**TODD AUTO SHOP**

## ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

**Grain Committee Meets Today.**  
 The committee of the Chamber of Commerce appointed for the purpose of mapping out a program for the grain elevator meeting to be held here next Monday and putting the proposition in shape for placing before the meeting of farmers and business men on that day will meet at the rooms of the Chamber of Commerce this afternoon at 4:30 o'clock. The committee consists of B. F. Mauldin, C. S. Sullivan and Porter A. Whaley. Reports from all sections of the county are to the effect that much interest is being taken in the grain elevator proposition by farmers and that the attendance at the meeting to be held here next Monday will doubtless be large.

**Elks Home Holding Co.**  
 The stockholders of the Elks Home Holding Company will meet at the Elks home this afternoon at 6 o'clock for the purpose of transacting important business, according to announcements issued yesterday by Secretary Walter S. Beatty.

**Belgian Relief Fund Meeting.**  
 Secretary Whaley of the Chamber of Commerce yesterday sent to all superintendents of Sunday schools in Anderson County and pastors of churches letters calling their attention to the meeting to be held at the Chamber of Commerce Thursday afternoon at 3 o'clock for the purpose of considering ways and means of raising funds for a Christmas offering to the Belgians. Some 60 or 70 letters were mailed out for this purpose. Some time ago The Intelligencer started a Belgian relief fund, and to date something over \$14 has been subscribed. This sum will be turned over to the committees to be appointed at the meeting tomorrow, if such action is desired by those who are to conduct the campaign.

**Meeting Directors Was Called Off.**  
 The meeting of directors of the Anderson Development Company which was to have been held yesterday afternoon at 3 o'clock at the Chamber of Commerce for the purpose of taking up the matter of leasing the store rooms and office space in the new theatre building was postponed until 10 o'clock this morning.

**Unique Guessing Contest Announced.**  
 In the show window of Walter H. Keese & Co. are a great number of watches, of the type that sell the world over for 100 cents. There are watches in the window and there are dummies, the two being so arranged that it is difficult to tell which are real watches and which are not. At any rate, the person who submits by December 7 a guess as to the exact number of watches in the window will be given a prize of \$5 in gold. The one guessing nearest the correct number will receive a prize of \$2.50.

**American Made Goods Show.**  
 A feature of the Christmas reception held yesterday by Pant's Book Store is the fact that the many wares displayed there were of American manufacture. This is particularly noteworthy for the reason that heretofore practically all novelties and goods of the kind displayed there were of German manufacture.

**Beautiful Rainbow Athwart the Sky.**  
 Those who happened to be out in the open yesterday afternoon between 4 and 5 o'clock observed in the eastern heavens one of the most gorgeous rainbows imaginable. The great arch spread its magically colored way athwart a deep black sky, a background which heightened the effect of the phenomenon to a degree where it held the onlookers almost spellbound. The sublime tinting of the vast "bridge" spanning the untrammelled heavens beggared description, and left the one who gazed with the thought of his own littleness and the inferiority of his achievements, as compared with the handiwork of Him who steers a universe, tints the petals of the rose and takes cognizance of the fall of a sparrow.

**Carnival Seeks Other Pastures.**  
 Having absorbed about all the surplus cash in Anderson that is to be absorbed by such a proposition, the World's Exposition Shows, a carnival which has been holding forth in North Anderson for the past few weeks, has folded its tents, and like the Arabs, stolen silently away. The "exposition shows of this planet" (for that is the carnival company's name in another form) departed yesterday morning for Atlanta.

**Dr. J. O. Sanders Is Indisposed.**  
 The friends of Dr. J. O. Sanders will regret to learn that he has been somewhat indisposed for the past few days and is confined to his home for the present. He hopes to be out, however, within the next day or so.

**License Matter Was Resumed.**  
 City council met last night at the city hall for the purpose of resuming work on the license bill for 1915. A special meeting of the city fathers was held Monday night, when the matter was come into down as far as the letter "E" of the alphabetically arranged list of businesses for which license is required. Council will meet again tonight for the purpose of continuing the work.

**1,338 People at Telephone Reception.**  
 One thousand, three hundred and thirty-eight people called yesterday afternoon and last evening at the elegant new building of the Southern Bell Telephone and Telegraph company, the occasion being a reception which the company gave the general public in celebration of the formal opening of the new plant. Manager W. S. Beatty gave away some 800 carnation as souvenirs of the occasion.

**New Number of Comlan Thursday.**  
 The December number of the Comlan, the monthly publication issued by the Young Men's Christian Association, will be off the press Thursday. The approaching number, it is stated, will be one of the best that has been gotten out since the pamphlet was started.

