COLUMBIA YOUTH IS IN BAD MUDDLE HERE

CHARGED WITH ISSUING A WORTHLESS CHECK

THE MAYOR'S SON

David J. Griffith, Alias J. R. Sistrunk, Jr., Being Detained in Anderson on Serious Charge

David J. Griffith, alias J. R. Sistrunk, was under the constant espionage of Detective Wiggins of the Thiel Agency, all day long in Anderson yesterday and unless some financial assistance comes from Columbia today Mr. Wiggins will swear out a warrant for the young man at the instigation of the Hotel Chiquola, and the youth will be placed in jail.

It is said that Griffith came to Anderson some several months ago and registered at the hotel under his proper name. He remained in town several days, with no visible occupation or means of support, and when he got ready to leave he paid his bill with a check on a Columbia bank. The check amounted to \$8 and was accepted by the hotel but when it was sent to Columbia it was returned stamped "no funds." Since that time the hotel clerks have had their eyes open for their much-desired visitor and Tuesday night he blew into town. Going straight to the Chiquola, he registered under the name of J. R. Sistrunk, Jr. The minute he entered the place he was recognized by the clerk and Detective Wiggins was summoned. Mr. Wiggins took charge of the case and the young man was notified of the fix he had gotten into.

Republican in Tenth North Carolina

ASHEVILLE, N. C., Nov. 4.—While the official count may make slight changes in the size of his majority, James J. Britt, the Republican-Progressive nominee for congress in the tenth district, has defeated his Democratic opponent, James M. Gudger, Jr., the present congressman by at least five hundred votes. Mr. Gudger carried but four of the 13 counties in the district.

In Missouri

ST. LOUIS, Nov. 4.—Thirteen Democrats, two Republicans and one district claimed by both parties was the status of Missouri's congressional delegation as indicated by returns tonight, decisive except in the fourteenth district, claimed by J. J. Russell, Democrat, while Thomas J. Brown, Republican, was leading with several counties incomplete. Almost complete returns from the entire State continue to show a plurality of about 50,000 for Senator Stone. Woman suffrage and all other amendments were defeated.

Germans and British Cruisers Have Engagement off Coronel

Battle Lasted Only an Hour, Being Discontinued at Nightfall When The British Were Forced to Give Way—One British Cruiser Sunk and Another Put Out of Commission.

(By Associated Press.) SANTIAGO, Chile, Nov. 4.—No word came today from the British ships that engaged the German squadron off Coronel Sunday, and the British side of the story is yet to be told.

According to German accounts, their armored cruisers Scharnhorst and Gneisenau and light cruisers Nürnberg, Leipzig and Bremen escaped unscathed, while the British cruiser Monmouth was sunk, the cruiser Good Hope put out of action and the cruiser Glasgow, with the transport Ontario sent scurrying for shelter in the neutral port of Talcahuano, where they are bottled up by the Leipzig and Bremen.

It is certain the Scharnhorst, Gneisenau and Nürnberg arrived safely at Valparaiso, though somewhat the worse for their encounter with the Britishers. One report is that the Glasgow, badly damaged, arrived in Coronel Bay, while the Ontario escaped to Puerto Montt.

Despite the fact that the British had only three fighting ships against five, the decisive British defeat appears to have produced a profound impression. The battle took place in a heavy sea. The Germans opened fire at 10 kilometers. For a time the British shots fell short, but later their guns scored a few hits. The casualties among the German crews were said to consist of some half dozen wounded. The German fire is described as having been excellent, though at the long range it required four hundred hits to put the Britishers out of the fight.

The Scharnhorst and Gneisenau came from Australia, calling on October 14 at Easter Island where they took on large quantities of provisions. British mail steamers in Chilean waters are sailing under protection of Chilean torpedo boat destroyers.

DEMOCRATIC MAJORITY REDUCED TO 23 IN HOUSE

(Continued From First Page.) twelve; Mississippi, eight; South Carolina, seven; Texas, eighteen. Will Take Official Count. (By Associated Press.) HELENA, Mont., Nov. 4.—Returns from scattered precincts in Montana show the vote on the woman suffrage amendment to be so close that the official count will be postponed until after the election.

War of Peace

CHICAGO, Nov. 4.—American league owners, at a special meeting here tomorrow, probably will cast their votes for war or peace in the baseball world. Negotiations with the Federal league are known to have been carried to the extent which requires only sanction of the rulers of the game to bring peace.

In Minnesota

ST. PAUL, Minn., Nov. 4.—Eight Republicans, one Democrat and one Progressive constitute Minnesota's congressional representation elected yesterday, according to returns tonight.

Indiana Democratic

INDIANAPOLIS, Ind., Nov. 4.—With two-thirds of the vote tabulated, Senator B. F. Shively, Democrat, has 33,000 plurality over Hugh Miller, Republican, and it is believed the lead will be maintained through the State. Shively's return to the Senate seems certain. The State Democratic ticket seems assured of election by 25,000 plurality.

Admiral von Spee, in his official report of the battle says the action lasted only an hour, being discontinued at nightfall when the British were forced to give way. "The Good Hope," he says, "was then so badly damaged she was unable to resist and could only make her escape protected by the darkness. The Monmouth under identical conditions, tried to escape, but was followed by a small cruiser and was sunk with a few shots. Owing to the hurricane prevailing no boats could be lowered and, consequently, there was a terrible loss of life."

WASHINGTON, Nov. 4.—Official news of the German naval victory off the coast of Chile over a British fleet was contained in a cable to the German embassy here today from Mr. Erckert, German minister at Valparaiso.

