the house of representatives.

The talk by Capt. Smythe was especially pleasing to all those present, for he assured the mill men that although the Belton mill was operating at a loss he was not going to curtail this winter, and the employees could feel assured that they would have work during the winter. The mill was operating at a loss, Capt. Smythe explained, by reason of the fect that it is using last year's 12 cent cotton. He thook occasion to compliment the loom fixers on the quality of taneir work, the condition in which they kept their looms and their loyalty to the interests of the mill. Loom fixers of the Belton Cotton

at which higher officials of the company, members of the Anderson Counity delegation to the general assembly, and other friends were present.
The supper was held in the W. O. W.
