PICKENS WINS FROM GLENWOOD

A "humdinger" is what Dunk Botts would call the Pickens-Glenwood baseball game played on the Pickens mill diamond Saturday; Carter, pitcher and other sure enough sportswriters would probably refer to it as a "razzle-dazzle raze" or "one of those hectic affairs;" but all that one could expect a sport writer on a weekly paper to say is that it was a **SOME** game. Well, it was all of these things together. Pickens won the game in the thirteenth inning by a score of 14 to 13. It was one of the most interesting and exciting games ever played here, furnishing all varieties of plays from the big league brand to the Hogwallow kind.

Pickens apparently had the game won at the beginning of the ninth inning, but Glenwood made three runs in the ninth, tying the score. Pickens could not score in her half of the ninth. Mace hit a home run for Glenwood in the tenth, but Pickens tied it up again in her half. Then Glenwood looked like a winner by making two runs in the eleventh, but the lads from the Gem of the Foothills pushed over two in their half and they had to play some more. Neither team could score in the twelfth. Glenwood was blanked in the thirteenth, and Pickens counted the winning run in their half with one out.

Casey Porter and Hagood Bruce were probably the most scintillating stars of a luminous constellation, the others shone with considerable sparkle. Porter pounded the pellet to the tune of two doubles and two singles and around first base he fielded a million. Bruce got four clean singles, one of them bringing in the tying run in the eleventh inning. With perfect support he would also have been credited with a shut out game in nine frames. Glenwood made five runs in the first inning after the side should have been retired. Between the first and ninth innings Bruce allowed only two clean hits and he fanned eleven batters during the game. Adams for Pickens got a triple and two singles and scored the winning run in the thirteenth. Hawkins baberuthed the ball to deep center with one on in the sixth and Mace for Glenwood also hit for the circuit in the tenth. Pace made several nice plays in centerfield. Hansell Bivens had an off day in the field, but he redeemed himself at the bat, crashing out a triple in the tenth and scoring a tying run a moment later. His long fly to right in the thirteenth inning also enabled Adams to tag third and score the winning run.

Hopkins who replaced Lawrence as pitcher for Glenwood in the sixth inning, pitched well and drove in his team's tying run in the ninth. He also drove in one run and scored another himself in the eleventh.

A large crowd witnessed the game.

CLAUDE HESTER WRITES A LETTER TO HENRY FORD.

Claud Hester, of Pickens, who recently got his arm broke while cranking a Ford, has addressed the following letter to Henry Ford, well known automobile manufacturer:

Mr. Henry Ford,
Detroit, Mich.

Dear Sir:

It gives me great pleasure to have the honor and the occasion to write to you, you being the founder and manufacturer of the world-wide motor vehicle known everywhere as Ford, Tin Lizzie, Flivver, Jitney and so on, famous for rough riding, back-firing and high kicking. Of course I am not finding any fault with them, understand; for I have driven one five or six years. The only trouble is I must have got hold of one that was not thoroughly broke. I had kept it so long that I had all the confidence in the world in it, but to my sorrow my Ford turned out like Judas' kiss. It wasn't satisfied at giving me a rough ride at all times, besides the knocking, skipping, fixing blowouts, drying out coils and so on, but the other day I started to crank it up and it kinder back-fired a little. Me being an old Ford driver I just walked around and cut the spark entirely off and went back to the crank only to have my arm dislocated and broke all at the same time, then it spit in my face and called me nigger. I took cold feet and run. I left this Ford still back-firing and it may still be doing the same thing for all I know. I thought I would just write you so you could be on the lookout for it, as I guess it has gone back to the herd. It sure is a good thing Fords are not like milk cows, for if they were I am afraid you would have a hard time selling the ones that kick. But after all I can't find much fault with them, as 15 cents worth of gas, a dime's worth of oil and a good head of water will constitute a day's run. Now, if this Ford comes back please see if you can't get the kick out of her. Randolph Rose took the kick out of licker and you ought to be able to take the kick out of a Ford.

Very respectfully,
Claude Hester.

Pickens, S. C.

Mr. Ford's reply to this letter will be published as soon as it is received.

A BIRTHDAY CELEBRATION.

On last Saturday, June 25, the children and grand children, friends and neighbors of Mrs. Ann Keith met at the home of her son, William C. Keith, to celebrate her seventy-sixth birthday. The crowd there and the great baskets full of good things to eat showed the love and esteem in which she is held.

In the afternoon we had some good singing. The day was spent very pleasantly and we were sorry when the time came for us to part.

