

Sam M. Wolfe Elected To The General Assembly

After spending all day in counting the vote cast for W. W. Scott and Sam M. Wolfe for the general assembly, the county democratic executive committee Thursday evening at 6 o'clock completed and reported that by a majority of 31 votes Mr. Wolfe had received the nomination. This was one of the most interesting races in the history of the county. Tuesday night it appeared quite certain that Mr. Wolfe would be the nominee, but two belated boxes on Wednesday morning gave Mr. Scott a lead of 21 votes, which appeared to be final. When the executive committee met yesterday the vote was tabulated and the Corner box showed a discrepancy. Scott really received but 13 votes there although returns as were put down on the tables with 48. This pulled Mr. Scott down 35 votes, giving Mr. Wolfe a lead of 6 votes in the tabulation.

SAM WOLFE Over Whose Election There Was Much Interest.

Whole Vote Recounted. As the result of this announcement, Mr. Scott requested a recount of the whole vote, by ballot. This required a long time, and the result was that Mr. Wolfe received a majority of 31 votes. He gained 49 and lost 4 and Mr. Scott gained 28 and lost 8, a net gain of 25, which added to Mr. Wolfe's lead of 6 votes left the latter the nominee for the sixth place on the ticket by 31 votes. In only 16 boxes in the county were no errors found. In the remaining 38 boxes there were errors in the tally sheet kept by the managers of the boxes. It was a long tedious process, but seemed to show the need of absolute accuracy as to each individual ballot. The changes were as follows:

Gains Wolfe—Ward 1, 3; Ward 5, 1; Belton mill 2; Broadway 1; Cedar Grove 1; Cox mill, 1; Fork 4; Fork No. 2, 1; Friendship 1; Honea Path 1; Hunter's Spring 1; Iva 5; Long Branch 1; Martin 1; Orr Mill 2; Pelzer 1; Riverside 2; Rock Mills 2; Sandy Springs, 5; Starr, 3; Three and Twenty, 2; Toney Creek 1; West Savannah 2. Total 49. Scott—Ward 2, 1; Ward 4, 2; Belton 4; Belton Mill 3; Campbell's Store, 2; Cox Mill, 2; Fork, No. 2, 1; Long Branch 1; Martin 1; Orr Mill 2; Pendleton 1; Pelzer 2; Pelzer No. 4, 1; Piedmont 1; Pinerocket 1; Rock Mills 1; Sandy Springs 1; Williamston No. 2, 1. Total 28.

Losses Wolfe—Ward 1, 1; Craytonville 1; Five Forks, 1; Gluck 1. Total 4. Scott—Ward 5, 1; Broadway 1; Brogan 1; Flat Rock 2; Frankville 1; Three and Twenty 1; Williamston 1. Total 8. No Changes Ward 3; Ward 6; Bishop's Branch; Bowling Green; Brushy Creek; Concrete; Corner; Chiquola, Grove School; Hall; Hopewell; Mt. Tabor; North Anderson; Townville; Walker-McElroy; White Plains. The Final Vote. The total vote after the recount, was as follows: Scott 3,645; Wolfe 3,680. Before the recount and according to the official tabulation, it was Scott 3,627; Wolfe 3,633. Mr. Wolfe

ELECTRIC CITY SPARKLETS Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

New Man in The Treasurer's Office. R. A. Gentry, who has been spending the summer months in Anderson, and acting as clerk at the Treasurer's office for Dr. W. A. Tripp, left last night for Ridgeville in Dorchester county, where he will assume his duties as principal of the Ridgeville high school. He has a number of new plans to put into effect at his school and says that he expects the coming session to be one of the best he has ever experienced. During his stay in Anderson Mr. Gentry has made a number of friends and they will regret his departure. Mr. Gentry was succeeded in the treasurer's office by J. R. C. Griffin, who was a candidate for county auditor in the recent election. Mr. Griffin had had several years' experience in the bookkeeping business at Ware Shoals and other places and will prove very valuable in this important office. He already has assumed his new duties.

