ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Job Are Scarce Around Anderson.
Evidently jobs are few and far between and hard to get in Anderson county, judging by the number of applicants standing the examination yesterday for the position of rural mail carrier for two routes at Iva and one at Williamson. All told there were 65 men seeking the three jobs. The examination was conducted by employees of the local postoffice and when the papers are examined and graded by the department the appointments will be made.

Exhibit to be Put on Display.
The Anderson Chamber of Commerce has had a nice rack built and installed in the local rooms and the Anderson county exhibit, shown at the State fair in Columbia and the Spartanburg county fair, will be placed in the rooms of the chamber of commerce. The exhibit was certainly very creditable and the people of the county will be astounded when they see some of the things that Anderson county can produce. The exhibit will have a certain educational value.

Cannon Case Was Dismissed.
When Magistrate Broadwell called the case yesterday against R. L. Cannon, against whom proceedings had been begun to place him under a peace bond, no prosecutor appeared. On motion of Sam M. Wolfe, attorney for the prosecutrix, the case was dismissed by the magistrate for lack of prosecution. The defendant was under a bond of \$200 for his appearance yesterday and is also under a \$200 bond for appearance at the coming term of court of general sessions to be tried on a charge of adultery.

Awarded Contract For Wiring Theatre.
The Anderson Development company, owners of the new Anderson theatre, yesterday awarded a contract for the electrical work to be done in the new theatre to the Southern Public Utilities company. It is understood that the contract was approximately \$1,700. The work is to begin at once and nothing but the best electrical apparatus will be used in the new building.

Never Voted For a Winner.
There is a man living in the Anderson cotton mill village with one very decided claim to distinction. This

man told a reporter for The Intelligencer yesterday that he has been voting at every election for the last 10 years and he has never yet picked a winner. He says that he has no idea how a man feels when the candidate of his choice is elected because he has never yet picked a man and voted for him and then had the candidate win. He says that he would like to vote one time for a winner.

Great Interest In Many Games.
Anderson people evinced more interest in football games played in different parts of the country yesterday, than they ever have before. Last night the telephone bell in The Intelligencer office rang incessantly and people were enquiring about games played all the way from Kalamazoo, Michigan to New Orleans. Many called in person to find out what their favorites did in the usual Saturday struggle.

Association Will Meet Here Today.
The Anderson County Sunday School association will convene in Anderson this morning with St. John's Methodist church. It is expected that there will be a large attendance of delegates from all parts of the county and the program will receive their closest attention. Many preparations have been made for making this session of the association one of interest.

Prof. Hare Will Attend Exhibit.
According to a letter received in Anderson yesterday from Prof. Frank C. Hare of Clemson college, that gentleman will come to Anderson Tuesday to attend the Anderson County Poultry exhibit. The presence of Mr. Hare here will be a great help to the local fanciers and to the officers of the association, since he "knows all there is to know about poultry."

Just Had to Get His Liquor.
A farmer drove up to the office of the Southern Express company in Anderson yesterday and after hitching his two mules in front of the place he entered and demanded that the express people turn over his liquor. The express officials did not know the man and told him that he would have to furnish proof of his identity before they could let him have the liquor. The story goes that this absolutely in-

furiated the farmer and he threw off his hat, took off his coat and was just preparing to "mop up" with the express officials, when the police arrived on the scene and took a hand. The prisoner was bundled into his own wagon and with one cop to hold him and another driving the entire delegation moved down Main street to the police station.

Two More Gamblers Got Into the Tubs.
Will Clark and Will Madden, both charged with gambling, have been rounded up by the Anderson county officers. Madden paid his fine of \$20 and it is presumed that Clark will be given a hearing Monday before Magistrate Broadwell. The Anderson county officers have done splendid work in rounding up the evildoers during the last few weeks.

Sent Samples of Cotton to Boston.
G. W. Maynard, a well known Anderson cotton buyer and last year an extensive planter of long staple cotton, sent some samples of his last year's crop to a well known firm in Boston yesterday. Mr. Maynard says that he got 21 cents per pound for all the long staple he produced last year and he intends raising some more of the same kind next year.

Best Cotton Brought 71-2c.
Cotton buyers were offering from 61-2 to 71-2 cents per pound on the Anderson market yesterday for cotton. The best grade brought 71-2 cents but not much of this was sold during the day and for the most part the cotton brought in was of an inferior grade. According to the official report of cotton ginned in the county up to date, there have been 25,776 bales ginned. This was to November 1 of 1914 and to the same date last year there had been 43,804 bales ginned.

Sheriff Ashley Got His Man.
Sheriff Ashley has returned from Fountain Inn where he went Friday to secure Thurston Thompson, wanted in Anderson on a charge of violating a labor contract. However, when the sheriff returned with his prisoner the two parties in the case, with the consent of the magistrate, managed to get the affair settled and the warrant was withdrawn.

