## MARKET REPORT

### Chicago Grain

Chicago, Sept. 8.—Wheat prices tumbled today on reported victories for the allies being taken to mean possibility of sudden peace. A reaction ensued, but the market closed heavy at 5 to 5 1/2c net decline. Corn finished 1 1/4 to 2 3/8c off, oats down 1 1/4-2 1/2 to 1 5/8-2 1/4c down, and provisions varying from unchanged figures to a loss of 47 1/2c.

### Cotton Seed Oil

New York, Sept. 8.—Cotton seed oil was weak, closing 6 to 19 points net lower. The decline was due to tenders of 7,390 barrels on September contract, freer and cheaper offerings of crude oil and lack of new buying power. Sales 12,400 barrels.  
 The market closed barely steady. Spot 58 5/8c; September 58 5/8c; October 58 3/4c; November 58 1/2c; December 58 1/4c; January 60 2/4c; February 60 3/4c; March 61 2/4c; April 61 4/8c.

### Money on Call

New York, Sept. 8.—Mercantile paper 7. Sterling exchange easy; for cables 49 1/2; for demand 49 1/2. Bar silver 54 3/4.

### Dry Goods

New York, Sept. 8.—Cotton goods and yarn markets were heavy today. Silk mesalines for spring have been pressed five per cent lower. Dress goods markets were active.

### Liverpool Cotton

Liverpool, Sept. 8.—Cotton, spot improved demand, prices 20 points lower. Middling fair 75 1/2; good middling 60 1/2; low middling 55 1/2; good ordinary 45 1/2; ordinary 39 1/2. Sales 2,700 bales, including 2,400 American on the basis of 6,000 for middling. Imports 13,000 bales, including 1,000 American. The price of January and February delivery was reduced to 5.70d.

### GINNER'S REPORT

Washington, Sept. 8.—Cotton of the growth of 1914 ginned to Sept. 1 amounted to 475,455 bales counting round as half bales, the census bureau announced today in its first ginning report of the season. This compared with 799,099 bales ginned to September 1, last year, 730,844 in 1912 and 771,297 in 1911.  
 Ginning reports by states include North Carolina, 970; South Carolina, 14,864; Tennessee, 31.

### World's Finances.

New York, Sept. 8.—More confidence in the financial situation was expressed today by domestic bankers. This feeling was regarded as a natural reflection of the easier conditions reported from London, resulting largely from the success which attended recent negotiations for the payment of New York city's foreign indebtedness. Foreign exchange was slightly easier.

Local money conditions were unchanged as to rates, but supply was more limited, last Saturday's bank statement, which was up to popular expectations, causing some lenders to withdraw from the market. It is not improbable that New York banks may increase their supply of emergency currency because of the increasing disinclination of interior banks to make loans in this market.

### A GOOD MEETING

The National Farmers' Union is to Ask Federal Aid.  
 Fort Worth, Tex., Sept. 8.—With representation from more than two-thirds of the states in the union, the eleventh annual meeting of the Farmers' Educational and Co-operative Union of America came to a close in this city last week, after a three days' session. The keynote of the convention was the action of the body in voting to ask direct aid from the government in the present crisis which confronts the American farmer as a result of the titanic struggle across the water. A plan was formulated whereby the federal government will be asked to tide the farmer over the emergency, and a committee was appointed to go to Washington to consult with federal authorities relative to the situation.

# FEASTER TRIBBLE DIED SUDDENLY

## POPULAR MAN HEARD LAST SUMMONS

## HAD HEART DISEASE

After Suffering for Only Few Minutes Prominent Business Man Breathed His Last

Feaster V. Tribble is dead. Every inhabitant of Anderson will be shocked to hear this announcement because yesterday Mr. Tribble was at work and seemingly in his usual good health. Last night he was on the streets of the city and at that time he gave no indication of being ill, but this morning at 12:10 he passed away at the home of his mother, Mrs. Emma F. Tribble, on North Main street. At the time of his death members of the family were at his bedside.

