says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Gardui, the woman's tonic. She says further: "Before I began to use Gardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Gardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

### ANDERSON PICTURE TO SHOW FOX CHASE

ATLANTA PEOPLE HERE TO MAKE FILM

### FOR MR. ROBERTS

Many Fox Dogs and Riders Will Take Part in Act to Be Staged in Anderson County.

A party of people arrived in the city yesterday morning and by last night preparations were well under way for making a motion picture of a real fox hunt in Anderson county. So far as is known, this will be the first picture of its kind ever made in the United States and certain it is that the picture people have come to the right authority if the desire to stage a fox hunt as it really is. James T. Roberts, who is to be a prominent figure in the picture with his large pack of fox hounds, is probably the best known fox hunter in the United States. He holds the world's championship in the way of fox hunting and dozens of beautiful articles, including a magnificent coat and lap robe, all made out of fox hides captured by his own hands.

In the party from Atlanta is Mrs. J. G. Starr, who has written a story to stage the fox chase. She is accompanied by her husband, her brother, A. Newell Boggs, and Carl B. Roundtree, who manipulates the machine. Mr. and Mrs. Starr, Mr. Boggs and Mr. Roberts will take part in the picture, and a number of young men and young women of this city will assist in the production of the photo play. About two weeks will be consumed in getting the picture here and then the film will be exhibited in Anderson first of all. It is believed that it will create a sensation when first seen here and later it will be exhibited all over the State and in other sections. Many people never saw a fox chase and practically all of them will avail themselves of this opportunity when some "movie" secures the production for presentation in Anderson.

### THEN

Just forty years ago today the Woman's Christian Temperance Union was organized in Cleveland. The movement had its beginning in the following incident: In 1873 Dr. Dio Lewis lectured on temperance in Hillsboro, and at that lecture there was present Mrs. Judge Thompson, a woman of singular beauty who was moved to begin a woman's crusade against intemperance. Led by her, the women entered the saloons and organized prayer meetings. The movement spread through Ohio and thousands of gallons of liquor were emptied into the gutters in the Middle West. An army of men signed the temperance pledge, but a reaction soon followed in Chicago. To combat this Miss Frances W. Willard appeared upon the field with her "White Ribbon Army." Her crusade gathered such momentum that in the fall of the following year the national W. C. T. U. was founded. Miss Willard was appointed secretary and began the work of organizing the temperance crusade with the cry of "Votes for Women" and out of the union of these two causes has come the present world-wide woman's movement.

### NOW

Today the National W. C. T. U. is the largest woman's organization in the world. It has a membership of 225,000 women and is actively organized in more than 10,000 towns and cities. It has an organization in every State in the union. When it was founded in 1874 there was only one dry state on the entire map of the United States—Maine. But within the last ten years the "dry" territory has encroached on the "wet" so there are now ten states where liquor cannot be legally sold. From the movement has sprung the national woman's suffrage movement and there are now many states where women have won the right to vote. The National W. C. T. U. is the parent of nearly all the organic activities of women in this republic. It is the mother of the juvenile courts. It inspired the work of stamping out white slavery. It has aided working men to secure an eight-hour law in many of the states, and been a factor in the movement for world peace.

### THE INNES AGAIN

Are Held in San Antonio for Atlanta's Authorities.

SAN ANTONIO, Texas, Nov. 18.—Victor Innes and wife, of Eugene, Ore. recently released from custody on a charge of murder and conspiracy to murder in connection with the disappearance of Mrs. Eliot Nelms Dennis and Miss Beatrice Nelms, were remanded to the custody of officers from Fulton County, Georgia, by Judge Anderson in the district court here today.

The Innes are under indictment in Atlanta charged with larceny after trust.

Counsel for the Innes immediately filed an exception to the court's ruling and gave notice of appeal.

The prisoners will be held by the sheriff of Bezar County pending decision of the appeal.

### FARMERS EXPECTED FOR GRAIN MEETING

FROM ALL PARTS OF THE COUNTY

### EVENT IMPORTANT

Learned Speakers Will Discuss Gospel of Growing Grains in South Carolina Next Year.

If Anderson county farmers do not take advantage of the opportunity presented them today to hear preached the "gospel of grain" in Anderson, the farmers will be the people to lose and not the party coming here to deliver the address.

This is a meeting of vital importance to every planter in Anderson county and the farmers should remember that the meeting will be gin promptly at 4 o'clock and will take place in the rooms of the Anderson Chamber of Commerce.

The grain party will make its first stop in Anderson county this afternoon at 2 o'clock when Hon. H. H. Path will be visited. From there the party will go on to Belton where a meeting will be held at 3 o'clock and at 4 o'clock they will reach Anderson and be ready for the meeting here at that hour.

The farmers themselves are in a position to judge whether or not grain should be planted in Anderson county next year and if they do not desire to learn all they can about the subject, there is no law compelling them to be present this afternoon.

However, a hearty invitation is extended every planter in the county to attend this meeting and to take part in the discussions of the afternoon.

## No Home Complete Without a Piano

The refining influences and the elevating tendencies of music in the home cannot be exaggerated; in fact no house is a HOME without it contains a piano. Count over the satisfied and contented homes of your own acquaintance, and nine out of ten will be found to contain a piano. After the days work is done, the family can gather in the parlor and have an evening of music. Isn't that better than have the family scatter immediately after supper is over for their individual pleasures?

With the VERY LOW PRICES at which we are selling the VERY BEST pianos, GUARANTEEING them for TEN YEARS, no home should be without a piano.

You see, we BUY our pianos outright, paying SPOT CASH for them, taking every discount, which enables us to SELL them MUCH CHEAPER than any other dealer has ever sold them in the Piedmont.
