made the occasion today of a general holiday in this town. The registers of the church bear the name of the Indian princess.

Officers and crews of the American battleships Missouri and Illinois and the Annapolis naval cadets on their annual practice cruise, took a prominent part in the ceremonies and with Ambassador Page were accorded an enthusiastic reception. The ambassador in unveiling the windows dwelt on Pocahontas' influence as a bond of peace between the United States and Great Britain.

Mr. Wintersmith of Mobile, Ala., is the guest of his daughter, Mrs. Frank Todd. Mrs. Wintersmith is already here.

ENGLISH VIEW OF SITUATION

MR. WILSON IS DECLARED TO HAVE ACHIEVED A VICTORY

MORE TROUBLES

Some London Papers Think That Carranza Will Be Hard Proposition

(By Associated Press.)

London, July 16.—The resignation of General Huerta as president of Mexico is regarded as a victory for President Wilson's policy and is welcomed by the British public and officials as a possible solution of the Mexican problems.

A peaceful end to the complex situation is greatly desired here on account of the large British financial interests in Mexico. Most of the London newspapers, however, express doubt as to whether conditions will be any better under General Carranza. The Fall Mall Gazette points out that if Carranza surrenders to Carranza "it may soon be possible to exact reparations from General Villa for the murder at Jaurez of William S. Benton, the Scottish rancher."

The Evening Standard says: "The Washington administration has won a diplomatic victory. President Wilson has been persistent and patient in his policy of non-recognition of General Huerta, but it is likely enough he will be met now by other obstacles just as hard to surmount as was General Huerta's obstinacy." The Globe takes the same view, saying:

"The elimination of General Huerta is a triumph of sorts for President Wilson. But it may be assumed that his difficulties are by no means over. There is no reason to suppose that the real unions of the Mexican people will have more opportunity to assert themselves under General Carranza than they had under Huerta. The United States, however, has been warned by experience not to inquire too closely nor to expect too much."

MAY SUSTAIN WILSON.

In His Appointments To the Federal Reserve Board.

(By Associated Press.)

Washington, July 16.—Administration senators urging the confirmation of Thomas D. Jones, as a member of the Federal reserve board, worked strenuously today to bring into line some of their Democratic colleagues who oppose the president's nominee.

Tonight some of these who have been most active were more hopeful than they were yesterday, and one senator asserted faintly that Mr. Jones would be confirmed by a majority of two votes. Opposition leaders still insisted, however, that the banking committee's adverse report would be adopted.

The nomination of Paul M. Warburg still rests in committee. Mr. Warburg, through Representative Oglesby, of New York, is said to have assured the banking committee his refusal to appear before the committee, resulted from a misunderstanding as to why he was asked to appear.

environment which shall surround her children.

"Politics will not suffer by woman's entrance into it. If the political world has grown more pure in spite of evil influences that have operated to debasement, it will not be polluted by the presence and participation of woman. Neither should we doubt that women can be trusted with the ballot. She has proven herself equal to every responsibility imposed on her; she will not fall society in this emergency. Let her vote."

Huerta's Representative To Resign Presidency

(By Associated Press.)

Washington, July 16.—Francisco Carbajal, successor to General Huerta as provisional president of Mexico, today advised the United States government informally that he intended to retire in favor of General Carranza, the constitutionalist chief. Mr. Carbajal wishes only that a general amnesty be proclaimed and protection given to the property of those who opposed the constitutionalists.

This statement, together with the announcement from Monterey that Carranza was willing to enter into negotiations with Carbajal relative to the transfer of authority at Mexico City, was regarded here tonight as assuring the restoration of peace in Mexico.

The views of Carbajal were explained to Secretary Bryan today by Jose Castellot, former member of the

Mexican senate, who had received a personal telegram through the Mexican embassy. It was the first communication between the American government and the Carbajal administration. The message incidentally revealed that Generals Huerta and Blanquet, now en route to Puerto Mexico, are planning to go to Europe. The communication, addressed to Castellot, a personal friend of the new president, was dated last night.

This message, Castellot explained, meant that Carbajal had taken office only as a means of bridging the gap from the Huerta regime to the constitutionalists. Secretary Bryan told Mr. Castellot that while recognition would not be accorded Carbajal, the United States was amply disposed toward him and would applaud his patriotic efforts to bring peace.
