To Start a Gas Fire, You Strike a Match and Turn a Handle

There is no time lost in waiting for the fire to burn freely so that you can begin cooking with gas. The fire is ready the very second you are, and it can be put out just as quickly.

Gas only burns when needed, you control it just as easily as the water from the spigot in your kitchen sink.

ROUTINE MEETING OF CITY COUNCIL HELD

EVERY STREET PRESENTED SOME PETITION.

LITTLE WAS DONE

Numerous Requests for More Paving, Additional Lights and Many More Hydrants.

Little business of any real importance was transacted last night at the regular meeting of the Anderson city council. The principal feature of the meeting was the number of requests received for more hydrants and more lights, coming from various sections of the city.

The meeting was called to order at 7:30 o'clock by Mayor J. H. Godfrey. Lieutenant Trowbridge of the Palmetto Rifles appeared and asked that council continue the annual appropriation for the local militia. The matter was referred to a committee consisting of Aldermen Barton, Tate and King, with power to act.

Numerous petitions praying for extensions of the sewerage system in certain sections of the city were referred to a committee consisting of the entire council. This committee has power to act.

The Board of Health presented a petition asking for an additional pipe line in West End. The matter was referred to the sanitary committee.

A recommendation from the Board of Health that the city meat and milk inspector be provided with a conveyance for traveling to and from his duties was received as information. On motion of Alderman Carter the appropriation for the Carnegie Library was increased by \$4 per month.

Motions were introduced by Alderman Carter to curb and drain Provost and Lindsey streets, to accept certain sewers on Provost, Lindsey and F streets, provided they meet with the approval of the city engineer and to accept a sewer line in College View with the same understanding and to place an arc light on the corner of Provost and Whitner streets, were all referred to their proper committees.

A motion made by Mr. Carter that King street be curbed and drained from E. to I. streets was referred to the street committee.

J. W. Grant, representing the American-La France Fire Engine Company, appeared and spoke to council of his model fire engine pump with hose attachment. He asked that his company be considered when council places an order for such a machine.

The question of permitting gas line stations to be placed on the public square was discussed and the matter was referred to Aldermen Tate, Dobbins and Carter with power to act.

On motion of Alderman Spearman the following gentlemen were elected as the Board of Assessors: S. D. Brownlee, E. P. Vandiver and W. L. Robinson. They are to receive \$75 for this work.

Alderman Carter's application for a light on Tribble street was referred to the water and light committee.

Mayor Godfrey spoke briefly of the city's finances showing that the former council borrowed the sum of \$35,000, of which a balance was left on hand when new council was seated, of \$5,000. The present council has borrowed \$8,000. Has on hand about \$6,000, will borrow an additional \$8,000 today and will therefore owe about \$65,000 on January 1.

The matter of bids for the street sweeping, etc. was referred to the sanitary committee with power to act.

In order to get Anderson's share of the State Insurance fund, as provided by the State Insurance Commissioner, a very lengthy building code was adopted.

Council adjourned shortly after 1 o'clock.

Mr. and Mrs. Frank Gentry of Starr were shopping in the city yesterday.

MILL STOCKHOLDERS HAD ANNUAL MEETING

RIVERSIDE AND TOXAWAY CHOSE OFFICERS.

ROUTINE AFFAIRS

Old Board of Directors Re-Elected and Same Officers Were All Chosen.

The annual meeting of the stockholders of the Toxaway Mills was held in the office of the company at noon Monday. The stockholders expressed themselves as gratified with the annual report which was very satisfactory in view of the poor trade conditions that have existed for the past year.

The old board directors were re-elected as follows: Thomas Hildt, Baltimore, Md.; S. Baldwin, Jr., Craig S. Mitchell, Philadelphia, Pa.; Wm. H. Baldwin, New York; Alfred Moore, Tucapau, S. C.; Jas. D. Hammett, Anderson, S. C.; D. A. Ledbetter, Anderson, S. C.; B. B. Gossett, Anderson, S. C.

After the adjournment of the stockholders meeting, the Board of Directors held their annual meeting and re-elected the old officers as follows:

B. B. Gossett, President and Treasurer; Jas. P. Gossett, vice president; Jas. W. Tribble, secretary.

After the Toxaway meeting, the Board of Directors of the Riverside Manufacturing Company held a brief meeting. At this meeting nothing but routine business was transacted.

The following out of town directors attended the Riverside meeting: W. C. Cleveland, Greenville, S. C. and Alfred Moore of Tucapau, S. C.

ANDERSON MEN GO TO ATLANTA CONVENTION

CITY WILL BE REPRESENTED AT MEETING.

ON FOREIGN TRADE

Business Men Of This City Will Probably Send Representative to the Coming Conference.

