DEATH OF POPE IS DESCRIBED

Physician Tells of the Last Moments of His Holiness In Touching Way

(By Associated Press) Rome, Aug. 4.—The Corriere Italia today published an interview concerning the Pope's last hours in which the pontiff's physician sets down some of his conversations with his patient, and dwells upon the European war news upon the Pope's death. Dr. Marchisafa declares the Pope's condition became grave on August 19. On that day he was depressed, his pulse was rapid, and his temperature rose to 102 degrees. There was trépidation of the lungs, but mentally, he was alert. "He said to me," Doctor Marchisafa continued, "doctor, today I will get up and go to work." On my vehement remonstrance he answered resignedly: "All right of you wish it, I will remain in bed, but I obey only out of regard for you, my good old friend." "After half past ten the collapse occurred. Oxygen was administered and the patient was cupped. He revived, his vigor returned and Wednesday afternoon he seemed better. He began to speak again—"doctor, won't you give me some coffee and milk? Why don't you come near me?" "These words deceived some of those present into hope, but soon the prostration resulted. Replying to my question, he said he felt better. "But he rapidly grew worse until evening, when his temperature rose to 104 degrees. The albuminuria increased and the other symptoms all were grave, while the nephritic complications indicated the patient could live only a few hours. Before midnight his consciousness had almost entirely disappeared. I put the crucifix in his hands. He muttered a few words slowly. He ardently kissed the little ivory crucifix. Once more he turned his dull glance around the room and then expired. Never have I seen a more serene death.

Speaking of the administration of the last sacraments to the pontiff, Dr. Marchisafa says: "The patient received them with joy. He was tranquil and his intellect was so keen that to his secretary, Monsignor Bressan, who was overcome by emotion, the pope prompted the words of absolution. The pontiff shed a few tears; while with his tired hand he slowly made the sign of the cross. "His venerable white head rested on his pillow, his eyes were bright and his face bore the smile which lighted it throughout his life. He was an example of the most perfect calm in the face of death."

The Case of L. L. Cantelero. The case of L. L. Cantelero, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

A NEW RAILROAD

Projected Through Hampton and Orangeburg Counties. Columbia, August 21.—The Savannah Western Railroad company was commissioned today by the secretary of state with a minimum capital stock of \$100,000 and a maximum capital of \$1,000,000. The company proposes to build a steam railroad between Estlin, in Hampton county, to St. Paul, in Clarendon county, a distance of 30 miles.

The principal offices of the road will be located in Columbia and the road will pass through Hampton, Colleton, Bamberg, Orangeburg and Clarendon counties. The petitioners of the company are G. H. Milligan, of Charleston, Virgil Walker and Adrian M. Fox, of Newbern, N. C. According to papers filed with the secretary the road will do a general transportation business.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good. Before I commenced using Cardui, I would get up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly get around, and would have severe headache continuously. Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest at night, and I have gained 10 pounds in weight. If you are a victim of any of the numerous ills so common to your sex, it is worth a trial. For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year. Cardui is successful because it is composed of ingredients which act specifically on the woman's constitution, and helps build the weakened organs back to health and strength. Cardui has helped others, and will help you. Get a bottle today. Your words ought to be the words of many a woman."

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Cardui. It is sold by all drug stores. Name of Dealer on wrapper. Do not buy cheap imitations.

EXCUSES MADE FOR ADVANCES

INVESTIGATION MEETS WITH WELL FRAMED REPLIES

PROBE CONTINUES

Federal Authorities Will Make Every Effort To Indict Parties Responsible

(By Associated Press.) New York, August 21.—The United States department of agriculture was held responsible for a beef shortage and the consequent rise in meat prices by F. W. Lyman, a witness today in the Bronx county food cost investigation. Mr. Lyman, representing Armour and Company, of Chicago, said the department of agriculture on August 1, warned farmers to hold their grain because there was a lack of shipping facilities due to the war abroad. The lack of transportation means would apply to cattle as well, and they failed to send the normal amount of beef to market. The witness said the arrival tomorrow of the steamship Zinoli with a cargo of 30,000 quarters of Argentine beef would relieve the situation to a certain extent. The food price inquiry begun by District Attorney Whitman of New York county was continued today. Witnesses reported several Chicago packing houses testified. James A. Howard, district manager of Sulzberger and Sons, said there was no arrangement among district managers to determine the price. The law of supply and demand ruled, he declared. In Brooklyn federal and county authorities continued separate investigations. Before a United States grand jury wholesale dealers testified regarding increased grain and sugar prices blaming farmers for holding back products and the war for preventing normal American imports of sugar. It was understood at the federal building that testimony developed by United States Attorney Young recently probably would lead to indictments. The county inquiry, before a supreme court justice, developed that large quantities of sugar have been stored in warehouses by dealers and that many companies have been asked to store sugar indefinitely.

