

There Was Never a Better Time To Build a Home

There are three special reasons for building just now—

We'd like to talk them over with you.

MAGISTRATE HEARS TRIAL OF GAMBLERS

MORE NEGROES HAVE BEEN SENTENCED

PLEAS OF GUILTY IN THE WAR ZONE

Sheriff and His Officers Have Been Active for the Last Few Days and Many Are Tried.

As a result of the activities of Sheriff Ashley and his deputies, Magistrate Broadwell is having just about all he can do these days to keep up with the negroes being brought before him on charges of gambling, selling whiskey and carrying pistols.

About one week ago the sheriff and special deputies made a raid on a big crap game at Honea Path, during which the negroes fired 30 or 40 shots at the sheriff.

Dole Jenkins and Doc Cowan, both of whom were caught in the Honea Path raid, were arraigned yesterday before Mr. Broadwell and entered pleas of guilty to the charge of gambling.

Dave Hammond, who was in the Townville raid, entered a plea of guilty to gambling and was sentenced to pay a fine of \$20 or to serve for 30 days.

Fret Parks, also a member of the Townville party, was arraigned on charges of carrying a concealed weapon and of shooting on the public highway. He was sentenced to pay a fine of \$40 or to serve for 60 days and he took the days.

Bess Hall, Tull Clement, George Miller and Guy Miller, all members of the Townville party, failed to appear when their cases were reached and their bonds of \$20 each were forfeited.

Pet Clinkscales, who was one of those arrested at Honea Path, also failed to appear when his case was called and his bond of \$20 was declared forfeited.

MEDICAL ASSOCIATION HOLDING CONVENTION

Prominent Physicians, Including Some From This State, Make Speeches.

(By Associated Press.)

RICHMOND, Va., Nov. 10.—Addressing the symposium on tuberculosis of the Southern Medical Association, which formally opened its eighth annual convention here today, Dr. Robert Wilson, Jr., of Charleston, S. C., said that in the relation of the negro to disease the South had a health problem of the very highest importance. He said that it was the clear duty of the South, and justice to the negro, to ascertain by careful clinical and post mortem study if the commonly accepted belief that the negro is a menace to health of the white race is true.

Responsibility for the management of tuberculosis was placed on the State Boards of Health, by Dr. W. S. Rankin, of Raleigh, N. C. He would have control of the disease left to minor organizations under a comprehensive and definite State policy.

A secretary of public health, with a seat in the cabinet, to work in conjunction with State boards, was advocated by Dr. G. M. Cooper, of Clinton, N. C.

Among the speakers at the meeting of the section on surgery were Dr. Joseph C. Boodgood, of Baltimore, who said that civil surgeons have much to learn from those engaged in military work; Dr. LeGrand Guerry, of Columbia, S. C.; Colonel Charles Richard, U. S. A.; Surgeon General W. C. Gorgas, U. S. A.; Dr. George T. Tryer, of Greenville, S. C.; and B. N. Bernheim, of Baltimore.

Dr. Cary Grayson, physician to President Wilson, addressed the association tonight on "The Old-Time Doctor," and Ex-Governor Cunningham, of Alabama, spoke on "Public Health."

Ex-Governor Cunningham said that the field of preventive medicine should be regulated by the Federal government, and by international law. He urged that all sanitation regulations both intrastate and interstate should be placed under Federal law.

ANDERSON PEOPLE ARE ASKED TO CONTRIBUTE

MOVEMENT STARTED TO AID SUFFERERS

IN THE WAR ZONE

Anderson People Deaf to Plea for Gifts for Little Children, But Many May Help.

While the philanthropic associations, ladies clubs and other organizations throughout South Carolina were making tours over their various cities, soliciting gifts from the people to send to the destitute little children in the warring foreign countries, in order that their Christmas might be made a little happier, Anderson people turned a deaf ear to the plea for aid and refused to join in the movement.

Notice was issued to the effect that the parcels would be carried free of charge from Anderson to the points in England, Germany and other countries but no one became interested and as a result not one package was sent from this city. The transport steamer, furnished by the United States government, has already sailed now and it is therefore too late to take any step in this direction.

