WILL POWER AND INSOMNIA

Relaxation, Assisted by Beautiful and Benevolent Thoughts, Cited as Sure Cure for Sleeplessness.

A noted hygienist tells of a man who was on the borderland of nervous breakdown and the joy of brain and muscle was fast receding, notes the Ohio State Journal. But he got well and sound again by attending safely to his relaxation. Insomnia was his greatest trouble, and when he went to bed it was to toss and bob around in mind and body until he fell into a restless sleep. He cured this by relaxation. That is, by yielding his body to the gentle pressure of bed and pillow and not trying to hold himself up by nervous exertion. It is the old doctrine of power through repose, a lovely idea, but not always realizable. The trouble is one soon forgets the relaxation, and so tries to practice it that he is apt to fall into a contortion.

The hygienist leaves out the main idea. He resorts to the will power, while the real secret is a resort to the moral power, which means falling under the sway of beautiful and benevolent thoughts, and then the relaxation will take care of itself. One of these methods is to think of the people you don't like, and then proceed to love them all, and you will find the pillow and the bed will render their full service and sustain all your physical and mental infirmities.

Desirable Change.
A lecturer said in a temperance address: "If I were Providence I'd introduce a change that would, I am convinced, convert the whole world to our cause. This simple but far-reaching change would consist in transferring the sick headache from the day after to the day before."

Don't overdo anything. Too much gratitude takes on the appearance of expectation.

Nashville, Tenn., municipal courts have this year collected \$29,435 in fines.

"In most cases of Dyspepsia Coffee Does Not Agree"—
says a well known authority.

Many who use coffee—not knowing that it aggravates stomach troubles—could still enjoy a delicious hot table beverage and escape coffee's effects by a change to the wholesome, pure cereal drink—

POSTUM
"There's a Reason"

NEWS OF THE WEEK FROM CAMP SEVIER

INSTRUCTORS IN ART OF GRENADE THROWING HAVE ARRIVED FROM EUROPE.

NEGRO SOLDIERS ARRIVE

Alleged Deserter Arrested at Pickens—Hospital and Ambulance Companies Organized.

Greenville.—Three French officers and three non-commissioned officers arrived at Camp Sevier to aid in instructing American officers and men in the most modern methods of warfare. The number of French officers at Camp Sevier is thereby increased to eight, two having arrived some days ago. Two more Frenchmen are to come and ten British officers, five commissioned and five non-commissioned.

Four classes a day will be instructed in grenade throwing by Lieutenant Martel and Aspirant Douay, the two French officers who were the first to arrive. The classes will be made up of officers and non-commissioned officers and each will last about an hour and a half. Putting the lemon shaped grenades is more arduous work than baseball and 90 minutes of it is more than enough for any save an experienced grenadier. One class, made up of officers only, has been running for nearly a week.

Separate Company G, Tennessee Infantry, a negro National Guard organization, has arrived at Camp Sevier and is encamped in part of the site recently occupied by the Fifty-fifth Depot Brigade. The company has been doing guard duty in Tennessee since being called to the colors. It has its full complement of officers, all negroes, and an enlisted strength of 105 men. At headquarters, officers said yesterday that to their knowledge no other negro organizations had been ordered here.

John Sinkiewicz, alleged deserter from the army, has been turned over to the military authorities at Camp Sevier. The sheriff of Pickens county, where the prisoner had been apprehended, brought Sinkiewicz in. He was caught in the woods where he had been hiding, living on nuts and berries. Although he wore practically the full uniform of a private, which led to his arrest, Sinkiewicz presented the appearance of a wild man when he was brought before the authorities. His dress was tattered, his features covered with dirt, and his hair and beard unshorn and unkempt. Nothing could be learned from the alleged deserter. When questioned he pointed to his ears and shook his head, indicating that he was deaf and dumb. His name was learned from a registration card which he carried on his person, and the board at that place and the adjutant general have been telegraphed regarding his identity and disposition. In the meantime, he is in safe keeping at the camp.

Four three inch field guns of the pattern of 1905 have been received and distributed two each to the One Hundred and Thirteenth and One Hundred and Fourteenth Regiments of the Fifty-fifth Field Artillery Brigade. The One Hundred and Fifteenth, which is to be equipped with six inch howitzers, has as yet received no material.

Schools for packers and for teamsters have been started at the remount station. They will run for three months each as will that for horse-shoers, which has been running for some days. About 4,000 animals have been received by the station to date. Some of these have been supplied the division, which finally will have more than 8,000 animals, while the remainder are still at the station.

A working party has begun clearing ranges on the site secured for a rifle range, between the camp and Paris Mountain, while Brig. Gen. G. G. Gately, commanding the artillery brigade, inspected the field artillery range site near Cleveland Mills. Ranges up to 1,000 yards will be cleared on the rifle range and up to 7,500 yards on the artillery range. Trenches, roads and similar objects will be the targets for the fire of the big guns.