AN ITALIAN POPE

(Times Are That Successor to Pius X Will Be a Native of Italy.) New York, August 21.—The next pope will be an Italian, in the opinion of Cardinal Gibbons, of Baltimore, who called tonight on the White Star liner Canopic with Cardinal O'Connell of Boston, to participate in the conclave at Rome which will name the successor to Pope Pius X. Cardinal Gibbons said he based his opinion on the fact that there was a predominance of Italian representation in the sacred college. He thought the time had not yet arrived for the election to papacy of a cardinal of any other nationality. Some time in the future, however, he thought a cardinal of American birth might be elevated to the Vatican. Dispatches from Switzerland today announced that the third American cardinal, John Farney, of this city, expected to leave soon for Rome. He has been abroad some time.

WAR IS HELL

In One Sense of the Word; But It Gets Good Results. London, August 21.—St. Paul's cathedral, in the heart of London, was crowded all day and tonight by sorrowful worshippers, downcast because of the war. Generally recognized as the nation's church, it was filled to capacity by citizens praying for the soldiers and sailors who are engaged in the conflict. Services began at 7 o'clock—this morning. Signs bearing the words: "Church full" were posted early and thousands of persons gathered in the streets waiting an opportunity to enter. Many soldiers in uniform were among the worshippers. Tonight the Lord Mayor of London attended the services with a large detachment of soldiers.

NEW INSTRUCTOR REACHED THE CITY

Mr. and Mrs. Goode, Who Are To Become Members of College Faculty, Have Arrived

Mr. and Mrs. Frederic Goode, who are to have charge of the department of music at Anderson College during the coming session, arrived in the city yesterday and are already comfortably located at the college. They made a very favorable impression indeed upon the Anderson people with whom they met during yesterday and they will soon be popular with the people of this city. Mr. and Mrs. Goode come to Anderson with the highest recommendations and it is said that they are both accomplished musicians. Mr. Goode, who is the director of music, was a pupil of W. H. Sierwood of Chicago and Jose Damotta of Berlin. Mrs. Goode, who will be associate in piano, is a graduate of Judson college and herself a wonderful musician.

COTTON OPERATOR FILES PETITION IN VOLUNTARY BANKRUPTCY

(By Associated Press.) New York, August 21.—Eugene Scales, the cotton operator, today filed a voluntary petition in bankruptcy, giving liabilities at \$228,585 and assets of \$200,250. With James A. Patten of Chicago and others Scales was indicted by the federal grand jury in 1912, in connection with a conspiracy to corner the raw cotton crop of 1910. After long litigation the defendants were fined \$4,000 each. Scales recently had been conducting his operations alone on the bull side. To the sensational decline in cotton price following the opening of the European war, he attributed his bankruptcy. Much of his trading was done through the firm of S. H. P. Pell & Company, which failed the morning the New York exchange suspended operations. According to William W. Blatchford, Jr., Scales' attorney, it was found necessary to file the petition in bankruptcy because of the tangled condition of Scales' accounts, brought about by the Pell failure.

BRITISH SHIPS SIGHTED

Within the Three Mile Limit of the Virginia Coast (By Associated Press.) Newport News, Aug. 21.—That an unidentified British warship was off the Virginia coast late this afternoon and well within the three mile limit was the statement of Captain W. W. Scott, of the Virginia Pilot's Association, who tonight piloted the British steamer Mavis Brook into Hampton Roads. The warship was in plain sight of the pilots stationed at Cape Henry. The pilot says that Mavis Brook and warship conversed in code signals after the freighter had been stopped by order of the man of war. The master of the Mavis Brook claimed not to know the name of the warship. He likewise volunteered no information as to his conversation with the vessel.

EXPOSITION NOT TO BE DELAYED

Panama Exposition Will Be Held In San Francisco On Dates As At First Planned

For a time it was feared that the war in the foreign countries would interfere with the Panama exposition, which is to be held in San Francisco and some even feared that the exposition might never be held, but it seems that all these fears are groundless, judging from a telegram received in Anderson yesterday. Charles C. Moore of San Francisco, general secretary of the exposition, yesterday telegraphed to W. B. Sullivan of Columbia, manager of the South Carolina exposition committee, in which the San Francisco man assured Mr. Sullivan that the exposition is to be held and that there will be no postponement of dates. He makes the positive statement that the exposition will open in February, 1915.