However, the work being done by the Red Cross toward relieving suffering has helped hundreds and thousands of people, made destitute by the poor and as a few business men were talking in The Intelligencer office yesterday afternoon over the fact that Anderson people seemed so indifferent as to whether anybody but people living in Anderson might have a Christmas, one of the gentlemen in the party suggested that a fund be started right at that minute to aid with the Red Cross work.

As a result several dollars had been contributed in less than five minutes and indications are that it may grow within the next few days. The Intelligencer is willing to receive all funds intended for this purpose and to forward them to the Red Cross association. It is a great work and almost everyone in Anderson can spare a few pennies to lend some aid.

If Anderson people are awake to their duties they will take a hand and swell the sum to a decent amount to be sent from here.

Mr. Gunter

Arrived Yesterday and Paid His First Visit of Inspection to an Anderson School.

Lueco Gunter, State Inspector of Rural High Schools, arrived in Anderson yesterday and paid his first visit of inspection to an Anderson county school. He was accompanied by J. B. Felton, county superintendent of education, and Miss Maggie M. Garlington, supervisor of rural schools for Anderson county.

Today a visit will be paid to the White Plains and Union schools and it is believed that large crowds will be present for these meetings. Mr. Gunter said last night that he was well pleased with everything he has seen in Anderson county thus far, and the school officials intend that he shall depart with that same impression when he concludes his fortnight's stay in this county.

Hold-Up

Affairs on Market Street Are Becoming so Regular as to Be Almost Painful.

Hereafter when staid and respectable citizens of Anderson venture forth from their homes after nightfall they had best get prepared for the worst and carry with them a German stogie or some light artillery of some sort, since hold-ups in Anderson are happening with almost painful regularity.

Tuesday morning about 1 o'clock a negro named Louie Bennett was passing the mattress factory (why should a respectable negro be out at 1 o'clock?) when he was suddenly ordered to throw up his hands.

The dazed negro raised his head in the air and the next moment that head was initiated by two hands, since he was confronted by two men, each armed with a huge pistol. They told him to stand still and according to the story told by the negro he "stood."

They searched him in a most thorough manner, taking the sum of \$1.36 from his person, following which they assisted him in starting to town by planting a well-aimed kick.

The negro reported the matter to the Anderson police, and they say that they have the same several clues that they have had in all the other hold-up cases around town.

Among Clothes buyers, there are usually two types of reckless spenders:

One is the man who throws wisdom to the winds and buys a \$5.95 suit.

Another is the man who rushes to the opposite extreme and makes an outlay of \$75.00 for his clothes.

Of the two however, we believe the most heedlessly extravagant is the \$5.95 man, for he never gets anything but Clothes Inferiority, and inferiority is dear at any price. The \$75.00 man may get good results—but he would get just as good or better—in our

ALCO SUITS

AT

\$15.00 to \$22.50

These clothes are made from fine materials, tailored in a superior way. Their styles are correct, their fit superb. You will find, if you will investigate, that fine "Ready-to-Wear" Clothes like these furnish the best way to get clothes satisfaction at anything like a reasonable price.

Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer. In a few moments you will feel fine—headache gone—no more neuralgia pain.

New Ferry

When Traffic Over Tugaloo River is Made Easier, Georgia Business Will Come Here.

Anderson will be assured of more business from the Georgia side than she ever got before when the people of the city learn that a first class ferry, connecting with a splendid road, is shortly to be opened over the Tugaloo river, thus connecting Anderson with Georgia.

J. M. Crawford of Route 4 was in the city yesterday and while here announced that he had perfected plans for operating a ferry across the Tugaloo at a point between Haddon's ferry and Andersonville, with a splendid road over which to attract the Georgia travel to this side. Mr. Crawford raised enough money while he was in Anderson to guarantee the operation of the road for a period of at least one year.

The visitor says that the Reed Creek section of Georgia will be tributary to Anderson and that the people of that section will welcome the chance to trade here and that after the ferry begins operation practically all of the business of that section will come here.
