MRS. W. A. HUGHES, Editor
 Phone 37.

Miss Anna Tribble has been visiting friends in Pickens and was an attendant at the Boggs-Tribble wedding yesterday afternoon.

Mrs. F. M. Burnett has returned from a visit of several days to Miss Grace Routh, at Townville.

Mr. and Mrs. Fry, formerly of the city, but now of Greenville, spent yesterday with Mr. and Mrs. J. T. Pearson.

Miss Gertrude Sanders is visiting friends in Union.

Mr. C. A. Reed and Mrs. F. S. Ligon attended the Crawford-Happoldt wedding in Pendleton on Wednesday.

Mr. Mark L. Reed of Ashville, N. C., spent Wednesday night with his daughter, Mrs. F. M. Burnett.

Mrs. Emma Tribble, Miss Beale Tribble, Mr. and Mrs. B. Gossell, Rev. Witherspoon Dodge, Mrs. Fred Brown, Mr. Keys Gilmer, Mr. I. Frank Johnstone and Mr. Bert McCall went to attend the marriage of Miss Selen Boggs to Mr. J. L. Tribble. The wedding took place at the home of the bride's uncle, Mr. Mac Bruce, at 5:30 yesterday afternoon, and the ceremony was performed by Rev. Witherspoon Dodge. Mr. and Mrs. Tribble left immediately for an extended wedding trip, after which they will return to Anderson, their future home. Mrs. Tribble was a daughter of the late Julius E. Boggs of this city and is most pleasantly known here, where she has often visited.

Miss Rhoda Vandiver leaves this morning for Columbia for a visit of a few days to her alma mater, the College for Women.

Miss Floride Smith of Spartanburg was the guest this week of Mrs. S. Maxwell Crayton.

Mrs. Annie Moss has returned home after a visit of a month to friends in Carnesville and Toecoca, Ga.

Mr. Alex. McBee of Greenville spent several days this week with his daughter, Mrs. Maxwell Crayton.

Mrs. Hailey of Hartwell, Ga., is visiting Mrs. W. H. Keese.

TO CLUB PRESIDENTS
 And Members of the South Carolina Federation of Women's Clubs.

Since the noble idea of the "Christmas ship" plan was presented by some one in Chicago a few weeks ago, and a nation-wide appeal made to the people of the United States to enable the pathetic war children of Europe to celebrate Christmas, the club women of South Carolina and of the entire country, always ready to take part in any movement that will effect the welfare and happiness of women and children, have been thinking and planning a way in which they can best help this movement.

The following resolutions were passed by the members of the Pendleton club of Rock Hill at a recent meeting: "Resolved, That inasmuch as the Christmas ships bearing gifts of cheer to the children of war-stricken Europe, and inasmuch as it is understood that the government is in full sympathy with the movement, and will send the ships, be it,

"Resolved, That we ask the cooperation of the president of the South Carolina Federation of Women's Clubs in setting into immediate motion the gathering of a fund for this purpose from the club women of this State, every member being given the opportunity of contributing 10 cents each.

"Resolved, further, That our State president shall be requested to communicate with the president of the General Federation with a view of securing the cooperation of all federated clubs in raising a fund for this purpose."

In the meantime the American Club Woman magazine has started a fund and we quote from a letter recently received from the editor of this magazine: "Help the war children's Christmas fund and bring a smile of joy to childish faces when they realize that you have sent Santa Claus with the stocking full of candy and the toy, always so eagerly expected at Christmas.

Give freely, give as you have never given before. Let your dear ones share their Christmas good cheer with these forlorn little war children. The State presidents of the Women's club movement are acting as a national committee to enlist the active women of the country in this war children's fund. Mrs. John Hays Hammond is chairman of the advisory board, and other members will be announced later. Mrs. Hammond says: "This war children's Christmas fund seems to me to be the only real peace move so far made. We are herewith teaching the future generation to share with and love its neighbor as itself." With your help every Christmas box sent to Europe will contain: A stocking filled with candy, a bag of nuts, a toy, a cheery Christmas card and a few pennies in actual money. (In each case the money of no country), perhaps something useful, too, a pair of stockings or mittens. By buying the toys and the candy at wholesale in large quantities we can get the greatest possible value for every dollar, so you see why we ask you to send money, rather than toys bought

at retail, with the expense of forwarding and repacking.

