special to The Intelligencer. WASHINGTON, Oct. 29.—Out of the action of A. B. Calvert, president of Drayton mills, at Spartanburg, in sending some cotton dresses through Representative Johnson to several young women in Washington, promises to grow the writing of a book, "The Romance of Cotton," by Miss Gene-viede Clarke, daughter of Speaker Champ Clark.

It will be recalled that the dress natterns were delivered to Miss Clark Miss Callie Hoke Smith, daughter of the Georgia senator, and Miss Lucy Burleson, daughter of the postmaster general, the presentation having taken place in the speaker's office. Newspaper pictures and motion pic-tures of the event were taken and have been widely circulated. Shortly afterward the cotton style show was held in Washington, and in connec-tion with that Miss Clark and her associates offered prizes for the best essays dealing with the various phases essays dealing with the various phases of the production, manufacture and use of cotton and cotton goods.

As a result of the publicity attained in this way, Miss Clark has received so many inquiries about cot-ton and its uses that she has decided to write and publish "The Romance of Cotton," dealing with the history of the cotton plant and the methods of manufacture and use from the earliest times. In speaking of the mat-ter to a eoclety writer in Washington

#### DR. WHITE LEAVES

Ends Last Sermon With an Earnest Appeal for a Thorough Cleansing of Anderson.

The last of the great series of serices that have been conducted at the Baptist church during the past ten days came to a close last night, and Dr. White left on the 9:45 car for his home in Atlanta.

It was a wonderful meeting in has been accomplished in the church and in the town. In the morning Dr. White spoke from the text, John 10:20, "Sir, we would see Jesus." He spoke of the close personal touch with the Saviour Christ, an ever present, ever available comrade. Did the Greeks really want to see Jesus or was it curiosity, or did they long to know him as Lord? To see Jesus is to be in earnest in your heart for which you are willing to pay the price. You can not have Jesus as a toy. You mus tount the cost and be so in earnest as to follow Him. The Jewish nation would not receive him and it was a curse to them.

John the Eaptist wanted to see him. When be saw him he had to pay the price. "He must increase, but I must decrease."

He paid the price and it made him one of the world's greatest men.

Zaccheus wanted to see him, but it cost him four times what he had from others, but he rose to the occa-

If you see him you must give up everything to him and let him rule over your life. If Americans succeed as Christians we must be willing to realize that we are not independent of him. We must let him control us.

These men of the text seem to have some obstacle in the way of seeing Jesus. The disciples are between them. Andrew goes to Peter about it. They are responsible for it being difficult to see Jesus. So now, where is Jesus? Why is it hard for the

world to see Jesus?

Men know that Jesus is for them but doubt the church. The church must reveal Jesus, rether than hide him. If Christians do not lead the world to see Jesus in their own lives the world will go more and more away from the church. Let's not make it hard for men to know and see Jesus.

These disciples were in the way with their officialism. The less officialism the more real service there is in our churches, the more we please God. Perhaps these Greeks wouldn't accept Judaism and so couldn't get into the temple to see Jesus. But there ought to be no place where a sinner can not see Jesus.

yourself to service can you live a life of glory and honor. You must be forgiven and redeemed, filled with his presence and then you can bring others into the life of radiant unselfish-

At night Dr. White's subject was "The Kingdom of Heaven." In the Scripture lesson for the evening he read of men of valor, faithful and true, utterly devoted to their captain. read of men of valor, faithful and true, utterly devoted to their captain. David, ready and willing to do his slightest wish. Their passionate purpose was to make David, king and so we learn a lesson from this, the one absolute purpose of a Christian's life is to make Jesus king. Why do we want to make Christ king in South Carolina? In Anderson? Because it is the passionate desire of Jesus to be king. That is the one for which he came the absortbg alm of his life was to set up the kingdom of Gcd. Almost two-thirds of the words he uttered during his life were about the covery.

He said if any man started for the kingdom and turned back he was not fit for the kingdom.

We want him because it would be we want him because it would be such a blessing to humanity. We ought to be tired of everything going wrong. Will you try to imagine your town and community without Christ? Do you know why you have? Do you know why you have? Do you know why your town is worth live. you know why your town is worth liv-ing in? It is because it is enthroned in some hearts. One church is worth more than a dozen policemen. The safety and happiness of people are in proportion to the measure of the kingdom of God in the hearts of the people. Women and children suffer, because of so many Godless women. Make Christ king because he wants to be and because the people need him. How and where may we do this? First. Crown him in your churche-there first of all. It is his bride. Second. Make him king in your

city and community.