In all probability there will be several business men of Anderson and representatives of the Anderson Chamber of Commerce to attend the Trade Convention which is to be held in Atlanta, Ga. on October 13 and 14. Business men of this city are very much interested in the efforts now being put forth by the South to secure a portion of the foreign trade and are lending all possible assistance.

The Anderson chamber of commerce yesterday received the following letter:

Mr. Porter A. Whaley, Secy., Anderson Chamber of Commerce, Anderson, S. C.

My dear sir: I beg to thank you very much for yours of October 3rd giving us a list of concerns likely to be interested in Foreign Trade.

We have sent an invitation to each of these to attend the Foreign Trade Conference to be held in Atlanta October 13th and 14th.

We hope very much that your city will be well represented at this Conference, and that you can attend in person.

Yours very truly, W. G. COOPER, Secretary.

TEAMS ARE READY FOR OPENING GAME

Third Baseman Deal Will Play For Smith Who Brakes His Ankle.

Philadelphia, Oct. 7.—Things began to move rapidly today in preparation for the opening game of the series Friday for the baseball championship of the world. The Boston Braves and Philadelphia Athletics practiced while thousands of persons in the downtown district provided excitement in their scramble to buy tickets.

Tonight no reserved seat tickets are to be had for any of the games scheduled to be played on the American grounds here except through speculation.

The so-called tuning up process today of the present world's champions and the winners of the National League pennant was of a mild character. The National League's spent more than two hours in the forenoon on the grounds of the Philadelphia National League club taking an easy workout. Rain fell during a part of the morning and the Boston manager refused to let his men extend themselves. Tyler was the only member of the pitching staff to warm up.

The team practiced behind closed gates and the few supporters of the club who saw the players at work behind their attention upon Third Baseman Deal, who will go into the series in place of Smith, who is lying in a Brooklyn hospital with a broken ankle. Deal failed hard hit grounders and faced some stiff pitching. Stallings, who was reported to have been greatly depressed over Smith's condition, said he felt confident Deal would do his best to measure up to Smith's ability at the bat.

LABOR'S RESPONSIBILITY.

I believe in workmen's compensation. I believe in the eight hour day for men in continuous industries and for women and children everywhere and eventually for all workers in all industries. I believe in social insurance. I believe in minimum wage legislation for those industries in which labor is not itself in a position to enforce fair living conditions. I believe in unions. I believe that labor organizations have been one of the greatest factors in improving the material and moral conditions of the wage earner and in raising the standard of industrial citizenship. The union is as necessary an outgrowth of our modern industrial system as is the corporation. The wise and far-sighted employer will recognize this fact. He will appreciate that the men in the employ of a great corporation have the right of collective bargaining.

But the union must accept the responsibility that comes with power. It must recognize its obligation to the industry and to the community as a whole. It must be judged by its conduct precisely as a corporation is judged by its conduct. It must do its utmost to promote the efficiency of its members, for unless the business is increasingly productive there will be no sufficient reward for anybody, no profit to the shareholders, no adequate wage for the workman, no proper service to the public.—Theodore Roosevelt.

FINED QUOTATIONS.

How long we live, not years, but actions tell; —Watkins. That man lives twice who lives the first life well; —Herrick. Make, then, while yet we may, your God your friend; —William Mason. Whom Christians worship, yet not comprehend. —Hill. The trust that's given guard, and to yourself be just. —Dana. For live we now we may, yet die we must. —Shakespeare.

WORDS OF THE WISE.

Slavery is also as ancient as war, and war is human nature. —Voltaire. It is most true that a natural and secret hatred and aversion toward society in any man hath somewhat of the savage beast. —Bacon. The gain which is made at the expense of reputation should rather be set down as a loss. —Latin Proverb. Truth never was indebted to a lie. —Young. The shoemaker makes a good shoe because he makes nothing else. —Emerson.

NOT BY ONE FALL.

Not by one fall or many be we stayed. If falls await on yonder fighting field; Too great the issue that we tamely yield. Or count the cost until the cost is paid. Right may be balked and for awhile delayed. Truth in a mist of falsehood be concealed. And laws divine are not to be repented. Nor laws divine forever disobeyed. Not by one fall! But if the triumph go To doubt and fallacy, delusion iren. If for awhile defeated, we shall know The time will come for highest truth to speak. Because the high sees farther than the low, And guidance must be from the mountain peak. —Arthur I. Salmon in Churchman.

SAID OF WIT.

The best thing to be doing with oneself is to be able to quote another's wit.—Boyce. He must be a dull fellow indeed whom neither love, malice nor necessity can inspire with wit.—De la Bruyere. Don't put too fine a point to your wit for fear it should get blunted.—Cervantes. I am a fool, I know it, and yet, God help me, I'm poor enough to be a wit.—Cotgrave. Wit is the salt of conversation, not the food.—Boswell.