An Old Question Will Be Settled. The abattoir question is to be finally settled, once and for all, at a meeting to be held today, provided it is possible for such a question to be settled by mere human beings. The question has been a bone of contention in Anderson for the last year and dozens and dozens of discussions have been held on the matter while sessions of city council are going on. At the last meeting of council a special abattoir committee was appointed, whose duty it shall be to thresh this matter out and settle it for good, and this committee will convene this morning at 10 o'clock, together with the butchers, the abattoir owner, the board of health and other interested parties. It is confidently expected that the meeting will last all day unless better time is made than has been the case heretofore.

Belton People Buying a Bale. The "Buy a Bale" movement has attracted considerable attention around Belton, according to the people from that town who were here yesterday and they say that 30 of Belton's best business men have agreed to each purchase one or more bales of cotton from the farmers, paying at the rate of 10 cents per pound and in addition to this all of the men agreeing to this have also agreed that they will hold the cotton off the market for one year at least. The first bale to be bought in Belton under this plan as purchased yesterday by Walter E. Greer, vice-president of the Bank of Belton. He bought his bale from W. N. Hanks and Mr. Hanks says that it certainly was a great help to him and he knows that it will be a big help to every farmer who is assisted.

Protest Over Council's Act. Those interested in Anderson's Carnegie Library protested long and loud yesterday when it became known that the city council had refused to again make an appropriation for the Carnegie library. Hurried consultations were held and it was announced that the matter is at once to be placed in the hands of the educational committee of the chamber of commerce in order that action may be planned and executed. One well known business man of the city said that if the city council refused again to make this appropriation he would at once cancel his subscription to the chamber of commerce and to the other organization of a like nature and give the entire amount to the library. It is probable that something will be done in regard to the matter within the immediate future.

Auto Owners Put on Notice. Mayor Godfrey yesterday called the attention of Chief of Police Samonds to the complaints which are being now heard in regard to the speed which automobiles are run in the city of Anderson and also the dust nuisance which is created to a large extent by the automobile "cut-outs." There has been much complaint in the city over this matter during the last few weeks. It is said that automobile drivers refuse to recognize that the pedestrians have any rights and run their automobiles at a very dangerous pace on the business thoroughfares, while others insist on using their cut-outs at all times. Both practices are to be stopped if possible.

Straws Beginning To Be Conspicuous. Straw hats on the streets of the larger cities of the country are becoming conspicuous now by reason of the fact that after September 8 it is "open season" for the straws and the public has the right to knock a straw hat off a man's head. Even in Anderson the change is noticeable and felt hats are appearing every day. Nobby soft hats and derbys galore are adorning domes and within the next few days there will be no straw hats to be seen.

One Farmer Cut Down His Acreage. Judge Plummer Nicholson yesterday became a member of the "Buy-a-Bale" club in Anderson by purchasing a bale of cotton at 10 cents per pound from W. L. Perry, who lives one mile out of the city. Mr. Perry says that it was certainly a great help to him when Mr. Nicholson bought the bale. He has resolved to cut his acreage in cotton one-third next year, and he says that he believes it would be a good thing for every farmer in the county if they would agree to do this. It is understood that many Anderson county farmers favor the reduction of cotton acreage.

People Are Here From Arkansas. Mr. and Mrs. G. W. Campbell are in the city visiting Mr. Campbell's brother, Dr. M. R. Campbell. Mr. Campbell's home was formerly in Indian, Colleton county, S. C., and he and Mrs. Campbell are on their bridal tour, having been married but a few days. Mrs. Campbell was a Miss Cora Black, one of Colleton's most popular young ladies. They are charmed with Anderson, and think it would be easy to say "Anderson is my town."

Ready for the Opening Day. Dr. Kinard asks The Intelligencer to announce again that the students of Anderson college must report to the college at 9 o'clock on Tuesday morning, Sept. 15. This is necessary in order that students may be classified before Thursday, the 17th. Parents are requested to send their daughters promptly on the 15th. The formal opening of the college will be held on September 17, at 9 o'clock, and all are cordially invited to be present on this occasion.

