SAVANNAH MEN TO VISIT HERE

PARTY OF 100 TO MAKE GET-ACQUAINTED TOUR.

Two Scout Cars Will Leave Georgia City Monday for Purpose of Logging the Route.

Savannah, July 14.—On July 20th, two Savannah automobiles, each carrying four Savannah business men, will begin a four-day tour of South Carolina for the purpose of logging the route of the proposed Get-Acquainted Tour of this State by one hundred leading Savannahians in September.

The two advance cars will take different routes, one going via Yemassee, Walterboro, Charleston to Columbia. The other by way of Hardeeville, Fairfax and Barnwell to Columbia. The two parties will meet at Columbia and return together to Savannah via Orangeburg, Bamberg, Branchville and Walterboro. W. T. Knight, Jr., general chairman of the Get-Acquainted Tour will pilot one car while Wm. H. Robertson, Park and Tree Superintendent of Savannah, general marshal of the tour, will pilot the second car.

The advance scout cars of the Savannah party will log the distance between stops that the big party will make and will make all arrangements at the towns and cities for the reception and entertainment of the one hundred Savannahians.

The new Savannah River bridge near Savannah connecting South Carolina and Georgia will open on July 15th, on which date will be determined the date of the proposed Get-Acquainted Tour and also the date of the formal grand opening of the bridge. It is probable that the formal bridge opening will take place the middle of September while the Get-Acquainted Tour will occur about the first of September. Meanwhile the travelling public will be using the new bridge which for the first time in history connects the coastal section of South Carolina with Georgia.

It is the purpose of the tour party of Savannahians to get better acquainted with South Carolina in the Savannah trading area and to extend to people of this State a cordial welcome to attend the formal bridge opening ceremonies. The big tour will require about four days and nights and will cover approximately five hundred miles of distance. Some thirty stops will be made by the party in as many towns and cities for handshaking and short speeches.

Following are some of the more important towns and cities that will be covered by the advance scout cars and the main tour party: Hardeeville, Garnett, Estill, Fairfax, Allendale, Barnwell, Blackville, Elko, Springfield, Swansea, Columbia, St. Matthews, Parler, St. George, Ridgeville, Charleston, Walterboro, Branchville, Bamberg, Orangeburg, Yemassee and Ireland.

Blatt-Mirmow.

Blackville, July 14.—Of cordial interest to a large circle of friends throughout South Carolina was the marriage of Miss Rebecca Blatt, only daughter of Mr. and Mrs. N. Blatt, of Blackville, to Mr. Edward V. Mirmow, of Orangeburg, the ceremony being performed at the home of the bride's parents by Rabbi Strauss, of Augusta, in the presence of members of the two families.

Mrs. Mirmow, who is one of Blackville's beautiful and attractive young ladies, is a graduate of Chicora College. She has taught school since her graduation, being a member of the Barnwell High school faculty the past session. Mr. Mirmow is a popular young business man of Orangeburg and numbers his friends by the score. Best wishes are extended the young couple for a long and happy married life.

Immediately after the ceremony, Mr. and Mrs. Mirmow left for an extended wedding trip, after which they will be at home in Orangeburg.

Enjoy Winnie Roast.

Mrs. M. J. Vann chaperoned a "Winnie Roast" given in honor of Miss Ruby Cain, niece of Sheriff B. H. Dyches, on July 8th, at Holman's Bridge. Those attending report a most delightful evening. The following made up the party: Misses Ruby Cain, Willie Mae Vann, Agnes Hiers, Christine Blanton, Ethel Graham, and Messrs. B. H. Dyches, V. S. Owens, L. F. Jackson, Eugene Zizzett and S. F. Sherrill.

Big Profit on Melons.

Mr. Dave Black, who lives near this city, bought a field of melons Thursday from another farmer in his neighborhood for \$180. By Saturday afternoon he had sold \$700 worth from the "patch" and expected to realize even more. In other words, he has already made 300 per cent. profit.

Melons Bring Record Prices in Barnwell

"Governor" W. L. Cave, of Barnwell, "rang the bell" Monday when he sold a carload of watermelons for the record price of \$500.00 f. o. b. this city. The melons, which were of the Watson variety, averaged 36 pounds, each and only 791 were required to load the car.

Excellent prices are being received by the growers this season, prices of \$400.00 and better being quite a common occurrence. One farmer sold four carloads Monday for \$1,700.00, or an average of \$425.00 a car. The wonderful profits being netted by those who planted melons this year sound more like the pipe-dreams of Florida real estate than they do receipts for a farm product.

Ford dealers report a flourishing business. The Dicks Auto Company, of this city, sold five Fords Saturday and one Monday morning before ten o'clock.

Many farmers will be able to pay off their bank notes at this time and have their cotton crops clear this fall.

Mrs. Calhoun Boineau Dead.

News of the death of Mrs. Antoinette Boineau, wife of Lieut. Calhoun Boineau, was received in Barnwell last week and caused a distinct shock among the many friends of the family here. Mrs. Boineau before her marriage was Miss Antoinette Medler, of Chevy Chase, Va. She was married to Lieut. Boineau in May 1924, and was a visitor a few weeks ago in this city, where she won a number of friends by her personal charms. She was considered one of the most beautiful women in the United States and her pictures had been printed extensively in newspapers all over the country. Lieut. Boineau is a nephew of Col. Harry D. Calhoun and Mr. L. M. Calhoun, both of Barnwell. He is an officer in the regular army and is stationed at Fort Eustis, Va. His wife's death was a great shock because of the fact that she was not considered seriously ill and had undergone a minor operation.

