GERMANS RETREATING FROM A! LIED FORCES: LOSSES ARE HEAVY

THE BATTLE OF MARNE HAS 00000000000000000 NOT BEEN DECIDED AS YET

HEAVY FIGHTING

Battles Are Being Fought by the Various Armies With Results Unknown; Servians Claim

a Victory

London, Sept. 11:-The battle of the Marne, as the French have christened the great struggle which has been in progress for a week in the territory between Paris and Verdun, with the allied armies of France and England on one side and the Germans on the other, has not reached a decisive re-

The German right, however, in the face of the superior forces and threatened with an outflanking movement continues to retire towards the north along the route over which General von Gluck made his famous lightning of advance on Paris from the Belgian border, after having defeated the allies and Mons and again at Cambria and of St. Quentin.

With General von Kluck also, according to the French official reports, the right wing of General von Buelow's army, which supported his left is failing back towards the rivers Alsne and Olse. On von Buelow's left, the army of the Prince of Wurtemberg, which has been trading for weeks to break through the French line also has atomost Seltting and reberg, which has been trading for weeks to break through the French line also has stopped fighting and re-tized north. The German left wing, however, composed of other sections of the Prince of Wurttemberg's army and the army commanded by the Gerrang crown prince is still fighting with varying success. These armies, how-ever appear to have passed Verdun as the Berlin reports say they have been hombarding fortified positions south

of that fortress.

A comprehensive French official report issued tonight shows that General von Kluck got further south and east of Paris than heretofore had been disof raris than heretotore had been dis-closed, so that this advance was even faster than he was given credit for making. It seems that had the Ger-man armies on his left moved any-where nearly as quickly as he did, the battle of the Marne might never have been fought. been fought.

However, faced by British-French forces, and with another French force advancing from Paris threatening his flank and his communications, General von Kluck was compelled to withdraw northward and then fight the French on the river Ourcq. In this fighting, according to the British-French re-ports, a number of German guns, hun-

Ottoman Empire Is Justified in Abrogating Treaties, Claims Turkish Ambassador

(By Associated Press.)

Washington, Sept. 11.—A. Rustem Bey, the Turkish ambassador, ex-plained to Secretary Bryan today that

the effect of the action was not to terminate the treaties of 1830 and 1862 but seen the United States and Turkey, but to remove extra territorial rights the American government had enjoyed under a most favored nation clause.

Government's View Unknown.

State department officials today had not determine what the attitude of the United States would be. It was thought the American government would wait the initiative of other

powers.

Discussing informally the questions arising out of the abrogation of the conventions, the Turkish ambassador later suggested that an interesting attack might arise with reference to uation might arise with reference to Egypt. Here, he thought, Great Bri-tain probably would welcome the removal of capitulations, as it left British control of Egypt unencumbered by special privileges to other foreigners. He declined to discuss the effect of Turkey's action on the European war but emphatically denied it was intended as a pretext for war.

The ambassador declared that Am-erican missions would be protected as formely under Ottoman law. The principal effects of the abrogation, he
