

# Continuing the Early Autumn Showing of Beautiful Suits

THE many well-dressed women who have paid a visit of inspection to see the new Fall suits have confirmed our opinion that styles were never quite so beautiful and fabrics hardly AS HANDSOME as they are this season.

There is much gratification over the opportunity to secure such handsome coat suits during these early days, when women are so anxious to change from their summer garments to the beautiful new apparel of autumn.

The line of suits now on hand express absolute correctness in style, with the highest character of tailoring and finish known to women's ready-to-wear garments.

Priced From \$10.00 to \$50.00

We are very proud of these garments, and whether you contemplate purchasing or not we will be delighted to show them to you.

## SAYS RESOLUTION WAS NOT KILLED

Claims That Chairman of Farmers Meeting Erred When He so Declared Yesterday.

A representative of the Farmers Union stated to the Intelligencer last night that the motion placed before the meeting of the Anderson County delegation to the legislature at the court house yesterday, endorsing the proposition to have the legislature empower the board of county commissioners of Anderson county to appropriate part of the expense money for the agricultural demonstration work in Anderson county, carried by a majority of the votes, but that Chairman Carey called out that the motion had lost. This, according to the Farmers Union man, was a mistake, and he would have called for a viva voce vote had it not been that it was not necessary since there was no doubt but that the motion carried, however, all the representatives and State Senator Sullivan have stated they favor the proposition anyhow, and it has also been endorsed by the Farmers Union at a recent meeting, and also by the various civic and development associations and organizations in this county. The Farmers Union solidly favors the proposition as do practically all farmers and business men. It is to be regretted that there was a mistake in recording this vote.

## Fortis Violently Bombed

Washington, Oct. 1.—The following dispatch from the Belgian minister of foreign affairs made public today at the Belgian legation:

"Fortis south and southwest of Antwerp have been violently bombed since the 27th by the heaviest artillery.

"Attacks take place against Forts Waelham, St. Catharine and Liere. On the southwest, attack of German troops against Willebroeck was repulsed."

## Electric City Sparklets

### To Hold Peace Service Sunday.

In practically every church in Anderson "peace services" will be held next Sunday morning when the pastor of the church and the congregation will pray that peace may soon be restored in the foreign countries and that the warring nations may lay aside their swords and guns. An official proclamation was issued some days ago by President Wilson, making this Sunday the day for the peace services to be held. In all parts of the United States similar services will be held on this day. While no Anderson church has announced any official program to be followed, it is understood that every minister in the city will discuss the subject of peace either at the morning or evening service.

### Gettysburg Ready For First Game.

The members of the two football crews of the Anderson high school will clash this afternoon at Beuna Vista Park. Practice games have been going on for some days, but today a regular game will be staged between the "scrubs" and varsity teams, and the people of Anderson desiring to witness the game will be admitted free. Play will begin at 4 o'clock. The first game scheduled by the A. H. S. is with the freshman team of Clemson college, which affair is to be pulled off on Saturday, October 10. The local boys say that they will be able to take the freshman into camp if the team continues to improve for the next few days as it has in the last fortnight.

### Keeping Tab on Parcel Post.

Beginning with October 1, postmasters all over the United States began keeping records of parcel post packages received from the respective zones and of shipping to other zones. The reason the order was not given in the instructions sent to the local post office, but it is believed by those who have been watching the tremendous growth of the system and also because of the recent reductions in the first and second zones, that some further reduction in other zones may now be under consideration and that the postoffice officials may desire to ascertain the average distance of the parcels and the number of packages going out and being received.

### Caught After He Had Escaped.

Will Lewis, a negro, was arraigned before Magistrate Broadwell yesterday morning on a charge of gambling. He was convicted and was sentenced to pay a fine of \$30 or to serve in the public works for 30 days and in lieu of the coin he went to the work. Lewis was a member of a party of negroes, flushed in North Anderson last January while gambling. The other seven members of the party were arrested and sent to the chain-gang, but Lewis managed to make a run-away and since that time he has been in Georgia. Yesterday he returned to Anderson and was at once nabbed by the officials.

### Teachers Like New Rest Room.

Several Anderson county school teachers were in the city yesterday and they were all enthusiastic over the new rest room which is being fitted up by Miss Magpie Garlington for the convenience of the teachers. Miss Garlington had this idea in mind all last winter but was not able to complete her plans before the last session came to an end. Immediately upon her return to the city last month she went to work on the proposition and as a result the rest room is now practically complete and is a beauty. It is in the court house, adjoining the office of J. B. Felton, county superintendent of education.