**Annual Report of Southern Railway.**  
 The 20th annual report of the Southern Railway, in booklet form, has been received at Blue Ridge office of the Blue Ridge Railway. It is a report of the affairs of the company for the year ended June 10, 1914, and concludes the record of the administration under the voting trust which was created on its organization in 1894. It also includes the individual reports of several of the officers, showing not only a history of what this company has accomplished, but, as it illustrates the growth of the industrial South during the past 20 years, serves also as an earnest of the future which may be reasonably expected for this country.

**Willow Camp Elects Officers.**  
 Officers for the ensuing year for Willow camp, No. 26, W. O. W. were elected last night at a meeting of the organization held in the Masonic temple. The following officers were chosen: Consul Commander, W. P. Nicholson; advisory lieutenant, J. P. Todd; banker, L. O. Hunnicutt; clerk, J. T. King; escort, T. E. Dill; watchman, W. B. Gary; sentry, C. M. Elgin; manager one, G. N. C. Boleman; doctors, Drs. J. C. Harris, H. A. Fruit, Wade Thompson and C. S. Breeden.

**Take Cotton Off Sidewalk.**  
 It has been suggested that it is about time for purchasers of bales of cotton in the buy-a-bale movement to take their purchases off the sidewalks and relegate it to the warehouse. "The stuff has become soaked with rain, covered with mud and unsightly. Besides that, it is being damaged by being exposed to the weather," commented a thoughtful observer, "and it is about time it was being carted away to the warehouse."

**D. P. McBrayer Here On Short Visit.**  
 D. P. McBrayer, formerly a resident of Anderson and now making his home in New Orleans, where he is engaged in the cotton business, is visiting friends in the city for a few days. Mr. McBrayer left Anderson about a year ago and had not thoroughly settled down in New Orleans before there was an outbreak of bubonic plague. Mr. McBrayer talks very interestingly of the steps taken by Surgeon General Expert Hilde of the United States Public Health and Marine Hospital Service, and his assistant, Surgeon Rucker, in eradicating the dread disease and the distributors of it, rats, in the city of New Orleans.

**As to Tax on Telegrams.**  
 Manager Howard of the Western Union Telegraph office here stated yesterday that considerable confusion and misunderstanding had arisen as to the proper way to pay for the war revenue tax of one cent required on telegrams. Mr. Howard said that it had been erroneously reported that stamps would have to be affixed to telegrams. This is a mistake. The sender of a telegram is required to pay to the telegraph company his tax of one cent in cash, not stamps. For example, if a person sends a telegram to any point where the usual charges are 25 cents he will have to pay the telegraph company 25 cents. The 1 cent is collected by the telegraph company and paid to the government through the auditing department. If a person receives a telegram "collected" he must not only pay the original cost of the message, but must pay in addition one cent cash for war revenue tax.

**Survey For New County.**  
 A gathering has been held at McCormick in regard to the proposed new county. R. H. Welch and T. C. Bamby and C. W. Wansamaker of Columbia, went there Monday for the purpose of looking into the matter. Mr. Welch is attorney for the advocates of the new county, and Messrs. Bamby and Wansamaker are surveyors. W. H. Mays of Greenwood, one of the commissioners appointed by Governor Blease to make a report on the survey and other matters in connection with the proposed new county, joined the party yesterday morning. The survey for the new county, which will be known as McDuffie, is along somewhat different lines from the previous survey, when Governor Blease refused to call an election on the matter. The towns of Troy and Bradley are left out in the new survey. It is expected that the commission will report to Governor Blease in the near future and that the matter

## ARRANGING FOR BOYS' CORN CLUB EXHIBIT

EXCELLENT SHOW EXPECTED TO BE STAGED ON DECEMBER 12

## VALUABLE PRIZES

Offered Boys Winning Honors in the Several Classes—Ex-Special Judges.

J. W. Rothrock, in charge of the farmers' cooperative demonstration work for Anderson county, for the past week has been calling upon the members of the boys' corn club and assisting them in preparing their reports for the annual meeting of the club to be held at the chamber of commerce December 12.

W. W. Long, agent in charge of the farmers' cooperative demonstration work in South Carolina, has promised Mr. Rothrock two expert judges to pass upon the corn to be submitted at the contest next Saturday week. Mr. Long has stated that he will probably attend the meeting of the boys' corn club in person.

While membership of the corn club has fallen off considerably since the season started, the success of the enterprise will by no means be impaired. It is expected that the exhibits of corn at the chamber of commerce on December 12 will be as fine as though the membership of the club had held out to its full strength. The club work started out at the first of the season with a membership of subjects like 50. Just how many of these have fallen out, is not definitely known, but it is estimated that something like 50 per cent have forsaken the work.