Applications for war insurance are coming in very slowly at Camp Sevier, due, the authorities believe, to the fact that the insurance act has not been properly explained to the men. Officers have been instructed to familiarize themselves with its provisions and to use every effort to get every man to take out at least some insurance immediately.

Houses for Use in France.
Charleston.—Portable houses for use in France are now being manufactured by a large lumber concern at North Charleston, a government order for aviation quarters being filled at present with prospects for large orders for cantonment and other army structures very bright. The portable houses are manufactured rapidly in sections and when delivered are ready to be bolted together, a house of considerable size being put up by four men in three hours. Inspectors are now passing on finished products

WHITMAN VISITS WADSWORTH

New York Governor Spends Day at Spartanburg With Soldiers—Sees Guard Review.

Spartanburg.—Gov. Charles S. Whitman of New York was met here by Gov. Richard I. Manning of South Carolina. The two governors and members of their staffs, visited Camp Wadsworth, now the training ground of the Twenty-seventh Division of the United States army, formerly the National Guard of New York State, were entertained at luncheon by Brig. Gen. Charles L. Phillips, acting commander of the division, at headquarters at noon, inspected the camp during the afternoon, calling upon all commanding officers, had dinner as the guests of the city of Spartanburg at 7 o'clock, and were given a public reception and ball lasting from 9 o'clock until midnight.

Friday a grand review of the Twenty-seventh Division, the first of a complete division, at modern war strength, to be held in the country, was the big feature of the day. The review was held at Camp Wadsworth beginning at 10 o'clock and lasted until the afternoon.

In the afternoon Governor Whitman visited the Spartanburg County fair grounds and made a speech there.

Governor Whitman's train was three hours late, arriving here shortly after 10 o'clock. He was met at the station by Col. E. L. Ward, chief of staff; Col. Cornelius Vanderbilt of the One Hundred and Second Engineers, and Capt. E. W. Moore, aide de camp to Major General O'Ryan, who has been assigned as Governor Whitman's aide during his visit together with citizens of Spartanburg. The headquarters troops under the command of Lieutenant Cameron escorted Governor Whitman to his hotel. In the governor's party were Mrs. Whitman, Mrs. George A. Pratt of New York, Maj. F. L. Hopkin, Maj. Howard E. Crawl and Comdr. Louis Josephthal.

Warns Coal Dealers.
Anderson.—B. B. Gossett, State fuel administrator, has issued the following warning to the retail coal dealers of South Carolina:

"Numerous complaints have been received by this office to the effect that certain dealers throughout the State are charging excessive prices for coal. This office believes that the violators of the law, if any, are a small minority who have been tempted to take advantage of local conditions and of the general scarcity of fuel in certain sections. All dealers are, therefore, warned that all complaints of this nature will be investigated and if the truth of the charges can be established, the facts will be turned over to the United States district attorney with the suggestion that the violator of the law be promptly prosecuted."

Violators may be punished by a fine of not more than \$5,000 or imprisonment for not more than two years, or both.

In this connection, the following telegram from the fuel administration at Washington to the State administrator in Anderson has been made public:

"We have arranged with federal trade commission to have assigned to you field agent of commission with experience in retail coal problems, and with full investigatory powers, who will co-operate with you and render all possible assistance."

Names State Fuel Board.

Anderson.—B. B. Gossett, State fuel administrator, announced the appointment of seven members of the State advisory board as follows: First District, Leland Moore, wholesale paint and oil dealer, Charleston; Second District, John H. Cope, planter, merchant and oil mill owner, Bamberg; Third District, H. H. Watkins, lawyer, Anderson; Fourth District, B. E. Geer, cotton mill manufacturer, Greenville; Fifth District, L. A. Meiklejohn, wholesale lumber dealer, Cheraw; Sixth District, to be announced; Seventh District, I. C. Strauss, lawyer, Sumter; from the State at large, Irv M. Mauldin, banker, Columbia. Captain Watkins is named as chairman of the board. Mr. Gossett states that city and county committees will be appointed within the next day or so and appointments will be announced from time to time as they are made.

SOUTH CAROLINA NEWS ITEMS.

Fire believed to have been caused by the explosion of an oil stove heater practically destroyed J. T. Collins' beautiful home at Chester.

Newberry is soon to have one of the finest jails in South Carolina, as it already has one of the finest court houses. A contract has been closed with the W. G. Sutherland Company of Greenwood for a jail that is to cost about \$68,000, to be completed within 120 days after the lot is cleared of the present jail.

The farmers of Chester county are planting the largest acreage in cover crops this fall that they have ever planted. Probably four times the usual amount of wheat is being planted this fall.

Lieut. Julius Wezel, recruiting officer at Camp Sevier, reports that 104 men were received into the service during the month of October. Of this lot, 56 were received at the recruiting office at the camp and 48 were sent in from the recruiting offices throughout North Carolina, South Carolina and Tennessee.

Increased Food Supply.

