10 ACRES are enough, but we also have another of 30 acres. Both within one mile of the City limits, well improved and in fine condition for trucking. Both within the Anderson school district and are just the places for the farmer who wishes to quit cotton and school his children; or for the town man wishing to supplement his other business. You can't boat them.

Advertising Manager. Anderson Intelligencer,

· Anderson, S. C.

I think it is only right that I tell you of two incidents that have occurred recently by our advertising in your paper. Yesterday a man walked into the office and said that he wanted to look at the Chamblee farm that we were cutting up West of the city. I showed it to him and sold him one of them, before I got back to the office, I asked him where he saw the advertisement and he said in The Intelligencer.

Recently we had an inquiry from Columbia about a farm and when the man came up we sold him the place. He also said he saw the advertisement in The Intelligencer.

Yours very truly, L. S. HORTON, First Vice President.

## New York Cotton

New York, Sept. 10.—Today's operations through the international committee of the New York cotton exchange resulted in the liquidation of 600 bales of December at 9.59. The sales were equally divided by the ballot between six local makes and white lot between six local nouses, and while the amount so far liquidated seems small as compared with the total interest outstanding, the fact that the plan is in working order has made a favorable impression on sentiment. It is also anticipated that any improvement in the European situation, which many think to be foreshadow-ed by recent war developments would lead to a rapid increase in the spot demand from Lancashire spinners, and sentiment as to the possibility of successfully working out of oid committees that also been encouraged.

House met at noon. The ways and means committee agreed on a war revenue bil which it is estimated will add \$107,000,000 a year to the government's revenue. # SAGE AND SULPHUR DARKENS GRAY HAIR

Grandmother's Recipe Restore Color, Gloss and Thickdess

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is careed by the lack of sulphur in the hair. Our grandmothe made a mixture of Sage Ton and Sulphur to keep her locks dark and beau-tiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time

recipe.

Nawadaya s'e get this famous mixturs by asking at any drug store for a
50c bottle of "Wyeth's Sage and Sulphur Compound," which darkens the 50c bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that no-bodybody can possibly tell it has been applied. Besides, it takes off double ruff, stops scalp liching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, By morning the gray hair disappears; but what delighis the ladies with Wyeth's Sage and Saybur is that, besides beautifully darkening it he fair after a few applications, it also brings back the gloza and lustre and it gives it an appearance of abundance.
