TRYING TO GET THE BOND ACT THROUGH

ANDERSON PEOPLE HAVE NOT DESPAIRED

PAVED STREETS WILL OPEN SOON

Delegation May Go to Columbia In An Effort to Get Special Act Through Legislature.

While it is improbable that the city of Anderson will be able to get any special act through the present special session of the South Carolina general assembly, nevertheless the people of this city have not given up hope of yet being able to secure the right to vote bonds, for the purpose of paving the streets of Anderson.

All arrangements had been made, yesterday for a committee headed by Mayor Godfrey, several members of city council and consisting of some of the most prominent business men in the city, to go to Columbia and lobby for the bill, but at the last minute it was decided to postpone this trip.

It is understood that the Anderson senator is heartily in favor of the bill and has done everything in his power to get it through but that the opposition to the move has arisen in the house of representatives.

The following is the complete bill:

The Bill.

A joint resolution to amend Section 7, of Article VIII, of the constitution of this State by adding a proviso thereto so as to empower the city of Anderson to issue bonds to an amount not exceeding fifteen per cent. of the assessed value of the taxable property therein for the improvement of streets and sidewalks.

Section 1. Constitutional amendment permitting Anderson to issue bonds for street improvements. Be it resolved by the general assembly of the State of South Carolina, That Section 7, of Article VIII, of the constitution, be amended as follows: Add at the end of the said section the following: "Provided, further, That the limitation imposed by this section and Section 5, of Article X, of the constitution, shall not apply to the bonded indebtedness incurred by the city of Anderson, but the said city of Anderson may increase its bonded indebtedness to an amount not exceeding fifteen per cent. of the assessed value of the taxable property therein where said bonds are issued for the sole purpose of paying the expenses or liabilities incurred or to be incurred in the improvement of streets and sidewalks."

Section 2. That the electors voting at the next general election for representatives favoring such amendment shall cast a ballot with the following words plainly written or printed thereon: "Amendment to Section 7, of Article VIII, of the constitution, by adding a proviso empowering the city of Anderson to increase its bonded indebtedness to fifteen per cent. of the taxable value of the property therein—Yes." And those voting against said amendment shall deposit a ballot with the following words, plainly written or printed thereon: "Amendment to Section 7, of Article VIII, of the constitution, by adding thereto a proviso empowering the city of Anderson to increase its bonded indebtedness to fifteen per cent. of the taxable value of the property therein—No."

THEATRE BEAUTIFUL WILL BE CONDUCTED

NEW PICTURE HOUSE FOR ANDERSON

WILL OPEN SOON

Leading Business Men of Anderson Form Combine for New Undertaking.

Anderson is to have a new moving picture theatre.

Application has been made to the secretary of State for a charter, with W. W. Sullivan, R. R. King, G. Cullen Sullivan and F. M. Burnett as petitioners.

A lease has been secured upon the store-room adjoining Kress' new five and ten cent store on south Main street. Mr. Kress had in view the object of leasing this property for the purpose of motion pictures when the building was constructed, and the local promoters who are back of this newest theatre venture in Anderson consider themselves very fortunate in being able to secure this splendid location.

It will be of interest to the readers of The Intelligencer to note also that Mr. Kress' leading architect is preparing designs for the front as well as the interior decorations. Also steam heat is to be furnished and a new system of ventilation, which not only keeps the air in circulation in the room, but also is guaranteed to remove the stale air every few minutes.

A member of the syndicate stated to a reporter for The Intelligencer that Mr. Kress' idea is to install absolutely modern and up-to-date equipment in every respect. This gentleman stated further that the highest grade service in the way of films that it is possible to obtain would be offered to the general public of Anderson.

Motion pictures are deservedly becoming more and more popular, and are beginning to be recognized as a great moral and educational, as well as a recreative influence, and the dominant idea of the men composing this company is to furnish, first of all, pictures that will entertain, and whenever possible show those having educational or moral lessons to impart. Certain it is that the people of Anderson will not be embarrassed by anything that has the slightest tendency toward the immoral.

The plan of conducting such a motion picture theatre has been in the minds of some of Anderson's leading citizens for a number of years, and the period of financial depression now generally prevalent throughout the community which has made it impossible for the local Y. M. C. A. to put on its building campaign at any time within the near future, has made it possible for the local board of directors of the Y. M. C. A. to allow, in consideration of the element of community service involved, F. M. Burnett, the general secretary, to assume the active management of this theatre.

The Intelligencer has known for several weeks of this plan but was advised that it would be better not to make a definite announcement until after the plans had fully developed. As above stated, application has been made to the secretary of state for a charter, and the incorporation is to be known as the Anderson Motion Pictures company, with a capital stock of \$1,500, all of which has been pledged.

The promoters feel very fortunate in being able to secure a theatre so fully and completely equipped, and Mr. Kress states that the equipment will be in close harmony and keeping with the beautiful designs carried out in connection with his store room on south Main street.

Mr. Burnett states that he hopes to have everything ready for the opening of this theatre by the middle of November. He left last night for Atlanta where he goes to complete arrangements for film service.

A new departure will be the use of a pipe organ for furnishing music, which will be played by one of the leading musicians of the city.

The following are the promoters of this new motion picture house: B. F. Mauldin, W. W. Sullivan, R. R. King, J. J. Brownlee, F. M. Burnett, O. L. Smithers, J. M. E. G. C. Sullivan, C. C. Dargan, J. K. Hoop.

A WHOLESALE THEFT OF COTTON PLANNED

NEGRO ALMOST MADE GOOD HAUL

MADE HIS ESCAPE

Farmer Succeeded in Stopping Him and Captured Horse and Waggon But Lost Quarry.