"I see," said Mrs. Perkins, whose lucubrations appear in the Windsor Magazine, "that Lord What's-his-name has been a-writting to the papers to tell people to keep rabbits and grow cabbages in their back yards to keep up the food supply of the nation."

"I only hope 'e'll do it 'imself, and I wish 'im joy. I don't want to dash no' oves, but I tried it myself in a 'umble way, you understand, last summer."

"I gave a pair of Perkins' boots and fourpence for two small rabbits, and that just left room in my garden for a dozen sprouting broccoli."

"For the first three weeks I thought the broccoli was going to die of heart disease; but as soon as they started to sit up and sprout the rabbits broke out of their hutch and ate every blessed one up, and expired next day of internal constipation."

"All I got out of it was the rabbit skins, which I will say, made a 'and-some necktie."

"When I wear it on Sundays I 'ear people saying, 'Fancy 'er buyin' them expensive furs in war time!'"

"It's 'ard to hear, but I reckon I've done my bit toward increasing the food supply."—Youth's Companion.

HEAL BABY RASHES

That Itch, Burn and Torture With Cuticura—Trial Free.

A hot Cuticura Soap bath is soothing to irritated skins when followed by a gentle application of Cuticura Ointment. Use Cuticura for every-day toilet preparations to prevent such troubles. After this treatment baby sleeps mother rests and treatment follows.

Free sample each by mail with Book. Address postcard, Cuticura, Dept. L, Boston. Sold everywhere.—Adv.

When He Was Born.

A recruit walked up the main street recently without saluting any of the officers he met. Finally one of them, noticing the apparent nonchalance of the man, approached him and asked: "See here, are you a private?"

"No, I am an Italian," the rookie answered.

One of the recruits, a naturalized Pole, was being examined by his captain.

"When were you born?" the latter asked.

"Let see—twent'-two years."

"You mean eighteen ninety-four?"

"Yes," agreed the rookie.

"What month?"

The man puzzled over this a few minutes. Then, with a cheerful smile, he suggested, amiably:

"Oh, September, October, June, anything! I no care."

BOSCHEE'S GERMAN SYRUP

Will quiet your cough, soothe the inflammation of a sore throat and lungs, stop irritation in the bronchial tubes, insure a good night's rest, free from coughing and with easy expectoration in the morning. Made and sold in America for fifty-two years. A wonderful prescription, assisting Nature in building up your general health and throwing off the disease. Especially useful in lung trouble, asthma, croup, bronchitis, etc. For sale in all civilized countries.—Adv.

His Profession.

"How your patient does keep up, nurse."

"Yes, sir. He's an aviator."

A statesman is a politician who can keep his face closed at the right time.

If your eyes smart or feel scalded, Roman Eye Balsam applied upon going to bed is just the thing to relieve them.—Adv.

Usually a truly good woman has a sad look that is discouraging.

After lending an ear the charitable man lends a hand.

Tonight! Take Dodson's Liver Tone!
Better Than Calomel For Liver

Calomel sickens! If bilious, constipated and head-achy read my guarantee.

Listen to me! Take no more sickening salivating calomel when bilious or constipated. Don't lose a day's work!

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with your bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, if you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just take a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't straighten you right up and make you feel fine and vigorous by morning, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not sallow or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.—Adv.

WINTERSMITH'S CHILL TONIC

Sold for 47 years. For Malaria, Chills and Fever. Also a Fine General Strengthening Tonic. 50c and \$1.00 at all Drug Stores.

Island of Mindoro.
So prolific was the Island of Mindoro in the Philippines at one time in the production of rice that it was popularly called "the granary of the Philippines." Sugar, cotton, hemp, and other crops thrive on the island, when properly cultivated. Yet its economic conditions are extremely backward, and a large part of its population is in a constant state of poverty. It has altogether about 30,000 inhabitants. Among these are 18,000 Tagalogs, 7,200 Mangyans, 2,000 Visayans, and of Ilocanos less than 1,000. Of the whole, over 7,000 are pronounced savage; a large proportion of the remainder are densely ignorant.

Horseshoe Proves Man's Age.
A man's age was decided in a peculiar manner before a Greenwich, England, court recently. The military authorities claimed that a man, George Frederick Graeber, was not forty-three years old, and therefore still liable for service. The man's defense was that he was past his forty-third birthday. In support of this defense he stated that he was born on June 3, 1874, the day George Frederick won the Derby, and that he was named after the horse. The defense was accepted, and the man was discharged.

Fast Runners.
She looked with some apprehension over the gingham spread before her. "These don't look like fast colors to me," she said.

"Indeed they are, ma'am," answered the shopman. "You just ought to see them when they begin to run."

If he has a large family to support a man can't afford to have any other extravagant habits.

Dr. Pierce's Pellets are best for liver, bowels and stomach. One little Pellet for a laxative, three for a cathartic. Ad.

Middle Aged Women
Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Freemont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE ISBELL, Box 197, North Haven, Conn.

In Such Cases
LYDIA E. PINKHAM'S VEGETABLE COMPOUND
has the greatest record for the greatest good.

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.
