

COUNTY TRUSTEES HAD AN INITIAL MEETING CHOOSE OFFICERS FOR THE ENSUING YEAR.

THE RESOLUTIONS

As a Body the Trustees Are Opposed to the General Assembly Making Any Postponement of Taxes.

The Anderson county school trustees met yesterday at 12 o'clock in the rooms of the chamber of commerce, at which time many matters of importance were considered and discussed and disposed of.

The most important matter to come before the body at this meeting was the election of officers for the coming year. This resulted as follows: Dr. W. A. Tripp, president; J. M. Page, first vice-president; T. C. Jackson of Iva, second vice-president; E. C. McCants secretary and F. W. Sanders of Pendleton, assistant secretary.

J. B. Felton, county superintendent of education, opened the discussion of the proposed postponement of taxes paying and the superintendent pointed out that such a step would be disastrous to the schools of the county. He discussed the various features of the proposed step and presented a very proper and capable argument against the postponement of the tax payments. When he concluded his remarks a general discussion of the question took place and J. A. Brock moved that the payment of taxes be not postponed and the following resolution unanimously carried: "We, the Trustees Association of Anderson county, in convention assembled do go on record as asking our General Assembly to oppose the extra session any movement toward the postponement or payment of taxes for this year, believing that such postponement will be enormously detrimental to all the schools of the county."

E. C. McCants, superintendent of the city schools, introduced a resolution regarding the county superintendent of education, which was unanimously carried. His resolution was to the effect that the body had every possible right to the county superintendent in an effort to get more adequate pay for his services. Also that his term of office be made to correspond with the school year, being nine months and that his term of office be for four years instead of two years as is now the case.

Winston Smith, county auditor, spoke at some length urging the trustees to see that all property is listed properly for taxation.

Following the conclusion of the business, the meeting was adjourned to meet again in this city in November. The attendance yesterday was splendid and the county superintendent and the officers of the association were well pleased with the hearty interest manifested throughout the meeting.

Dear Head, Flattering Heart, Flattering Eyes

These are signs of kidney and bladder trouble. Have headaches, too, backaches and be tired all over. Don't wait longer, but begin taking Foley's Kidney Pills at once. It will make your entire system feel better. You will sleep well, eat well and grow strong and active again. They are a tonic and your entire system as well as your kidneys and bladder will be benefited by their use. Try them. Evans' Pharmacy, agents.

War Summary

Only brief references concerning actual fighting is made by the French war office in its latest report on the conflict in northern France.

The general situation is still very quiet.

Of present conditions on the left wing of the allies line, where a previous report had said the French had been obliged to certain points to see ground to the Germans, the latter war office statement merely declares that the action will continue. It adds that, in the Argonne and Meuse regions, day and night attacks on the Germans have been repulsed by the

in the eastern war zone, the Russian report that having conquered the Germans in Russian Poland two Russian armies are invading East Prussia with Allenstein as their objective.

In the South, on the Adriatic, French army of war are reported again to be bombarding the Austria coast of Cattaro.

As yet the situation surrounding the Sofia and Athens which are under German control, has not been checked or softened. The Germans still claim they will continue to be neutral in the matter, but with the British declaration of war, the British army of the Balkans is now in a position to move into the region.

The British army of the Balkans is now in a position to move into the region. The British army of the Balkans is now in a position to move into the region.

REVIVAL GOES ON AT ST. JOHN'S

Preaching by Rev. Speake Continued to Draw Large Crowds.

A mass meeting was held yesterday afternoon in the Methodist Church in substitution of the cottage prayer meetings. The meeting was thought by Mr. Speake to be the greatest in the series. The attendance was very large and more than half of those in attendance pledged themselves as personal workers.