### Still Selling Small Farms.

The Anderson Real Estate and Investment Company states that the demand for small farms seems to be about as strong as ever, in the face of the low price of cotton and the scarcity of money. They have sold quite a number this fall, the latest one being a tract of sixty acres in Pickens county, near Glency church, to Mr. Oscar Roberts, the deal having been closed yesterday.

### Florida points The bride is the only daughter of Mr. and Mrs. S. A. Jones of the Roberts section and is a young lady of many lovable traits and the groom is a young business man of the city and is a young man of sterling character.

### CHANGE IN FIRM.

Messrs. McKelvey and Thomas have succeeded the firm of Robinson and Thomas in the fish and oyster business. They will continue their business at the same place as formerly, and the business will continue under the able management of Mr. Harney.

### In Gen. Conje's Flight

London, Oct. 1.—A Paris dispatch to the Daily Telegraph says: "A fight is proceeding on the part of the allies" left resembling that of Paardeberg, in the South African war. Nearly 4,000 Germans are in the same plight that General Cronje was. They are completely surrounded by British troops in some quarries where they are cut off from all hope of rejoining their division and are being shelled."

### Tells Position Of United States.

Postmaster Cochran has received a circular from Postmaster General Burleson printed in five languages with the legend, "You are directed to place this placard in the lobby of your postoffice."

The placard has been posted. In five columns representing five staple American languages it sets forth the statement of President Wilson, defining American neutrality during the existence of conditions of the present in the following linguistic order: the proclamation is posted: English, German, Italian, Polish and French.

### Harvest Sunday On October 25.

Members of the New Hope church and people living in the vicinity of that church are much interested in the services which will be held there on Sunday, October 25. The day is to be known as "Harvest Sunday," and appropriate exercises are to take place. Rev. W. S. Myers is pastor of this church and he has issued a cordial invitation for the public to attend.

### County Board Meets Tuesday.

The regular monthly meeting of the Anderson County Commissioners will be held in the office of J. Mack Kibg, county supervisor, at the court house. So far as is known the business to be transacted at this meeting will be of the nature and nothing of any especial importance or significance is to come up for disposition.

### Woodmen Will Unveil Monument.

The Woodmen of the World will unveil a monument at Asbury Methodist church on Sunday, October 11, to the memory of Sovereign Russell, who died in July. The W. O. W. unveiling ceremonies are very interesting and impressive and it is probable that there will be people present from all parts of the county to witness the unveiling.

### Carroll Brown Has Gone to Greenville.

Carroll Brown, who has been ticket agent at the Anderson office of the Piedmont & Northern line railway, left yesterday for Greenville, where he goes to assume a similar position with the same company at the Greenville office. Mr. Brown has been succeeded at the local office by A. O. P. Hendricks, of Newberry, and the new agent has already arrived in the city and is at work on his new duties.

### Special Committee Will Meet Monday.

It was announced yesterday that the special committee appointed Wednesday for the purpose of examining into the grain elevator scheme for Anderson, with a view to building an elevator here, is to hold a meeting Monday morning at 10 o'clock at the Chamber of Commerce. It is believed that this committee will decide to undertake the proposition and that the elevator will be built.

### Negro Hied To "Land of Flowers."

Walker Deal, who was convicted at the May term of court on a charge of larceny from the person, will be brought back to Anderson and sentenced. Deal was out on bond when he was tried and convicted and between the time that he was convicted and the passing of sentence, the negro made good his escape. He was caught by the police of St. Augustine, Fla. and Sheriff Ashley will go to that city and secure the prisoner.

### Beltou Expects A Large Crowd.

Ross Mitchell, mayor of Beltou, was in Anderson yesterday, coming over to attend to matters relative to the Beltou Fair. Mr. Mitchell says that this fair is going to be a far more important event than some Anderson people believe and he says that they will open their eyes when they see what a pretentious show Beltou is going to stage. People from all parts of the county have entered the various contests and some fine stock, cattle and poultry will be shown, while the amusement side of the day will by no means be neglected.

## MEN'S MEETINGS FOR THE COMING WINTER

AGAIN CONDUCTED BY LOCAL Y. M. C. A.

## OF MUCH INTEREST

Popular Undertaking Launched By Association Last Year Will Be Repeated

People all over the city will learn that the Men's Meetings, as conducted last winter by the Young Men's Christian Association of Anderson, will again be held during the coming winter.

Throughout the summer, F. M. Burnett of the Anderson Y. M. C. A. has been working on his plans for the winter features and he says that he will be able to bring some of the most distinguished speakers and some of the most eloquent lecturers to Anderson this year that the people of South Carolina ever heard. Mr. Burnett is enthusiastic over his plans and he says that the entire public will also be enthusiastic when the complete plans for the winter are outlined.