For several days Mr. Tribble has been unwell and yesterday he consulted a physician who told him that the trouble was with his heart, but at the time it was not known that his condition was serious. Last night Mr. Tribble was at the office of The Intelligencer at 11 o'clock and shortly after that hour he went to the home of his mother, where he read for a few minutes and then began to prepare to retire. He suddenly became ill and members of the family rushed to his assistance. At the same time they summoned Dr. J. R. Young and Dr. J. O. Wilhite, but before either of the doctors arrived Mr. Tribble was dead.

Mr. Tribble was 30 years of age. He was a son of the late James L. Tribble and Mrs. Emma F. Tribble. His wife, before her marriage, was Miss Alice Stribling of Pendleton, a daughter of Mr. and Mrs. Cornelius V. Stribling of Pendleton. The deceased was prominent in the Travelers Protective Association, having been secretary of Post D for some time and being distinguished in the splendid work he has accomplished in behalf of the association, leading all secretaries in the United States. He was also secretary of Anderson Council No. 432, United Commercial Travelers and was a member of the Knights of Pythias. He was a member of the First Baptist church of Anderson.

Mr. Tribble is survived by his wife, his mother, one brother, James W. Tribble and four sisters, Misses Anna, Beesie, and Frances Tribble and Mrs. Q. Frank Johnson.  
 Feaster Vandiver Tribble was born in Anderson on March 5, 1884 and all of his life has been spent in this county. He was a traveling salesman for a long time and then he became secretary of the Anderson office of the Petroleum Oil Company, which position he was filling at the time of his death. He was a splendid business man and there was no more popular man in the city. He had a heart of gold, was always ready to do anything for a friend and no kindness was too great for him to perform. Feaster Tribble was a likeable man and a lovable man in every sense of the word.

At an early hour this morning, none of the funeral arrangements have been made, as Mrs. Tribble is visiting her parents in Pendleton and could not be communicated with but it is hardly likely that the funeral will be held until tomorrow.

### Clemson Has Hard Hit.

There was not in Anderson any man more full of public spirit than Feaster V. Tribble. He took great more than a year he unaided worked up a convention which was attended by possibly 200 Georgians who came here to do what they could to get the interurban railway extended to Atlanta.  
 He made the national record this year in the T. P. A. membership contest. He took a lively interest in getting the Blue Ridge to extend the gas-electric service to Seneca, and he was always on the alert and was planning a big convention for the T. P. A. of Anderson this fall in order to welcome the national secretary. Mr. Tribble was proud of his work as a salesman and he had made good in an ordinary manner.

It was just yesterday, on the day of his death, that his generous impulses were shown. He had heard of some young men who wish to attend Clemson College and are unable on account of the fact that no cotton is being sold. Mr. Tribble brought the matter to the attention of The Intelligencer. This paper took up the matter at once with the president of the college on the suggestion of Mr. Tribble and asked if it were not possible to permit students to give their notes to the college. The story in behalf of the young man was very successful, but Mr. Tribble had done his part. Dr. Riggs wired The Intelligencer:

"Imprecable to adopt general policy of accepting notes in lieu of student fees which are principally for provisions, clothing, etc., for which the college is likely to be seriously embarrassed as it is at present and has not now sufficient to run on until the tax begins to come in without overdrawing its bank deposits. We have 516 applicants and think we will have no trouble in filling up to our full capacity. As you know, the cost at Clemson is lower than at any other technical college in the south. Thanks for inquiry. Letter follows."  
 The war in its widespread ruin is going to injure the educational institutions of the south unless some im-

## CHARLESTON MAN HAD RARE OLD COIN HERE

## LOUIS I. DUSENDERRY WAS A VISITOR

## HE DISCUSSED WAR

## He Believes That Peace Protocol Will Be Signed In Six Weeks and the War Ended

Among the strangers in Anderson yesterday was Louis Duesenderry of Charleston, a member of the Huguenot society of Charleston. Mr. Duesenderry is connected with many of the oldest and best known families in Charleston and was an interesting talker with regard to the European war, having only last fall returned from a two years' trip through the continent.