I want to thank all who were there for their kindness and respect for the family. Our hearts were made sad by the absence of some of the children and grand children. But I hope and pray that in the great reunion up yonder they all will be present, there to remain an unbroken family around the throne.

May this not be the last birthday for this dear old lady.

God be with you all till we meet again in the prayer of one who wishes you well.

One Present.

FARMERS TO GET FORTY MILLION.

Washington, June 27.—That \$40,000,000 from the recent bond sale will be in the hands of farmers of the country through the federal farm loan plan by August 1 is the information contained in a letter received by Congressman Byrnes, of South Carolina, from A. F. Lever, a member of the farm loan board.

WATCHING A BASEBALL GAME IN GREENVILLE.

Watching a good baseball game is just about the finest sport there is (to many people), but if one would enjoy a game to the fullest extent so he could laugh and grow fat like Fatty Arbuckle, he should select a seat in the Greenville grandstand next to a Greenville fannabelle, whose baseball knowledge is gleaned from articles written by Dorothy Dix, accompanied by two male escorts who learned all about the great national game by reading "How to Win Pennants," by Al Bridwell, and "How to Wield a Wicked Willow," by Pep Crouch. A person thus situated may get a complete baseball education in one afternoon. All one has to do is to pick out the right seat and then make a slight criticism of some play made by a member of the Greenville team or praise a play of the opposing team. If you don't believe this is so, ask Ernest Folger.

The Pickens Library, beginning next Friday, will be open from 4:30 to 6:30 in the afternoon every Friday instead of from 3 to 5 as heretofore.

TAX LEVY FOR 1921.

State and County Levy Less Than Last Year.

Auditor Townes has informed this paper that the tax levy for state and county purposes this year is thirty-six mills. Last year the levy was forty mills. Following is the levy for different purposes:

	1921	1920
	Mills	Mills
State levy	12	12
Const'nal. school tax	3	3
Ordinary county	9	13 1-4
Special Road	6 1-4	6 1-4
Road Bonds	3 3-4	3 1-2
Good Road Act	2	2
Total	36	40

To this must be added the special school tax in different districts.

The 6 1-4 mill special road levy is for the building of the state highway to the North Carolina line. It was put on for two years only and this is its second year.

The two mill levy for roads was a state-wide affair last year, but the recent legislature made it optional with each county as to whether it would be put on this year. Supervisor McKinney asked for it for Pickens county and it will be collected as usual.

VANDIVER NAMED BANK PRESIDENT.

Anderson, June 25.—The board of directors of the Peoples Bank met at noon today to hear the report of the state bank examiner, James H. Craig, and to elect a new president to succeed Lee G. Holleman. The meeting was attended by every director. The report of the bank examiner showed the bank to be in good condition, no irregularities, and the capital stock of \$200,000 unimpaired. Edward P. Vandiver was elected president; Judge H. H. Watkins, first vice president; J. Fulwer Watson, second vice president, and Sloan Bannister, cashier.

The report of the examiner showed that the officers and directors of this bank owe it less money than the officers and directors of any bank of its size which the bank examiner has examined. The bank will open Monday morning for business.

A committee composed of Gen. M. L. Bonham, Dr. S. A. Henry, D. S. Vandiver and William L. Brissey was named to draw up resolutions of respect for the deceased president.

PICKENS WOMAN'S WAR RECORD.

"I believe my wife has the best war record of any woman in the country," said Mr. J. C. Jennings last week. The following facts caused the genial Calvin to make the remark:

Mrs. Jennings' grandfather, Leonard Capehart, fought for American independence in the Revolutionary war; her father, B. H. Capehart, fought in the Mexican war and the War Between the States, being so young at the outbreak of the war with Mexico that he had to run away from home in order to join the army; her husband and son Jesse volunteered and saw service in the Spanish-American war, and her two youngest sons, Wyatt and Lonnie, served in the U. S. army during the recent World War.

Mrs. Jennings has in her possession the old musket used by her grandfather in the Revolutionary war.

On June 14th the friends and relatives of Mr. J. D. Bolding, of Liberty R. 3, gathered at his home to celebrate his birthday with him, Mr. Bolding being forty-four years old. It was also Mr. J. D. At noon the ladies began to carry baskets to the nice cool grove where they spread something good to eat. We almost forgot hard times and hardly realized the money panic was on.

In the afternoon Prof. R. M. Bolding made some good music. Late in the afternoon the large crowd began to leave for their homes, all wishing Mr. Bolding and Mr. Nations many more happy birthdays just like this one was.
