### Christmas Saving Clubs Have Proven a Good Thing.

In this issue of the paper is a half page ad from the Peoples Bank, inviting people to join their New Christmas Savings Club for the year of 1915 which opens up on the 21st inst. This bank has recently paid out quite an amount of money to the members of the 1914 Savings Club, which no doubt will come in very handy for their Christmas Shopping at this time. In an exchange received today, there was an announcement of one bank in a city of sixty thousand population having paid the members of their Christmas Savings Club two hundred and eighty thousand dollars on the eleventh inst.

While this Christmas Savings Club is comparatively a new thing it has already passed the experimental stage; and fully demonstrated that it is a good thing for the people for the very simple reason that it offers them an easy way to save small sums of money in a systematic way, which would otherwise, probably be wasted. Just the other day, one of Anderson's best known young men was heard to say that he had gone into this Savings Club and would, within the next few days draw out \$63.75, and that he was going into it again this coming year; and in all probability for a larger sum. This is conclusive proof that this young business man thinks well of the proposition, after trying it a year.