He exhibited a copper coin made during the reign of Prince Louis Napoleon III, issued during the Franco-German war of 1870. At that time France was an empire and Louis Napoleon was emperor. The coin carried an engraving of Emperor Napoleon on one side and an eagle, very much like the eagle on the American coins, on the other side. It was for five francs. It was in a good state of preservation though it was somewhat difficult to distinguish the date.  
 Mr. Duesenderry has had this particular coin for many years. It has an special attachment for it because of certain incidents connected with the closing days of the Franco-German war of 1870; and he stated that he carried it around with him now because of the great interest in the present European conflict between the same countries.

Discussing the possibilities of the present war, the Charlestonian stated that within the next three weeks the German army would have become so exhausted before the gates of Paris that the allies would encompass its defeat and capture the vast bulk of it thus closing the war; he predicts that a protocol of peace will be signed inside of six weeks, and the terms of the same will call for the creation of a German republic and the payment of an immense war indemnity to the allied armies. He also looks toward the creation of a new Poland and the amalgamation of Belgium and Holland into one country, probably a republic.

## SUBMIT AGREEMENT THE FOR GROWERS

## Southern Cotton Congress Submits Form of Pledge As To Acreage Reduction

The following agreement has been drawn up for the cotton growers of the state to sign in order to help stave off the impending disaster in the cotton situation of this and other cotton growing states:

"Whereas, owing to the reduction in the consumption of cotton incident to the general European war, the cotton planters of this state realize the necessity of a concerted movement to withhold from the market the surplus of the present cotton crop and the reduction of the acreage for the ensuing year of 1915;

"Now, therefore, in consideration of the sum of one (\$1) dollar to be understood paid by the president of the South Carolina division of the Southern Cotton congress, the signers of this agreement hereby convenants and agrees to and with the said president and his successors in office, as trustees for and on behalf of any and all signers of like pledges in the state of South Carolina as follows:

"First: That he will sell no cotton prior to October 1, 1914, unless he shall receive 10 cents per pound or more therefor.

"Second: That he will reduce the acreage planted by him, his sharecroppers, and others under his control to not exceed 50 per cent of the acreage planted by him in 1914.

"Third: That he will store and hold for a year at least one-third of his 1914 cotton crop unless 12 cents per pound can be obtained sooner therefor.

"Fourth: That the signers of this agreement, as liquidated damages agree to pay for the president of South Carolina division, as trustee for the signers of like pledges in the state of South Carolina, an amount equal to the difference in the price per pound at which he may sell any cotton and the minimum price fixed at 12 cents per pound, and ten (\$10) dollars for every acre of cotton planted in violation of the provisions of this agreement. Any fund so paid in any county to be divided among the signers in such county.

"Witness my hand and seal this first day of September, 1914.

"Signed, sealed and delivered in the presence of:  
 (L. S.)  
 The improvements on the Lenoir and buildings at Clemson have had to be suspended. The college opened its doors yesterday for the school year.

## A New Office Building Connected With Theater

A meeting of the stockholders of the Anderson Development Company was held yesterday afternoon at the chamber of commerce, the meeting being well attended and formally authorized the directors to float a loan of approximately \$27,000.00 towards erecting the theatre-office building which is now being erected on West Whitner street.

Mr. J. S. Fowler, president of the corporation, also announced the appointment of a building committee of two to assist him, naming R. B. King and Rufus Fant.

President Fowler stated that every effort was being made to complete the theatre part of the building on or before December 18th, in order to hold performances there during the holidays.

## AUSTRIANS LOSE HEAVILY

Rome, Sept. 8.—Dispatches received recently from Trieste, an Austrian seaport on the Adriatic coast, say that mourning there is general on account of the losses suffered by the 97th and 27th Austrian infantry regiments composed of Italians from the Istria peninsula. The regiments lost 4,000 men in battle, forty guns and much ammunition.

## WILSON BUYS COTTON

Washington, Sept. 8.—President Wilson today joined the "Buy a Bale of Cotton" club. At the request of Senator Smith and Representative Hardwick, of Georgia, who called to discuss the cotton situation, the president ordered \$50 worth of cotton from the "Buy a Bale of Cotton" club of that state. Senator Smith guaranteed the president a profit on his investment. People throughout the south are joining the movement to take up the cotton crop, Senator Smith said. He added that next year the cotton crop would be cut in half and that wheat and other products would be substituted.
