### Baskets, Bread Trays, Etc.

The English styles we are showing are very popular. The open character of the design gives to the baskets, Bread Trays and Sandwich Trays, and the many other pieces in which it is produced, a light and dainty appearance. This is all the more effective because the line is made in high-grade silver plate, and has the well-known wearing qualities of Moriden silver. Call in and inspect these dainty pieces.

**WANT SAILORS TO LAND**

Havana, July 21.—The merchants of Havana have addressed a petition to the American legation requesting that arrangements be made with the American government to allow American warships on the way to Mexico to stop at Havana. The request is believed to be due to the amount of money spent by American sailors who land there.

**MEXICAN JUSTICE**

Laredo, Tex., July 21.—Gen. Carranza today stated that while he will grant no general amnesty, yet political prisoners will be treated as they deserve. However, he will be severe on all implicated in the death of President Madero.

## ELECTRIC CIG Y SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

**Drew Fine For Beating Woman.**

Possibly a good many white men have notions at times that they would like to trounce their better-halves, or in other words, they would like to use a little "moral suasion" when the aforesaid better-halves become unruly but the white man is deterred from this step because of the knowledge that he would lose his right of franchise if he is convicted of wife-beating. In this day and time when votes count for much it is very dangerous to risk of losing a vote. Not so with the Ethiopian. He has no vote to lose. And so, at last this is almost told Sam Lewis, having become provoked over the way his wife conducted herself and having given her fair warning, proceeded to fly upon her and give her a genuine good trimming. He was hauled before Magistrate Broadwell yesterday and given a fine of \$10.00 to serve 20 days. He paid the fine and seemed to think that the privilege of giving his wife that beating is worth the price.

**Woodmen Plan To Unveil Monument.**

Water Oak camp, of the Woodmen of the World has issued a notice that a meeting will be held in the hall tonight for the purpose of arranging for the unveiling of the W. O. W. monument to the memory of Sovereign J. H. Tollison, deceased. The Woodmen monument is always attractive and never fails to attract attention. The ritualistic service accompanying the unveiling is also impressive. The Consul Commander and the clerk of this camp urge every member to be present tonight.

**May Make Race For Treasurer.**

During the last few days there has been considerable talk going the rounds in Anderson that J. C. Shearer, who is connected with the Bank of Anderson, may make the race for the office of county treasurer. Mr. Shearer has not announced his candidacy and it is not even known that he will do so, but friends of his say that he has given the matter some consideration and all these things Mr. Shearer would straightway become a factor in the race should he decide to enter. He has been with the Bank of Anderson for the last 10 or 15 years and is one of the best known business men in the city.

**Mr. Manning Is Shelling the Woods.**

Mr. Richard I. Manning, of Sumter, one of the best known of the many candidates for governor of South Carolina, has been spending the last few days in Spartanburg and Greenville in the interest of his campaign and is now en route to Anderson, where he will meet with some of his supporters and discuss the plans. Mr. Manning will also probably deliver several addresses before he quits Anderson county. The Sumter man says that he is well pleased with the way that his campaign is progressing and he believes that he will be elected.

**Attending Meeting At Isle of Palms.**

Mr. and Mrs. James Penman have gone to the Isle of Palms at Charleston to attend the convention of the South Carolina clerks of courts. At the same time the sheriffs of South Carolina will also be in session and as the clerks and sheriffs are almost always intimate and well acquainted with each other, it is probable that these two conventions will manage to have a fine time while the bodies are in session. A number of events have been arranged at the Isle of Palms for their entertainment.

**Wants to Go Back to House.**

T. F. Nelson of Central, Route 1, yesterday announced his candidacy for re-election as a member of the House of Representatives from Anderson county. Mr. Nelson is now a member of the lower house from this county and has done some good work while he has been one of the law-makers. He has a strong following in all parts of the county and he will poll a good vote. Mr. Nelson says that the voters wouldn't let them alone and that now he isn't going to let them alone.

**J. W. Harris Was One of the Judges.**

No one in Anderson enjoyed more the grain festival held in Anderson yesterday than did J. West Harris of Spartanburg. Mr. Harris has always been the farmer's friend, is a farmer himself, and knows just about all there is to know about agriculture in South Carolina. For a number of years he was agricultural agent for Spartanburg county and has given willingly of his time to the farmers of that county. He was enthusiastic over what he saw in Anderson yesterday and says that no county could produce finer oats.

**Manager Bull Raising Bull.**

Press dispatches from Gaffney to various other papers in this section said yesterday that Manager Bull of the Anderson team was disgusting the Gaffney fans with his displays of bad temper and said that the Anderson manager would hurt the attendance by his actions if he kept them up. It seems that there must be some mistake about this, since Mr. Bull in Anderson is a very popular man, very quiet and unassuming, and always a thorough gentleman.

**Richland Men Send Delegates.**

The Richland county farmers union has held a meeting and elected delegates to the State convention which will convene in this city today. The Richland union chose H. E. J. Watson, commissioner of agriculture for South Carolina and C. E. Yarborough as their two delegates and these gentlemen have already arrived in the city to be present for the opening of the State convention.

**General Bonham to Deliver Address to Veterans.**

Gen. M. L. Bonham will leave this morning for Brasby Creek, in Greenville county, where he has accepted an invitation to deliver an address to the Confederate veterans of that section. General Bonham is an eloquent speaker and possesses a store of information on the Lost Cause.

**Abbeville Oats Were Very Fine.**

One of the exhibitors to bring oats to Anderson yesterday was Joseph H. Hill, of Lowndesville, in Abbeville county. Mr. Hill is one of the best known farmers in his county and evidently he knows how to farm, if the oat exhibit yesterday may be considered. Mr. Hill said that he was mighty well pleased with everything in connection with the grain festival and he expects to come back next year with a better exhibit than he did this year. He says that he expects to plant twice as much oats next year, or maybe more, than he did this year.

**How Unfair.**

"How did your daughter pass her examination for a position as teacher?" asked one.

"Pass!" was the answer. "She didn't pass at all. Maybe you wouldn't believe it but they asked that girl about things that happened long before she was born."

**NO SLEEP**

Is Given as Excuse for Trolley Accident—Hours too Long. (By Associated Press.)

Motorman W. K. Atkinson today swore to a supplemental statement in which he gave details, as to his working hours. He asserted that because of the hours required on his shift he had been in the habit of sleeping from 1 or 1:30 to 5 in the morning, stretching out on a seat in a cat at the Virginia Railway and Power Company's barn. Had he some home he never would have had but about two hours sleep each night, he said. In the afternoon he said he went home and slept about two hours each day. He said he was paid 18 cents an hour, and supported his paralyzed father, mother and sister and two brothers out of his earnings. He swore that he dropped off to sleep just before the fatal crash with the string of Virginia Railway coal cars.

The Brute.

Boston Transcript.

He— I called to see your father this afternoon.

She (stuttering visibly)— Oh, did you?

He— Yes, he has been owing our firm a little bill for some time.