Stealing a yard or two of cotton cloth out of a store or lifting a few pounds of cotton from a field might be a very simple affair, but when it comes to making away with a whole bale of lint cotton right out of a farmer's yard, most men would hesitate. Not so with Tom Davis, a negro employed on the plantation of J. Belton Watson, who lives about five miles from Anderson.

A Mr. Duckworth, one of the best known farmers in Anderson county, had just retired last Wednesday night when he was summoned to the door by a neighbor. The neighbor informed Mr. Duckworth that he had met a negro, as he was returning to his home from the Belton fair, driving along the road with a load of cotton and he suspected that there might be something wrong because of the fact that the cotton was concealed beneath several quilts. The neighbor had managed to see the cotton through the cracks in the wagon bed. He advised Mr. Duckworth to pursue the negro and see whose cotton the African had.

As hurriedly as possible Mr. Duckworth got into his clothes and set out in pursuit of the negro. He overtook him about two miles from the plantation and the minute the negro saw the white man he reached for a shot gun lying in the back of the wagon. However, the farmer was too quick for him and had him covered with a pistol before the gun was secured. Mr. Duckworth went on to the wagon, forced the negro to get down, and began an investigation. He found a shot gun and a box of shells on top of the quilts and under the quilts he discovered a whole bale of lint cotton. However, as he was making these investigations he heard a noise behind him and turned in time to see the negro making for the tall timber. Mr. Duckworth shot twice, but missed the negro both times and before he could fire again Davis was in the underbrush and out of harm's way. Mr. Duckworth gave the alarm and people turned out from the surrounding country to make a search for the negro. They looked for him for the better part of the night without avail and early yesterday morning Mr. Duckworth came to Anderson and secured a warrant for Davis.

Meanwhile the planted has recovered his cotton and also had the negro's mule and wagon. He is therefore fairly well satisfied.

New Hotel

Colonial Home Has Been Leased and Is Now a First Class Hotel in Every Way.

Keeping pace with all the other improvements being made in Williamston, another first class hotel has opened its doors to the public in that place. The Colonial Home, one of the prettiest buildings in Williamston and for a number of years one of the best hotels in the upper part of the State, has been leased to an experienced hotel man and is now open.

This popular place has been closed for some time but a deal was recently closed between the owners of the building, C. C. Hindman and W. K. Hudgens, by which they induced William Thompson of Spartanburg, an experienced hotel man, to come to Williamston and assume charge of the place.

Mr. Thompson says that he is much pleased with Williamston and he expects to give the public the very best service he can render.

CONVOCAION MEETS NEXT IN GREENVILLE

WITH HANDSOME NEW ST. JAMES CHURCH

ON APRIL 20, 1915

Concluding Session of Episcopal Body, Held Here Yesterday, Was Very Interesting.

The last day of the convocation at Grace Episcopal church began with holy communion at 7:30 o'clock yesterday morning.

At 10 o'clock the convocation re-assembled and after the reading of the Litany, the election of a secretary and treasurer was held. Rev. Sanders R. Guignard was elected with Rev. T. F. Walsh of Yorkville, Rev. R. M. Marshall of Clomson and J. Haller Gibbons as members of the executive committee.

The handsome new St. James church, now being built in Greenville, was selected for the next meeting, which will be held April 20, 1915.

The remaining parochial reports were then read.

The two papers for the morning were two of the very finest and best ever heard in Anderson, and both subjects were dealt with in the clearest and most interesting manner. The first paper, "The Church and the Sacramental System, the Authority and Wisdom of the Latter," was read by Rev. R. Maynard Marshall of Clomson, and discussed by Rev. J. H. Gibbons.

The second paper, "The Church and the World, the Relationship and Conflict Between the Two," by Rev. Sanders R. Guignard, and discussed by Rev. A. R. Mitchell. The paper for the afternoon was read by Rev. W. H. K. Pendleton of Pendleton and showed deep thought and study. His subject was, "The Church and the Faith, the Origin, Authority and Use of the Apostles and Nicene Creed." Rev. Francis J. H. Coffin led the discussion in this.

At 4:30 there was a special service for children and both talks by Rev. R. M. Marshall and Rev. A. R. Mitchell on character building were given in a most attractive and instructive manner for the little folks present. There was a short business

session which ended the afternoon program.

The evening service, which was the last of the convocation, was the missionary service and there were two speakers. The Rev. A. R. Mitchell made a strong and earnest appeal in behalf of the Diocesan mission and was followed by Rev. W. H. K. Pendleton, who ably and faithfully presented the cause of general missions. Rev. A. R. Mitchell, in behalf of the convocation, offered resolutions of thanks and appreciation to the rector, guild and members of the congregation, for their cordial and hospitable entertainment.

The members of the convocation will leave this morning for their various homes.

Mail Late

Public Does Not Like the Change in Hour of Arrival of Mail From Seneca.

Since the changes in schedule went into effect on the Blue Ridge railroad a number of complaints have been heard in and around the city about the hour of the arrival of mail coming to this city from Seneca and points between.

Before the change occurred the mail from Seneca got to Anderson at 6 o'clock but since the schedule has been changed no mail reached this city from that point until after 8 o'clock. Because of the fact that a great deal of mail comes to Seneca for Anderson from both southbound and northbound trains on the main line of the Southern railway, it is a great inconvenience to Anderson people to have to wait until the later hour to get their mail.

Whether or not anything can be done about the matter is uncertain, but a number of people are lodging vigorous protests against the change.