So there will be no jealousy or heat burnings among the war kiddies; we are going to put exactly the same in each box except that the girls will all have dolls and the boys a toy which appeals to them. The war children of all the countries will share alike in this Christmas fund. German, English, French, Belgian and Russian, but if you want your contribution to go to the children of any particular nation, we will carry out your wishes. There will be no waste of funds. Practically everything except postage is being contributed by volunteers in New York, so that every dollar may be spent for good things to go in the Christmas boxes. Every added contribution makes a smile to chase away a tear. This is a great national movement. Every society, every individual, can do something. Do it now. Arrangements are under way to have these Santa Claus boxes forwarded to Europe without expense. Dependable committees will distribute them to just the children who need them. Mrs. Eva McDonald Valesh, treasurer of the American Club Woman magazine, proposes to go over to personally supervise the distribution.

All contributions of more than one dollar will be printed in the American Club Woman magazine and in many cases the newspapers will publish the lists.

Mrs. Valesh is at the head of a big publishing house and editor of the American Club Woman magazine, which promotes movements among women for the public welfare. She has every State president of Women's Clubs on her associate editor staff. She is well known as a lecturer and is a woman of marked executive ability. She is often interviewed by the metropolitan dailies on topics pertaining to women and children. She has traveled extensively in Europe, investigating industrial conditions. Any movement with which she is associated has the confidence and respect of the American public.

We ask the active cooperation of all club women, churches and Sunday schools, school children, boy scouts and camp fire girls, lodges and individuals. Let the president of each club appoint some one in her club to collect contributions and send to the treasurer of the State Federation, Miss Rossa B. Cooley, Frogmore P. O., St. Helena's Island, South Carolina. Any individuals wishing to send contributions direct may make checks payable to War Children's Christmas Fund, address, The American Club Woman Magazine, 35-37 West Thirty-Ninth street, New York. Eva McDonald Valesh, treasurer.)

MRS. J. W. ALLEN,
 President South Carolina Federation of Women's Clubs.

BISHOP'S BEANCH DOTS.
 The school at this place, commenced last Monday morning, under the management of Miss Lucy Haden.

The friends of Mr. D. C. Ewalt will be glad to learn that his throat is much better.

Master John Lenderman is suffering from a severe attack of typhoid fever. Little Miss Eliza is slowly recovering from an attack of fever. Mr. Lenderman himself has had this fever also. John and Eliza are both under the skillful attendance of Dr. W. W. Watkins and Miss Langley, trained nurse of the Anderson hospital. Their many friends hope for them a speedy recovery.

Death is always sad, but it was an unusually sad occasion when we witnessed the death of Miss Rebecca Lenderman last Sunday afternoon at 2:30 o'clock. Miss Lenderman's health had been falling for some time. She had a very severe attack of Bright's disease about one month ago, but she recovered from that and was able to be up and to walk around again for a few days, when she was stricken with another, more severe than the first, from which she did not recover. The best medical attention in reach was secured for her and loving friends administered unto her till the end came.

Miss Lenderman was always a loyal friend and a generous neighbor. She was tender and true to her children and home. She possessed a lovable disposition and all who knew her loved and honored her. She was always ready to lend a helping hand to those in need.

Mrs. Lenderman was born in Greenville county in 1852 and in after years moved to Anderson county, which has been her home until she passed into the great unknown. She leaves three children, and a host of admiring friends to mourn her sad death. The children are: Messrs. Dawson Lenderman of Annieston, Ala., and Henry Lenderman, Ash-tabula farm, near Pendleton, S. C.

Interment took place at Sharon Methodist church on Monday afternoon, October 19, 1914, at 3:30 o'clock.

Agnes, the five months old child of Mrs. and Mrs. L. O. Ewalt, who has been seriously ill, is rapidly improving. We are glad to note the change in Agnes and hope she will soon be well again.

Miss Etta Gillespie is spending a few days with her mother, Mr. C. P. Gillespie of the Lebanon academy. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes luxuriantly darkened, glossy and beautiful. You will also discover falling-out hair gone and hair has stopped falling out. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. (adv.)

Prince of Comedians at the Palmetto, this Week.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and harmless; it makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active. (adv.)

BIRD PROTECTION EXHIBIT FOR STATE FAIR.
 The farmers all over our State are invited and urged to attend the exhibition on bird protection in the agricultural building during the State Fair, October 26-30.

This exhibit is the first of the kind ever held in this State. It is under the auspices of the National Association of Audubon societies in cooperation with the bird committee of the Federation of Women's Clubs.

This exhibit will be interesting and instructive. Scientific experts have been studying the food habits of birds for years. Some of the results of these investigations will be shown by picture, chart and publications. Owing to their feeding habits most birds are of immense value to farmers. Therefore, birds should be protected.

A resident hunter's license law affords one of the best means of bird protection. This is taught by the experience of other States possessing such a law.

One of the greatest enemies of bird life is the common cat. A place will be given to the cat in this exhibit. There will be display of models of practical bird houses and boxes which can be constructed for a few cents.

