RAILROADS HAVE

New York, Aug. 28.—Shipments of this country's foodstuffs to European ports were further facilitated today by the action of the Eastern trunk railroads, which ordered a resumption of through bills of lading, subject to minor restrictions. It is expected this will have the effect of vastly increasing American exports and bringing about a gradual readjustment of the foreign exchange situation.

NEW BANKING SYSTEM

Will Be Put Into Operation at a Very Early Date. (By Associated Press.) Washington, Aug. 28.—A conference between bankers from the twelve reserve cities and other business centers and the federal reserve board, which may result in an immediate announcement of the time for opening of the new banking system was called today by the board.

Many Poles in Army

London, Aug. 28.—9:20 p. m.—Antoine de Zavan, the Polish author, has sent this telegram to the Spectator: "The mobilization was carried in Warsaw with indescribable enthusiasm. For the first time since the partition of Poland our peasants took an active part in a national movement. There are more than 400,000 Poles in the Russian army."

FANT'S GROVE.

Pendleton, Aug. 28.—A number of visitors have been in our community recently. We were glad to have them with us, but as there are other things we wish to mention, will not try to think of names.

One of our friends said to us, not long ago, "And now I notice they are going to arrest the poor blind beggars on the streets of Anderson as though of you and said I knew you would take up for them."

No, I replied, I wrote a plea for them a few months ago, in fact that was why I began writing from this place, and while I could write—I was about to say—a whole book about being good to the poor, perhaps nobody would want to read it, and if they did I fear not one would agree with me.

Then, I continued, "You remember when the rich man saw the beggar, Lazarus, in Abraham's bosom, he wanted him to send Lazarus to warn his five brothers, but Abraham said: 'They have Moses and the prophets.'"

I said, now you know there are good women in Anderson to say nothing of the good ministers of the gospel, of the lowly Nazarene, let's wait for them to say something, they could have an influence, we can't.

We have contended for a long time that we ought to have an election for officers, only once every four years. Some say, "but we might not get a good man and have to keep him—four years." Well, we have to keep one man, at the head of the nation for years, and sheriffs four years, why can't we risk them all? (We mentioned sheriffs because they are expected to keep peace) and have all the bitterness every two years.

The bitterness will always be with us when the poor people have a leader. Tillman said in his last letter that he was the first man to lead the poor people, and he was, and the only one since, has just been defeated. The victorious ones may cry out Blasphemy and the other "isms" is hurled as long as they wish, but when a man like him appears again, the "grave" will be opened, and all the class hatred and bitterness will be resurrected, and will be very much alive, until he is defeated.

Tillman was fought from the beginning, until he renounced the poor people, and their leader two years ago. (And the rich don't like him yet, for nobody ever thought Adam did right, when he laid the sin on his wife.) Blaise went into office the first time, in spite of as much opposition, and before he had ever helped a poor convict to take off his prison clothes, or Blaise "lawlessness" had ever been dreamed of.

Let us all pray for a leader that can make friends of the poor, and keep in favor with the rich.

The Case of L. L. Cantelou.

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

THOUSANDS SUFFER

Families of Swiss Are in Want, Men Having Been Mobilized. (By Associated Press.) Washington, August 28.—President Hoffmann, of the Swiss confederation, cabled the Swiss legation here today of suffering among the population of the republic and authorizing the legation to raise a relief fund in America.

Not So Strange After All.

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally.

ROUTE CHANGED

War Necessitates Changing of Route On Correspondence. (By Associated Press.) San Francisco, August 28.—All official government correspondence between Great Britain and Japan is passing through this city in coded cable messages. Ordinarily the route is from London to St. Petersburg, from St. Petersburg to Vladivostok across Siberia and from Vladivostok to Japan.

TSING TAU IN DANGER

Peking, Aug. 28.—Military news here say that the wreckage of the allies, including the Australian dreadnaught expected in China waters, will be able to bombard Tsing Tau with safety, owing to the range of their large guns, which is greater than that of the guns within the German fortifications.

PARENTS' DUTY

Did you ever see the well cultivated field how well they show up the work and fertilizer the energetic farmer has applied and the field that has been dwarfed by the lack of proper cultivation and fertilizer.

Now who is responsible for the difference in these fields? The same rule for working crops and receiving a reward, will also work in raising children.

Children need all the energy and help their parents can bestow on them to make them useful in their life. The child that has been deprived of this help, shows it just as plain as an uncultivated field.

Now who is responsible for the education and growth of this child? Children can no more grow and prosper without proper help than an uncultivated field.

