J. MACK KING, County Supervisor.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! It Darkens So Naturally That Nobody Can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

HOMICIDE RATE VERY HIGH.

F. L. Hoffman in Annual Review Says Conditions Are Deplorable.

F. L. Hoffman, statistician of the Prudential Insurance Company of America, says in his annual review of the murder record that 6,500 persons were killed in that way in the United States in 1913. Homicides, with one exception, were never so frequent as at present. In 1907 the homicide rate went up to 8.8 for each 100,000 of population. In 1913 the ratio was 8.7. The homicide records of the 37 most popular cities of the United States show that Memphis attained the highest rate, 9.3 per 100,000 of population averaged for ten years. Milwaukee represents the other extreme with 2.2.

"Accepting the present returns as accurate," Mr. Hoffman says, "it may safely be maintained that the position of the United States in the matter of violent deaths is decidedly deplorable. Every international comparison proves that the homicide rate of the United States is probably the highest of any civilized country in the world."

Mr. Hoffman found that the homicide rate of New York, 5.5 from 1907 to 1911, was six times that of London, three times that of Berlin and 60 per cent. greater than that of Paris.

CLOTH ROOM.

The cloth room is one of the most important departments of the mill, for it is there that the goods are finished and shipped. The people who work in the cloth room should be people with good sound judgment. In the beginning the cloth should be run in straight rolls on the stretchers and given proper tension on the brushes so as to avoid any variations in the width. The card rollers should be cleaned daily in order to clear the face of the cloth of all loose strings.

In folding the speed should be about 80 yards and even lower than that where inspecting and grading is done on the folder. Everybody that handles the cloth after it is folded should take pains in stacking for nice stacked cloth adds much to the appearance of any cloth room, it also enables the press man to turn out nice, straight bales. All bale-branders should be very careful in branding the bales for very often bales are smeared with blacking which denotes carelessness, it also shows up bad and is not a good reputation for the man who turns out that kind of work.

Trusting these remarks will be helpful to some one I will write more at another time.

OVERSEER.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Making No Effort For Little Children.

So far as can be ascertained, the ladies in Anderson and others interested in philanthropy have manifested no interest in the work now being pushed in this country toward collecting gifts and toys for the Christmas abroad. Anderson people do not seem to give the matter any attention, either one way or the other, and have taken no steps toward getting a campaign launched here. All of the packages intended for the little folks on the other side will have to be shipped from Anderson not later than 48 hours before November 10 and this leaves but a few days for anything to be done here, if something is to be done.

Young Man Got Out of Trouble.

Young D. J. Griffith, who has been held in Anderson for the last two days on a charge of giving the Chiquota hotel a worthless check, got out of his trouble yesterday and left last night for his home in Columbia. Griffith comes from a prominent Columbia family and is well known there. It was charged that he gave the hotel a check some months ago for \$8.00, which check turned out to be worthless, and then returned to the city Wednesday and stopped at the same hotel. Telegrams were sent his father, the mayor of Columbia, advising him of his son's plight and he telegraphed money to take up the check and to buy the boy a ticket home.

Little Cotton Sold Yesterday.

The price of cotton remained at 71-8 cents on the local market yesterday but this did not prove very attractive to many Anderson county farmers and but few bales of cotton were marketed here. Today and tomorrow will bring considerable of the fleecy staple to the local market.

One Acquittal in Magistrate's Court.

Tom Davis, a negro, was arraigned yesterday before Magistrate Broadwell on a charge of stealing cotton. It will be remembered that a negro tried to make away with a wagon load of cotton from the farm of Mr. Duckworth in the Lebanon section some weeks ago but was caught by Mr. Duckworth and the cotton was taken into charge but the negro escaped. After hearing all of the evidence in the case, Magistrate Broadwell deemed it insufficient to convict and the negro was therefore given his freedom.

Tremendous Load of Wheat Bought.

What is said to be the largest load of wheat ever brought to Anderson on one wagon arrived in the city yesterday and was bought by Furman Smith, wholesale seedman. The wheat was grown by Dr. W. A. Tripp in the Brushy Creek section and was splendid wheat. The wagon load brought here measured 54-3-10 bushels and both Dr. Tripp and Mr. Smith pronounced it the largest load ever brought here. In less than two hours after he had purchased the wheat and placed it in his warehouse, Mr. Smith shipped the entire lot to points in the low country. This shows what a demand there is in other sections for Anderson county wheat.