Mr. Moore says in his telegram that the European war, instead of hurting the exposition will help it, because of the fact that the thousands of Americans to be found at all seasons of every year traveling in European countries, will be unable to make the trip in 1915 and will therefore remain at home and attend the exposition, insuring a much larger attendance.

The telegram also says that only five of the 37 foreign countries to be represented at the exposition are now at war and that probably three of these and possibly all five, will send their exhibits anyway.

Mr. Moore says that this is a splendid opportunity for American manufacturers to impress the foreign countries with the worth of the articles they manufacture and that the displays to be sent to the exposition should be twice as elaborate on that account.

TRADE CONFERENCE HELD BUSY SESSION

Called by Secretary of the Treasury

Anderson People Learn of What Conference on Banking, Shipping etc. Accomplished

The Anderson chamber of commerce and the business industries of the city have been notified of the work accomplished at the recent conference in Washington, held by the National Foreign Trade Council, at which the conference considered questions relative to shipping, grain and other industries. The National Foreign Trade Council was represented at this conference by a committee consisting of James A. Farrell, chairman; Samuel D. Capen, of St. Louis; J. A. C. Carson, of Savannah; E. A. S. Clarke, of New York; Robert Dollar, of San Francisco; P. A. S. Franklin, of New York; James J. Hill, of St. Paul; Edward N. Hurley, of Chicago; Barton Myers, of Norfolk, Va.; Welding Ring, of New York; John D. Ryan, of New York; W. D. Simmons, of Philadelphia, and E. P. Thomas, of New York.

Efforts were made by the chairman to have the members of the council who reside in Galveston and Mobile, who were unable to attend, represented by substitutes, but the Galveston Cotton Exchange and the Mobile chamber of commerce were unable to arrange this. Senator J. E. Ransdell of Louisiana, was designated by the New Orleans Association of Commerce, to act for that city.

WAR RISK INSURANCE

Resolved, That this conference, representing the business interests of all sections of the country, expresses its high appreciation of the prompt and effective action of the president and congress and the secretary of the treasury in affording a prompt solution of the currency difficulties created by the outbreak of war in Europe on a colossal scale, and that this conference urges upon the government and federal reserve board to continue its co-operation by the adoption of such measures and rendering such prompt aid as may be necessary to enable this country to cope with the difficulties created by the unprecedented disarrangement of foreign trade now existing, and recommends especially that immediate assistance be provided to permit the negotiation of bills of exchange and the shipment of products to foreign markets so that the congestion already prevailing may be at once relieved and that the financial balance of trade may become in our favor.

MERCHANT MARINE

Resolved, That this conference urges the United States government to establish a bureau of war risk insurance to be administered under the direction of a suitable government department by a board of three or five members, which shall assume the risks of war on American vessels and American cargoes shipped or to be shipped thereon, when in the judgment of the board it shall appear that American vessels or shippers on American vessels are unable in any particular trade to compete on the water with the vessels or ships of other nationalities by reason of the protection afforded such other carriers or shippers by arrangements for war indemnity through their governments, and that such board have power to fix rates of premium subject to change to each country or for each class of cargo.

CO-OPERATIVE EFFORT

Resolved, That this conference deeply appreciates and earnestly and sympathetically responds to the suggestion of the secretary of the treasury in his opening address that the co-operation of the business interests of the country with the government and its various departments should prevail, and in order that each may be effectively and most promptly accomplished be it

STANDING COMMITTEE

Resolved, That it is the sense of this conference that a standing committee should be appointed, composed of recognized experts in foreign exchange, marine and insurance problems, in order that if desired, in co-operation with the appropriate committee of congress, bills may be framed for consideration designed to promote the accomplishment of these greatly to be desired ends.

FINE STOCK IS BEING IMPORTED

Donalds People Have Realized That It Will Pay to Breed Finer Horses and Better Cattle

For the first time in the history of the state fine brood mares have been imported to South Carolina in some quantity. The live stock experts have been teaching for years that the people of this section must improve their brood stock if they wish to secure results from raising horses and it seems that their work is about to bear fruit. The people living in Donalds township of Abbeville county and just a mile or so on the other side of the Anderson county line, have purchased and had delivered two carloads of fine Percheron brood mares. The mares were brought to this city from Virginia and they have excited much admiration. Many live stock dealers have been to see them and these dealers are predicting that Abbeville county will soon have more live stock and better live stock than it ever had before.
