LEVY'S SALE STARTS.

Savannah Store Has Been Crowded From Opening Hour.

B. H. Levy, Bro. and Co., of Savannah, Ga., announce through these columns the beginning of their Removal Sale, which started Wednesday morning at 10 o'clock.

Long before the doors were opened, the streets were crowded with shoppers. There has never before been a like demonstration of buying in the history of Savannah's merchandise world.

Reports show that people came from all parts of southeast Georgia and lower South Carolina, and the expressions of satisfaction were many.

It is the intention of B. H. Levy, Bro. and Co., to sell the entire \$250,000.00 stock that is in the old premises in order to open their new store with everything new on or about Sept. 1st.

Every day promises to be a day of economy and surprise, and a special invitation is extended to the readers of this paper to share in this wonderful opportunity of savings.

The Levy's reputation of fairness and honesty, plus reliability, is behind every sale made in this campaign, and there is no doubt but this sale will be the most successful of its kind ever held in southeast Georgia.

The store opens each morning at 9 o'clock, closing at 6, with the exception of Saturdays, when the store will remain open until 10 o'clock.

Special events are planned for each Saturday night, which will be worth while attending.

The campaign will continue until the entire stock is sold.

BE SURE TO TRY KARNAK SAYS SPARTANBURG MAN

"It Does Me Good To Tell Folks About Such a Wonderful Medicine" Declares Bolt.

"It just does me good to tell folks about something that will fix them up like this Karnak will," declares R. C. Bolt, of 360 Preston St., Spartanburg, S. C.

"I had indigestion and constipation so bad the past seven years I didn't know what it was to eat a meal and not suffer from it afterwards. Food seemed like knots in my stomach and I would just bloat with gas until my stomach felt sore. I was in terrible shape.

"And my liver was so sluggish it just seemed to have quit acting. I was weak and run down from head to foot, had headaches almost continually, and talk about feeling bad, I just felt terrible all over.

"When I saw what this Karnak was doing for other folks, why, you can bet I wasn't going on suffering without giving this new medicine a trial. And I want to tell you it's the finest I have ever seen. I took Karnak and the Karnak Pills, too, and the bloating, indigestion and constipation have just been knocked sky high.

"I just put away a big meal now without it ever bothering me in the least. In fact, it gives me new strength and energy and keeps me in good working trim. Yes, sir, I'm feeling great since taking Karnak, that's all there is to it. I don't miss a chance to tell my friends about this medicine, and wish I could tell everybody else about it, too. It'll certainly do the work for them."

Karnak is sold in Barnwell exclusively by Mace & Deason; and by the leading druggist in every town.

THE CITADEL

The Military College of South Carolina. VACANT SCHOLARSHIPS

A vacant scholarship in Barnwell County will be filled by competitive examination to be held at the county-seat on Friday, July 10th. Applicants must be at least sixteen and not more than twenty years of age, and must meet the educational requirements for admission to the freshman class, which are a certificate from an accredited four-year high school, covering fifteen units, or an equivalent examination.

This scholarship covers tuition, board, hospital, laundry, room, and an allowance for uniforms.

The Citadel is a liberal arts college, offering electives in civil engineering, science, language and literature, and business administration.

It has an excellent military system, having been rated by the War Department continuously for many years as "distinguished military college." An inspector says of it:—"It is so superior in all its methods, it must be classed alone."

It provides thorough physical training of all students under competent supervision, and encourages all athletic sports.

Big Investment Required

At the close of the year 1924, the Southern Bell Telephone Company had a total investment in service of \$58,987,529, not including \$337,778 of construction work in progress.

Of this large investment, a substantial portion is located in the State of South Carolina.

Replacements and additional plant to meet the growing needs of the telephone users of South Carolina was installed last year at a cost of approximately \$145,800.

The new plant is necessarily bought at today's prices, which, for equipment, material and other major parts of the telephone system, are 65 per cent higher than the pre-war prices. Wages and taxes alone are from 100 to 350 per cent higher.

An even greater investment must be made in South Carolina this year, with the result that the investment per telephone station is rapidly rising without a proportionate increase in the revenue per telephone station.

The enormous sums of money needed each year cannot be secured unless the Telephone Company's credit is good, and the company's credit is judged by the earnings on the investment in service.

Telephone users are familiar with the increased extent and value of telephone service in South Carolina, and the company is encouraged to believe that they will co-operate in making possible the enormous extensions needed in the early future.
