### NEWS OF ONE DAY IN BUSY BELTON

Items of Interest from Sister Town and the Surrounding Country.

Belton, Oct. 5.—L. W. Langston, of Columbia, preached two able sermons at the First Baptist church in Belton yesterday, morning and evening. The morning service at 11:30 was well attended, though the weather was bad, and those present enjoyed the message, which was well prepared. The evening service was excellent and a goodly number was out. We are not prepared to say at this time whether the Baptist church will have services next Sunday morning or not.

The church has no regular pastor, but has had preaching almost every Sunday since the resignation of our popular pastor, Rev. W. T. Tate, some months ago.

Rev. Tate filled the pulpit of this church 16 years and left here of his own free will this summer and cast his lot in Batesburg. He is well pleased with Batesburg, the people and the church. Reverend Tate has many warm and dear friends in Anderson county and especially in Belton, the field where he labored and shed up the cause of Christ for so many years.

H. W. Moore, a prominent traveling man of Columbia, formerly of this place, is here visiting relatives. He was accompanied by his little daughter, Miss Corwin.

W. F. Horton is attending court in Anderson this week as a petit juror. Magistrate C. F. Kay, of Belton, was among those who had business in Anderson this morning.

J. M. Fant, of Pendleton, was a visitor here Sunday, the guest of his sister, Mrs. C. F. Kay. Mr. Fant left Belton this morning for Anderson where he is attending court as a juror.

Miss May Fant left this afternoon for Beaufort, N. C., where she will teach school this season.

#### Cost Kept Down—Quality Kept Up.

No better medicine could be made for coughs, colds, croup, hoarseness, tickling throat, bronchitis, etc., than Foley's Honey and Tar Compound. That's why they can't improve the quality and war or no war, the price remains the same. E. J. Sargent, Dallas, Tex., says: "I believe Foley's Honey and Tar has no equal for it completely cured me of all symptoms of the colds and my cough has entirely disappeared." Don't accept any substitute. For Foley's Honey and Tar is the best. Evans' Pharmacy agents.

#### "Baldy" and "Tango" Bigg and Largest Members of the Ringling Zoo.

Because they are introducing more new features than ever before in the history of their circus, Ringling Brothers have termed the present season tour a "season of novelty and innovations."

The program opens with the biggest and most magnificent spectacle ever traveled in America. This production tells the story of Solomon and the Queen of Sheba. It is divided into four acts and presented upon a stage of mammoth proportions. A cast of 1,250 actors, 400 trained singers, 90 musicians, regiments of horses and a completely caparisoned camel caravan, are included in the great wordless play. It terminates with a ballet of 200 dancing girls.

ery, electrical effects and gorgeous costumes are used in the spectacle. These were fashioned by the best expert of European artists, mechanics and designers. It is a production in which the characters of a period one thousand years before the Christian era are made to live again and the splendor which surrounded "Solomon in all his glory."

The spectacle is given in the main tent and precedes two hours of arena display which introduces hundreds of artists of skill and daring. Fully 90 per cent of these performers are making their first tour of America. Almost every country on the face of the globe is represented among the acrobats, equestrians, wire-walkers, equilibrists, acrobats, jugglers and other champions. There are 50 classes, including the most noted of European pantomimists. In addition is presented a complete dumb animal circus of more than a hundred trained beasts of the forest and jungle, together with a brilliant horse show and a tournament of unusual interest. Ringling Brothers will exhibit here today, Oct. 6.

### FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theodore's Black-Draught.

McCall, Va., I suffered for several years, says J. B. Whitaker, of this place, of sick headache, and stomach trouble.

Ten years ago a friend told me to try Theodore's Black-Draught, which I did, and I found it to be the best family medicine for stomach and bowels.

I kept Black-Draught on hand all the time, and when my children feel a little bad, they get me for a dose, and it does them more good than any medicine they ever tried.

We never had a long spell of sickness in our family, since we commenced using Black-Draught.

Theodore's Black-Draught is purely vegetable, and has been found to regulate the bowels, aid digestion, remove indigestion, colic, wind, nausea, flatulency, stomach, and similar complaints.

It has been used constantly for more than 50 years, and has benefited more people.

Your druggist sells and recommends Theodore's Black-Draught. Price only 25c. G-46 N. C. 122

### McLEES SCHOOL SOON TO OPEN

Miss Lillian Clinkcales, of Anderson, Will Be in Charge Again This Session.

On the morning of October the 12th, the doors of McLees school will be re-opened by the former principal, Miss Lillian Clinkcales, of Anderson, to all of the old and the new pupils, to all of the trustees, of the patrons of the school, and to all interested in the school, or in education in general. We extend an urgent invitation to all far and near to be present on the morning of the opening for each one that will be present will gather a few thoughts which he may take home with him.

Dr. J. S. Moffatt, president of Erskine College, will deliver an address on this occasion. All who have heard Dr. Moffatt know you will hear something good by coming out to hear him, and if you have not heard him we feel sure you will be pleased with what he will have to say. Miss Garlington, the Rural Supervisor, and Superintendent Felton will also be present to make helpful suggestions.

McLees School is situated in one of the most progressive farming districts of Anderson county. It is about eight miles west of Anderson under the shadow of the lofty peaks of the Blue Ridge mountains.

During past year the building has been improved considerably. The building has been painted both outside and inside, new window shades, water coolers, pictures, new stove, coal scuttles, desk, dictionary and volume library have been added, and a number of other things that might be mentioned. The building now has most of the school furniture that is necessary and a good library for the pupils.

The teachers, Misses Eugenia Heriz, of Pomaria, S. C., and Hollie Welborn, of Lebanon, who are to assist Miss Clinkcales come very highly recommended. They are both graduates of the Due West Womens College, while Miss Clinkcales is a graduate of Erskine College. As things are now we have the promise of the best school year in the history of McLees School. Won't you come out to the opening and encourage the teachers and pupils with a kind word and show them that you are interested in the efforts that they are putting forth?

(Name) \_\_\_\_\_ Address \_\_\_\_\_ Acute Indigestion.

"I was annoyed for over one year by attacks of acute indigestion, followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for the complaint but nothing did me much good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our druggist. I soon realized that I had gotten the right thing for they helped me at once. Since taking two bottles of them I can eat heartily without any bad effects." Sold by all dealers.

With Maj. J. C. Crawford and Mr. Cathcart as instructors, the night schools for the textile workers of Anderson got underway last night. Indications are that all the mill people will take an active interest in the work of these schools and it is believed that the enrollment will be even larger for the coming session than it was during the past season. The instructors are well pleased over the hearty interest manifested by the students.

#### Diarrhoea Remedy.

"I advised the boys" when they enlisted for the Spanish war to take Chamberlain's Colic, Cholera and Diarrhoea Remedy with them, and have received many thanks for the advice given," writes J. H.