Feaster Tribble Was Buried Yesterday. Feaster V. Tribble was buried yesterday morning shortly after 10 o'clock at Silver Brook cemetery. The funeral services were held from the home of his mother, Mrs. J. L. Tribble on Main street, the services conducted by Rev. O. L. Martin and Rev. D. Witherspoon Dodge. The floral tributes were beautiful and in number they were larger than at any funeral held in Anderson within months. Mr. Tribble was popular with the rich and poor alike and they are grieved because of his death.

Little Girl Met With An Accident. Little Mary Roger Jolly, the daughter of Mr. and Mrs. George Jolly, met with a very painful accident late Wednesday evening when she fell and broke her leg. The little girl had started to run across the lawn at her home on River street when she fell. How the fall broke her leg remains a mystery. Medical assistance was summoned and it was said yesterday that she was beginning to recover.

Sermons Are Drawing Crowd. The meeting which is now in progress at the Associate Reformed Presbyterian church of Anderson is attracting large crowds and the people of the city say that some of the best sermons ever heard in this city are being preached by Dr. Phillips. The services are held at 10 o'clock every morning at 8:15 every evening.

Miss Smith at Anderson College. Miss Helen F. Smith of Abbeville, the lady principal of Anderson college, arrived in the city yesterday and has taken up her duties at the college. Miss Smith is an A. B. graduate of Converse college and of Smith college, and took her Master's degree at Columbia University, New York, this spring. The college is fortunate in securing Miss Smith for the important office of Lady Principal, and she will receive a warm welcome in Anderson.