Making Reductions On the Car Line.

It is understood that the Southern Public Utilities company is so well pleased with the success made in running only one employee, a combined motorman and conductor, on the North Anderson car line that the same thing will be attempted on the Riverside and Toxoway lines. It is unofficially reported that this change will go into effect on November 15 and after that date but the one man will be employed on this run. It is understood that this idea has proved very satisfactory on the North Anderson run.

Votes Cast \$1.50 Each.

One of the State election commissioners for Anderson county, in speaking to a reporter for The Intelligencer yesterday, made the statement that every vote cast in Anderson county in Tuesday's general election cost \$1.50. The expense of holding this election is always very heavy and there are never but a few votes cast. To give an idea of what the polling strength in this election was, out of 400 voters at Pelzer only 40 exercised their right of suffrage Tuesday. This is just about the way it went all over the county.

Changes Made in Mr. Gunter's Route.

Announcement was made yesterday from the office of J. B. Felton, county superintendent of education, to the effect that several changes have been made in the route to be followed next week by Lueco Gunter, State inspector of rural schools, when he comes to Anderson county. These changes were imperative and the new route will prove fully as pleasing as was the old one. Under the new arrangement Mr. Gunter will be at the White Plains school house on Wednesday morning at 10 o'clock and on the same day he will visit the Union school house at 2 o'clock. On Thursday he will be at the Lebanon school at 10 o'clock and at 2 o'clock on that afternoon he will visit the Walker-McClintock school. Much interest has been awakened all over the county by reason of Mr. Gunter's trip here.

Dr. Riley Is To Locate Here.

Dr. Murray Riley, who has been practicing medicine at Eckman, W. Va., has returned to Anderson and within the next few days will open an office here for the practice of his profession. Dr. Riley's home is in Anderson and he has many friends in the city who will be delighted to know that he is back here to stay. Dr. Riley purchased a Ford automobile yesterday through the Todd Auto Shop and will be ready to begin his practice in a few weeks.

Teachers Are Getting Certificates.

The work of sending out teachers' certificates to those who passed the recent county examination, was begun yesterday by J. B. Felton, county superintendent of education. The county board yet has a few papers to be corrected and graded before its work will be completed but some of the new teachers had to have their certificates at once and accordingly the mailing out of these was begun before all papers had been finished.

Anderson People Received a Tip.

While the exact nature of what is to happen has not yet been ascertained, Anderson people have been given a tip to keep their eyes on the principal streets of the city next Saturday afternoon and see what will happen. It is said that a very interesting affair is to be staged on Main street and on the public square and those keeping a sharp lookout will probably be rewarded for their trouble.

Very Pretty Show Windows.

The show windows of Marchbanks and Babb are very prettily and appropriately trimmed this week, with an elegant display of beautiful, sparkling cut glass; and the show window is trimmed with natural autumn leaves in a gorgeous array of different colors.

Anderson People Went to Greenville.

A number of Anderson people went over to Greenville last night to witness the presentation of "Little Boy Blue" at the Grand Opera House. While the show was a disappointment in some respects, on the whole it is a good, clean musical comedy and it pleased a fairly good house. Julia Gifford, as "Daisy-Little Boy Blue" was superb, while the work of Donald McMillan as "Dupont the Detective" was splendid. Among the people making the trip from Anderson were: Misses Ella Mae Cummings, Ruth Watkins, Linda Thompson, Lorena Cummings, Mr. and Mrs. Clarence Prevost, Paul Watkins, Mortimer Sloan, T. P. Dickson, A. P. Spence, Walter H. Keese, Dr. Forest R. Suggs, Joe Sullivan, H. D. Tuff, J. R. Garrett, Keys Gilmer, W. E. Watson, Leon Rice, Dr. J. O. Wilhite, M. M. Mattison, Clyde Mattison and Thad Horton.

Received a Pardon From the Governor.

The Governor of South Carolina yesterday pardoned J. A. Brock, a white man of the Honea Path section of the county, who was convicted at the last term of the Court of General Sessions for Anderson of the charge of carrying concealed weapons and of assault and battery of a high and aggravated nature. In one case he was sentenced to 30 days on the chain gang and on the other he was sentenced to pay a fine of 100 or 30 days.

Came as a Big Surprise Here.