So parents it behooves you to strain every effort for the advancement of your children. For no true parent wants to see his child deprived of anything that will have a tendency to honor and uphold. You can take the finest seed and plant them, and without the proper cultivation, you will never reap good results.

Same way with children. They may come of the very finest stock as the old saying goes but without proper help they will become dwarfed and be looked upon as an inferior class, caused by the negligence of their parents. Sometimes we hear of a self-made boy or girl, but they are scarce, they are not telling what they could have been with proper help. Some parents take more pride in preparing their fields than they do for the advancement of their children.

Now it is all right to look well to both the ved and the child. But oh! parents let me entreat you to consider the way you are neglecting your offspring. For God will surely hold you responsible for them.

He has said in that great book parents should lay up a good heritage for their children, and no better heritage can a man leave to this world than a well educated and prosperous family of children. You can observe the difference as you journey along, between cultivated and uncultivated fields. Same way with families of children, who have had help and no help from their parents.

Some fathers have kept their children out of school and made them work that he might accumulate riches, and then when they are of age send them out to battle for themselves without a cent of God's aid.

Now, just what about a father treating his offspring that way. Many are doing it.

I wonder what do they ever expect their children to accomplish. It certainly would take a self-made boy or girl to reach a high standard in life. Parents if you want to be respected by your children and be respected for them by doing your full duty in education and helping them to a higher standard. The world needs better boys and girls, that we may have better men and women. A true loving, kind father, one who is wide awake to his children's welfare must surely be a true type of God.

CITROLAX CITROLAX CITROLAX

It's a laxative, of course—name tells you that. And the nicest hot weather drink you ever tasted. Flushes thoroughly and pleasantly, too. F. C. Crayler, Syracuse, N. Y., says: "Have used laxatives for 15 years but this Citrolax has got everything else beat a mile." You will agree with him. Specially nice for children and delicate persons. Sweetens a sour bilious stomach very quickly and stops headache. Evans' Pharmacy, agents.

MORE FIGHTING FOR MEXICO

Natives Keep Up Hostilities On a Small Scale. (By Associated Press.) Vera Cruz, August 28.—Private messages from Mexico City say there has been fighting in the streets of the capital again yesterday and that several persons were killed. The censorship there renders it impossible for Mexican refugees here to get details.

Passengers from Puerto, Mexico, say that General Rincon and his garrison of 400 men there have revolted and joined the former federal soldiers who revolted at Salina Cruz, thus giving them control of the Isthmian railway.

BRANDED AS A DESERTER

Retired Army Lieutenant Dropped From Army Roll. (By Associated Press.) Washington, August 28.—First Lieutenant Telling L. Poindexter, retired, was dropped from the army roll today as a deserter. He had failed to obey an order to appear at the war department and answer complaints of creditors. Previously the officer's pay had been stopped in a vain effort to make him communicate with the department.

Lieutenant Poindexter is a native of Virginia, 43 years old, and became a second lieutenant of coast artillery after serving as a volunteer during the Spanish-American war. He was retired for disability in 1905.

The Twenty Year Test

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Gen. W. Brock, publisher of the Enterprise, Aberdeen, Miss. "I discovered that it was a quick and safe cure for diarrhoea. Since then, no one can tell me anything said to 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anybody. For sale by all dealers.

WILL HELP AMERICA.

The War in Europe Will Be of Benefit to Us. Atlanta, Ga., Aug. 28.—Colonel William Lawson Peel, one of the oldest and most conservative of the Atlanta bankers, believes the war in Europe can but be of ultimate good for the American people if they will take advantage of the situation.

"The war will make the people more economical," he said. "They are spending too much on frivolities and saving too little. Until there is an adjustment, things will be tight. But after the war the prosperity of the United States will double and triple. Prosperity is in the making, because we shall learn to make more, to conserve our resources, to supply our own demands."

One of the most immediate effects of the war has been shown in the sudden doubling and tripling of the prices of many drugs which are obtained solely from Germany. The Germans are the greatest manufacturing chemists in the world, and when their shipments were stopped there ensued a famine in many drugs. Local dealers have shot their prices to the limit, saying the wholesalers have doubled prices to the trade.

BRUSSELS MUST PAY

London, August 28.—An Ostend telegram in the Reuters Telegram company says that of the German war levy of \$40,000,000 on the city of Brussels only \$200,000 has been paid and the Germans declare that if the remainder is not made good they will seize picture and art works in the museum.
