THE SOUTHERN SERVES THE SOUTH

Millions for necessities but none to spare for luxuries

Railroad profits are limited by law, and rates are fixed by the Government. In no other large business is so great an amount of capital risked for so small a return as in railroad transportation.

The new money put into a railroad, therefore, must be profitably employed, either in increasing capacity for service or in effecting economies of operation.

The Southern, never yet able to control all the new capital its management would be pleased to invest, necessarily has to give preference to productive improvements, such as yards, shops, engines, cars and tracks.

But it is because it has devoted its resources to necessities—rather than non-productive improvements like monumental passenger stations—that the Southern has been able to keep its service abreast of the demands of the territory it serves.

*The net income earned by the Southern Railway Company on its property investment has averaged only 3.7% per annum during the last ten years.

DEMAND FOR KARNAK ALMOST INCREDIBLE

Celebrated Medicine Has Become Talk Of The Town—Vast Numbers Here Are Benefited.

Karnak, the remarkable new medicine, is producing such phenomenal results that it has become a sensation here.

Never before has any medicine brought forth such overwhelming outbursts of praise from happy people made well and strong through its use as Karnak. Vast numbers of local people are every day reporting phenomenal return of their old-time strength and energy and quick relief from their suffering after taking it.

Men and women of all ages, in all walks of life afflicted with stomach, liver or kidney disorders, some of them weak, thin and nervous and apparently on the verge of collapse, have testified that Karnak

has fully restored them to their normal healthy condition; they have regained their weight and strength and feel like their old selves again.

Still others, who seemed fairly well, yet who suffered with indigestion, constipation, sluggish liver and sour, gassy stomach; as well as those who complained of waking up dull and tired—eyes heavy—head aching and dizzy—tongue coated—bad taste and offensive breath, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness through the use of Karnak.

Karnak is unquestionably the greatest medicine of all times. It is fast coming into universal use and recognized by authorities as the greatest boon to suffering humanity the world has ever known.

Over 500,000 bottles of Karnak sold in four states in ten months. Karnak is sold in Barnwell exclusively by Mace & Deason; and by the leading druggist in every town.

Mrs. M. B. Self and Marvin Self have returned from a visit to relatives in Burlington and other points in North Carolina.