The message dated early yesterday, says: "The German cruisers Scharnhorst, Gneisenau and Nürnberg entered Valparaiso today in perfect condition. They had, together with a fourth cruiser, an engagement off Coronel on Sunday against four English cruisers. The Monmouth was sunk by shells. The Good Hope was badly damaged and probably also sunk. The Ontario and Bristol escaped. On our side there were three wounded. No damage to our ships."

American Minister Fletcher, at Santiago, Chile, today also reported the German naval victory off Coronel, Chile, and the arrival of three German warships at Valparaiso. The damaged Good Hope is reported as having escaped with the Glasgow and Ontario.

OTTAWA, Ont., Nov. 4.—The presence of five German warships in the Pacific off the coast of Chile and the probability that two more, the Dresden and Emden, are on their way to join them, created considerable apprehension here for the safety of Canadian cities on the Pacific coast. To meet the situation, the naval authorities at Ottawa were in conference all forenoon.

It is feared that the German fleet may steam north and under threat of long distance bombardment attempt to levy tribute on the city of Victoria.

SANTIAGO, Chile, Nov. 4.—A steam collier which has arrived at Valparaiso reports having seen eight Japanese warships at Easter Island, which is 2,900 miles west of the Chilean coast and belongs to the republic of Chile.

DAIRY WISDOM.

Keeping two cows to do the work of one constitutes the biggest leak in the dairy business. Empty churn as soon as churning is done; scald and set in sun if it be a stone churn; if wooden put where air can blow freely through all parts of it. To thoroughly clean milk utensils they first should be rinsed with cold water to remove all particles of milk. Do not allow the cows to dry up during the latter part of the summer, as this necessitates keeping them through winter, giving a smaller flow of milk than they should. A good pasture makes a bringing milk pail, and also makes possible good winter pasture. The first cold rains are hard on the cows, and they should be kept in the barn in such weather.

THE PRODUCTION OF CLEAN, SAFE MILK

(Prepared by dairy division, United States department of agriculture.) Persons engaged in the production of milk and consumers interested in producing clean, safe milk will be interested in the factors for producing the same as outlined by the United States department of agriculture in a recent farmers' bulletin (No. 602), entitled "Production of Clean Milk." The essential factors are outlined as follows: Clean, healthy cows kept in clean, light, well ventilated stables. Stables so constructed as to be easily cleaned. A clean, well drained barnyard. Clean utensils, thoroughly sterilized. Clean, healthy milkers that milk with dry hands. A small top milking pail. Immediate cooling of the milk to 50 degrees F. or lower. Storage of milk at a low temperature until delivered. A separate house for handling the milk. An abundant supply of pure water. Bacteria, according to the bulletin, find their way into the milk from various sources. Some may come from the udder itself, where they grow in the milk cisterns and ducts. The greater number, however, come from the dust of the air, the dirt from the udder and flanks, from the milker and from unclean utensils. Disease producing bacteria may get into the milk from cows having such diseases as tuberculosis or from people who handle the milk who may themselves have contagious diseases or who have been taking care of

NEGRO ATTEMPTED TO KILL BY WHOLESALE FIRED INTO LARGE CROWD OF WOMEN

SECOND OFFENSE

Was Already Under Bond to Await Trial on Charge of Manufacturing Liquor—Now in Jail.

Officers from Savannah township arrived in Anderson yesterday with Clarence Johnson, in tow and that worthy has been placed in the Anderson county jail to await trial on a charge of firing a shot gun into a crowd of women. Two of the women were injured.

Johnson was arrested several weeks ago by the county officers on a charge of aiding and abetting in conducting an illicit distillery. At that time he was released on bond and has not yet been tried on that charge.

It is understood that Johnson's wife got into a wrangle with Marie Cash and Annie Mae Harper, two negroes, Saturday afternoon. Late in the afternoon, just before sun down, Johnson was driving by a house and these two women, together with several others, were standing in a doorway. As soon as the negro spied them he picked up his shot gun and let go at his wife's enemies. A few of the shots struck both the women on the arms and scattered around on their bodies but neither suffered any real injury.

A warrant was sworn out before Magistrate R. H. Rainey and the negro was brought to Anderson and placed in jail to await trial at the next term of the Court of General Sessions.

MARCHBANKS & BABB

Mail Order Patrons Now Is The Time For You To Think

Have any of the Mail Order houses that have been getting the money offered to take your order and exchange their goods in at ten cents per pound?

We know that they have not offered to take it, and you always have to pay them, as it is advanced.

But notwithstanding the great difference between two—the local merchant and the Great Mail Order—every local merchant has helped the "buy-local" movement, and some other like effort to relieve the small farmer who is in a position to carry over his cotton, or sell it for the present low price.

Why is it that the local merchant, although not possessing but a small fraction of the wealth of the Big Mail Order Concern, holds the farmers who are in distress?

Because they are his neighbors, and he looks to their welfare; they are his neighbors and friends, and he is not trading or anything else, he wishes to help them.

Because they are his neighbors, and he looks to their welfare; they are his neighbors and friends, and he is not trading or anything else, he wishes to help them.

DIAMONDS

The serious state of affairs in Europe will undoubtedly delay the importation of diamonds for an indefinite time. We are fortunate in having on hand at present the largest and best stock of diamonds that we have had to offer. Our 1914 importation reached us only recently, in July. When next in need of diamonds give us an opportunity to be of service.