An attractive prize list has been completed by Mr. Rothrock and all of the prizes are well worth trying for. One of the most attractive prizes is that offered by President Riggs of Clemson College. To the two boys making the largest and cheapest yield of corn per acre he will offer a four weeks' course at Clemson College next August, when the subjects of agriculture, dairying, horticulture, etc., will be taught them by the best experts at the institution.

The prize list has been announced as follows:

For the cheapest corn per acre, first prize, six sacks of 10-4-4 fertilizer.

For the next cheapest corn, five sacks of cotton seed meal.

For the best ten ears of prolific corn, five sacks of 10-4-4 fertilizer.

For the second best 10 ears, 50 pounds vetch seed.

For the best ten ears, one eared, one turnip.

For the next best, one barrel of flour.

For the best written report, one rocking chair.

For the best report, one Stetson hat.

For the greatest yield per acre, 50 pounds of vetch.

For the second best yield, five sacks of cotton seed meal.

For the ear containing the greatest number of grains, 40 pounds of lard.

For the ear containing the second largest number of grains, 20 pounds of lard.

Greatest improvement shown in two year rotation, pair of \$4.00 shoes.

For the second greatest improvement, pair \$3.50 shoes.

To the boys making the largest yields per acre, one month at Clemson College in August.

The long list of splendid prizes should appeal to the boys of the county and if anything will induce them to take part in the exhibit these splendid prizes should.

will be put to a vote. If the new county is formed Abbeville will be reduced in area to 500 miles.

**Oceonee Bank Matter Up.**  
 A rule to show cause why the Westminster Loan and Trust Company should not be restrained from disposing of certain collateral placed with it as security for money borrowed by the Oceonee Bank of Westminster, a defunct institution, was returnable before Judge Geo. E. Prince in chambers here yesterday morning, the order requiring this having been signed November 18. After hearing arguments yesterday Judge Prince vacated the restraining order, saying that the order was to restrain something that had already been done.

**Petition Dismissed.**  
 COLUMBUS, O., Dec. 1.—The Ohio supreme court today dismissed the petition of the Anti-Saloon league for writs of mandamus to compel a recount of the votes cast in Cincinnati, Cleveland, Columbus and Toledo on November 3 last.

Representatives of the league asserted that a recount in the cities would prove that gross frauds were perpetrated which resulted in the defeat of the prohibition amendment and the adoption of the home rule amendment, a wet measure.

**THIS—AND FIVE CENTS!**  
 DON'T MISS THIS. Cut out this slip, enclose five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a free trial package containing Foley's Kidney and Bladder Compound, for coughs, colds and croup; Foley's Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley's Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, especially comforting to stool persons. ## The Lesser Co.

### 3,651 Killed in Mines Last Year

(By Associated Press.)  
 WASHINGTON, Dec. 1.—A casualty list of American mines and quarries issued today by the bureau of mines showed 3,651 men killed last year, and estimated the injured at not less than 100,000. This was a death rate of 3.49 in every thousand of the 1,047,010 men employed in the industries.

**FAVORABLE TRADE BALANCE**  
 (By Associated Press.)  
 WASHINGTON, Dec. 1.—Exports from the twelve ports which handle 80 per cent of the export business of the United States totalled \$43,098,852 leaving a favorable trade balance of \$16,413,285.

The 22 working days of November yielded a trade balance in favor of the United States of \$63,188,992, which according to official estimates, indicates a November export excess of approximately \$70,000,000 for the entire country.

**Must be Voluntary.**  
 WASHINGTON, Dec. 1.—President Wilson takes the view that the establishment of neutral zones for shipping in the western hemisphere, as proposed by several South American countries, must be entirely voluntary on the part of the European belligerents. He told callers today he had discussed the question briefly with Secretary Bryan and Acting Secretary Lansing, of the state department, but no conclusion had been reached.

**Green's Art Shop**  
 On The Square.

Gore, Ga., F. A. Morgan had occasion recently to use a liver medicine and says of Foley Cathartic Tablets: "They thoroughly cleansed my system and I felt like a new man—light and free. They are the best medicine I have ever taken for constipation. They keep the stomach sweet, liver active, bowels regular." Foley Cathartic Tablets are stimulating in action, and neither gripe nor sicken. They are wholesome and thoroughly cleansing, and keep the liver active. Stout people like them.

## An Unusual Opportunity

The special departments of Anderson College can enroll a few more pupils, and the College invites the ladies of Anderson and vicinity to take advantage of this opportunity.