Valuable literature on the subject of bird protection will be distributed free.

BELLE WILLIAMS,
 Chairman Bird Committee S. C. Federation Women's Clubs, Columbia, S. C.

GRANDMA NEVER LET HER HAIR GET GRAY

Kept Her Locks Dark, Thick, Glossy, with Sage Tea and Sulphur.

When you darken your hair with sage tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes luxuriantly darkened, glossy and beautiful. You will also discover falling-out hair gone and hair has stopped falling out. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. (adv.)

First Visit

Kentucky Men Who Have Leased Theatre Pay First Visit Today to Anderson County.

Two visitors are expected in Anderson today of some importance. H. Bleich of Hopkinsville, Ky., who recently closed a contract for Anderson's new theatre, accompanied by his partner, Odie Davis, will arrive in Anderson this morning and will at once go into a conference with the board of directors of the Anderson Development Company. Matters relative to opera, chairs, scenery, etc. will be considered and discussed and Mr. Bleich and Mr. Davis will visit the theatre building and make such suggestions as they see fit.

A number of well known theatre men were very anxious to secure the local play house but Mr. Bleich won out. He has signed a contract for the new theatre, agreeing to pay \$2,300 per year for five years for the lease, and allowing the directors to have complete charge of the first show.

The Kentucky man is one of the most prominent theatre men in the South.

Big Crowds

Are Flocking to the Splendid Services Now Being Conducted At Baptist Church.

Everyone interested in the protracted meeting at the First Baptist church of Anderson felt well pleased with the attendance at the first few days of the service but they did not anticipate such wonderful increases in the audiences with each succeeding day. More and more people are coming out to every service and Rev. Dr. John F. Vines, pastor of the church, is much pleased.

Dr. John E. White, who is doing the preaching, is probably the best speaker ever heard in the First Baptist church here. He charms his audiences and presents his logical deductions with such force that a wonderful impression must follow.

Dr. White at the morning service today will preach on the subject, "Pentecost for Anderson," and at the evening service his subject will be "The Step That Counts." The public is cordially invited to attend all these services.

The services began Monday and will continue throughout the week, taking place at 10 o'clock each morning and at 7:30 o'clock in the evening.

Accident

In Helton Yesterday in Which H. L. Fagg Was Injured When His Auto Turned Turtle.

As he was driving along Crayton street in Helton early yesterday morning, H. L. Fagg of the Shirley store section of the county, lost control of his automobile and the machine turned turtle in a ditch. Fagg in the car with Mr. Fagg at the time was Chester Wright.

When the car turned over Mr. Fagg sustained very painful injuries, one of his arms being broken. He was badly shaken up and suffered bruises but he was not injured internally as has been stated. Mr. Wright escaped without any injury whatsoever.

The injured man was given medical attention by Dr. W. R. Haynie and when his wounds were dressed he was taken home in an automobile by Dr. Haynie and C. M. Horton.

It is hard to explain just what caused the machine to turn over, since the speed was not what might be termed dangerous and Mr. Fagg was driving very carefully at the time. He simply lost control, but why he did so, or what caused it has not been answered.

Field Sports.
 When you keep a boy interested in football, baseball, tennis, and the like, you lessen the chances that he will get interested in things not so good for him.

The Youth's Companion, since its enlargement gives generous space to this matter of athletic training, and gets the best coaches in the country to write for it.

How to practice to become a first-rate pitcher, how to train for a race, how to learn the newest strokes in swimming—these and a hundred other topics of the greatest interest to boys—to girls, too, for that matter—are touched upon in this important department of The Companion.

And this is only a small part of the service which The Companion renders in any home which it enters. It has points of contact with a hundred interests.

If you do not know The Companion as it is today, let us send you one or two current issues free, that you may thoroughly test the paper's quality. We will send also the Forecast for 1915.

Every new subscriber who sends \$2.00 for the fifty-two weekly issues of 1915 will receive free all the issues of the paper for the remaining weeks of 1914; also The Companion Home Calendar for 1915.

THE YOUTH'S COMPANION,
 144 Berkeley Street, Boston, Mass.

He who plays can produce anything, including health and happiness.

Notice of Meeting.
 The annual meeting of the subscribers and friends of the Anderson County Hospital will be held in the Chamber of Commerce rooms, Tuesday, Oct. 28, 4 p. m. for the purpose of electing trustees and such other business as the meeting shall see fit to transact.
 R. S. LIGON, President
 KATHERINE STALLING, Secretary.

Successful farming and marketing are the basis of all human progress.

Farming is successful only when the crops have been profitably marketed.
