Winston Smith, teacher of the Orr mill men's Bible class, says that he expects to have at least 100 men out next Sunday for the morning class and says that he is confident his class and says that he is condent his class will do better work in singing at this service than will the class of women. Quite a friendly rivalry has sprung up among the two sexes at this Sunday school and they are doing their best to surpass the efforts of each other at every service.

At Least Coffee

Is A Little Chesper.

Whether it will eventually go down enough in price to help Anderson consumers any or not, is not known, but the fact remains that coffee is down a little in price and this leads Anderson people to hope that there may shortly be cheaper prices in other foodstuffs. One well known brand of coffee, selling a few days ago for 15 1-2 cents has now drooped to 15 cents. However, it is hardly peobalis that the price will drop enough within the next few weeks to help the consumer.