ARRANGEMENTS COMPLETED FOR BIG WATER CARNIVAL

Barnwell County Is Proud of Club Girls

Barnwell County is justly proud of the work being accomplished by her Club girls throughout the county. Under the able supervision of Miss Willie Mae Vann, the recently appointed Demonstration Agent, wonderful strides have been made. The girls have completed their sewing and are now busily engaged in canning. The Clubs are contesting for the best representative to go to the District contest in September, which will be held in Charleston. The Hilda Food Club will have the honor of sending either Misses Pauline Delk or Leonora Delk to represent the Food Clubs of Barnwell County. Miss Sadie Creech from Long Branch will represent the Clothing Clubs.

The women are interested in poultry. One car of poultry was shipped from Barnwell County which netted quite a goodly sum to the farmers, prices being unusually good all the spring and summer for both poultry and eggs.

The Women's Clubs are contesting in yeast breads, cakes, improved homes, poultry, better gardens, flowers and millinery. "Hen Parties" were given in each section of the county to finance the Club representative to Winthrop Short Course. These parties met with success as well as much pleasure.

The delegates to the Short Course were as follows: Mrs. Clara Woodward, from Pleasant Hill Club; Mrs. Broadus Still, from Hercules Club; Mrs. R. B. Carroll, from Long Branch Club; Miss Ruth Ratteree, from San Hill Club; Miss Evermae Broughton, from County Council; Girls Club; Misses Mary Creech, Elizabeth Black, Sadie Creech and Sadie Delk.

The work holds for the county girls and women an interest and a desire to make better homes, better women and better citizens: Is this not a step toward making Barnwell County the BEST County?—Contributed.

Dies from Fall in Scalding Hot Water

Charlie Lewis, negro workman at the Kearse Veneer and Box company plant at Olar, met a terrible end last week when he fell into a vat of boiling water. He was rescued only after sinking the second time, and died the following day from the effects of scalding. Lewis, who was 19 years old, was at work on some boards placed across the top of the vat, which is used to scald logs at the plant for manufacture, releasing the logs as they were thrown into the hot water. In some way he lost his balance and fell into the vat with fatal results.—Bamberg Herald.

Miss Grace Fogg, of This City, to Take Part in Mammoth Parade of County Queens.

Savannah, Ga., July 15.—Arrangements are practically complete for the second annual water carnival at Savannah. The giant festival will consume every moment in the afternoons and evenings of July 16, 17, and 18 and indications are that thousands of visitors will be present from the surrounding counties to take part in one of the greatest gala occasions ever staged in Savannah.

Promptly at 3:30 o'clock on the afternoon of Thursday, July 16, the mammoth parade of county queens will start in triumphal procession through the principal avenues of the city past the De Soto hotel where the masquerade street parade will be held, out to Daffin Park lake where the water pageant will take place, out Victory Drive to Thunderbolt where the motorboat races will be staged, and back to Savannah. Thirty counties have conducted beauty contests to select their most attractive maids to represent them at the carnival. Each of the maids will ride on her own float. The contests have been keen in all of the counties and it is expected that Savannah will be treated to the greatest array of beauty ever assembled here in her history. The most beautiful maid of all will be crowned queen of the carnival.

In addition to the floats, several thousand gaily decorated automobiles will participate in the parade which is expected to be three or four miles in length.

One of the major events on the program will be the water pageant on Daffin Parke lake which will be held at 8:30 o'clock on the evenings of July 16 and 17. On the minute the opening bomb will be fired and a spectacular display of electric lights will be turned on. Immediately after "Father Neptune" and his court will enter to preside over the revels. First Open Boll.

Mr. B. W. Sexton, of this city, reported an open boll of cotton Thursday, the 9th inst., which is probably a record for this section. The boll, however, was a freak, having opened prematurely on a stalk that had died in the field from blight or some other cause.

Removal Sale Proves Highly Successful

Each day finds a vast reduction in the selling at B. H. Levy, Bro. and Co.'s Removal Sale. This company, having been in one stand, 5-7 W. Broughton St. for 30 years, is now planning to move into their beautiful new building on the corner of Broughton and Abercorn Streets.

This new building is to be one of the most complete stores of its kind in the South, occupying three floors and basement, 125 feet wide and 90 feet deep, with nearly 10,000 acres of floor space, where everything that is new for Men, Women and Children will be sold.

Each day finds a vast reduction in the stock in the old building, although the stock is still complete in most instances. It is the determination of this firm to sell every part of this old stock, and many are the special values offered each day during this sale.

B. H. Levy, Bro. and Co. wish to extend a special invitation to all readers of this paper and of this county, to the Savannah Water Carnival which is to be held in Savannah on Thursday, Friday and Saturday, July 16th, 17th and 18th. July 16th has been designated as Georgia-South Carolina Day. A beautiful pageant of floats is a portion of the program arranged for the visitors to Savannah on this day. 36 counties are taking part in the program, each one represented by a beautiful queen from that county, who will ride on a float prepared for her by one of the merchants of Savannah. An elaborate program is being arranged for both day and night for the visitors to Savannah on Georgia-Carolina Day.

You are cordially invited to not only share in the multitude of values offered in the Removal Sale, but to make this store your headquarters while in Savannah during the Savannah Water Carnival.
