

BIJOU THEATRE TODAY'S PROGRAM

The Norene St. Clair Stock Co.

WILL PRESENT "I'll Be Hanged If I Do"

A DANDY COMEDY. The Bijou does not close during supper hour now, so you will see a complete show each performance.

PHOTOPLAY

BRANSFORD IN ARCADIA... ECLAIR
3 reel powerful drama with J. W. Johnson and Edna Payne.
FOURTH REEL TO BE SELECTED
Don't forget "Sherlock Holmes" visits the Bijou every night. Catch him and win \$25.00.

SHERLOCK HOLMES, JR. HAVING A GOOD TIME

He Visits the Furniture Store of G. F. Tolly & Son And The Anderson Hardware Co.

Got you guessing, haven't I? Well, I thought I would have, but you will have a bunch of guesses coming before I tip my John B. Stetson and say farewell. Watch and see if I am wrong. Oh, yes, speaking of tipping my hat to you reminds me that it will be a John B. Stetson bought from T. L. Cely Co. You know this store is headquarters for this famous line and they have just received their fall shipment. I heard Mr. Madden, one of the popular salesmen in this store, say he had sold five of these hats one day this week. Also be sure to look their line over before you order your fall suit and I will bet my hat to a cheese sandwich that you give them your order.

The Elks club? No I haven't been there yet, but I am going. And when I do I shall tell you all about the visit; and I shall try to make it interesting. However, I shall turn a little trick or two in the next few days that will make a slight resounding reverberation (that's some reverberation by the way) and it will listen good.

If the elderly lady in black at the postoffice yesterday afternoon about 4 o'clock remembers the man who picked up the package for her, she will remember Sherlock Holmes, Jr. I don't know if a stitch in time saves nine or not, but sometimes a stitch at nine saves a couple of stitches at ten. That is just why I think you should get busy and do your decorating before the winter sets in. Go down to the Anderson Paint & Color Co. and tell Mr. Dugan that you want to fix things up a little and he will take pleasure in assisting you in selecting your decorating scheme. They have the largest and best assortment of wall paper in the city and when it comes to paints, varnishes, stains, tints and kalsomines you have the most complete stock in the state to select from. Don't forget, too, that this store is headquarters for glass.

I do not claim to be a financier but I do claim that I know why so many of the working people are up against it when hard times come along. We simply do not plan ahead but go on spending all our money as fast as we make it. This is especially true of the men and women who draw their money every week or two. We are simply pleasure mad. The working man is giving too much of his money to the railroads. The working people of this community are paying the railroads for pleasure trips more money than the mills are making. This is an actual fact, taken from statistics in the mill districts. The working man in this section should put away each week some part of his wages in a bank and let it draw interest. The Bank of Anderson runs a savings department especially for small depositors and pays interest on every dollar deposited. One dollar will start an account and you will receive the same courteous treatment when you make your dollar deposit as you would if it was a thousand dollars.

Very likely when you were looking for me yesterday I was out at College Heights. I consider the lot I have picked out one of the best buys I have run across in my travels. It will not be long till College Heights will be priceless land. Now is the time to buy out there as one can soon sell at three times what it costs to buy a lot now. There is an exclusive individuality about College Heights lots. You are just far enough away from the congested district and the air is pure and salubrious as the elevation is far above the center of the city. There is to be reserved a private park crescent in shape that will be improved and planted with flowers beds. I am told the Franks & DeCamps Realty Company are sales agents for College Heights and will gladly show this property to anyone interested.

They were in front of the Bank of Anderson about 6 o'clock yesterday afternoon. I don't know who they were but I wish I did. The middle girl was dressed in pink—and none of the trio wore hats.

That I can safely get by at the Bijou is not due to my efficient disguises as to the fact that I am only being looked for going in and coming out of the play house. Many forces of active searchers for me line the entrance but they do not seem to think I can be located inside. I have never been captured going in or coming out of a theatre, but many times while enjoying the show, I remember one time a little girl ten years of age captured me. She was scoted by my side for half an hour before she finally got up courage to tell me that she knew who

I was and asked for the money. I gave it to the little lady on the spot. I really expect to be captured at this theatre as I am not going to let anything keep me from the Norene St. Clair Stock Co. in their splendid repertoire all this week and I always enjoy the pictures so much that I stay longer than I intend to.

She was dressed in white and had auburn hair. Entered car No. 760 on the square about 5:50 yesterday afternoon. She refused to notice me.

Progressiveness wins every time. There is no doubt about it. That is the reason the Coca-Cola plant here has steadily increased its business. Mr. Ramer has never spared expense when it comes to keeping up with the latest improved machinery needed in his plant to give his trade the best possible drink handled in the most approved sanitary way. This plant is turning out a tremendous output daily but a human hand never comes in contact with the contents or contains that could in any way contaminate the drink. The automatic machinery which sterilizes, washes and fills the bottles is wonderful.

Somebody has asked the question why I have so much to say about the G. F. Tolly & Sons furniture store. I will just say that I am talking about this store for the simple reason that I don't find a big concern like this as a rule in a city the size of Anderson. I have personally inspected this stock and I am not saying one word that is not the truth. You housewives who appreciate the things that make our homes attractive understand what it means to have a mammoth store of this character to draw from. There is no home so humble nor none so elaborate that G. F. Tolly & Sons can't furnish from the kitchen to the parlor. Their prices are as low as you will find anywhere for the same quality of goods.

I am in receipt of a postal asking, "Do you ever wear disguises?" Well, brother, to ask a fellow to give his game away is a new one on me but you will think I do before this proposition is ended. However, you look me up when the stunt is ended and I will try and give you all the information you want on the subject. But just now you will have to figure it out for yourself.