These meetings were very popular, indeed last winter. They were held on Sunday in the court house and the building was always taxed to its utmost to accommodate the crowd. Music and other features were introduced and on the whole it was found to be a very successful plan.

In speaking of the approaching winter Mr. Burnett said that he expects ever more interest to be manifested this year and to have even larger crowds. He stresses the fact that these meetings will be for the country people and the people from the mill villages just as much as for the people of the city proper and he assures them all that they will be heartily welcomed.

Mr. Burnett says that he cannot make any announcement of the complete program as yet, but he expects to have Dr. William H. St. Louis to speak here on the opening day and that other speakers, equally as well known, will come for later Sundays. Music and other features will be introduced.

## NIGHT SCHOOL IS TO BROADEN OUT

Additional Classes For Carpenters and Mechanics Will Be Provided if Demand is Sufficient

Since the announcement was made a few days ago that the Anderson Y. M. C. A. is to again have a night school during the winter months, the mill workers and the young men around town who are interested in textile studies have been much interested. The school did a great work last winter and accomplished a great deal and the announcement that it will be continued for another season will be welcomed.

Another very interesting announcement that has been made regarding a new class which is to be inaugurated.

A special class for carpenters and mechanics will be conducted by the Y. M. C. A. night school in case the demand is sufficient.

It will be remembered that Mr. Chas. W. Fant conducted a splendid class in mechanical and agricultural drawing at the Y. M. C. A. last season and it is hoped that several will again be interested enough to again pursue studies along a similar line.

Prospective students are asked to participate with the local secretaries of the Y. M. C. A. and get the details of the plan.

## BIJOU THEATRE

### Pat Drew's Program

PAT DREW is taking the town by storm with his clever comedy songs. Don't miss hearing him every day.

Testing Bill's Courage.....Lily Comedy.

Don't forget the "Country Store" tonight. Our valuable prizes are away. Coming tomorrow, "The Young Man's Spy" a real 101 Bison with the Queen and Marie Foreman.

## HON. JULIUS E. BOGGS

How sad the death of Hon. Julius E. Boggs! He passed away at the Anderson Hospital last Thursday morning. He was one of the brightest lawyers in the Piedmont section of the State and was perhaps one of the best known men in the State. He was known as the silver-tongued orator. So gifted was he as a speaker and lecturer, his services were sought on all occasions. He was greatly beloved over the State and the news of his death brought great sorrow. He was a brilliant writer and contributed many articles to the newspapers and magazines. For many years he was editor of the Pickens Sentinel. His last articles, which appeared in the Piedmont Magazine, were among his best productions. Mr. Boggs was solicitor of the Tenth Judicial Circuit for eight years. He was very successful as a prosecuting attorney, business man, writer and lecturer. He had a great mind and a great heart. He was one of Pickens county's most illustrious sons and rose to prominence by sheer ability and hard work. The passing away of such a man as Mr. Boggs is a distinct loss to the State and more especially the community in which he lived. Peace to his memory—Tugalo Tribune.

## JUST CRIPPLE AROUND.

Some people just cripple around most of the days of their life, worth about half what they might be if themselves and their families, with all energy gone and only duty dragging them about their daily tasks. They don't know what is the matter, and treat first one symptom and then another, without much result. The real trouble is that the blood is not rich enough to supply the demand of the system. This lack of the necessary element may manifest itself in nervousness, indigestion, in rheumatism, in emaciation. In that "all gone" feeling. Just give yourself a chance by making your blood all right and see how quick nature will give you poise and energy. Many of your neighbors have redeemed lives almost shipwrecked by the faithful use of Mrs. Joe Pearson's Remedy, which is a great eliminant and tonic. It clears away the impurities and then builds up the system. That was the case with Mr. Joh. F. Pettigrew, of Leesburg, N. C. who says: "Several years ago I was suffering from indigestion. For three months I had to live on milk and bread. I was just as weak and nervous as I could be. Eight bottles of Mrs. Joe Pearson's Remedy cured me, after the doctor's medicine failed."

## You Are Not Getting Full Value Out of Your Paper Unless You Read the ADVERTISEMENTS

You can buy this remedy of most druggists. If yours doesn't have it for you send a dollar to the Remedy Sales Corporation, Charlotte, N. C., and they will supply you.—Adv.

Julius E. Boggs was probably one of the best known men in the upper part of the State. For a number of years he was a lawyer at Pickens and then a short time editor of the Pickens Sentinel and later for eight years editor of the old Tugalo Judicial Cir-