Anderson cotton mill men in touch with the cotton mill situation in South Carolina, declared when they were interviewed by a reporter for The Intelligencer that the resignation of Louis W. Parker as president of some of the biggest mills in South Carolina, came as a complete surprise to them Wednesday. They had not known that Mr. Parker contemplated such a step and were at a loss to explain it.

ORR SUNBEAMS VISIT THE COUNTY HOME.

A few Sundays ago the Sunbeam Band of the Greenville Baptist church visited the old folks at the county home, taking with them several nice things which they gave to the people there. The children sang several songs for the inmates which made them feel very happy and expressed themselves as being very grateful for the kind visit paid them. Let's not forget our old people at the county home.

STOPS HEADACHE, PAIN, NEURALGIA.

Don't Suffer! Get a dime package of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapepsin" ends all stomach distress in five minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably, or what you eat has like a lump of lead at your stomach, or if you have heartburn; that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store. These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

Capital City News

Special to The Intelligencer.

COLUMBIA, S. C., Nov. 5.—The Governor today granted a pardon to J. A. Brock, who was convicted in Anderson for carrying concealed weapons and assault and battery of a high and aggravated nature and sentenced on one charge to two months and on the other a fine of \$100 and thirty days.

Theo Williams, convicted in Barnwell for manslaughter, and given ten years, was paroled.

John L. McLaurin was commissioned today as State warehouse commissioner, the bond for \$50,000 having been approved by the Attorney General.

The insurance commissioners' report today shows 147 fires in the State in October with a loss of \$73,202.

Five cotton warehouses were commissioned today by the Secretary of State.

All information relative to the working of the cotton warehouse system will be contained in a statement to be issued early next week by John L. McLaurin, state warehouse commissioner. Senator McLaurin officially advises the farmers to hold their cotton until he has issued his statement. He says that the longer the cotton is held the better the price will be. Various estimates have been placed on the number of bales the warehouses in the State will house. It is not thought that any new warehouses will be created for the benefit of the system. Many employees are to be named for the warehouse system. These appointments will be made next week by Senator McLaurin. He has absolute authority under the measure. Senator McLaurin has already announced that none of the appointments are to be of a political nature.

The election of a judge for the fifth judicial circuit at the next session of the legislature is causing some comment just now. Mendel L. Smith of Camden, former speaker of the house, is one of the leading candidates. W. T. Aycock of the Columbia bar is also a candidate. The election will be to fill the place held by the late Judge Ernest Gary.

The case of the Tillman children will be called in the supreme court November 23, when Mrs. Lucy Dugas will be requested to defend her right to the custody of her two little girls. A friend of Mrs. Dugas in Columbia declares that she will personally represent her case to the court. It is said that she will review the entire history of the case. The case has been before the court on several occasions and the children are now under the jurisdiction of the supreme court.

Members of the next General Assembly are busy preparing bills for introduction. It is practically certain that a measure of compulsory education will be introduced. Many of the members of the house were elected on the compulsory education platform and John G. Clinckscale, the champion of the law, received a big vote in his race for Governor.

Railway officials here declare that the winter tourist travel is going to be the heaviest in years. The war in Europe will force many tourists to travel South. The Capital City highway has been placed in good condition and many will make the trip to the Southern resorts by automobile.

Many of the members of the General Assembly regretted that J. P. DeLaughter, member of the highest delegation, was prevented from attending the latter part of the special session because of sickness. Mr. DeLaughter is one of the level heads of the house. He has been returned for the next session. He has secured as much beneficial legislation as any other member since coming to Columbia. He seldom makes a speech, but the members respect his opinion in legislative matters.

There has been a great falling off in the fertilizer tax this year. The tax is 25 cents on each ton and the fund goes to the support of Clemson College and the extension work of the institution.

ROLEY KIDNEY PILLS

FOR SACKAGE KIDNEYS AND BLADDER

Personal

W. M. Mitchell, a well known Anderson planter, was in the city yesterday.

L. L. Wright, mayor of Honea Path, was in Anderson yesterday for a few hours.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

T. B. Mauldin of Iva came to Anderson yesterday for a short stay.

E. Cromer and S. S. Feltman have returned to Townville after a visit to Anderson.

FROM NOVEMBER 1ST TO NOVEMBER 30TH, WALLACE WILL GIVE REDUCED RATES ON PHOTOGRAPHS TO AVOID CHRISTMAS RUSH. STUDIO 2 DOORS BELOW BEE HIVE.