I didn't have space in my story yesterday to say all I wanted to say about the good work that Dr. Campbell, the eye specialist, is doing here for the school children. One thing that I would like to impress upon the minds of the parents of these children is the importance of correcting any defective vision before it becomes a serious matter. It is a very easy matter to correct any trouble when taken in hand at the start, but this is not so when the eye has been neglected for years. It is a duty we owe the child and the coming generations that we take the first opportunity offered us to see whether the child needs the attention of an eye specialist. The chart as furnished by Dr. Campbell has been the prime factor in solving the problem of many seemingly dull students. The world today is demanding men and women of the highest proficiency. I am in dead earnest about this matter and feel that Dr. Campbell deserves credit for his efforts in behalf of the youth of this county. I see he has the endorsement of the county superintendent also the superintendent of the city schools.

I overheard a conversation yesterday that goes to prove what I said about the advantage of a privately owned public service company over that of a municipal owned plant. The Southern Public Utilities Company have just completed work to the amount of \$25,000 on improvements of water mains and extensions. Your city here has failed to buy a fire engine and put in an adequate fire alarm system that is badly needed because the funds were not available. This is pretty good evidence that Sherlock is handing you some dope on a question that you should consider worth jotting down for further use when the occasion arises.

Great jumpin' crickets! They have received two car loads within the last ten days. Now if you want to save some money on plows just rustle up the cash and see how quick you can get them at figures you never dreamed of. Best make on earth too—Chattanooga plows. Just follow this list, Mr. Man, if you have any stubble land you are going to plow. No. 71, one horse 5 in. deep 7 in. wide. This plow will go deep in dry land when other plows won't make narrow furrows in hard clay. No. 72, one horse

5 in. deep, 9 in. wide. This plow has a high bold front, with sharp cutting edge. No. 72 1 1/2 H. light two horse turning plow, it's a dandy. I can't tell you about them all but you have 15 different styles and weights to select from. Oh, yes, was about to forget to tell you. "The Old Ped Mill" three-roll vertical horse power cane mill is here waiting for you to come down and get it. They range in size from one horse to large two horse. The Chattanooga Plow Co. is the largest cane mill maker in the world and they make the best.

They are in a class all by themselves. There were two of them, one black and white—both wore black earrings. They were in front of Cely's about 5:45 yesterday afternoon. Where was I? On the tail of a kite. A description of the way I will dress during the contest today will be passed on the window at Cely's. The hours today will be from 3 to 5 p. m. and any time tonight at the Bijou theatre.

Yours truly,
SHERLOCK HOLMES, JR.

Diarrhoea Quickly Cured.

"My attention was first called to Chamberlain's Colic, Cholera and Diarrhoea Remedy as much as twelve years ago. At that time I was seriously ill with summer complaint. One dose of this remedy checked the trouble," writes Mrs. C. W. Florence, Rockfield, Ind. For sale by all dealers.

"BUY ONE BALE" WILL TURN TRICK

If Every Business Man and Merchant Will Act South Will Be Saved

Editor of The Intelligencer: If every merchant and business man in Anderson county, and all the counties in South Carolina and of the entire south, buy and put away one bale of cotton at 10 cents per pound, there would be a demand sufficiently numerous for the remainder of the cotton crop to run the price up to probably 12 cents per pound. This will not incur a heavy investment on the part of the business men and merchants and will aid to a large extent to help make a market for the cotton farmers to sell their staple, and I believe it would make fall collections and business in general good, and I believe your paper will aid in helping to get this proposition before the bank officials, business men and merchants of the state. You can determine after a careful consideration that such a movement would greatly benefit our conditions in this state and of the south.

I earnestly hope a movement of this kind can be perfected.
M. N. PATTERSON.

Cost Kept Down—Quality Kept Up.

No better medicine could be made for coughs, colds, croup, hoarseness, tickling throat, bronchitis, etc., than Foley's Honey and Tar Compound. That's why they can't improve the quality and war or no war, the price remains the same. E. J. Sargent, Dallas, Tex., says: "I believe Foley's Honey and Tar has no equal for it completely relieved me of all symptoms of tuberculosis and my cough has entirely disappeared." Don't accept any substitute, for Foley's Honey and Tar is the best. Evans' Pharmacy agents.

ALLIES ARE SUCCESSFUL

Paris, Sept. 8.—Accounts of wounded soldiers who reached Paris late today indicate that the result of the three days fighting in the Champagne country has been more favorable for the allies than at first supposed. They say that the German losses in killed were enormous and that a great number of prisoners were taken. One French officer estimates the prisoners at 20,000. The Champagne district includes parts of the departments of Marne, Ardennes, Aube and Haute-Marne.

ALLIES GAINING GROUND

London, Sept. 8.—The British official press bureau issued the following announcement tonight: "The general position continues satisfactory. The allies are gaining ground on their left all along the line of the Oureq and Petit Morin rivers. The British have driven the enemy back ten miles."

Acute Indigestion.

"I was annoyed for over a year by attacks of acute indigestion, followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for this complaint but nothing did me much good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our druggist. I soon realized that I had gotten the right thing for they helped me at once. Since taking two bottles of them I can eat heartily without any bad effects." Sold by all dealers.

A Lame Back-Kidney Trouble Causes It.

It don't take long for kidney and bladder trouble to give you a lame back, and even worse, if not checked. Mrs. H. T. Strayhorn, Gainesville, Ga., was fairly down on her back with kidney trouble and inflamed bladder. She says: "I took Foley Kidney Pills and now my back is stronger than in years, and kidney trouble and painful bladder sensation have entirely gone." Good druggists are glad to sell Foley Kidney Pills because they always help. They contain no habit forming drugs. Evans' Pharmacy, agents.
