HIGH OFFICIALS OF RAILROAD COMING

WILL ARRIVE MONDAY NIGHT TO INSPECT PROPERTIES OF THE C. & W. C.

ON SPECIAL TRAIN

Reception Committee From Chamber of Commerce to MEET PARTY

President J. R. Kenly of the Atlantic Coast Line Railroad, General Manager A. W. Anderson of the Charleston & Western Carolina Railroad, together with other officials of both lines will arrive in Anderson Monday night on a tour of inspection of properties of the companies. The party is making a tour of the state in which these companies have holdings and traveling in a special train. Upon their arrival here they will be met by a reception committee from the chamber of commerce and accorded every attention while here.

It is understood that the officials are coming here primarily to inspect work which is under way on the new terminal site of the C. & W. C. railroad, and that they will remain here until Tuesday morning. Others in the party, it is reported, are Henry Walters, chairman of the board of directors of the A. C. L. Michael Jenkins and Waldo Newcomer, bankers of Baltimore and stockholders in the A. C. L. road, and R. A. Brand.

The committee from the Chamber of Commerce which will meet the railroad officials is composed of the following: Messrs. A. S. Farmer, B. O. Evans, M. M. Hattison, W. W. Smoak, R. S. Ligon, J. S. Fowler, W. L. Brisse, and J. D. Hammet.

It is understood that these officials having visited several states wherein their company has holdings for the purpose of holding directors' meetings in accordance with the laws of those states. Meetings of this nature have been held at Richmond, Savannah and Jacksonville.

Mr. and Mrs. William Martin of Anderson, R. F. D., were shopping in the city yesterday.

C. M. Duckworth of the Lebanon section was in Anderson yesterday for a short stay.

Miss Carby Darby, one of the teachers in the Green Pond school, is spending the week-end in the city with the family of W. C. Bailey.

To Men—and Women Who Buy for Men:

There is one thing in this world more than anything else which stands between clothing buyers and a full dollar's worth.

It is - - - Habit!

The reason so many men are satisfied with a \$9.99 result in clothes at a \$25 price is that they judge values in the light of ten years ago. They base their estimate of their money's worth, not on what they OUGHT to get, but on what they have been used to getting.

The deep rut of habit keeps them from seeing the great advances that have been made toward modernizing the making of good clothes.

But more and more people are acquiring new standards—higher standards—of clothing values.

More and more they are looking to this store as a greater value giver.

More and more they are finding that in Schloss Baltimore Clothes—made by men and methods years in advance of the general understanding of tailoring—there is to be found the fullest measure of value, dollar for dollar, it is at present possible to produce.

The proof of this is not in our statement here, but in the clothes themselves—the style, the service, the fit, the comfort you will find in the new fall Schloss garments at

\$12.50 to \$25.00

PARKER & BOLT THE ONE-PRICE CLOTHIERS

FORMER ALDERMAN E. E. ELMORE TALKS OF CITY'S "WHITE WAY"

THINKS CITY GOT BARGAIN AND THAT IT HAD BETTER BE KEPT

CITY ATTORNEY

Assured the Committee That Contract for Lighting Was Legal.

It having been rumored that as a consequence of city council's recent action in regard to the franchise granted by the previous council to the Southern Public Utilities Company to

furnish light and water to the city of Anderson there was a possibility of the city's magnificent "White Way" being discontinued, a statement from former alderman E. E. Elmore, who is recognized as the father of this beautiful street lighting system, concerning the situation, will prove of the greatest interest to citizens generally.

When interviewed yesterday by a reporter for The Intelligencer, Mr. Elmore expressed the earnest hope that not one single cluster of the elegant lighting system would be molested through the activities of either the present or future councils. To bring about any interference with the "White Way" in any respect, Mr. Elmore stated, would constitute a fatal mistake for the city, and one that he citizens, he believed, would not tolerate. "I was heartily in favor of the es-

tablishment of the "White Way" along the streets of the city," said Mr. Elmore, "and I believe that it is a monument to the former city regime that every member of that council should feel proud of. After the matter of a 'White Way' had been agitated to the extent where it was brought before the council in the shape of a definite proposition, the matter was referred to a committee consisting of Mayor Holloman, Alderman Farmer and myself. The mayor and myself, constituting a majority of the committee, reported favorably on the proposition.

"However, before the committee had gone to the extent of recommending to council that a 'White Way' be established, I consulted City Attorney G. Cullen Sullivan concerning the matter. I requested him to advise me as to the legality of the city entering into a contract with the Southern Public Utilities Company for the establishment of a 'White Way,' and I was assured by him that there was nothing whatsoever that stood in the way of the city of Anderson entering into a perfectly legal contract of this nature. Having been given this assurance, by the legal advisor of the city council, the committee made its report recommending the drawing of a contract for the establishment of the

lighting system. Not only was I assured that there was nothing illegal about such a contract being entered into, but the contract itself was drawn by the city attorney.

"What do I think of the 'White Way'?" I think that the city of Anderson has a bargain. I might say that before a report was made to council concerning the matter, I made an exhaustive study of similar lighting systems in cities of the South and prepared facts as to the cost of installing such a system, the maintenance of the same, etc. It might be of interest to Andersonians if they are not already aware of the fact to know that with the exception of Charlotte, they have got the lowest rate for the 'White Way' system of lighting of any city in the South. Our system costs us \$35 per post per year. My investigation revealed the fact that the next cheapest rate on this system, of street lighting, is \$42.50 per post. I found that some cities, Savannah for instance, were paying a great deal more than that. This Georgia city—pays \$62.50 per year per post for its 'White Way' system, or \$27.50 more per post per year than the city of Anderson is paying.

"Another fact I would call attention to is that Anderson secured the installation of the lighting system

without one cent of cost to the taxpayers, and that is something which only one or two other cities, so far as I know, has been able to do. "Under no circumstances let anything be done that will interfere with Anderson's beautiful street lighting system. In fact, I believe that were the situation allowed to reach the stage where an attempt would be made to take up the system the rank and file of the people of Anderson would not permit a desecrating hand to touch it."

Box Party. A box party at Walker-McMilloye school building will be held Wednesday night, November 25, at 7:30 o'clock. Girls are requested to bring well filled boxes and the boys heavy pocket books.

J. A. Bock of Starr was among the visitors spending yesterday in the city.

Mrs. W. A. Clement of Hilton was shopping in the city yesterday for a short time.

B. L. McCaskill of Groves has been spending a few days in the city.

J. L. Jackson of Iva was in Anderson yesterday for a short stay.