"Keep to Right" Signs in Place.
The traffic signs ordered some weeks ago by the city officials from a Georgia man, have arrived in the city and were put in place yesterday. The signs read "Keep to the Right" no matter from what direction the driver of a vehicle approaches. On all sides he sees the warning and hereafter there will be no chance for anyone to plead ignorance. The signs have been placed at intersections of all the principal business streets of the city.

Alumni Would Better Team.
Some of the more prominent of the Wofford college graduates in Anderson say that they think the alumni of the college should go to work on some plan for getting a better football team at Wofford college. One prominent lawyer said yesterday that he did not care, especially to admit that he was a Wofford graduate after the recent game with the University of Florida in which Florida won by a score of 80 to 0.

Ailes Must Not be Blocked.
Chief Jackson served notice on the motion picture houses of Anderson yesterday that from this time on the proprietors of these establishments must not permit people to stand in the aisles of the theatres and around the entrances. He has called their attention to the fact that the city ordinances forbid this, because of the fire danger, and has notified all the houses of the city that they will have to stop selling tickets after all seats are occupied, until the next show begins.

Mr. Maynard Will Move to Greenwood.
G. W. Maynard, who has been making his home in this city for a number of years, is planning to move his family to Greenwood. Mr. Maynard is having a nice house built in Greenwood and hopes to have the new residence ready by January 1. In speaking of his move, Mr. Maynard says that he hates to leave Anderson and Anderson people but that the railroad connections are so decidedly better in Greenwood that he finds it necessary, since he spends much of his time on the road.

Gallivan Company Got the Contract.
A contract was let yesterday to the Gallivan Construction company of Greenville for the front to be placed in the vacant store room of the Kress

Help the Stomach Digest Your Food

When the stomach fails to digest and distribute that which is eaten, the bowels become clogged with a mass of waste and refuse that ferments and generates poisons that are gradually forced into the blood, causing distress and often serious illness.

Most people naturally object to the drastic cathartic and purgative agents that shock the system. A mild, gentle laxative, positive in its effect and that will quickly relieve constipation is Dr. Caldwell's Syrup Pepsin, sold by druggists at fifty cents and one dollar a bottle. It does not gripe or cramp, but acts easily and pleasantly and is therefore the most satisfactory remedy for children, women and elderly persons. For a free trial bottle write to Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

building on South Main street. This building is to be occupied by the Anderson Motion Picture company as soon as the work can be finished and in this building will be located the Theatre Beautiful. The plans for this front were drawn by the Kress architect and according to a letter he has written here the new theatre is to be a pretty in construction as that boasted of by any other city in this section. The work will be pushed as rapidly as possible in order that the theatre may soon be opened.

Big Crowds Attending Lubin.
Edmond Evening Journal, Wednesday Afternoon, February 12, 1913. Lubinites and theatregoers in general are pronouncing the current offering at the pretty Lubin one of the greatest programs yet seen at popular prices, and Manager Toney is being congratulated at presenting such a talented aggregation of players in the big musical sensation, "The Widow Green," at the regular admission fee of ten cents—and local amusement seekers, who enjoy a meritorious performance, are crowding the Lubin this week to such an extent that extra shows are being contemplated, as the offerings of the Southern Beauties Musical Comedy Company are far above the average and excel anything of its kind seen here this season. Pretty girls and funny comedians are conspicuous at each performance, and each and every member has gained much prominence in the theatrical world, which adds no little in making the Southern Beauties Musical Comedy Company an all-star aggregation. "Up in Ferris Wheel" will be the bill for Thursday, Friday and Saturday—At the Palmetto all this coming week.

CARD OF THANKS
We desire to extend our sincere thanks to our neighbors and friends for their ready and quick response to the call when our home was on fire Thursday night. Their assistance and generosity, and the hospitaly so kindly shown since our home was burned, will ever be remembered.
Sincerely,
Mr. and Mrs. James F. Snow

THE BEE HIVE G. H. BAILES

LITTLE GIRL DEAD.

Ellen Garren Graham Died Saturday At 10 o'clock.

Anderson people learned yesterday with a great deal of regret of the death of little Ellen Garren Graham, the daughter of Mr. and Mrs. Louis A. Graham, which occurred yesterday about noon at the home of the parents on Glenn street. The little girl had been ill for the past fortnight with pneumonia and erysipelas and for the last few days her condition has been critical.

The funeral services will take place this afternoon at the home at 3 o'clock, followed by interment in Silver Brook cemetery.

FROM NOVEMBER 1ST TO NOVEMBER 30TH, WALLACE WILL GIVE REDUCED RATES ON PHOTOGRAPHS TO AVOID CHRISTMAS RUSH. STUDIO 3 DOORS BELOW BEE HIVE.