The text chosen was from Mark VII: 33-34. Mr. Speake said: "The condition of all true work for God is to be found in our upward look toward God." He also said the intercourse with Jesus has at the foundation of all successful work. If we would give sight to the blind, we ourselves must be gazing into heaven. What we do, said Mr. Speake, "depends on what we are, and what we are depends on what we receive. When the vision of God's heart and passion is clearest, our pity and sympathy for our fellowman is deepest. We have looked with little purpose upon it if we haven't learned to suffer for God's children. Holding on, then, to all the resources that God had made possible through His atoning death, we are in position to minister to the personal needs of our fellowman. The blind cannot lead the blind. We cannot lead a man to Christ until we ourselves have found Him. We cannot tell a first hand story of the cross until we have been here."

The congregation seemed to be wonderfully stirred, many asking for prayer for special loved ones, mothers for children, and many for friends. It was decided to hold another service at the church Tuesday afternoon at four o'clock.

The Monday night meeting was fully as well attended as the meeting last Monday evening showing the interest in the meeting had in no sense diminished. The singing as led by Mr. Daner, was unusually impressive. Mr. Speake preached from the text Romans II:20—"By the deeds of the law shall no flesh be justified." The text was well taught and the general impression was in conformity with it. Several new illustrations were used and he finished his sermon with a plea for the people to be ready when the time comes for them to go to the work beyond. Several at the close of the service, made a profession of saving faith in Christ.

The meeting will continue through out the week, the feature of the week's service being another men's meeting for Wednesday night when the men of the city will be invited to sit with the Ision Bible Class.

WILL ORGANIZE NIGHT CLASSES

Two Meetings of Importance to the Young Men Will Be Held at M. C. A. Here Tonight.

Speaking of the organization of night school classes at Brogan mill and Anderson mill last night, Mr. F. M. Burnett, secretary of the Anderson Y. M. C. A., said that he and the trustees were very anxious to see the enrollment of such classes started last night at these two mills and more to come.

Mr. Burnett has announced that a class will be formed tonight for the young men of the city who are compelled to work during the day light hours and all the young men of the city proper interested in the night school are asked to be present at the Y. M. C. A. tonight at 7:30 o'clock.

At the same time and place another class will be organized in textile designing, mill calculations and mechanical drawing and those interested in this department should by all means be present.

Mr. Burnett says that the Outlook for the winter work is very promising.

Leadership and Its Responsibility

Says the Anderson Intelligencer: "The Hon. W. F. Stevenson, of the FAY, has suggested a plan for financing the state and for giving over the business various times. Whatever Mr. Stevenson says carries great weight."

Local Activities of the South

He proposes several big things for the legislature to do. They are so big that his average mind may not readily see their necessity and importance, but we feel sure that if Mr. Stevenson says they are all right before the law, the legislature will pass the same thing.

The plan which the Anderson Intelligencer holds of Mr. Stevenson's scheme is shared by a very considerable number of South Carolina in all sections of the state. There are a great many citizens, and we feel sure that they are ready to do anything that will help the state.

It is not to be expected that the legislature will pass the same thing, but we feel sure that if Mr. Stevenson says they are all right before the law, the legislature will pass the same thing.

It is not to be expected that the legislature will pass the same thing, but we feel sure that if Mr. Stevenson says they are all right before the law, the legislature will pass the same thing.

LEBANON SOCIETY IS DOING GREAT WORK

HELD A DELIGHTFUL RECEPTION YESTERDAY.

ALL MADE MERRY

Teachers of School, with Friends and Patrons, Had an Enjoyable Day.

When the good women of a section get busy on any proposition, there is nothing to be something happening pretty soon and if they once make up their minds to do a thing it will be done, and whenever they do a thing it is bound to be done well. The truth of the above statements was very manifest yesterday afternoon when the Lebanon Rural School Improvement Association gave a reception to the faculty and patrons of Lebanon High School, in honor of the opening of the school, which took place yesterday morning.

Promptly at 4:30 o'clock a large number of the patrons and friends of the school assembled at Lebanon park, and for a season forgot that they were in Lebanon, and that cotton sold for 7-2 cents at Anderson yesterday. They did not seem to be aware that there was any such thing as war or cotton in existence. This one thought was the success of this year's session of the Lebanon High School, and to make everyone present enjoy the reception given by the school improvement Association.