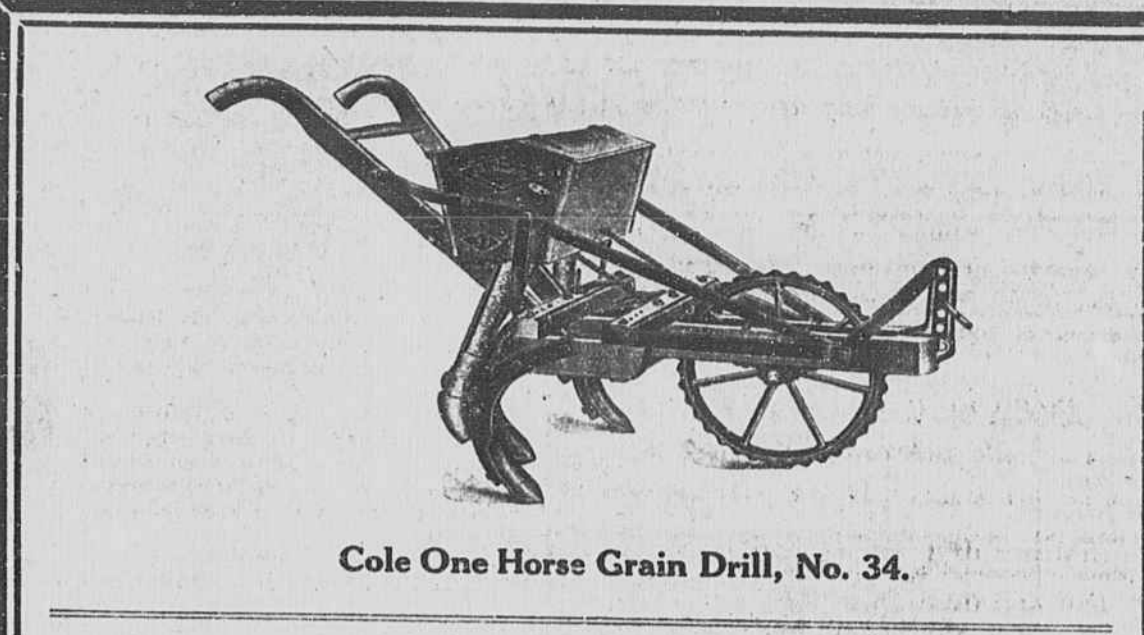

Less Meat If Back AND KIDNEYS HURT. Take a Glass of Salts to Flush the Kidneys If Bladder Bothers You. Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat overworked; get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys are not acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Inspector Has Entered Hospital. J. I. Wilson, inspector for the Kress Company, became ill in this city yesterday and went to the Anderson hospital for treatment. Mr. Wilson's condition is not such as to cause alarm but he concluded that he would have better care and attention at the hospital than he could secure at home. In discussing the new Kress building, Mr. Wilson said that he was well pleased with everything in connection with the new building and that it will be one of the best buildings in the city when completed. He expects that it will be ready for occupancy within a month.

Cole One Horse Grain Drill, No. 34.

Mr. J. Wade Drake, one of Anderson County's most scientific and progressive farmers, whose bushel of oats sowed with a

Cole Open Furrow Grain Drill

won first prize at Anderson County 1914 Grain Festival, states:

Anderson, S. C., August 7, 1914.

Sullivan Hdw. Company, Anderson, S. C.,

Dear Sirs:

The Cole Three-Row Oat Drill bought of you last fall, gives general satisfaction. One man and mule can sow six to eight acres per day better and easier than any way I know; one Drill last fall in ten days sowed me sixty acres in cotton land that made twenty-seven hundred and seventy-two bushels oats. The oats I took first prize at the Grain Festival in Anderson were sown with this machine and yielded ninety-seven bushels. The fertilizer attachment works perfectly, varying at your will from one hundred to one thousand pounds per acre.

Yours truly, (Signed) J. WADE DRAKE R. F. D. No. 7

All progressive farmers will appreciate the merits of this splendid DRILL, and each will have one of them. A car of them has just been received. Place your order now.

THRILLING EXPERIENCES

American girl has a Series of Adventures that Will Long be Remembered. London, Sept. 10.—6.20 p. m.—Marguerite Ustebrock, 16 years old, of Millererville, Illinois, arrived in London today after an adventurous trip from Louvain, the burning of which she witnessed. The girl was visiting Flemish relatives near Louvain when the village where her relatives lived was burned. They went into Louvain. She said that the first sign of trouble was when two German soldiers mal-

treated and killed several girls. These soldiers were promptly shot by their own officers, but the feeling of the populace against the invaders had grown intense. The German soldiers, according to Miss Ustebrock, made no secret of their intention to make the Belgians suffer for the indignities they claimed the German residents had suffered at the hands of the Belgians at the outbreak of the war. The girl described the destruction of Louvain and the terrible condition that continued for two days as the sight that had been burned into her memory. Her father and a 15 year old brother, who were also in Louvain, disappeared. Seeking to locate them Miss Ustebrock made her way into Germany on a German prison train loaded with British and Belgian captives. She was unable to find her relatives and appealed to the American consuls in various cities. The investigation of the consuls satisfied them that the father and brother were held at some German concentration camp. The girl then made a difficult trip to Cologne where she met her aged mother and brought her to London. The mother and daughter are now being aided by the American relief committee.

MARRIED IN PARIS

Paris, Sept. 10.—James Gordon Bennett, proprietor of the New York Herald, and Baroness George de Reuter, were married here today. The civil ceremony was performed at the city hall and was followed by the religious service at the American Protestant Episcopal church where Mr. Bennett was baptized yesterday. The witnesses for the Baroness were Viscount Bretzball, who married Mrs. Arthur Fiedler, formerly Miss Eddythe Grant, of New York and Duke de Camastra. The groom's witnesses were the American ambassador, Myron T. Herrick and Dr. Albert Robert. The baroness was formerly Miss Maud Potter, daughter of John Potter, of Philadelphia. Her former husband was a brother of Baron Herbert de Reuter, managing director of the Reuter Telegraph company of London. He died November 22, 1909.