No gathering is complete without oratory, and Mr. Robbins, a member of the board of trustees, acting as master of ceremonies, called upon several of those present for short addresses. Among those who spoke were Mr. J. B. Felton, county superintendent of education; Miss Maggie Garlington, county rural school supervisor; W. W. Smoak, editor of the Anderson Intelligencer; Mr. M. B. Richardson, Mr. J. B. Wolcott, Prof. F. W. Jayroe, principal of the school, and others. These speakers were very complimentary to the spirit of the occasion, and predicted big things for the school.

At the conclusion of the feast of the mind the ladies had prepared a feast for the appetite, in the shape of delicious fried chicken, oysters, corn, peas and cake, the variety and abundance of which bespeak thrift and plenty. The Lebanon Rural School Improvement Association has a membership of about 20 ladies who are assisted by about the same number of honorary members, which is to say their husbands, sons and sweethearts who do as the ladies say do. Mrs. John Smith is president and she is ably assisted by Mrs. Annie Smith, vice president, and Mrs. D. G. Craig, secretary and treasurer.

Just now the association is planning to erect a hall at the park, and the following ladies constitute a building committee: Mrs. Neenie Dueworth, Mrs. R. W. Reynolds, Mrs. D. G. Craig. It is thought that work shortly will be started on this building, which will be a fine addition to the park.

The faculty of the school this year is a strong one, and the enrollment at the opening yesterday was most gratifying, being larger than it has ever been before. At a very early time of the year there were 115 pupils enrolled at the opening of the school. The following is the faculty: Prof. F. W. Jayroe, principal; Miss Mary Brown, Miss Mabel Cooner, and Miss Irene McKenney, assistants; Prof. Jayroe is a graduate of the S. C. University, and has taught five years. Miss Brown graduated at Winthrop; Miss Cooner at Columbia College; Miss Blackman at Lander College, and each of these young ladies has taught two years.

A SAD DEATH

The death angel visited the home of Mr. and Mrs. Nestor Hanner Tuesday evening, October 23, and took away their only boy, little Guy, and he has been sick two short weeks with typhoid pneumonia. No one knows what little Guy suffered, but God knows everything was done for the little sufferer but God had planned that little child should not survive anything that loving hands and a good nurse could do was done for little Guy.

Join his little brother, who has come on before.

While eyes once watched beside the bed of the dying child in this room of sacred grief, it seems that the heaven's angels have received the spirit of little Guy, so sweetly, so peacefully, it entered into its heavenly rest. The body is handsome and well liked and a sweet little fellow, who has been with the family for some time. With the faith and love of these true parents we believe that little Guy will be with us again. They will be with us again.

They will be with us again. They will be with us again. They will be with us again.

They will be with us again. They will be with us again. They will be with us again.

They will be with us again. They will be with us again. They will be with us again.

They will be with us again. They will be with us again. They will be with us again.

They will be with us again. They will be with us again. They will be with us again.

They will be with us again. They will be with us again. They will be with us again.

Meeting Our Obligations

The expense of making the crops should be paid out of the crop.

No farmer would try to make Cotton without using Fertilizer.

The Fertilizer debt should be among the first debts paid.

Anderson Phosphate & Oil Co.

Clamson College, Oct. 4.—The one year agricultural men arrived on the 1st of October. They are about 60 in number and have swelled the enrollment to 201 men. This number (201) is about 50 in excess of last year's enrollment.

The Clemson "Tigers" left here Friday at noon for Davidson to play Saturday. The game resulted in a tie score—Clemson 0, Davidson 0. The players returned Sunday and all are in good shape. This being the first game of the season, the game was not been later in the season.

In all probability there will be a large number of Clemson men present at the evening performance of Ringling Bros. circus.

NOTICE—I hereby forbid anyone living or harboring my son J. P. Rigby, who left home without cause, 17 years old, about 5 feet tall, dark red skin, coarse voice, known to me for information causing his return. Kelley Rigby, Sandy Springs, S. C. Phone 4330.
